Audit Highlights

Annual Financial Report
Cannon County, Tennessee
For the Year Ended June 30, 2006

Scope

We have audited the financial statements of each major fund and the aggregate remaining fund information of Cannon County as of and for the year ended June 30, 2006.

Results

Our report on Cannon County's financial statements expresses an adverse opinion because government-wide financial statements are not presented in accordance with Governmental Accounting Standards Board Statement No. 34.

Our audit resulted in ten findings and recommendations, which we have reviewed with Cannon County management. Detailed findings and recommendations are included in the Single Audit Report.

Findings

The following are summaries of the audit findings:

CANNON COUNTY

- ◆ Government-wide financial statements were not presented in accordance with generally accepted accounting principles, resulting in an adverse opinion.

OFFICE OF COUNTY EXECUTIVE

- ◆ The budget and subsequent amendments for the Solid Waste/Sanitation Fund contained appropriations that exceeded estimated available funds resulting in a budgeted fund deficit of \$29,744. Expenditures exceeded appropriations approved by the County Commission in ten major categories in the General Fund and two major categories in the General Debt Service Fund.
 - ◆ Purchase orders were not issued in some required instances, several invoices were paid without documentation of the receipt of goods or services, and some invoices were paid without canceling or marking them paid.
 - ◆ Competitive bids were not solicited for certain purchases exceeding \$5,000.
 - ◆ The county used several methods of reimbursing employees for travel expenses that did not comply with the county's travel policy.
 - ◆ County officials did not maintain inventory records for assets owned by the general county government.
-

OFFICE OF SHERIFF

- ◆ The commissary's general ledger accounts were not reviewed by office personnel and reconciled with the bank account on a current basis. In addition, some funds were not deposited to the office bank account within three days of collection.
-

OTHER FINDINGS

- ◆ County officials had not adopted a central system of accounting, budgeting, and purchasing.
- ◆ Duties were not segregated adequately in the Offices of County Executive, Road Supervisor, Trustee, County Clerk, Circuit and General Sessions Courts Clerk, Clerk and Master, Register, and Sheriff.
- ◆ The county's practice of paying the School Department's buildings and contents insurance premiums from the General Fund is of questionable legality.

INDEPENDENT AUDITOR'S REPORT

August 24, 2006

Cannon County Executive and
Board of County Commissioners
Cannon County, Tennessee

To the County Executive and County Commissioners:

We have audited the accompanying financial statements of each major fund and the aggregate remaining fund information of Cannon County, Tennessee, as of and for the year ended June 30, 2006, as shown on pages 15 through 35, which collectively comprise a portion of the county's basic financial statements required by accounting principles generally accepted in the United States of America. These financial statements are the responsibility of Cannon County's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

Management has not presented government-wide financial statements to display the financial position and changes in financial position of its governmental activities and discretely presented component units. Accounting principles generally accepted in the United States of America require the presentation of government-wide financial statements. The amounts that would be reported in government-wide financial statements for the county's governmental activities and discretely presented component units are not reasonably determinable.

As described in Note I, Cannon County, Tennessee, has prepared its financial statements on a prescribed basis of accounting that demonstrates compliance with financial reporting standards adopted by the Comptroller of the Treasury of the State of Tennessee. These standards require county governments that do not present government-wide financial statements to present fund financial statements in conformity with all the accounting principles generally accepted in the United States of America that are applicable to fund financial statements, including the notes to the financial statements. These standards also require some additional disclosures to be included in the notes to the financial statements, as described in Note I.

In our opinion, because of the effects of the matters discussed in the two preceding paragraphs, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of Cannon County, Tennessee, as of June 30, 2006, or the changes in its financial position for the year then ended.

However, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund and the aggregate remaining fund information of Cannon County, Tennessee, as of June 30, 2006, and the respective changes in financial position thereof for the year then ended in conformity with the basis of accounting prescribed by the Comptroller of the Treasury of the State of Tennessee.

In accordance with Government Auditing Standards, we have also issued our report dated August 24, 2006, on our consideration of Cannon County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

The budgetary comparison information on pages 39 through 43 is not a required part of the basic financial statements but is supplementary information required by

accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Cannon County's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, budgetary comparison schedules of nonmajor governmental funds and the General Debt Service Fund, and miscellaneous schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements, budgetary comparison schedules of nonmajor governmental funds and the General Debt Service Fund, and the miscellaneous schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we express no opinion on it.

Very truly yours,

A handwritten signature in black ink that reads "John G. Morgan". The signature is written in a cursive style with a long horizontal flourish at the end.

John G. Morgan
Comptroller of the Treasury

CANNON COUNTY, TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2006

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cannon County's financial statements are not presented in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments.

Cannon County has not presented government-wide financial statements to display the financial position and changes in financial position of its governmental activities and discretely presented component units. The two government-wide financial statements, the statement of net assets and the statement of activities, should be included in the basic financial statements to conform with the provisions of GASB Statement 34 and accounting principles generally accepted in the United States of America. Cannon County has elected instead only to implement the provisions of the statement and other accounting principles generally accepted in the United States of America that relate to the fund financial statements. This departure from GAAP results in an incomplete presentation and has caused Cannon County's auditor to issue an adverse opinion on the county's financial statements.

Although Cannon County's financial statements are not presented in conformity with GAAP, the financial statements have been presented in conformity with financial reporting standards adopted by the Comptroller of the Treasury of the State of Tennessee. The Comptroller of the Treasury has adopted financial reporting standards for local governments in Tennessee that do not implement the provisions of GASB Statement 34. These standards require fund financial statements to be presented in conformity with all the provisions of GASB Statement 34 that are applicable to fund financial statements, including the notes to the financial statements. These standards also require the fund financial statements to be presented in conformity with all other accounting principles generally accepted in the United States of America that are applicable to fund financial statements, including the notes to the financial statements.

The following are the more significant accounting policies of Cannon County:

A. Reporting Entity

Cannon County is a public municipal corporation governed by an elected ten-member board. As required by GAAP, these financial statements present Cannon County (the primary government).

Blended Component Units – There are no legally separate component units of Cannon County that meet the criteria for being reported as part of the primary government by the blending method.

Excluded Component Units – The following entities meet the criteria for discretely presented component units of the county. Since Cannon County is presenting fund financial statements only, the financial information of entities that meet the criteria for discretely presented component units is not included in the fund financial statements, as required by generally accepted accounting principles. These entities would have been presented as separate columns in those statements to emphasize that they are legally separated from the county.

The Cannon County School Department operates the public school system in the county, and the voters of Cannon County elect its board. The School Department is fiscally dependent on the county because it may not issue debt without county approval, and its budget and property tax levy are subject to the County Commission's approval. The School Department's taxes are levied under the taxing authority of the county and are included as part of the county's total tax levy.

The Cannon County Industrial Development Board provides assistance in industrial recruitment in Cannon County, and the Cannon County Commission appoints its ten-member board. The board is funded primarily through lease payments collected from industries that lease buildings from the Industrial Development Board.

The Cannon County Emergency Communications District provides a simplified means of securing emergency services through a uniform emergency number for the residents of Cannon County, and the Cannon County Commission appoints its governing body. The district is funded primarily through a service charge levied on telephone services. Before the issuance of most debt instruments, the district must obtain the County Commission's approval.

The Cannon County School Department, Cannon County Industrial Development Board, and Cannon County Emergency Communications District issue separate financial statements from those of the county. The School Department's and the Industrial Development Board's financial statements are published as separate reports but under the same cover as the county's financial statements. Cannon County Emergency Communications District's financial statements are published as a separate report. Complete financial statements of the Cannon County Emergency Communications District can be obtained from its administrative office at the following address:

Cannon County Emergency Communications District
P. O. Box 475
Woodbury, TN 37910

B. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Fund financial statements of Cannon County are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditures. Funds are organized into three major categories: governmental, proprietary, and fiduciary. However, the county does not have any proprietary funds to report. An emphasis is placed on major funds within the governmental category.

Separate financial statements are provided for governmental funds and fiduciary funds. Major individual governmental funds are reported as separate columns in the fund financial statements. All other governmental funds are aggregated into a single column on the fund financial statements. The fiduciary funds in total are reported in a single column.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they become both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the county considers revenues other than grants to be available if they are collected within 30 days after year-end. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met and the revenues are available. Cannon County considers grants and similar revenues to be available if they are collected within 60 days after year-end. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Principal and interest on long-term debt are recognized as fund liabilities when due or when amounts have been accumulated in the General Debt Service Fund for payments to be made early in the following year.

Property taxes for the period levied, in-lieu-of tax payments, sales taxes, interest, and miscellaneous taxes are all considered to be susceptible to accrual and have been recognized as revenues of the current period. Applicable business taxes, litigation taxes, state-shared excise taxes, fines, forfeitures, and penalties are not susceptible to accrual since they are not measurable (reasonably estimable). All other revenue items are considered to be measurable and available only when the county receives cash.

Fiduciary fund financial statements are reported using the economic resources measurement focus (except for agency funds which have no measurement focus) and the accrual basis of accounting. Revenues are recognized when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Cannon County reports the following major governmental funds:

General Fund – This is the county’s primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Highway/Public Works Fund – This fund accounts for the transactions of the county Highway Department.

General Debt Service Fund – This fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

Additionally, Cannon County reports the following fund types:

Capital Projects Fund – The General Capital Projects Fund is used to account for general capital expenditures of the county.

Agency Funds – These funds account for amounts collected in an agency capacity by the constitutional officers and local sales taxes received by the state to be forwarded to the various cities in Cannon County. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. They do, however, use the accrual basis of accounting to recognize receivables and payables.

C. Assets, Liabilities, and Equity

1. Deposits and Investments

State statutes authorize the government to make direct investments in bonds, notes, or treasury bills of the U.S. government and obligations guaranteed by the U.S. government or any of its agencies; bonds of any state or political subdivision rated A or higher by any nationally recognized rating service; the county’s own legally issued bonds or notes; the State Treasurer’s Investment Pool; and repurchase agreements.

The county trustee maintains a cash and internal investment pool that is used by all Cannon County, Cannon County School Department, and Cannon County Industrial Development Board funds. Each fund’s portion of this pool is displayed on the balance sheets or statements of net assets as Equity in Pooled Cash and Investments. Most income from these pooled investments is assigned to the General Fund. Cannon County, Cannon County School Department, and Cannon County Industrial Development Board have adopted a policy of reporting U.S. Treasury obligations, U.S. agency obligations, and repurchase agreements with maturities of one year or less when purchased on the balance sheet at amortized cost.

Certificates of deposit are reported at cost. All other investments are reported at fair value. No investments required to be reported at fair value were held at the balance sheet date.

2. Receivables and Payables

Activity between funds for unremitted current collections outstanding at the end of the fiscal year is referred to as due to/from other funds.

All ambulance and property taxes receivable are shown with an allowance for uncollectibles. Ambulance receivables allowance for uncollectibles is based on historical collection data. The allowance for uncollectible property taxes is equal to .85 percent of total taxes levied.

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned.

Property taxes receivable are recognized as of the date an enforceable legal claim to the taxable property arises. This date is January 1 and is referred to as the lien date. However, revenues from property taxes are recognized in the period for which the taxes are levied, which is the ensuing fiscal year. Since the receivable is recognized before the period of revenue recognition, the entire amount of the receivable, less an estimated allowance for uncollectible taxes, is reported as deferred revenue as of June 30.

Property taxes receivable are also reported as of June 30 for the taxes that are levied, collected, and reported as revenue during the current fiscal year. These property taxes receivable are presented on the balance sheet with offsetting deferred revenue to reflect amounts not available as of June 30. Property taxes collected within 30 days of year-end are considered available and accrued. The allowance for uncollectible taxes represents the estimated amount of the receivable that will be filed in court for collection. Delinquent taxes filed in court for collection are not included in taxes receivable since they are neither measurable nor available.

Property taxes are levied as of the first Monday in October. Taxes become delinquent and begin accumulating interest and penalty the following March 1. Suit must be filed in Chancery Court between the following February 1 to April 1 for any remaining unpaid taxes. Additional costs attach to delinquent taxes after a court suit has been filed.

