**Report on Internal Control Over Financial Reporting and on Compliance
and Other Matters Based on an Audit of Financial Statements Performed in
Accordance with *Government Auditing Standards***

The Honorable Mayor and Members of Council
The Metropolitan Government of Nashville and Davidson County, Tennessee:

We have audited the financial statements of the governmental activities, the business type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Metropolitan Government of Nashville and Davidson County, Tennessee (the Government) as of and for the year ended June 30, 2008, which collectively comprise the Government's basic financial statements, and have issued our report thereon dated October 31, 2008. We also have audited the financial statements of each of the Government's nonmajor governmental, nonmajor enterprise, internal service, and fiduciary funds, as well as the financial statements of the Sports Authority Fund as of and for the year ended June 30, 2008. Our report referred to the adoption of GASB Statement No. 45, *Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions*, effective July 1, 2007. Our report was also modified to include a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the following discretely presented component units: the Nashville District Management Corporation, the Gulch Business Improvement District, Inc., the Metropolitan Development and Housing Agency, the Electric Power Board, the Metropolitan Transit Authority, the Metropolitan Nashville Airport Authority, and the Emergency Communications District, as described in our report on the Government's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the Government's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Government's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Government's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies,

that adversely affects the entity’s ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity’s financial statements that is more than inconsequential will not be prevented or detected by the entity’s internal control over financial reporting. We consider the deficiencies described in the body of the report as items 08-01 and 08-02 to be significant deficiencies in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity’s internal control. Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies or material weaknesses. However, we believe that none of the significant deficiencies described above is a material weakness.

The Government’s response to the findings identified in our audit is provided below. We did not audit the Government’s response and, accordingly, we express no opinion on it.

Significant Deficiencies:

GENERAL GOVERNMENT

Finding 08-01: Audit Adjustments to Accrued Liabilities, Account Receivables and Revenue Recognition

During our audit procedures over accrued liabilities, we identified various unrecorded liabilities which, in the aggregate, were considered material to the respective reporting units. The identified amounts were for expenditures incurred prior to June 30, 2008 and invoiced during fiscal year 2009:

<u>Reporting Unit</u>	<u>Total</u>
GSD Capital Plan	\$ 917,000
Stormwater	157,000

During our audit procedures over accounts receivable, we identified a significant fluctuation in the accounts receivable balance of the Health Services Fund when compared with the balance of fiscal year 2007. Management determined that the receivable and related revenue for the Ryan White Aids grant was overstated by approximately \$558,000 and was subsequently corrected by the Government. This overstatement of revenue also led to federal funds being requested for reimbursement prior to actual expenditures being incurred.

During our audit procedures, we also identified approximately \$1,403,000 of accrued liabilities in the Employees’ Medical Benefit reporting unit that were not recorded properly in fiscal year 2008. This overstatement of this liability was subsequently corrected by the Government.

We recommend that management implement more stringent review procedures to identify possible discrepancies in accrued liabilities, accounts receivable, revenue, and other transactions occurring near fiscal year-end. We further recommend that management obtain explanations for significant account variances identified during the year-end closing process and resolve any unusual variances timely.

Management’s Response

We concur. We will continue to implement procedures to improve communication and coordination with regard to year end accruals that are generated at the department level during the 2008-2009 fiscal year. Additionally, we will continue to enhance the central monitoring of post-closing transactions in order to better detect fiscal year 2008-2009 activity that is processed by departments after June 30, 2009 is closed.

METROPOLITAN NASHVILLE PUBLIC SCHOOLS

Finding 08-02: Audit Adjustments to Accrued Liabilities

During our audit procedures over accrued liabilities, we identified various unrecorded liabilities which, in the aggregate, were considered material to the respective reporting units. The identified amounts were for expenditures incurred prior to June 30, 2008 and invoiced during fiscal year 2009:

<u>Reporting Unit</u>		<u>Total</u>
Education Flexible Spending Plan	\$	122,000
Schools Professional Employees' Insurance		440,000

We recommend that management implement more stringent review procedures to identify possible unrecorded accrued liabilities and other transactions occurring near fiscal year-end. We further recommend that management obtain explanations for significant account variances identified during the year-end closing process and resolve any unusual variances timely.