3. **Capital Assets**

Governmental funds do not capitalize the cost of capital outlays; these funds report capital outlays as expenditures upon acquisition. Cannon County does not maintain capital assets records, as required by generally accepted accounting principles. Capital assets should be reported in the government-wide statement of net assets; however, as previously noted, Cannon County does not present government-wide statements.

4. **Compensated Absences**

The general policy of Cannon County is to permit employees to accumulate a limited amount of vacation benefits, which will be paid to the employee upon separation. Records were not maintained reflecting the dollar amount of accumulated vacation time at June 30, 2006; however, the amount of accumulated leave would not materially affect the financial statements. The general policy of Cannon County permits the unlimited accumulation of unused sick leave days for county employees and up to 60 days for ambulances service employees. The granting of sick leave has no guaranteed payment attached and therefore is not required to be accrued or recorded.

The Highway Department does not allow for the accumulation of unused vacation leave beyond year-end.

5. **Long-term Obligations**

Only the matured portion (the portion that has come due for payment) of long-term indebtedness, including notes and other loans payable, is recognized as a liability and expenditure in the governmental fund financial statements. Liabilities and expenditures for other long-term obligations, including compensated absences, are recognized to the extent that the liabilities have matured (come due for payment) each period.

Governmental funds recognize debt premiums and discounts, as well as debt issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

6. Fund Equity

Governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose.

II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP) for all governmental funds except the Constitutional Officers – Fees Fund (special revenue fund) which is not budgeted, and the capital projects fund, which adopt project length budgets. All annual appropriations lapse at fiscal year end.

The county is required by state statute to adopt annual budgets. Annual budgets are prepared on the basis in which current available funds must be sufficient to meet current expenditures. Expenditures and encumbrances may not legally exceed appropriations authorized by the County Commission and any authorized revisions. Unencumbered appropriations lapse at the end of each fiscal year.

The budgetary level of control is at the major category level established by the State Uniform Chart of Accounts, as prescribed by the Comptroller of the Treasury of the State of Tennessee. Major categories are at the department level (examples of General Fund major categories: County Commission, Board of Equalization, County Executive, County Attorney, etc.). Management may make revisions within major categories, but only the County Commission may transfer appropriations between major categories. During the year, several supplementary appropriations were necessary.

The county's budgetary basis of accounting is consistent with GAAP, except instances in which encumbrances are treated as budgeted expenditures. The difference between the budgetary basis and GAAP basis is presented on the face of each budgetary statement.

B. Expenditures Exceeded Appropriations

Expenditures exceeded appropriations in ten of 38 major categories (the legal level of control) of the General Fund as follows:

Register of Deeds	\$ 1,714
Development	271,786
County Buildings	1,532
Property Assessor's Office	4,173
County Clerk's Office	968
Chancery Court	365
Other Emergency Management	3,451

Libraries	\$ 3,599
Other Charges	9,199
Contributions to Other Agencies	59

Expenditures exceeded appropriations in the Interest - General Government (\$8,224) and Other Debt Service - General Government (\$26) major categories in the General Debt Service Fund. Such overexpenditures are a violation of state statutes. These overexpenditures were funded by greater than anticipated revenues.

C. The Solid Waste/Sanitation Fund Had a Budgeted Fund Deficit

The budget and subsequent amendments submitted to and approved by the County Commission for the Solid Waste/Sanitation Fund contained appropriations that exceeded estimated available funding causing a budgeted fund deficit of \$29,744.

III. DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

Cannon County, Cannon County School Department, and Cannon County Industrial Development Board participate in an internal cash and investment pool through the Office of Trustee. The Cannon County School Department and the Cannon County Industrial Development Board meet the criteria for discretely presented component units of Cannon County. Since Cannon County is presenting fund financial statements only, the financial information for the Cannon County School Department and the Cannon County Industrial Development Board are not included in these fund financial statements. The county trustee is the treasurer of the county and in this capacity is responsible for receiving, disbursing, depositing, and investing most county funds. Each fund's portion of this pool is displayed on the balance sheets as Equity in Pooled Cash and Investments. Cash reflected in the fund financial statements represent nonpooled amounts held separately by individual funds.

Deposits

Legal Provisions. All deposits with financial institutions must be secured by one of two methods. One method involves financial institutions that participate in the bank collateral pool administered by the state treasurer. Participating banks determine the aggregate balance of their public fund accounts for the State of Tennessee and its political subdivisions. The amount of collateral required to secure these public deposits must equal at least 105 percent of the average daily balance of public deposits held. Collateral securities required to be pledged by the participating banks to protect their public fund accounts are pledged to the state treasurer on behalf of the bank collateral pool. The securities pledged to protect these accounts are pledged in the aggregate rather than against each account. The members of the pool may be required by agreement to pay an assessment to cover any deficiency. Under this additional assessment agreement, public fund

accounts covered by the pool are considered to be insured for purposes of credit risk disclosure.

For deposits with financial institutions that do not participate in the bank collateral pool, state statutes require that all deposits be collateralized with collateral whose market value is equal to 105 percent of the uninsured amount of the deposits. The collateral must be placed by the depository bank in an escrow account in a second bank for the benefit of the county.

Investments

Legal Provisions. Counties are authorized to make direct investments in bonds, notes, or treasury bills of the U.S. government and obligations guaranteed by the U.S. government or any of its agencies; bonds of any state or political subdivision rated A or higher by any nationally recognized rating service; and the county's own legally issued bonds or notes. These investments may not have a maturity greater than two years. The county may make investments with longer maturities if various restrictions set out in state law are followed. Counties are also authorized to make investments in the State Treasurer's Investment Pool and in repurchase agreements. Repurchase agreements must be approved by the state director of Local Finance and executed in accordance with procedures established by the State Funding Board. Securities purchased under a repurchase agreement must be obligations of the U.S. government or obligations guaranteed by the U.S. government or any of its agencies. When repurchase agreements are executed, the purchase of the securities must be priced at least two percent below the market value of the securities on the day of purchase. The county had no pooled and nonpooled investments as of June 30, 2006.

B. Construction Commitments

At June 30, 2006, the county had uncompleted construction contracts of approximately \$3,000 for improvements to the senior center. Funding has been received for these future expenditures.

C. Interfund Receivables, Payables, and Transfers

The composition of interfund balances as of June 30, 2006, is as follows:

Due to/from other funds:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
General	Nonmajor governmental	\$ 1,548
General Debt Service	"	5,517
Nonmajor governmental	General	330

These balances resulted from the time lag between the dates that interfund goods and services are provided or reimbursable expenditures occur and payments between funds are made.

Interfund Transfers:

Interfund transfers for the year ended June 30, 2006, consisted of the following amounts:

Transfers Out	Transfers In General Debt Service Fund
Nonmajor governmental fund	\$ 5,517
Total	\$ 5,517

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them and to use unrestricted revenues collected in nonmajor governmental funds to finance various programs accounted for in other funds in accordance with budgetary authorizations.

The county made a one-time transfer of \$5,517 from the General Capital Projects Fund to the General Debt Service Fund for excess note proceeds.

D. Long-term Debt

Since Cannon County is presenting fund financial statements only, long-term debt is not reported as a liability in the financial statements of the governmental funds. Long-term debt for governmental funds is required to be reported as a liability in government-wide financial statements, but Cannon County is not presenting government-wide financial statements.

Capital Outlay Notes and Other Loans

The county issues other loans to provide funds for the acquisition and construction of major capital facilities. Capital outlay notes are also issued to fund capital outlay purchases, such as equipment.

Capital outlay notes and other loans are direct obligations and pledge the full faith and credit of the government. Capital outlay notes and other loans outstanding were issued for original terms of up to five years for notes and up to 25 years for other loans. Repayment terms are generally structured with increasing amounts of principal maturing as interest requirements decrease over the term of the debt. All notes and other loans included in long-term debt as of June 30, 2006, will be retired from the General Debt Service Fund.

Capital outlay notes and other loans outstanding as of June 30, 2006, are as follows:

Type	Interest Rate	Amount
Capital Outlay Notes	2.4 to 4%	\$ 371,956
Other Loans	Variable	12,629,000

In prior years, Cannon County entered into loan agreements with the Montgomery County Public Building Authority. Under these loan agreements, the authority loaned \$13,042,000 and \$1,420,000 to Cannon County on an as needed basis for school renovations and to refund jail construction bonds. These loans are repayable at interest rates that are tax-exempt variable rates determined by the remarketing agent daily or weekly, depending on the particular program. In addition, the county pays various other fees (trustee, letter of credit, and debt remarketing) in connection with these loans. At June 30, 2006, the variable interest rate was 3.52 percent on the school renovation loan and 3.7 percent on the jail construction loan. The letter of credit fee was .25 percent of the outstanding loan principal on the school renovation loans and .45 percent of the outstanding loan principal on the jail construction loan. On each of these loans, the remarketing fee was calculated at .08 percent of the outstanding loan principal and the trustee fee was assessed at \$100 per month.

The annual requirements to amortize all notes and other loans outstanding as of June 30, 2006, including interest payments and other loans fees, are presented in the following table:

Year Ending June 30	Notes	
	Principal	Interest
2007	\$ 124,879	\$ 13,181
2008	128,935	8,935
2009	118,142	4,364
Total	\$ 371,956	\$ 26,481

Year Ending June 30	Other Loan (\$13,042,000)			Total
	Principal	Interest	Other Fees	
2007	\$ 379,000	\$ 404,026	\$ 39,077	\$ 822,103
2008	399,000	390,685	37,827	827,512
2009	419,000	376,640	36,510	832,150
2010	440,000	361,891	35,127	837,018
2011	462,000	346,403	33,675	842,078
2012-2016	2,678,000	1,471,325	143,937	4,293,262
2017-2021	3,147,000	955,117	95,542	4,197,659
2022-2026	3,554,000	475,833	46,151	4,075,984
Total	\$ 11,478,000	\$ 4,781,920	\$ 467,846	\$ 16,727,766

Year Ending June 30	Other Loan (\$1,420,000)			Total
	Principal	Interest	Other Fees	
2007	\$ 77,000	\$ 42,587	\$ 7,300	\$ 126,887
2008	80,000	39,738	6,892	126,630
2009	83,000	36,778	6,468	126,246
2010	86,000	33,707	6,028	125,735
2011	90,000	30,525	5,572	126,097
2012-2016	506,000	100,085	20,337	626,422
2017-2018	229,000	12,765	4,229	245,994
Total	\$ 1,151,000	\$ 296,185	\$ 56,826	\$ 1,504,011

There is \$2,556,601 available in the General Debt Service Fund to service long-term debt. Total debt per capita, including notes and other loans, amounted to \$1,013, based on the 2000 federal census.

Changes in Long-term Liabilities

Long-term liability activity for the year ended June 30, 2006, was as follows:

Governmental Activities:	Notes	Other Loans
Balance, July 1, 2005	\$ 45,000	\$ 13,065,000
Additions	341,956	0
Deductions	(15,000)	(436,000)
Balance, June 30, 2006	\$ 371,956	\$ 12,629,000
Balance Due Within One Year	\$ 124,879	\$ 456,000

E. Short-term Debt

Cannon County issued tax anticipation notes in advance of property tax collections and deposited the proceeds in the General Fund (\$200,000) and the Solid Waste/Sanitation Fund (\$100,000). These notes were necessary because funds were not available to meet obligations coming due before current tax collections. Short-term debt activity for the year ended June 30, 2006, was as follows:

	Balance 7-1-05	Issued	Redeemed	Balance 6-30-06
Tax Anticipation Notes	\$ 0	\$ 300,000	\$ (300,000)	\$ 0

IV. OTHER INFORMATION

A. Risk Management

Cannon County participates in the Tennessee School Boards Risk Management Trust (TSB-RMT), which is a public entity risk pool established by the Tennessee School Boards Association, an association of member school districts. The county pays an annual premium to the TSB-RMT for its general liability, property, casualty and workers' compensation insurance coverage. The creation of the TSB-RMT provides for it to be self-sustaining through member premiums. The TSB-RMT reinsures through commercial insurance companies for claims exceeding \$100,000 for each insured.

Cannon County provides employee health insurance coverage through a commercial insurance company. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

B. Accounting Changes

The provisions of Governmental Accounting Standards Board (GASB) Statement No. 42, Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries became effective for the year ended June 30, 2006. GASB Statement No. 42 requires governments to report the effects of capital asset impairments in their financial statements when they occur rather than as a part of the ongoing depreciation expense for the capital asset or upon disposal of the capital asset. In addition, GASB Statement No. 42 clarifies and establishes accounting requirements for insurance recoveries. GASB Statement No. 42 had no effect on the financial statements for the year ended June 30, 2006, since no capital asset impairment and insurance recoveries occurred. However, it is reasonably expected that capital asset impairment and insurance recoveries may occur in subsequent years that will be subject to the provisions of Statement No. 42.

The provisions of GASB Statement No. 44, Economic Condition Reporting: The Statistical Section (an amendment of NCGA Statement 1) became effective for the year ended June 30, 2006. GASB Statement No. 44 applies to the preparation of the statistical section. State and local governments may, but are not required to, prepare a statistical section to accompany basic financial statements. However, a statistical section is required to accompany a comprehensive annual financial report. Since Cannon County is not presenting a comprehensive annual financial report, it has elected not to prepare a statistical section. A limited statistical section was presented in the prior year's report. GASB Statement No. 44 amends guidance related to the preparation of the statistical section. This statement improves the understandability and usefulness of statistical information by addressing the comparability problems that have developed in practice and by adding information from the new financial reporting model for state and local

governments required by GASB Statement No. 34. GASB Statement No. 44 establishes the objectives of the statistical section and the five categories it contains: financial trends, revenue capacity, debt capacity, demographic and economic, and operating. It is reasonably expected that Cannon County will prepare and present a statistical section in subsequent years that follows the requirements of GASB Statement No. 44.

The provisions of GASB Statement No. 46, Net Assets Restricted by Enabling Legislation – an amendment of GASB Statement No. 34 became effective for the year ended June 30, 2006. GASB Statement No. 46 provides guidance to determine when net assets have been restricted to a particular use by the passage of enabling legislation and specifies how those net assets should be reported in financial statements when there are changes in the circumstances surrounding such legislation. The statement also requires governments to disclose in the notes to the financial statements the amount of net assets restricted by enabling legislation as of the end of the reporting period. Cannon County had no net assets restricted by enabling legislation to disclose as of June 30, 2006. But it is reasonably expected that Cannon County will be required to disclose net assets restricted by enabling legislation in subsequent years.

The provisions of GASB Statement No. 47, Accounting for Termination Benefits became effective for the year ended June 30, 2006. GASB Statement No. 47 provides accounting and reporting guidance for state and local governments that offer benefits such as early retirement incentives or severance to employees who are involuntarily terminated. Statement No. 47 specifies when governments should recognize the cost of termination benefits they offer in accrual basis financial statements. Cannon County was not offering any termination benefits to employees as of June 30, 2006. But it is reasonably expected that Cannon County will offer termination benefits in subsequent years subject to the accounting and reporting requirements of GASB Statement No. 47.

C. Contingent Liabilities

There are several pending lawsuits in which the county is involved. The county attorney estimates that the potential claims against the county not covered by insurance resulting from such litigation would not materially affect the financial statements of the county.

D. Subsequent Event

Billy Nichols was elected the new sheriff and succeeds Kenneth Wetzel effective September 1, 2006.

E. Joint Venture

The Sixteenth Judicial District Drug Task Force (DTF) is a joint venture formed by an interlocal agreement between the district attorney general of

the Sixteenth Judicial District, Cannon and Rutherford Counties, and the various cities within these counties. The purpose of the DTF is to provide multi-jurisdictional law enforcement to promote the investigation and prosecution of drug-related activities. Funds for the operations of the DTF come primarily from federal grants, drug fines, and the forfeiture of drug-related assets to the DTF. The DTF is overseen by the district attorney general and is governed by a board of directors including the district attorney general, sheriffs, and police chiefs of participating law enforcement agencies within the judicial district. Cannon County made no contributions to the DTF for the year ended June 30, 2006, and does not have any equity interest in this joint venture. Complete financial statements for the DTF can be obtained from its administrative office at the following address:

Office of District Attorney General
Sixteenth Judicial District
20 North Side Public Square, Suite 303
Murfreesboro, TN 37130

F. Retirement Commitments

Plan Description

Employees of Cannon County are members of the Political Subdivision Pension Plan (PSPP), an agent multiple-employer defined benefit pension plan administered by the Tennessee Consolidated Retirement System (TCRS). TCRS provides retirement benefits as well as death and disability benefits. Benefits are determined by a formula using the member's high five-year average salary and years of service. Members become eligible to retire at the age of 60 with five years of service or at any age with 30 years of service. A reduced retirement benefit is available to vested members at the age of 55. Disability benefits are available to active members with five years of service who become disabled and cannot engage in gainful employment. There is no service requirement for disability that is the result of an accident or injury occurring while the member was in the performance of duty. Members joining the system after July 1, 1979, become vested after five years of service and members joining prior to July 1, 1979, were vested after four years of service. Benefit provisions are established in state statute found in Title 8, Chapters 34-37 of Tennessee Code Annotated. State statutes are amended by the Tennessee General Assembly. Political subdivisions such as Cannon County participate in the TCRS as individual entities and are liable for all costs associated with the operation and administration of their plan. Benefit improvements are not applicable to a political subdivision unless approved by the chief governing body.

The TCRS issues a publicly available financial report that includes financial statements and required supplementary information for the PSPP. That report may be obtained by writing to the Tennessee Treasury Department, Consolidated Retirement System, 10th Floor, Andrew Jackson Building, Nashville, TN 37243-0230 or can be accessed at www.treasury.state.tn.us.

Copies of footnotes in PDF format can be accessed at <http://www.treasury.state.tn.us/tcrs/PS/>.

Funding Policy

Cannon County requires employees to contribute five percent of earnable compensation. The county is required to contribute at an actuarially determined rate; the rate for the fiscal year ended June 30, 2006, was 5.92 percent of annual covered payroll. The contribution requirement of plan members is set by state statute. The contribution requirement for Cannon County is established and may be amended by the TCRS Board of Trustees.

Annual Pension Cost

For the year ended June 30, 2006, Cannon County’s annual pension cost of \$179,167 to TCRS was equal to Cannon County’s required and actual contributions. The required contribution was determined as part of the July 1, 2003 actuarial valuation using the frozen entry age actuarial cost method. Significant actuarial assumptions used in the valuation include (a) rate of return on investment of present and future assets of 7.5 percent a year compounded annually, (b) projected salary increases of 4.75 percent (graded) annual rate (no explicit assumption is made regarding the portion attributable to the effects of inflation on salaries), (c) projected 3.5 percent annual increase in the Social Security wage base, and (d) projected post-retirement increases of three percent annually. The actuarial value of assets was determined using techniques that smooth the effect of short-term volatility in the market value of total investments over a five-year period. Cannon County’s unfunded actuarial accrued liability is being amortized as a level dollar amount on a closed basis. The remaining amortization period at July 1, 2003, was 12 years.

Trend Information

Fiscal Year Ended	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
6-30-06	\$179,167	100%	\$0
6-30-05	164,197	100	0
6-30-04	157,924	100	0

G. Purchasing Laws

Office of County Executive

Purchasing procedures for the Office of County Executive are governed by the County Purchasing Law of 1983, Sections 5-14-201 through 5-14-206, Tennessee Code Annotated (TCA), which provide for all purchases exceeding \$5,000 to be made after public advertisement and solicitation of competitive bids.

Office of Road Supervisor

Purchasing procedures for the Highway Department are governed by Chapter 788, Private Acts of 1933, and provisions of the Uniform Road Law, Section 54-7-113, TCA. Provisions of the Private Act provide for the Highway Commission to make all purchases and to rent or lease equipment as necessary. Provisions of the County Uniform Road Law require that competitive bids be solicited through public advertisement on all purchases exceeding \$10,000.

CANNON COUNTY, TENNESSEE
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
For the Year Ended June 30, 2006

A. BUDGETARY INFORMATION

The county is required by state statute to adopt annual budgets. Annual budgets are prepared on the basis in which current available funds must be sufficient to meet current expenditures. Expenditures and encumbrances may not legally exceed appropriations authorized by the Cannon County Commission and any authorized revisions. Unencumbered appropriations lapse at the end of each fiscal year.

The budgetary level of control is at the major category level established by the State Uniform Chart of Accounts, as prescribed by the Comptroller of the Treasury of the State of Tennessee. Major categories are at the department level (examples of General Fund major categories: County Commission, Board of Equalization, County Mayor/Executive, County Attorney, etc.). Management may make revisions within major categories, but only the Cannon County Commission may transfer appropriations between major categories. During the year, several supplementary appropriations were necessary.

The county's budgetary basis of accounting is consistent with generally accepted accounting principles (GAAP), except instances in which encumbrances are treated as budgeted expenditures. The difference between the budgetary basis and the GAAP basis is presented on the face of each budgetary statement.

B. EXPENDITURES EXCEEDED APPROPRIATIONS

Expenditures exceeded appropriations approved by the County Commission in ten of 38 major categories (the legal level of control) of the General Fund as follows:

Register of Deeds	\$ 1,714
Development	271,786
County Buildings	1,532
Property Assessor's Office	4,173
County Clerk's Office	968
Chancery Court	365
Other Emergency Management	3,451
Libraries	3,599
Other Charges	9,199
Contributions to Other Agencies	59

Such overexpenditures are a violation of state statutes. These overexpenditures were funded by greater than anticipated revenues.

**COMBINING AND INDIVIDUAL FUND
FINANCIAL STATEMENTS AND SCHEDULES**

Nonmajor Governmental Funds

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specific purposes.

Solid Waste/Sanitation Fund – The Solid Waste/Sanitation Fund is used to account for transactions involving solid waste disposal.

Drug Control Fund – The Drug Control Fund is used to account for revenues received from drug-related fines, forfeitures, and seizures.

Constitutional Officers - Fees Fund – The Constitutional Officers - Fees Fund is used to account for transactions of the fee and commission accounts of the trustee, clerks, register, and sheriff. Revenues from fees and commissions earned by these officials are remitted to the county's General Fund.

Capital Projects Fund

Capital Projects Funds are used to account for financial resources to be used for the acquisition or construction of major capital facilities.

General Capital Projects Fund – The General Capital Projects Fund is used to account for general capital expenditures of the county.

Fiduciary Funds

Agency Funds are used to account for assets held by the county in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Cities - Sales Tax Fund – The Cities - Sales Tax Fund is used to account for the second half of the sales tax revenues collected inside incorporated cities of the county. These revenues are received by the county from the State of Tennessee and forwarded to the various cities on a monthly basis.

Constitutional Officers - Agency Fund – The Constitutional Officers - Agency Fund is used to account for amounts collected in an agency capacity by the county clerk, circuit and general sessions courts clerk, clerk and master, register, and sheriff. Such collections include amounts due the state, cities, other county funds, litigants, heirs, and others.

Audit Highlights

Annual Financial Report
Cannon County School Department
For the Year Ended June 30, 2006

Scope

We have audited the financial statements of each major fund and the aggregate remaining fund information of the Cannon County School Department as of and for the year ended June 30, 2006.

Results

Our report on Cannon County School Department's financial statements expresses an adverse opinion because government-wide financial statements are not presented in accordance with Governmental Accounting Standards Board Statement No. 34.

Our audit resulted in five findings and recommendations, which we have reviewed with Cannon County School Department management. Detailed findings, recommendations, and management's responses are included in the Single Audit Report.

Findings

The following are summaries of the audit findings:

CANNON COUNTY SCHOOL DEPARTMENT

- ◆ Government-wide financial statements were not presented in accordance with generally accepted accounting principles, resulting in an adverse opinion.
- ◆ Purchase orders were not issued in some required instances, and some invoices were paid without canceling or marking them paid.

OTHER FINDINGS

- ◆ County officials had not adopted a central system of accounting, budgeting, and purchasing.
- ◆ Duties were not segregated adequately in the Office of Director of Schools.
- ◆ The county's practice of paying the School Department's buildings and contents insurance premiums from the General Fund is of questionable legality.