Management's Response

We concur. We will continue to implement procedures to improve communication and coordination with regard to year end accruals that are generated at the department level during the 2008-2009 fiscal year. Additionally, we will continue to enhance the central monitoring of post-closing transactions in order to better detect fiscal year 2008-2009 activity that is processed by departments after June 30, 2009 is closed.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Government's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the Government in a separate letter dated October 31, 2008.

This report is intended solely for the information and use of the audit committee, management, and others within the organization and is not intended to be and should not be used by anyone other than these specified parties.

**Report on Compliance With Requirements Applicable to Each Major Program
and on Internal Control Over Compliance in Accordance with OMB Circular A-133 and
on the Schedules of Expenditures of Federal and State Awards**

The Honorable Mayor and Members of Council
The Metropolitan Government of Nashville and Davidson County, Tennessee:

Compliance

We have audited the compliance of the Metropolitan Government of Nashville and Davidson County, Tennessee (the Government) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2008. The Government's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the Government's management. Our responsibility is to express an opinion on the Government's compliance based on our audit.

The Government's basic financial statements include the operations of the following Component Units: the Nashville District Management Corporation, the Gulch Business Improvement District, Inc., the Metropolitan Development and Housing Agency, the Electric Power Board, the Metropolitan Transit Authority, the Metropolitan Nashville Airport Authority, and the Emergency Communications District, which expended \$130,285,459 in federal awards which are not included in the Schedule of Expenditures of Federal Awards during the year ended June 30, 2008. Our audit, described below, did not include the operations of the following Component Units: the Nashville District Management Corporation, the Gulch Business Improvement District, Inc., the Metropolitan Development and Housing Agency, the Electric Power Board, the Metropolitan Transit Authority, the Metropolitan Nashville Airport Authority, and the Emergency Communications District, because the component units engaged other auditors to perform an audit in accordance with OMB Circular A-133.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Government's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the Government's compliance with those requirements.

In our opinion, the Government complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2008. However, the results of our auditing procedures disclosed instances of noncompliance with those requirements, which are

required to be reported in accordance with OMB Circular A-133 and which are described in the accompanying schedule of findings and questioned costs as Findings 08-03 through 08-06.

Internal Control Over Compliance

The management of the Government is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Government's internal control over compliance with requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Government's internal control over compliance.

Our consideration of internal control over compliance was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in the entity's internal control that might be significant deficiencies or material weaknesses as defined below. However, as discussed below, we identified certain deficiencies in internal control over compliance that we consider to be significant deficiencies.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the deficiencies in internal control over compliance described in the accompanying schedule of findings and questioned costs as Findings 08-03 through 08-06 to be significant deficiencies.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control. Our consideration of internal control was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not consider any of the deficiencies described in the accompanying schedule of findings and questioned costs to be material weaknesses.

Schedule of Expenditures of Federal and State Awards

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the Government as of and for the year ended June 30, 2008, which collectively comprise the Government's basic financial statements, and have issued our report thereon dated October 31, 2008, which refers to the reports of other auditors on the financial statements of the Nashville District Management Corporation, the Gulch Business Improvement District, Inc., the Metropolitan Development and Housing Agency, the Electric Power Board, the Metropolitan Transit Authority, the Metropolitan Nashville Airport Authority, and the Emergency Communications District, and to the adoption of Governmental Accounting Standards Board Statement No. 45. We have also audited the financial statements of each of the Government's nonmajor governmental, nonmajor enterprise, internal service and fiduciary funds, as well as the financial statements of the Sports Authority Fund as of and for the year ended June 30, 2008, and have issued our report thereon dated October 31, 2008. Our audit was performed

for the purpose of forming opinions on the financial statements that collectively comprise the Government's basic financial statements. The accompanying Schedules of Expenditures of Federal and State Awards are presented for purposes of additional analysis as required by OMB Circular A-133 and the State of Tennessee, and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the audit committee, management, and others within the organization, and federal and state awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