INDEPENDENT AUDITOR'S REPORT

August 24, 2006

Cannon County Director of Schools and
Board of Education
Cannon County, Tennessee

To the Director of Schools and Board of Education:

We have audited the accompanying financial statements of each major fund and the aggregate remaining fund information of the Cannon County School Department, a component unit of Cannon County, Tennessee, as of and for the year ended June 30, 2006, as shown on pages 15 through 27, which collectively comprise a portion of the Cannon County School Department's basic financial statements required by accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Cannon County School Department's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

Management has not presented government-wide financial statements to display the financial position and changes in financial position of its governmental activities. Accounting principles generally accepted in the United States of America require the presentation of government-wide financial statements. The amounts that would be reported in government-wide financial statements for the School Department's governmental activities are not reasonably determinable.

As described in Note I, the Cannon County School Department has prepared its financial statements on a prescribed basis of accounting that demonstrates compliance with financial reporting standards adopted by the Comptroller of the Treasury of the State of Tennessee. These standards require School Departments that do not present government-wide financial statements to present fund financial statements in conformity with all the accounting principles generally accepted in the United States of America that are applicable to fund financial statements, including the notes to the financial statements. These standards also require some additional disclosures to be included in the notes to the financial statements, as described in Note I.

In our opinion, because of the effects of the matters discussed in the two preceding paragraphs, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Cannon County School Department as of June 30, 2006, or the changes in its financial position for the year then ended.

However, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of each major fund and the aggregate remaining fund information of the Cannon County School Department as of June 30, 2006, and the respective changes in financial position thereof for the year then ended in conformity with the basis of accounting prescribed by the Comptroller of the Treasury of the State of Tennessee.

In accordance with Government Auditing Standards, we have also issued our report dated August 24, 2006, on our consideration of the Cannon County School Department's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

The budgetary comparison information on pages 31 through 33 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have

applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Cannon County School Department's basic financial statements. The introductory section, individual nonmajor fund financial statements, the budgetary comparison schedules of the nonmajor governmental funds, and miscellaneous schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The individual nonmajor fund financial statements, the budgetary comparison schedules of the nonmajor governmental funds, and the miscellaneous schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we express no opinion on it.

Very truly yours,

A handwritten signature in cursive script that reads "John G. Morgan". The signature is written in black ink and includes a long horizontal flourish at the end.

John G. Morgan
Comptroller of the Treasury

JGM/sb

**CANNON COUNTY SCHOOL DEPARTMENT
A COMPONENT UNIT OF CANNON COUNTY, TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2006**

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cannon County School Department's financial statements are not presented in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments.

The School Department has not presented government-wide financial statements to display the financial position and changes in financial position of its governmental activities. The two government-wide financial statements, the statement of net assets and the statement of activities, should be included in the basic financial statements to conform with the provisions of GASB Statement 34 and accounting principles generally accepted in the United States of America. The School Department has elected instead only to implement the provisions of the statement and other accounting principles generally accepted in the United States of America that relate to the fund financial statements. This departure from GAAP results in an incomplete presentation and has caused the School Department's auditor to issue an adverse opinion on the School Department's financial statements.

Although the School Department's financial statements are not presented in conformity with GAAP, the financial statements have been presented in conformity with financial reporting standards adopted by the Comptroller of the Treasury of the State of Tennessee. The Comptroller of the Treasury has adopted financial reporting standards for local governments in Tennessee that do not implement the provisions of GASB Statement 34. These standards require fund financial statements to be presented in conformity with all the provisions of GASB Statement 34 that are applicable to fund financial statements, including the notes to the financial statements. These standards also require the fund financial statements to be presented in conformity with all other accounting principles generally accepted in the United States of America that are applicable to fund financial statements, including the notes to the financial statements.

The following are the more significant accounting policies of the Cannon County School Department:

A. Reporting Entity

The Cannon County School Department operates the public school system in the county, and the voters of Cannon County elect its five-member board. The School Department is a component unit of Cannon County, the primary government. The School Department is fiscally dependent on the county because it may not issue debt without county approval, and its budget and property tax levy are subject to the County Commission's approval. The

School Department's taxes are levied under the taxing authority of the county and are included as part of the county's total tax levy.

B. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Fund financial statements of the School Department are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditures. Funds are organized into three major categories: governmental, proprietary, and fiduciary. However, the School Department has no proprietary or fiduciary funds to report. An emphasis is placed on major funds within the governmental category.

Separate financial statements are provided for governmental funds. Major individual governmental funds are reported as separate columns in the fund financial statements. All other governmental funds are aggregated into a single column on the fund financial statements.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they become both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the School Department considers revenues other than grants to be available if they are collected within 30 days after year-end. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met and the revenues are available. The School Department considers grants and similar revenues to be available if they are collected within 60 days after year-end. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred.

Property taxes, in-lieu-of tax payments, sales taxes, interest, and miscellaneous taxes are all considered to be susceptible to accrual and have been recognized as revenues of the current period. Applicable business taxes, litigation taxes, state-shared excise taxes, fines, forfeitures, and penalties are not susceptible to accrual since they are not measurable (reasonably estimable). All other revenue items are considered to be measurable and available only when the School Department receives cash.

The School Department reports the following major governmental fund:

General Purpose School Fund – This is the primary operating fund for the School Department. It is used to account for general operations of the School Department.

Additionally, the School Department reports the following fund type:

Special Revenue Funds – These funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specific purposes.

C. **Assets, Liabilities, and Equity**

1. **Deposits and Investments**

State statutes authorize the government to make direct investments in bonds, notes, or treasury bills of the U.S. government and obligations guaranteed by the U.S. government or any of its agencies; bonds of any state or political subdivision rated A or higher by any nationally recognized rating service; the county's own legally issued bonds or notes; the State Treasurer's Investment Pool; and repurchase agreements.

The county trustee maintains a cash and internal investment pool that is used by all Cannon County, Cannon County School Department, and Cannon County Industrial Development Board funds. Each fund's portion of this pool is displayed on the balance sheets as Equity in Pooled Cash and Investments. Most income from these pooled investments is assigned to the primary government's General Fund. Cannon County, Cannon County School Department, and Cannon County Industrial Development Board have adopted a policy of reporting U.S. Treasury obligations, U.S. agency obligations, and repurchase agreements with maturities of one year or less when purchased on the balance sheet at amortized cost. Certificates of deposit are reported at cost. All other investments are reported at fair value. No investments required to be reported at fair value were held at the balance sheet date.

2. **Receivables and Payables**

Property taxes receivable are shown with an allowance for uncollectibles. The allowance for uncollectible property taxes is equal to .85 percent of total taxes levied.

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned.

Property taxes receivable are recognized as of the date an enforceable legal claim to the taxable property arises. This date is January 1 and is referred to as the lien date. However, revenues from property taxes are recognized in the period for which the taxes are levied, which is the ensuing fiscal year. Since the receivable is recognized before the

period of revenue recognition, the entire amount of the receivable, less an estimated allowance for uncollectible taxes, is reported as deferred revenue as of June 30.

Property taxes receivable are also reported as of June 30 for the taxes that are levied, collected, and reported as revenue during the current fiscal year. These property taxes receivable are presented on the balance sheet with offsetting deferred revenue to reflect amounts not available as of June 30. Property taxes collected within 30 days of year-end are considered available and accrued. The allowance for uncollectible taxes represents the estimated amount of the receivable that will be filed in court for collection. Delinquent taxes filed in court for collection are not included in taxes receivable since they are neither measurable nor available.

Property taxes are levied as of the first Monday in October. Taxes become delinquent and begin accumulating interest and penalty the following March 1. Suit must be filed in Chancery Court between the following February 1 to April 1 for any remaining unpaid taxes. Additional costs attach to delinquent taxes after a court suit has been filed.

3. Capital Assets

Governmental funds do not capitalize the cost of capital outlays; these funds report capital outlays as expenditures upon acquisition. The School Department maintains an inventory of capital assets, as required by generally accepted accounting principles. Capital assets should be reported in the government-wide statement of net assets; however, as previously noted, the School Department does not present government-wide statements.

4. Compensated Absences

The general policy of the School Department is to permit employees to accumulate a limited amount of vacation benefits, which will be paid to the employee upon separation. Records are not maintained reflecting the dollar amount of accumulated vacation time at June 30, 2006; however, the amount of accumulated leave would not materially affect the financial statements. The general policy of the School Department for professional personnel (teachers) permits the unlimited accumulation of unused sick leave days. The granting of sick leave has no guaranteed payment attached and therefore is not required to be accrued or recorded.

5. Fund Equity

Governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose.

II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP) for all governmental funds. All annual appropriations lapse at fiscal year end.

The School Department is required by state statute to adopt annual budgets. Annual budgets are prepared on the basis in which current available funds must be sufficient to meet current expenditures. Expenditures and encumbrances may not legally exceed appropriations authorized by the Cannon County Commission and any authorized revisions. Unencumbered appropriations lapse at the end of each fiscal year.

The budgetary level of control is at the major category level established by the State Uniform Chart of Accounts, as prescribed by the Comptroller of the Treasury of the State of Tennessee. Major categories are at the department level (examples of General Purpose School Fund major categories: Regular Instruction Program, Special Education Program, Vocational Education Program, Adult Education Program, etc.). Management may make revisions within major categories, but only the Cannon County Commission may transfer appropriations between major categories. During the year, several supplementary appropriations were necessary.

The School Department's budgetary basis of accounting is consistent with GAAP, except instances in which encumbrances are treated as budgeted expenditures. The difference between the budgetary basis and the GAAP basis is presented on the face of each budgetary statement.

III. DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

Cannon County, the Cannon County School Department, and the Cannon County Industrial Development Board participate in an internal cash and investment pool through the Office of Trustee. The county trustee is the treasurer of the county and in this capacity is responsible for receiving, disbursing, depositing, and investing most county funds. Each fund's portion of this pool is displayed on the balance sheets as Equity in Pooled Cash and Investments. Cash reflected in the fund financial statements represent nonpooled amounts held separately by individual funds.

Deposits

Legal Provisions. All deposits with financial institutions must be secured by one of two methods. One method involves financial institutions that participate in the bank collateral pool administered by the state treasurer. Participating banks determine the aggregate balance of their public fund accounts for the State of Tennessee and its political subdivisions. The amount of collateral required to secure these public deposits must equal at least 105 percent of the average daily balance of public deposits held. Collateral securities required to be pledged by the participating banks to protect their public fund accounts are pledged to the state treasurer on behalf of the bank collateral pool. The securities pledged to protect these accounts are pledged in the aggregate rather than against each account. The members of the pool may be required by agreement to pay an assessment to cover any deficiency. Under this additional assessment agreement, public fund accounts covered by the pool are considered to be insured for purposes of credit risk disclosure.

For deposits with financial institutions that do not participate in the bank collateral pool, state statutes require that all deposits be collateralized with collateral whose market value is equal to 105 percent of the uninsured amount of the deposits. The collateral must be placed by the depository bank in an escrow account in a second bank for the benefit of the county.

Investments

Legal Provisions. Cannon County, the School Department's primary government, is authorized to make direct investments in bonds, notes, or treasury bills of the U.S. government and obligations guaranteed by the U.S. government or any of its agencies; bonds of any state or political subdivision rated A or higher by any nationally recognized rating service; and the county's own legally issued bonds or notes. These investments may not have a maturity greater than two years. The county may make investments with longer maturities if various restrictions set out in state law are followed. Counties are also authorized to make investments in the State Treasurer's Investment Pool and in repurchase agreements. Repurchase agreements must be approved by the state director of Local Finance and executed in accordance with procedures established by the State Funding Board. Securities purchased under a repurchase agreement must be obligations of the U.S. government or obligations guaranteed by the U.S. government or any of its agencies. When repurchase agreements are executed, the purchase of the securities must be priced at least two percent below the market value of the securities on the day of purchase. The county had no pooled and nonpooled investments as of June 30, 2006.