AND DAVIDSON COUNTY, TENNESSEE**

Notes to Schedules of Expenditures of Federal and State Awards

Year ended June 30, 2008

(1) Basis of Presentation

(a) Reporting Entity

The basic financial statements of The Metropolitan Government of Nashville and Davidson County, Tennessee (the Government), as of and for the year ended June 30, 2008, include the operations of the following Component Units: the Nashville District Management Corporation, the Gulch Business Improvement District, Inc., the Metropolitan Development and Housing Agency, the Electric Power Board, the Metropolitan Transit Authority, the Metropolitan Nashville Airport Authority, and the Emergency Communications District, which expended \$130,285,459 in federal awards which are not included in the Schedule of Expenditures of Federal Awards for the year ended June 30, 2008. These Component Units are separately audited by other independent auditors and their expenditures are not included in the accompanying schedules of expenditures of federal and state awards of the Government for the year ended June 30, 2008.

(b) Noncash Federal Programs – OMB Circular A-133

The Government is the recipient of federal awards that do not result in cash receipts or disbursements, including distribution of U.S. Department of Agriculture (USDA) Food Commodities (CFDA Nos. 10.550 and 10.565), which are valued based on a USDA price list obtained from the Tennessee Department of Health. Distributions under such programs are included in the accompanying schedules of expenditures of federal and state awards.

(c) Federal Financial Assistance Without CFDA Numbers

Federal awards which have no assigned CFDA number have been included in the last section of the appropriate federal agency section.

(d) Pass-Through Awards

Funds received by the Government and redistributed to a Component Unit of the Government or received directly by the Component Unit in the Government's name are reported in the Component Unit's financial statements and are not included in the Government's schedules of expenditures of federal and state awards.

Funds received by an agency of the Government and redistributed to another agency of the Government are reported in the receiving department's accounts to avoid duplication of the aggregate level of federal awards expended by the Government. Pass-through funds are included once.

(e) Schedule of Expenditures of State Awards

In compliance with Tennessee state law, the accompanying schedule of expenditures of state awards is included with this report. Such schedule presents all state funded financial awards, as defined by the State Comptroller's Office, and is prepared and presented in a manner consistent with the schedule of expenditures of federal awards.

**METROPOLITAN GOVERNMENT OF NASHVILLE
AND DAVIDSON COUNTY, TENNESSEE**

Notes to Schedules of Expenditures of Federal and State Awards

Year ended June 30, 2008

(2) Basis of Accounting

The expenditures presented in the accompanying schedules of expenditures of federal and state awards were developed from agency records and federal and state financial reports which have been reconciled to the central accounting records of the Government. Governmental funds are reported using a modified accrual basis of accounting. Proprietary funds are reported using the accrual basis of accounting. These central records serve as the primary source of information in the preparation of the Government's basic financial statements.

Federal and state revenues and expenditures are included in the general fund, special revenue funds, capital projects funds, and enterprise funds in the Government's basic financial statements.

(3) Matching Cost

The State of Tennessee's portion of joint programs with the Government are included in the accompanying schedule of expenditures of state awards except in those cases where the state's portion is combined with the federal portion and cannot be separately identified. In such cases, the state's portion is included in the accompanying schedule of expenditures of federal awards. The Government's portion of such joint awards is not included.

(4) Indirect Costs

Along with all other central service costs allowable under OMB Circular A-87 is the amount which may be "allocated" among all programs of the Government in a consistent manner, the cost for the audit of the Government's financial statements and single audits are included in the Government's Cost Allocation Plan.

The amount presented in the Cost Allocation Plan as "allocated" to each department is never actually charged as an expenditure to that department, but is accounted for in the central service area's budget. The amount is used to calculate indirect costs associated with programs funded by external sources that allow the inclusion of indirect costs (certain grants, user fees, etc.).

Many of the Government's federal and state funded programs allow indirect costs to be charged and include them as a line item in the grant budget. However, if the grant budget does not specifically provide for indirect costs to be charged, none of the indirect costs are reported as costs to the grantor nor are the costs included or presented in the schedules of expenditures of federal and state awards.

AND DAVIDSON COUNTY, TENNESSEE**

Schedule of Findings and Questioned Costs

Year ended June 30, 2008

(1) Summary of Auditors' Results

- (a) The type of report issued on the basic financial statements: **Unqualified opinion**
- (b) Significant deficiencies in internal control was disclosed by the audit of the basic financial statements: **Yes**

Material weaknesses: **None**
- (c) Noncompliance which is material to the basic financial statements: **None**
- (d) Significant deficiencies in internal control over major programs: **Yes**

Material weaknesses: **None**
- (e) The type of report issued on compliance for major programs: **Unqualified opinion**
- (f) Any audit findings which are required to reported under Section 510(a) of OMB Circular A-133: **Yes**
- (g) Major programs:

<u>CFDA number</u>	<u>Name of federal program or cluster</u>
Child Nutrition Cluster:	
10.553	National School Breakfast Program
10.555	National School Lunch Program
10.559	Summer Food Service Program
Special Education Cluster:	
84.027	Special Education Grants
Other Programs:	
84.010	Title I Grants to Local Education Agencies
84.357	Reading First
93.914	HIV Emergency Relief Project Grants

- (h) Dollar threshold used to distinguish between Type A and Type B programs: **\$3,000,000**
- (i) Auditee qualified as a low-risk auditee under Section .530 of OMB Circular A-133: **No**

**METROPOLITAN GOVERNMENT OF NASHVILLE
AND DAVIDSON COUNTY, TENNESSEE**

Schedule of Findings and Questioned Costs

Year ended June 30, 2008

(2) **Findings Relating to the Financial Statements Reported in Accordance with *Government Auditing Standards*:**

Significant Deficiencies:

GENERAL GOVERNMENT

Finding 08-01: Audit Adjustments to Accrued Liabilities, Account Receivables and Revenue Recognition

During our audit procedures over accrued liabilities, we identified various unrecorded liabilities which, in the aggregate, were considered material to the respective reporting units. The identified amounts were for expenditures incurred prior to June 30, 2008 and invoiced during fiscal year 2009:

<u>Reporting Unit</u>	<u>Total</u>
GSD Capital Plan	\$ 917,000
Stormwater	157,000

During our audit procedures over accounts receivable, we identified a significant fluctuation in the accounts receivable balance of the Health Services Fund when compared with the balance of fiscal year 2007. Management determined that the receivable and related revenue for the Ryan White Aids grant was overstated by approximately \$558,000 and was subsequently corrected by the Government. This overstatement of revenue also led to federal funds being requested for reimbursement prior to actual expenditures being incurred.

During our audit procedures, we also identified approximately \$1,403,000 of accrued liabilities in the Employees' Medical Benefit reporting unit that were not recorded properly in fiscal year 2008. This overstatement of this liability was subsequently corrected by the Government.

We recommend that management implement more stringent review procedures to identify possible discrepancies in accrued liabilities, accounts receivable, revenue, and other transactions occurring near fiscal year-end. We further recommend that management obtain explanations for significant account variances identified during the year-end closing process and resolve any unusual variances timely.

Management's Response

We concur. We will continue to implement procedures to improve communication and coordination with regard to year end accruals that are generated at the department level during the 2008-2009 fiscal year. Additionally, we will continue to enhance the central monitoring of post-closing transactions in order to better detect fiscal year 2008-2009 activity that is processed by departments after June 30, 2009 is closed.