B. Interfund Transfers

Interfund transfers for the year ended June 30, 2006, consisted of the following amounts:

<u>Transfers Out</u>	<u>Transfers In</u> General Purpose School Fund
Nonmajor governmental fund	\$ 16,978
Total	<u>\$ 16,978</u>

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them.

IV. OTHER INFORMATION

A. Risk Management

The Cannon County School Department participates in the Tennessee School Boards Risk Management Trust (TSB-RMT), which is a public entity risk pool established by the Tennessee School Boards Association, an association of member school districts. The School Department pays an annual premium to the TSB-RMT for its general liability, property, casualty and workers' compensation insurance coverage. The creation of the TSB-RMT provides for it to be self-sustaining through member premiums. The TSB-RMT reinsures through commercial insurance companies for claims exceeding \$100,000 for each insured.

The School Department provides health insurance coverage to its employees through the Local Government Group Insurance Fund (LGGIF), a public entity risk pool established to provide a program of health insurance coverage for employees of local governments and quasi-governmental entities that was established for the primary purpose of providing services for or on behalf of state and local governments. In accordance with Section 8-27-207, Tennessee Code Annotated, all local governments and quasi-governmental entities described above are eligible to participate. The LGGIF is included in the Comprehensive Annual Financial Report of the State of Tennessee, but the state does not retain any risk for losses by the fund. The state statute provides for the LGGIF to be self-sustaining through member premiums.

B. Accounting Changes

The provisions of Governmental Accounting Standards Board (GASB) Statement No. 42, Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries became effective for the year ended June 30, 2006. GASB Statement No. 42 requires governments to report the effects of capital asset impairments in their financial statements

when they occur rather than as a part of the ongoing depreciation expense for the capital asset or upon disposal of the capital asset. In addition, GASB Statement No. 42 clarifies and establishes accounting requirements for insurance recoveries. GASB Statement No. 42 had no effect on the financial statements for the year ended June 30, 2006, since no capital asset impairment and insurance recoveries occurred. However, it is reasonably expected that capital asset impairment and insurance recoveries may occur in subsequent years that will be subject to the provisions of Statement No. 42.

The provisions of GASB Statement No. 44, Economic Condition Reporting: The Statistical Section (an amendment of NCGA Statement 1) became effective for the year ended June 30, 2006. GASB Statement No. 44 applies to the preparation of the statistical section. State and local governments may, but are not required to, prepare a statistical section to accompany basic financial statements. However, a statistical section is required to accompany a comprehensive annual financial report. Since Cannon County is not presenting a comprehensive annual financial report, it has elected not to prepare a statistical section. A limited statistical section was presented in the prior year's report. GASB Statement No. 44 amends guidance related to the preparation of the statistical section. This statement improves the understandability and usefulness of statistical information by addressing the comparability problems that have developed in practice and by adding information from the new financial reporting model for state and local governments required by GASB Statement No. 34. GASB Statement No. 44 establishes the objectives of the statistical section and the five categories it contains: financial trends, revenue capacity, debt capacity, demographic and economic, and operating. It is reasonably expected that Cannon County will prepare and present a statistical section in subsequent years that follows the requirements of GASB Statement No. 44.

The provisions of GASB Statement No. 46, Net Assets Restricted by Enabling Legislation – an amendment of GASB Statement No. 34 became effective for the year ended June 30, 2006. GASB Statement No. 46 provides guidance to determine when net assets have been restricted to a particular use by the passage of enabling legislation and specifies how those net assets should be reported in financial statements when there are changes in the circumstances surrounding such legislation. The statement also requires governments to disclose in the notes to the financial statements the amount of net assets restricted by enabling legislation as of the end of the reporting period. The Cannon County School Department had no net assets restricted by enabling legislation to disclose as of June 30, 2006. But it is reasonably expected that the School Department will be required to disclose net assets restricted by enabling legislation in subsequent years.

The provisions of GASB Statement No. 47, Accounting for Termination Benefits became effective for the year ended June 30, 2006. GASB Statement No. 47 provides accounting and reporting guidance for state and local governments that offer benefits such as early retirement incentives or

severance to employees who are involuntarily terminated. Statement No. 47 specifies when governments should recognize the cost of termination benefits they offer in accrual basis financial statements. The Cannon County School Department was not offering any termination benefits to employees as of June 30, 2006. But it is reasonably expected that the School Department will offer termination benefits in subsequent years subject to the accounting and reporting requirements of GASB Statement No. 47.

C. Contingent Liabilities

There are several pending lawsuits in which the School Department is involved. The School Department's attorney estimates that the potential claims against the School Department not covered by insurance resulting from such litigation would not materially affect the School Department's financial statements.

D. Retirement Commitments

Plan Description

Employees of Cannon County, including the School Department, are members of the Political Subdivision Pension Plan (PSPP), an agent multiple-employer defined benefit pension plan administered by the Tennessee Consolidated Retirement System (TCRS). TCRS provides retirement benefits as well as death and disability benefits. Benefits are determined by a formula using the member's high five-year average salary and years of service. Members become eligible to retire at the age of 60 with five years of service or at any age with 30 years of service. A reduced retirement benefit is available to vested members at the age of 55. Disability benefits are available to active members with five years of service who become disabled and cannot engage in gainful employment. There is no service requirement for disability that is the result of an accident or injury occurring while the member was in the performance of duty. Members joining the system after July 1, 1979, become vested after five years of service, and members joining prior to July 1, 1979, were vested after four years of service. Benefit provisions are established in state statute found in Title 8, Chapters 34-37 of Tennessee Code Annotated. State statutes are amended by the Tennessee General Assembly. Political subdivisions such as Cannon County participate in the TCRS as individual entities and are liable for all costs associated with the operation and administration of their plan. Benefit improvements are not applicable to a political subdivision unless approved by the chief governing body.

The TCRS issues a publicly available financial report that includes financial statements and required supplementary information for the PSPP. That report may be obtained by writing to the Tennessee Treasury Department, Consolidated Retirement System, 10th Floor, Andrew Jackson Building, Nashville, TN 37243-0230 or can be accessed at www.treasury.state.tn.us.

Copies of footnotes in PDF format can be accessed at <http://www.treasury.state.tn.us/tcrs/PS/>.

Since the Cannon County School Department participates in Cannon County's plan, retirement information for the Cannon County School Department is not available separately from the retirement information provided for the county. Complete disclosure for the county's participation in the TCRS is described in footnote IV.F. of the Annual Financial Report of Cannon County, Tennessee.

SCHOOL TEACHERS

Plan Description

The Cannon County School Department contributes to the State Employees, Teachers, and Higher Education Employees Pension Plan (SETHEEPP), a cost-sharing multiple employer defined benefit pension plan administered by the Tennessee Consolidated Retirement System (TCRS). TCRS provides retirement benefits as well as death and disability benefits to plan members and their beneficiaries. Benefits are determined by a formula using the member's high five-year average salary and years of service. Members become eligible to retire at the age of 60 with five years of service or at any age with 30 years of service. A reduced retirement benefit is available to vested members who are at least 55 years of age or have 25 years of service. Disability benefits are available to active members with five years of service who become disabled and cannot engage in gainful employment. There is no service requirement for disability that is the result of an accident or injury occurring while the member was in the performance of duty. Members joining the plan on or after July 1, 1979, are vested after five years of service. Members joining prior to July 1, 1979, are vested after four years of service. Benefit provisions are established in state statute found in Title 8, Chapters 34-37 of Tennessee Code Annotated. State statutes are amended by the Tennessee General Assembly. A cost of living adjustment (COLA) is provided to retirees each July based on the percentage change in the Consumer Price Index (CPI) during the previous calendar year. No COLA is granted if the CPI increases less than one-half percent. The annual COLA is capped at three percent.

The TCRS issues a publicly available financial report that includes financial statements and required supplementary information for the SETHEEPP. That report may be obtained by writing to the Tennessee Treasury Department, Consolidated Retirement System, 10th Floor, Andrew Jackson Building, Nashville, TN 37243-0230 or can be accessed at www.treasury.state.tn.us. Copies of footnotes in PDF format can be accessed at <http://www.treasury.state.tn.us/tcrs/Schools/>.

Funding Policy

Most teachers are required by state statute to contribute five percent of their salaries to the plan. The employer contribution rate for the Cannon County School Department is established at an actuarially determined rate. The employer rate for the fiscal year ended June 30, 2006, was 5.5 percent of annual covered payroll. The employer contribution requirement for the Cannon County School Department is established and may be amended by the TCRS Board of Trustees. The employer's contributions to TCRS for the years ended June 30, 2006, 2005, and 2004, were \$390,960, \$388,501, and \$227,207 respectively, equal to the required contributions for each year.

E. Purchasing Law

Purchasing procedures for the School Department are governed by purchasing laws applicable to the schools as set forth in Section 49-2-203, Tennessee Code Annotated, which provides for the county Board of Education, through its executive committee (director of schools and the chairman of the Board of Education), to make all purchases. This statute also requires that competitive bids be solicited through newspaper advertisement on all purchases exceeding \$10,000.

**CANNON COUNTY SCHOOL DEPARTMENT
A COMPONENT UNIT OF CANNON COUNTY, TENNESSEE
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
For the Year Ended June 30, 2006**

BUDGETARY INFORMATION

The School Department is required by state statute to adopt annual budgets. Annual budgets are prepared on the basis in which current available funds must be sufficient to meet current expenditures. Expenditures and encumbrances may not legally exceed appropriations authorized by the Cannon County Commission and any authorized revisions. Unencumbered appropriations lapse at the end of each fiscal year.

The budgetary level of control is at the major category level established by the State Uniform Chart of Accounts, as prescribed by the Comptroller of the Treasury of the State of Tennessee. Major categories are at the department level (examples of General Purpose School Fund major categories: Regular Instruction Program, Special Education Program, Vocational Education Program, Adult Education Program, etc.). Management may make revisions within major categories, but only the Cannon County Commission may transfer appropriations between major categories. During the year, several supplementary appropriations were necessary.

The School Department's budgetary basis of accounting is consistent with generally accepted accounting principles (GAAP), except instances in which encumbrances are treated as budgeted expenditures. The difference between the budgetary basis and the GAAP basis is presented on the face of each budgetary statement.

**COMBINING AND INDIVIDUAL FUND
FINANCIAL STATEMENTS AND SCHEDULES**

Nonmajor Governmental Funds

Special Revenue Funds

Special Revenue Funds are used to account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specific purposes.

School Federal Projects Fund – The School Federal Projects Fund is used to account for restricted federal revenues which must be expended on specific education programs.

Central Cafeteria Fund – The Central Cafeteria Fund is used to account for the cafeteria operations in each of the schools.

Audit Highlights

Annual Financial Report
Cannon County Industrial Development Board
For the Year Ended June 30, 2006

Scope

We have audited the financial statements of the major fund of the Cannon County Industrial Development Board as of and for the year ended June 30, 2006.

Results

Our report on the Cannon County Industrial Development Board's financial statements expresses an adverse opinion because government-wide financial statements are not presented in accordance with Governmental Accounting Standards Board Statement No. 34.

Our audit resulted in one finding and recommendation, which we have reviewed with Cannon County Industrial Development Board management. The detailed finding and recommendation is included in the Single Audit Report.

Finding

The following is a summary of the audit finding:

CANNON COUNTY INDUSTRIAL DEVELOPMENT BOARD

- ◆ Government-wide financial statements were not presented in accordance with generally accepted accounting principles, resulting in an adverse opinion.

INDEPENDENT AUDITOR'S REPORT

August 24, 2006

Cannon County Industrial Development Board
Cannon County, Tennessee

To the Board of Directors:

We have audited the accompanying financial statements of the major fund of the Cannon County Industrial Development Board, a component unit of Cannon County, Tennessee, as of and for the year ended June 30, 2006, as shown on pages 15 through 25, which collectively comprise a portion of the Cannon County Industrial Development Board's basic financial statements required by accounting principles generally accepted in the United States of America. These financial statements are the responsibility of the Cannon County Industrial Development Board's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

Management has not presented government-wide financial statements to display the financial position and changes in financial position of its governmental activities. Accounting principles generally accepted in the United States of America require the presentation of government-wide financial statements. The amounts that would be reported in government-wide financial statements for the Industrial Development Board's governmental activities are not reasonably determinable.