**METROPOLITAN GOVERNMENT OF NASHVILLE
AND DAVIDSON COUNTY, TENNESSEE**

Schedule of Findings and Questioned Costs

Year ended June 30, 2008

METROPOLITAN NASHVILLE PUBLIC SCHOOLS

Finding 08-02: Audit Adjustments to Accrued Liabilities

During our audit procedures over accrued liabilities, we identified various unrecorded liabilities which, in the aggregate, were considered material to the respective reporting units. The identified amounts were for expenditures incurred prior to June 30, 2008 and invoiced during fiscal year 2009:

<u>Reporting Unit</u>	<u>Total</u>
Education Flexible Spending Plan	\$ 122,000
Schools Professional Employees' Insurance	440,000

We recommend that management implement more stringent review procedures to identify possible unrecorded accrued liabilities and other transactions occurring near fiscal year-end. We further recommend that management obtain explanations for significant account variances identified during the year-end closing process and resolve any unusual variances timely.

Management's Response

We concur. We will continue to implement procedures to improve communication and coordination with regard to year end accruals that are generated at the department level during the 2008-2009 fiscal year. Additionally, we will continue to enhance the central monitoring of post-closing transactions in order to better detect fiscal year 2008-2009 activity that is processed by departments after June 30, 2009 is closed.

(3) Findings and Questioned Costs Relating to Federal Awards:

METROPOLITAN NASHVILLE PUBLIC SCHOOLS

Finding 08-03: Procurement and Suspension and Debarment - Open Competition

Finding Type: Noncompliance and Significant Deficiency

CFDA#: 84.357 – Reading First

Federal Agency: U.S. Department of Education

Pass-through Entity: Tennessee Department of Education

Federal Award Year: November 1, 2003 to September 30, 2008

Requirement

In accordance with Metro Nashville Public Schools procurement policy, expenditures (excluding professional services) over \$1,000 must be subject to open competitive bidding procedures or there should be documented rationale as to why a limited competition or a sole-source contract was entered into with supporting price analysis.

**METROPOLITAN GOVERNMENT OF NASHVILLE
AND DAVIDSON COUNTY, TENNESSEE**

Schedule of Findings and Questioned Costs

Year ended June 30, 2008

Condition

We reviewed 30 expenditures of the Reading First program for the year ended June 30, 2008. We found that two expenditures which totaled \$5,735 out of a sample of \$307,392 contained no evidence of an open competitive bidding process or documented rationale as to why a limited competition or a sole-source award was made. The total population of expenditures to third-parties (excluding payroll, indirect costs and transfers) was \$2,033,468.

Questioned Cost

None

Possible Asserted Cause and Effect

Expenditures were incurred without following the requirements of the procurement process. As a result, Metro Nashville Public Schools could procure goods and services without the appropriate channels of review and oversight required by the procurement policy.

Recommendation

We recommend that Metro Nashville Public Schools maintain adequate internal controls to ensure that all expenditures undergo the proper procurement process, as required by current policy.

Views of Responsible Management

We understand and agree with the noted observation and have implemented corrective actions which included revising the purchasing policy to clarify and re-emphasize the importance of open competition.

Finding 08-04: Procurement and Suspension and Debarment - Open Competition

Finding Type: Noncompliance and Significant Deficiency

CFDA#: 84.027 – Special Education

Federal Agency: U.S. Department of Education

Pass-through Entity: Tennessee Department of Education

Federal Award Year: July 1, 2007 to June 30, 2008

Requirement

In accordance with Metro Nashville Public Schools procurement policy, expenditures (excluding professional services) over \$1,000 must be subject to open competitive bidding procedures or there should be documented rationale as to why a limited competition or a sole-source contract was entered into with supporting price analysis.

**METROPOLITAN GOVERNMENT OF NASHVILLE
AND DAVIDSON COUNTY, TENNESSEE**

Schedule of Findings and Questioned Costs

Year ended June 30, 2008

Condition

We reviewed 30 expenditures of the Special Education program for the year ended June 30, 2008. We found that three expenditures which totaled \$31,430 out of a sample of \$409,100 contained no evidence of an open competitive bidding process or documented rationale as to why a limited competition or a sole-source award was made. The total population of expenditures to third-parties (excluding payroll, indirect costs and transfers) was \$1,028,997.

Questioned Cost

None

Possible Asserted Cause and Effect

Expenditures were incurred without following the requirements of the procurement process. As a result, Metro Nashville Public Schools could procure goods and services without the appropriate channels of review and oversight required by the procurement policy.

Recommendation

We recommend that Metro Nashville Public Schools maintain adequate internal controls to ensure that all expenditures undergo the proper procurement as required by current policy.

Views of Responsible Management

We understand and agree with the noted observation and have implemented corrective actions which included revising the purchasing policy to clarify and re-emphasize the importance of open competition.

Finding 08-05: Procurement and Suspension and Debarment - Open Competition

Finding Type: Noncompliance and Significant Deficiency

CFDA#: 84.010 – Title I, Part A

Federal Agency: U.S. Department of Education

Pass-through Entity: Tennessee Department of Education

Federal Award Year: July 1, 2007 to September 30, 2008

Requirement

In accordance with Metro Nashville Public Schools procurement policy, expenditures (excluding professional services) over \$1,000 must be subject to open competitive bidding procedures or there should be documented rationale as to why a limited competition or a sole-source contract was entered into with supporting price analysis.

**METROPOLITAN GOVERNMENT OF NASHVILLE
AND DAVIDSON COUNTY, TENNESSEE**

Schedule of Findings and Questioned Costs

Year ended June 30, 2008

Condition

We reviewed 30 expenditures of the Title I program for the year ended June 30, 2008. We found that two expenditures which totaled \$6,685 out of a sample of \$960,559 contained no evidence of an open competitive bidding process or documented rationale as to why a limited competition or a sole-source award was made. The total population of expenditures to third-parties (excluding payroll, indirect costs and transfers) was \$10,040,544.

Questioned Cost

None

Possible Asserted Cause and Effect

Expenditures were incurred without following the requirements of the procurement process. As a result, Metro Nashville Public Schools could procure goods and services without the appropriate channels of review and oversight required by the procurement policy.

Recommendation

We recommend that Metro Nashville Public Schools maintain adequate internal controls to ensure that all expenditures undergo the proper procurement process as required by current policy.

Views of Responsible Management

We understand and agree with the noted observation and have implemented corrective actions which included revising the purchasing policy to clarify and re-emphasize the importance of open competition.

METROPOLITAN PUBLIC HEALTH DEPARTMENT

Finding 08-06: Cash Management - Excess Draw Amounts

Finding Type: Noncompliance and Significant Deficiency

CFDA#: 93.914 – HIV Emergency Relief Project Grant

Award No.: H89HA07939-02-00

Federal Agency: U.S. Department of Health and Human Services

Federal Award Year: April 1, 2008 to March 31, 2009

Requirement

In accordance with Metro Nashville's grant reimbursement policy, expenditures which qualify for subsequent reimbursement must be paid for with County funds before reimbursement is requested from the Federal Government.

**METROPOLITAN GOVERNMENT OF NASHVILLE
AND DAVIDSON COUNTY, TENNESSEE**

Schedule of Findings and Questioned Costs

Year ended June 30, 2008

Condition

We reviewed the cash management process and selected all four cash reimbursement requests for testing. Reimbursement requests exceeded expenditures in one case as an amount of \$416,976 was requested for reimbursement on August 28, 2008 that had already been submitted for reimbursement on June 20, 2008.

Questioned Costs

None, as the submitted drawdown request on November 28, 2008 showed deduction of these funds to eliminate the excess reimbursement outlined above.

Possible Asserted Cause and Effect

The process used to determine the amount of cash draws is overly dependent on the amount of expenditures recorded in the general ledger without a proper review and consideration of amounts actually incurred and paid. Therefore, if expenditures are improperly coded in the general ledger current controls may not detect this and it could trigger a premature reimbursement drawdown request.

Recommendation

We recommend that the Metro Nashville Government only request reimbursement for those amounts paid for expenditures prior to the date of the draw request and implement a formal review process to ensure that duplicate reimbursement requests are not made in the future.

View of Responsible Management

We understand and agree with the noted observation and are working toward corrective actions which will provide an additional level of checks and balances to ensure that all funds requested for drawdown have truly been expended.