As described in Note I, the Cannon County Industrial Development Board, has prepared its financial statements on a prescribed basis of accounting that demonstrates compliance with financial reporting standards adopted by the Comptroller of the Treasury of the State of Tennessee. These standards require governments that do not present government-wide financial statements to present fund financial statements in conformity with all the accounting principles generally accepted in the United States of America that are applicable to fund financial statements, including the notes to the financial statements. These standards also require some additional disclosures to be included in the notes to the financial statements, as described in Note I.

In our opinion, because of the effects of the matters discussed in the two preceding paragraphs, the financial statements referred to above do not present fairly, in conformity with accounting principles generally accepted in the United States of America, the financial position of the Cannon County Industrial Development Board, as of June 30, 2006, or the changes in its financial position for the year then ended.

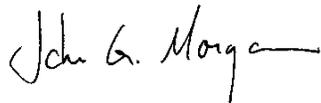

However, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the major fund of the Cannon County Industrial Development Board, as of June 30, 2006, and the respective changes in financial position thereof for the year then ended in conformity with the basis of accounting prescribed by the Comptroller of the Treasury of the State of Tennessee.

In accordance with Government Auditing Standards, we have also issued our report dated August 24, 2006, on our consideration of the Cannon County Industrial Development Board's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

The budgetary comparison information on pages 29 through 31 is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Cannon County Industrial Development Board's basic financial statements. The introductory section and miscellaneous schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The miscellaneous schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we express no opinion on it.

Very truly yours,

A handwritten signature in cursive script that reads "John G. Morgan". The signature is written in black ink and includes a horizontal flourish at the end.

John G. Morgan
Comptroller of the Treasury

**CANNON COUNTY INDUSTRIAL DEVELOPMENT BOARD
A COMPONENT UNIT OF CANNON COUNTY, TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2006**

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Cannon County Industrial Development Board's financial statements are not presented in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments.

The Cannon County Industrial Development Board has not presented government-wide financial statements to display the financial position and changes in financial position of its governmental activities. The two government-wide financial statements, the statement of net assets and the statement of activities, should be included in the basic financial statements to conform with the provisions of GASB Statement 34 and accounting principles generally accepted in the United States of America. The Cannon County Industrial Development Board has elected instead only to implement the provisions of the statement and other accounting principles generally accepted in the United States of America that relate to the fund financial statements. This departure from GAAP results in an incomplete presentation and has caused the Cannon County Industrial Development Board's auditor to issue an adverse opinion on the Industrial Development Board's financial statements.

Although the Cannon County Industrial Development Board's financial statements are not presented in conformity with GAAP, the financial statements have been presented in conformity with financial reporting standards adopted by the Comptroller of the Treasury of the State of Tennessee. The Comptroller of the Treasury has adopted financial reporting standards for local governments in Tennessee that do not implement the provisions of GASB Statement 34. These standards require fund financial statements to be presented in conformity with all the provisions of GASB Statement 34 that are applicable to fund financial statements, including the notes to the financial statements. These standards also require the fund financial statements to be presented in conformity with all other accounting principles generally accepted in the United States of America that are applicable to fund financial statements, including the notes to the financial statements.

The following are the more significant accounting policies of the Cannon County Industrial Development Board:

A. Reporting Entity

The Cannon County Industrial Development Board was created pursuant to Section 7-53-202, Tennessee Code Annotated. The Cannon County Industrial Development Board provides assistance in industrial recruitment in Cannon County, and the Cannon County Commission appoints its ten-member board.

The Industrial Development Board is a component unit of Cannon County, Tennessee, the primary government. The Industrial Development Board is fiscally dependent on the county because it may not issue debt without county approval, and its budget is subject to the Cannon County Commission's approval. The Industrial Development Board is funded primarily through lease payments collected from industries that lease buildings from the Industrial Development Board.

B. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they become both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the Industrial Development Board considers revenues other than grants to be available if they are collected within 30 days after year-end. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met and the revenues are available. The Industrial Development Board considers grants and similar revenues to be available if they are collected within 60 days after year-end. Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Principal and interest on long-term debt are recognized as fund liabilities when due or when amounts have been accumulated for payments to be made early in the following year.

The Cannon County Industrial Development Board reports the following major governmental fund:

General Fund – This is the Cannon County Industrial Development Board's primary operating fund. It accounts for all financial resources of the board.

C. Assets, Liabilities, and Equity

1. Deposits and Investments

State statutes authorize the government to make direct investments in bonds, notes, or treasury bills of the U.S. government and obligations guaranteed by the U.S. government or any of its agencies; bonds of any state or political subdivision rated A or higher by any nationally recognized rating service; the county's own legally issued bonds or notes; the State Treasurer's Investment Pool; and repurchase agreements.

The county trustee maintains a cash and internal investment pool that is used by Cannon County, Cannon County School Department,

and Cannon County Industrial Development Board. Each fund's portion of this pool is displayed on the balance sheets as Equity in Pooled Cash and Investments. Most income from these pooled investments is assigned to the primary government's General Fund. Cannon County, the Cannon County School Department, and the Cannon County Industrial Development Board have adopted a policy of reporting U.S. Treasury obligations, U.S. agency obligations, and repurchase agreements with maturities of one year or less when purchased on the balance sheet at amortized cost. Certificates of deposit are reported at cost. All other investments are reported at fair value. No investments required to be reported at fair value were held at the balance sheet date.

2. Capital Assets

Governmental funds do not capitalize the cost of capital outlays; these funds report capital outlays as expenditures upon acquisition. The Cannon County Industrial Development Board does not maintain capital assets records, as required by generally accepted accounting principles. Capital assets should be reported in the government-wide statement of net assets; however, as previously noted, the Cannon County Industrial Development Board does not present government-wide statements.

3. Long-term Obligations

Only the matured portion (the portion that has come due for payment) of long-term indebtedness is recognized as a liability and expenditure in the governmental fund financial statements.

Governmental funds recognize debt premiums and discounts, as well as debt issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

4. Fund Equity

Governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose.

II. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP) for the governmental fund. All annual appropriations lapse at fiscal year end.

The Industrial Development Board is required by state statute to adopt annual budgets. Annual budgets are prepared on the basis in which current available funds must be sufficient to meet current expenditures. Expenditures and encumbrances may not legally exceed appropriations authorized by the Cannon County Commission and any authorized revisions. Unencumbered appropriations lapse at the end of each fiscal year.

The budgetary level of control is at the major category level established by the State Uniform Chart of Accounts, as prescribed by the Comptroller of the Treasury of the State of Tennessee. Major categories are at the department level (examples of General Fund major categories: Other Operations - Industrial Development, Principal on Debt - General Government, etc.). Management may make revisions within major categories, but only the Cannon County Commission may transfer appropriations between major categories. During the year, several supplementary appropriations were necessary.

The Industrial Development Board's budgetary basis of accounting is consistent with GAAP, except instances in which encumbrances are treated as budgeted expenditures. The difference between the budgetary basis and GAAP basis is presented on the face of the budgetary statement.

III. DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

Cannon County, the Cannon County School Department, and the Cannon County Industrial Development Board participate in an internal cash and investment pool through the Office of Trustee. The county trustee is the treasurer of the county and in this capacity is responsible for receiving, disbursing, depositing, and investing most county funds. Each fund's portion of this pool is displayed on the balance sheets as Equity in Pooled Cash and Investments.

Deposits

Legal Provisions. All deposits with financial institutions must be secured by one of two methods. One method involves financial institutions that participate in the bank collateral pool administered by the state treasurer. Participating banks determine the aggregate balance of their public fund accounts for the State of Tennessee and its political subdivisions. The amount of collateral required to secure these public deposits must equal at least 105 percent of the average daily balance of public deposits held. Collateral securities required to be pledged by the participating banks to

protect their public fund accounts are pledged to the state treasurer on behalf of the bank collateral pool. The securities pledged to protect these accounts are pledged in the aggregate rather than against each account. The members of the pool may be required by agreement to pay an assessment to cover any deficiency. Under this additional assessment agreement, public fund accounts covered by the pool are considered to be insured for purposes of credit risk disclosure.

For deposits with financial institutions that do not participate in the bank collateral pool, state statutes require that all deposits be collateralized with collateral whose market value is equal to 105 percent of the uninsured amount of the deposits. The collateral must be placed by the depository bank in an escrow account in a second bank for the benefit of the county.

Investments

Legal Provisions. Cannon County, the Industrial Development Board's primary government, is authorized to make direct investments in bonds, notes, or treasury bills of the U.S. government and obligations guaranteed by the U.S. government or any of its agencies; bonds of any state or political subdivision rated A or higher by any nationally recognized rating service; and the county's own legally issued bonds or notes. These investments may not have a maturity greater than two years. The county may make investments with longer maturities if various restrictions set out in state law are followed. Counties are also authorized to make investments in the State Treasurer's Investment Pool and in repurchase agreements. Repurchase agreements must be approved by the state director of Local Finance and executed in accordance with procedures established by the State Funding Board. Securities purchased under a repurchase agreement must be obligations of the U.S. government or obligations guaranteed by the U.S. government or any of its agencies. When repurchase agreements are executed, the purchase of the securities must be priced at least two percent below the market value of the securities on the day of purchase. The county had no pooled and nonpooled investments as of June 30, 2006.

B. Long-term Debt

Since the Cannon County Industrial Development Board is presenting fund financial statements only, long-term debt is not reported as a liability in the financial statements of the governmental funds. Long-term debt for governmental funds is required to be reported as a liability in government-wide financial statements, but the Cannon County Industrial Development Board is not presenting government-wide financial statements.

Other Loans

The Industrial Development Board issues other loans to provide funds for the acquisition and construction of major capital facilities. Other loans are direct obligations and pledge the full faith and credit of the government. Other loans outstanding were issued for original terms of up to 20 years.

Repayment terms are generally structured with increasing amounts of principal maturing as interest requirements decrease over the term of the debt. All other loans included in long-term debt as of June 30, 2006, will be retired from the General Fund.

Other loans outstanding as of June 30, 2006, are as follows:

Type	Interest Rate	Amount
Other Loans	1 to 4.5%	\$ 897,990

In prior years, the Cannon County Industrial Development Board entered into loan agreements with Cumberland Area Investment Corporation. These loan agreements provided Cumberland Area Investment Corporation to make \$300,000 at an interest rate of 4.5 percent and \$250,000 at an interest rate of 3.5 percent available for loan to the Cannon County Industrial Development Board on an as needed basis for industrial development. The Cannon County Industrial Development Board borrowed the entire amount of these loans.

Also, in prior years, the Cannon County Industrial Development Board entered into a loan agreement with the Tennessee Department of Economic and Community Development. This loan agreement provided the Tennessee Department of Economic and Community Development to make \$482,500 at an interest rate of one to three percent available for loan to the Cannon County Industrial Development Board on an as needed basis for industrial development. The Cannon County Industrial Development Board borrowed the entire amount of this loan.

The annual requirements to amortize all other loans outstanding as of June 30, 2006, including interest payments, are presented in the following tables:

Year Ending June 30	Other Loan (\$482,500)		Other Loan (\$300,000)	
	Principal	Interest	Principal	Interest
2007	\$ 30,443	\$ 4,210	\$ 10,592	\$ 12,183
2008	30,749	3,904	11,047	11,728
2009	31,058	3,595	11,587	11,189
2010	30,506	5,165	12,119	10,656
2011	30,432	5,965	12,676	10,100
2012-2016	160,704	22,729	72,617	41,259
2017-2021	121,025	6,460	90,942	22,936
2022-2024	0	0	53,948	3,206
Total	\$ 434,917	\$ 52,028	\$ 275,528	\$ 123,257

Year Ending June 30	Other Loan (\$250,000)	
	Principal	Interest
2007	\$ 48,789	\$ 5,786
2008	50,524	4,051
2009	52,321	2,254
2010	35,911	473
Total	\$ 187,545	\$ 12,564

Total debt per capita amounted to \$71, based on the 2000 federal census.

Changes in Long-term Liabilities

Long-term liability activity for the year ended June 30, 2006, was as follows:

Governmental Activities:	Other Loans
Balance, July 1, 2005	\$ 985,370
Deductions	<u>(87,380)</u>
Balance, June 30, 2006	<u>\$ 897,990</u>
Balance Due Within One Year	<u>\$ 89,824</u>

IV. OTHER INFORMATION

A. Risk Management

The Cannon County Industrial Development Board participates in the Tennessee School Boards Risk Management Trust (TSB-RMT), which is a public entity risk pool established by the Tennessee School Boards Association, an association of member school districts. The board pays an annual premium to the TSB-RMT for its general liability, property, casualty and workers' compensation insurance coverage. The creation of the TSB-RMT provides for it to be self-sustaining through member premiums. The TSB-RMT reinsures through commercial insurance companies for claims exceeding \$100,000 for each insured.

B. Accounting Changes

The provisions of Governmental Accounting Standards Board (GASB) Statement No. 42, Accounting and Financial Reporting for Impairment of Capital Assets and for Insurance Recoveries became effective for the year ended June 30, 2006. GASB Statement No. 42 requires governments to report the effects of capital asset impairments in their financial statements when they occur rather than as a part of the ongoing depreciation expense for

the capital asset or upon disposal of the capital asset. In addition, GASB Statement No. 42 clarifies and establishes accounting requirements for insurance recoveries. GASB Statement No. 42 had no effect on the financial statements for the year ended June 30, 2006, since no capital asset impairment and insurance recoveries occurred. However, it is reasonably expected that capital asset impairment and insurance recoveries may occur in subsequent years that will be subject to the provisions of Statement No. 42.

The provisions of GASB Statement No. 44, Economic Condition Reporting: The Statistical Section (an amendment of NCGA Statement 1) became effective for the year ended June 30, 2006. GASB Statement No. 44 applies to the preparation of the statistical section. State and local governments may, but are not required to, prepare a statistical section to accompany basic financial statements. However, a statistical section is required to accompany a comprehensive annual financial report. Since Cannon County is not presenting a comprehensive annual financial report, it has elected not to prepare a statistical section. A limited statistical section was presented in the prior year's report. GASB Statement No. 44 amends guidance related to the preparation of the statistical section. This statement improves the understandability and usefulness of statistical information by addressing the comparability problems that have developed in practice and by adding information from the new financial reporting model for state and local governments required by GASB Statement No. 34. GASB Statement No. 44 establishes the objectives of the statistical section and the five categories it contains: financial trends, revenue capacity, debt capacity, demographic and economic, and operating. It is reasonably expected that Cannon County will prepare and present a statistical section in subsequent years that follows the requirements of GASB Statement No. 44.

The provisions of GASB Statement No. 46, Net Assets Restricted by Enabling Legislation – an amendment of GASB Statement No. 34 became effective for the year ended June 30, 2006. GASB Statement No. 46 provides guidance to determine when net assets have been restricted to a particular use by the passage of enabling legislation and specifies how those net assets should be reported in financial statements when there are changes in the circumstances surrounding such legislation. The statement also requires governments to disclose in the notes to the financial statements the amount of net assets restricted by enabling legislation as of the end of the reporting period. The Cannon County Industrial Development Board had no net assets restricted by enabling legislation to disclose as of June 30, 2006. But it is reasonably expected that the Cannon County Industrial Development Board will be required to disclose net assets restricted by enabling legislation in subsequent years.

The provisions of GASB Statement No. 47, Accounting for Termination Benefits became effective for the year ended June 30, 2006. GASB Statement No. 47 provides accounting and reporting guidance for state and local governments that offer benefits such as early retirement incentives or

severance to employees who are involuntarily terminated. Statement No. 47 specifies when governments should recognize the cost of termination benefits they offer in accrual basis financial statements. The Cannon County Industrial Development Board was not offering any termination benefits to employees as of June 30, 2006. But it is reasonably expected that the Cannon County Industrial Development Board will offer termination benefits in subsequent years subject to the accounting and reporting requirements of GASB Statement No. 47.

C. Purchasing Law

Purchasing procedures for the Cannon County Industrial Development Board are governed by the County Purchasing Law of 1983, Sections 5-14-201 through 5-14-206, Tennessee Code Annotated, which provide for all purchases exceeding \$5,000 to be made after public advertisement and solicitation of competitive bids.

**CANNON COUNTY INDUSTRIAL DEVELOPMENT BOARD
A COMPONENT UNIT OF CANNON COUNTY, TENNESSEE
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
For the Year Ended June 30, 2006**

BUDGETARY INFORMATION

The Cannon County Industrial Development Board is required by state statute to adopt annual budgets. Annual budgets are prepared on the basis in which current available funds must be sufficient to meet current expenditures. Expenditures and encumbrances may not legally exceed appropriations authorized by the Cannon County Commission and any authorized revisions. Unencumbered appropriations lapse at the end of each fiscal year.

The budgetary level of control is at the major category level established by the State Uniform Chart of Accounts, as prescribed by the Comptroller of the Treasury of the State of Tennessee. Major categories are at the department level (examples of General Fund major categories: Other Operations - Industrial Development, Principal on Debt - General Government, etc.). Management may make revisions within major categories, but only the Cannon County Commission may transfer appropriations between major categories. During the year, several supplementary appropriations were necessary.

The Cannon County Industrial Development Board's budgetary basis of accounting is consistent with generally accepted accounting principles (GAAP), except instances in which encumbrances are treated as budgeted expenditures. The difference between the budgetary basis and the GAAP basis is presented on the face of the budgetary statement.

REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

August 24, 2006

Cannon County Executive, Board of County Commissioners,
Director of Schools, Board of Education, and Industrial Development
Board of Directors
Cannon County, Tennessee

To the County Executive, County Commissioners,
Director of Schools, Board of Education, and Industrial Development
Board of Directors:

We have audited the financial statements of each major fund and the aggregate remaining fund information of Cannon County, Tennessee, the Cannon County School Department, and the Cannon County Industrial Development Board as of and for the year ended June 30, 2006, which collectively comprise a portion of Cannon County's, the Cannon County School Department's, and the Cannon County Industrial Development Board's basic financial statements and have issued our reports thereon dated August 24, 2006. Our reports on the financial statements of Cannon County, Tennessee, the Cannon County School Department, and the Cannon County Industrial Development Board express adverse opinions because the government-wide financial statements are not presented in accordance with Governmental Accounting Standards Board Statement No. 34. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the auditing standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Cannon County's, the Cannon County School Department's, and the Cannon County Industrial Development Board's internal control over financial reporting in order to determine our auditing procedures for the purpose of

expressing our opinions on the financial statements and not to provide an opinion on the internal control over financial reporting. However, we noted certain matters involving the internal control over financial reporting and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over financial reporting that, in our judgment, could adversely affect Cannon County's, the Cannon County School Department's, and the Cannon County Industrial Development Board's ability to record, process, summarize, and report financial data consistent with the assertions of management in the financial statements. Reportable conditions are described in the accompanying Schedule of Findings and Questioned Costs as items 06.02(A), 06.03, 06.05, 06.06, 06.07, 06.08(A), 06.09, and 06.10.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements caused by error or fraud in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control that might be reportable conditions and accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe none of the reportable conditions described above is a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Cannon County's, the Cannon County School Department's, and the Cannon County Industrial Development Board's financial statements are free of material misstatement, we performed tests of their compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and are described in the accompanying Schedule of Findings and Questioned Costs as items 06.01, 06.02(B), 06.04, 06.08(B), and 06.11.

We also noted certain matters that we reported to the management of Cannon County, the Cannon County School Department, and the Cannon County Industrial Development Board in separate communications.

This report is intended solely for the information and use of the Board of County Commissioners, Board of Education, Industrial Development Board, management, and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

John G. Morgan
Comptroller of the Treasury

JGM/sb

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO
EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

August 24, 2006

Cannon County Executive, Board of County Commissioners,
Director of Schools, Board of Education, and Industrial Development
Board of Directors
Cannon County, Tennessee

To the County Executive, County Commissioners,
Director of Schools, Board of Education, and Industrial Development
Board of Directors:

Compliance

We have audited the compliance of Cannon County, the Cannon County School Department, and the Cannon County Industrial Development Board with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of their major federal programs for the year ended June 30, 2006. Cannon County's, the Cannon County School Department's, and the Cannon County Industrial Development Board's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of their major federal programs is the responsibility of Cannon County's, the Cannon County School Department's, and the Cannon County Industrial Development Board's management. Our responsibility is to express an opinion on Cannon County's, the Cannon County School Department's, and the Cannon County Industrial Development Board's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America, the auditing standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, and OMB Circular A-133, Audits of States, Local Governments and

Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Cannon County's, the Cannon County School Department's, and the Cannon County Industrial Development Board's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on Cannon County's, the Cannon County School Department's, and the Cannon County Industrial Development Board's compliance with those requirements.

In our opinion, Cannon County, the Cannon County School Department, and the Cannon County Industrial Development Board complied, in all material respects, with the requirements referred to above that are applicable to each of their major federal programs for the year ended June 30, 2006.

Internal Control Over Compliance

The management of Cannon County, the Cannon County School Department, and the Cannon County Industrial Development Board is responsible for establishing and maintaining effective internal control over compliance with requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Cannon County's, the Cannon County School Department's, and the Cannon County Industrial Development Board's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance and to test and report on the internal control over compliance in accordance with OMB Circular A-133.

We noted certain matters involving the internal control over compliance and its operation that we consider to be reportable conditions. Reportable conditions involve matters coming to our attention relating to significant deficiencies in the design or operation of the internal control over compliance that, in our judgment, could adversely affect the Cannon County School Department's ability to administer major federal programs in accordance with applicable requirements of laws, regulations, contracts, and grants. Reportable conditions are described in the accompanying Schedule of Findings and Questioned Costs as items 06.07, 06.10, 06.12, and 06.13.

A material weakness is a reportable condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that noncompliance with the applicable requirements of laws, regulations, contracts, and grants that would be material in relation to a major federal program being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. Our consideration of the internal control over compliance would not necessarily disclose all matters in the internal control that might be reportable conditions and, accordingly, would not necessarily disclose all reportable conditions that are also considered to be material weaknesses. However, we believe none of the reportable conditions described above is a material weakness.

Schedule of Federal Awards

We have audited the financial statements of each major fund and the aggregate remaining fund information of Cannon County, Tennessee, the Cannon County School Department, and the Cannon County Industrial Development Board as of and for the year ended June 30, 2006, and have issued our reports thereon dated August 24, 2005. Our reports on the financial statements of Cannon County, the Cannon County School Department, and the Cannon County Industrial Development Board express adverse opinions because the government-wide financial statements are not presented in accordance with Governmental Accounting Standards Board Statement No. 34. Our audit was performed for the purpose of forming opinions on the basic financial statements taken as a whole. The accompanying Schedule of Expenditures of Federal Awards and State Grants is presented for purposes of additional analysis, as required by OMB Circular A-133, and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the Board of County Commissioners, Board of Education, Industrial Development Board, management, and federal awarding agencies and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

John G. Morgan
Comptroller of the Treasury

05.14	18	The practice of paying School Department buildings and contents insurance from the General Fund is of questionable legality

**CANNON COUNTY, TENNESSEE, THE CANNON COUNTY
SCHOOL DEPARTMENT, AND THE CANNON COUNTY INDUSTRIAL
DEVELOPMENT BOARD**

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

For the Year Ended June 30, 2006

PART I, SUMMARY OF AUDITOR'S RESULTS

1. Adverse opinions were issued on the financial statements of Cannon County, the Cannon County School Department, and the Cannon County Industrial Development Board.
2. The audit of the financial statements of Cannon County, the Cannon County School Department, and the Cannon County Industrial Development Board disclosed reportable conditions in internal control. None of these conditions were considered to be a material weakness.
3. The audit disclosed four instances of noncompliance that are material to the financial statements of Cannon County, two instances of noncompliance that are material to the financial statements of the Cannon County School Department, and one instance of noncompliance that is material to the financial statements of the Cannon County Industrial Development Board.
4. Two reportable conditions in internal control over major programs were disclosed by the audit.
5. An unqualified opinion was issued on compliance for major programs.
6. The audit disclosed two audit findings that are required to be reported under Section 510(a) of OMB Circular A-133.
7. The Child Nutrition Cluster: School Breakfast Program and National School Lunch Program (CFDA Nos. 10.553 and 10.555), the Community Development Block Grants/State's Program (CFDA No. 14.228), the Title I Grants to Local Educational Agencies (CFDA No. 84.010), and the Special Education Cluster: Special Education - Grants to State Program and Special Education – Preschool Grants (CFDA Nos. 84.027 and 84.173) were determined to be major programs.
8. A threshold of \$300,000 was used to distinguish between Type A and Type B federal programs.
9. Cannon County, the Cannon County School Department, and the Cannon County Industrial Development Board did not qualify as low-risk auditees.

PART II, FINDINGS RELATING TO THE FINANCIAL STATEMENTS

Findings and recommendations, as a result of our examination, are presented below. We reviewed these findings and recommendations with management to provide an opportunity for their response. The written response of the director of schools is quoted in this report. Other officials offered oral responses to the findings and recommendations; however, these oral responses have not been included in this report.

CANNON COUNTY, THE CANNON COUNTY SCHOOL DEPARTMENT, AND THE CANNON COUNTY INDUSTRIAL DEVELOPMENT BOARD

FINDING 06.01 **GOVERNMENT-WIDE FINANCIAL STATEMENTS WERE NOT PRESENTED IN ACCORDANCE WITH GENERALLY ACCEPTED ACCOUNTING PRINCIPLES**
(Material Noncompliance Under Government Auditing Standards)

Cannon County, the Cannon County School Department, and the Cannon County Industrial Development Board did not identify and determine the historical value of their capital assets and the related depreciation amounts of these assets. Therefore, Cannon County, the Cannon County School Department, and the Cannon County Industrial Development Board were unable to provide the information necessary to prepare government-wide financial statements for all of their activities, as required by Governmental Accounting Standards Board (GASB) Statement No. 34, Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments. GASB is the standard-setting body for accounting principles that state and local governments are required to follow. As a result of this omission, Cannon County’s, the Cannon County School Department’s, and the Cannon County Industrial Development Board’s financial statements are not presented in accordance with generally accepted accounting principles; thus, we have issued an adverse opinion on their financial statements.

The Office of the Comptroller of the Treasury, State of Tennessee, requires governments that do not implement GASB Statement 34 to issue a financial report in compliance with Financial Reporting Standards for County Governments, Component Units of County Governments, and Special School Districts That Do Not Implement Governmental Accounting Standards Board Statement 34, established by the Comptroller of the Treasury. Cannon County’s, the Cannon County School Department’s, and the Cannon County Industrial Development Board’s financial statements are presented in compliance with these requirements.

RECOMMENDATION

Cannon County, the Cannon County School Department, and the Cannon County Industrial Development Board should present government-wide financial statements in conformity with generally accepted accounting principles, and should compile and maintain records that properly account for their capital assets. These records should document the historical costs of the government’s capital assets and the related depreciation amounts of these assets. This information is necessary to present the financial statements in accordance with generally accepted accounting principles.

OFFICE OF COUNTY EXECUTIVE

FINDING 06.02 **THE OFFICE HAD DEFICIENCIES IN BUDGET OPERATIONS**
(A. Internal Control – Reportable Condition Under Government Auditing Standards; B. Material Noncompliance Under Government Auditing Standards)

Our examination of budget operations revealed the following deficiencies:

- A. The budget and subsequent amendments submitted to and approved by the County Commission for the Solid Waste/Sanitation Fund contained appropriations that exceeded estimated available funding causing a budgeted fund deficit of \$29,744.
- B. Expenditures exceeded appropriations approved by the County Commission in major categories (the legal level of control) of the following funds:

<u>Fund/Major Category</u>	<u>Amount</u>
General Fund	
Register of Deeds	\$ 1,714
Development	271,786
County Buildings	1,532
Property Assessor's Office	4,173
County Clerk's Office	968
Chancery Court	365
Other Emergency Management	3,451
Libraries	3,599
Other Charges	9,199
Contributions to Other Agencies	59
General Debt Service Fund	
Interest-General Government	8,224
Other Debt Service-General Government	26

Section 5-9-401, Tennessee Code Annotated, states that “All funds from whatever source derived, including, but not limited to, taxes, county aid funds, federal funds, and fines, that are to be used in the operation and respective programs of the various departments, commissions, institutions, boards, offices, and agencies of county governments shall be appropriated to such use by the county legislative bodies.”

RECOMMENDATION

Appropriations that exceed estimated available funds should not be submitted to or approved by the County Commission. Expenditures should be held within appropriations approved by the County Commission.

FINDING 06.03 THE OFFICE HAD DEFICIENCIES IN PURCHASING PROCEDURES
(Internal Control – Reportable Condition Under Government Auditing Standards)

Our examination of purchasing procedures revealed the following deficiencies:

- A. Purchase orders were not issued in some required instances. Purchase orders are necessary to control who has purchasing authority for the county and to document purchasing commitments.
- B. In several instances, invoices were paid without documentation that goods had been received or services had been rendered. This practice weakens controls over the purchasing process. We extended our audit procedures and determined that these goods were received and services were rendered.
- C. In some instances, the office paid invoices without canceling or marking them paid. This weakness could result in the office paying invoices more than once.

RECOMMENDATION

The office should improve purchasing procedures by issuing purchase orders for all applicable purchases and by obtaining documentation that goods have been received or services rendered before invoices are paid. Also, all invoices should be cancelled when paid.

FINDING 06.04 COMPETITIVE BIDS WERE NOT SOLICITED FOR CERTAIN PURCHASES
(Material Noncompliance Under Government Auditing Standards)

Competitive bids were not solicited for the purchase of jail food (\$59,000), an emergency vehicle (\$30,365), waste collection (\$165,303), and hauling waste collections (\$109,780) to a landfill. Sections 5-14-201 through 5-14-206 Tennessee Code Annotated, require public advertising and solicitation of competitive bids for purchases exceeding \$5,000.

RECOMMENDATION

Competitive bids should be solicited for all purchases exceeding \$5,000, as required by statute.

FINDING 06.05 THE OFFICE DID NOT ALWAYS COMPLY WITH THE TRAVEL POLICY ADOPTED BY THE COUNTY COMMISSION
(Internal Control – Reportable Condition Under Government Auditing Standards)

In October 2005, the County Commission adopted formal policies and procedures governing travel reimbursements for county employees. However, during the period under examination, the county used several different methods and rates to reimburse employees for travel expenses.

RECOMMENDATION

The county should follow its travel policy when reimbursing county employees for their business related mileage, lodging, and meal expenses.

FINDING 06.06 INVENTORY RECORDS WERE NOT MAINTAINED
(Internal Control – Reportable Condition Under Government Auditing Standards)

County officials did not maintain inventory records for assets owned by the general county government. Generally accepted accounting principles require accountability for all county-owned assets, such as vehicles, furniture, and equipment. The failure to maintain inventory records results in a loss of control over assets.

RECOMMENDATION

County officials should maintain inventory records for all county-owned assets.

OFFICE OF DIRECTOR OF SCHOOLS

FINDING 06.07 THE OFFICE HAD DEFICIENCIES IN PURCHASING PROCEDURES
(Internal Control – Reportable Condition Under Government Auditing Standards and OMB Circular A-133)

Our examination of purchasing procedures revealed the following deficiencies:

- A. Purchase orders were not issued in some required instances. Purchase orders are necessary to control who has purchasing authority for the department and to document purchasing commitments.
- B. In some instances, the office paid invoices without canceling or marking them paid. This weakness could result in the office paying invoices more than once.

RECOMMENDATION

The department should improve purchasing procedures by issuing purchase orders for all applicable purchases. Also, all invoices should be cancelled when paid.

MANAGEMENT'S RESPONSE – DIRECTOR OF SCHOOLS (DIRECT QUOTE)

The Central Cafeteria will issue purchase orders for all required purchases.

OFFICE OF SHERIFF

FINDING 06.08 **THE OFFICE HAD DEFICIENCIES IN COMMISSARY OPERATIONS**

(A. Internal Control – Reportable Condition Under Government Auditing Standards and B. Noncompliance Under Government Auditing Standards)

The following deficiencies were noted in the operation of the commissary:

- A. The office's commissary software maintained general ledger accounts to account for all receipts and disbursements of commissary operations. However, office personnel did not print or review these general ledger accounts. In addition, bank statements for the commissary accounts had not been reconciled with the general ledger for six months during the audit period. The bookkeeper reconciled these bank statements subsequent to June 30, 2006, at the request of auditors.

- B. Some commissary funds were not deposited to the office bank account within three days of collection, as required by Section 5-8-207, Tennessee Code Annotated. This statute requires that county officials deposit all funds within three days of collection.

RECOMMENDATION

General ledger accounting records should be maintained, reviewed, and reconciled with bank statements monthly. All funds should be deposited to the office bank account within three days of collection, as required by state statute.

OTHER FINDINGS AND RECOMMENDATIONS

FINDING 06.09 **A CENTRAL SYSTEM OF ACCOUNTING, BUDGETING, AND PURCHASING HAD NOT BEEN ADOPTED**
(Internal Control – Reportable Condition Under Government Auditing Standards)

County officials had not adopted a central system of accounting, budgeting, and purchasing. Establishing a central system would significantly improve internal controls over the accounting, budgeting, and purchasing processes.

RECOMMENDATION

County officials should consider adopting the County Financial Management System of 1981 or a private act that would provide for a central system of accounting, budgeting, and purchasing covering all county departments.

FINDING 06.10 **DUTIES WERE NOT SEGREGATED ADEQUATELY IN THE OFFICES OF COUNTY EXECUTIVE, ROAD SUPERVISOR, DIRECTOR OF SCHOOLS, TRUSTEE, COUNTY CLERK, CIRCUIT AND GENERAL SESSIONS COURTS CLERK, CLERK AND MASTER, REGISTER, AND SHERIFF**
(Internal Control – Reportable Condition Under Government Auditing Standards and OMB Circular A-133)

Duties were not segregated adequately among officials and employees in the Offices of County Executive, Road Supervisor, Director of Schools, Trustee, County Clerk, Circuit and General Sessions Courts Clerk, Clerk and Master, Register, and Sheriff. Officials and employees responsible for maintaining the accounting records in these offices were also involved in receipting, depositing, and/or disbursing funds. We realize that due to limited resources and personnel, management may not be able to properly segregate duties among employees. However, our professional standards require that we bring this matter to the reader's attention in this report.

MANAGEMENT'S RESPONSE – DIRECTOR OF SCHOOLS (DIRECT QUOTE)

Due to limited resources and personnel, management is not able to properly segregate duties among employees.

FINDING 06.11 **THE PRACTICE OF PAYING SCHOOL DEPARTMENT BUILDINGS AND CONTENTS INSURANCE PREMIUMS FROM THE GENERAL FUND IS OF QUESTIONABLE LEGALITY**
(Material Noncompliance Under Government Auditing Standards)

During the year, the county expended \$17,426 from the General Fund to pay buildings and contents insurance premiums for the School Department. Opinion No. 92-03 issued by the Tennessee Attorney General's Office states "...a county legislative body cannot lawfully divert revenues collected for general county purposes, or other non-education purposes, and apply those moneys to education purposes." Therefore, we question the legality of using General Fund monies to pay buildings and contents insurance premiums for the School Department.

RECOMMENDATION

Buildings and contents insurance premiums for the School Department should be appropriated and paid from school funds. General Fund monies should not be used to pay education expenses.

**PART III, FINDINGS AND QUESTIONED
COSTS FOR FEDERAL AWARDS**

Federal Agency	Finding Number	Federal CFDA Number	Criteria	Explanation	Amount Questioned
U.S. Department of Agriculture: Passed-through State Department of Education Child Nutrition Cluster: School Breakfast Program School Lunch Program	06.12	10.553 10.555	OMB <u>Circular A-21</u> Cost principles for Educational Institutions	Reportable Condition in Internal Control See Finding 06.07 (A) – Purchase orders were not issued in some required instances	\$ 0
