Audit Highlights

Annual Financial Report
Cannon County, Tennessee
For the Year Ended June 30, 2008

Scope

We have audited the basic financial statements of Cannon County as of and for the year ended June 30, 2008.

Results

Our report on the aggregate discretely presented component units is qualified because the financial statements did not include a component unit whose financial statements were not available from other auditors at the date of this report. Our report on the governmental activities, each major fund, and the aggregate remaining fund information is unqualified.

Our audit resulted in 14 findings and recommendations, which we have reviewed with Cannon County management. Detailed findings and recommendations are included in the Single Audit section of this report.

Findings

The following are summaries of the audit findings:

CANNON COUNTY AND CANNON COUNTY SCHOOL DEPARTMENT

- ◆ Cannon County and the Cannon County School Department do not have the resources to produce their financial statements and footnotes.

OFFICE OF COUNTY EXECUTIVE

- ◆ The Solid Waste/Sanitation Fund required material audit adjustments for proper financial statement presentation.
- ◆ Expenditures exceeded total appropriations approved by the County Commission in the Solid Waste/Sanitation Fund by \$21,224. Expenditures exceeded appropriations in several major appropriation categories (the legal level of control) in the General Fund, General Debt Service Fund, and Industrial/Economic Development Fund.
- ◆ The Solid Waste/Sanitation Fund had a deficit of \$22,001 in the undesignated fund balance account and a cash overdraft of \$11,027 at June 30, 2008. Also, payables of \$20,436 were not determined and recorded on the accounting records at year-end.

OFFICE OF COUNTY EXECUTIVE (Cont.)

- ◆ Expenditures for purchases of equipment and supplies for the Sheriff's Office totaling \$11,364 were posted as reductions to a revenue account instead of as expenditures. This resulted in revenues and expenditures being understated, and the county's budgetary process being bypassed.
 - ◆ Purchase orders were not issued in some instances, and competitive bids were not solicited for a Sheriff's Department vehicle and for hauling waste collections.
 - ◆ A tax anticipation note was issued without approval of the state director of Local Finance as required by state statute.
 - ◆ The Ambulance Service, Senior Citizens' Center, and the REACH program did not always deposit funds with the county trustee within three days of collection.
 - ◆ Computer system backups were not stored off-site, daily backups were not stored in a secure location, a backup log was not maintained, and backups were not tested to ensure reliability.
-

OFFICE OF ROAD SUPERVISOR

- ◆ System backups were not stored off-site until several months into the fiscal year.
-

OFFICE OF SHERIFF

- ◆ Official prenumbered receipts were not issued for some commissary collections. Also, one receipt book used during the year could not be located for audit inspection. In addition, some commissary funds were not deposited to the office bank account within three days of collection.
-

OTHER FINDINGS

- ◆ County officials had not adopted a central system of accounting, budgeting, and purchasing.
- ◆ Duties were not segregated adequately in the Offices of County Executive, Road Supervisor, Director of Schools, Trustee, County Clerk, Circuit and General Sessions Courts Clerk, Clerk and Master, Register, and Sheriff.
- ◆ The county's practice of paying the School Department's buildings and contents insurance premiums from the General Fund is of questionable legality.

INDEPENDENT AUDITOR'S REPORT

October 28, 2008

Cannon County Executive and
Board of County Commissioners
Cannon County, Tennessee

To the County Executive and Board of County Commissioners:

We have audited the accompanying financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Cannon County, Tennessee, as of and for the year ended June 30, 2008, which collectively comprise Cannon County's basic financial statements as listed in the table of contents. These financial statements are the responsibility of Cannon County's management. Our responsibility is to express opinions on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the auditing standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinions.

The financial statements of the Cannon County Emergency Communications District, a component unit requiring discrete presentation, had not been made available by other auditors as of the date of this report. Accordingly, the aggregate discretely presented component units' financial statements referred to above do not include amounts for the

Cannon County Emergency Communications District, which should be included to conform with accounting principles generally accepted in the United States of America. The effects on the financial statements of the aggregate discretely presented component units are not reasonably determinable.

In our opinion, except for the effects of not including the financial statements of the Cannon County Emergency Communications District as discussed in the preceding paragraph, the financial statements referred to above present fairly, in all material respects, the financial position of the aggregate discretely presented component units of Cannon County, Tennessee, at June 30, 2008, and the results of operations of the aggregate discretely presented component units, for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

Additionally, in our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund, and the aggregate remaining fund information of Cannon County, Tennessee, as of June 30, 2008, and the respective changes in financial position, thereof for the year then ended, in conformity with accounting principles generally accepted in the United States of America.

In accordance with Government Auditing Standards, we have also issued our report dated October 28, 2008, on our consideration of Cannon County's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with Government Auditing Standards and should be considered in assessing the results of our audit.

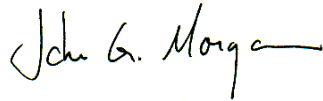

As described in Note V.B., Cannon County has implemented the provisions of Governmental Accounting Standards Board (GASB) Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments. For the first time, the financial statements include the government-wide financial statements. Also, Cannon County has adopted GASB Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions; Statement No. 48, Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues; and Statement No. 50, Pension Disclosures.

The management of Cannon County did not prepare a management's discussion and analysis. The management's discussion and analysis section is not a required part of the basic financial statements but is supplementary information required by accounting principles generally accepted in the United States of America.

The budgetary comparison, pension, and postemployment benefits information on pages 69 through 76 are not required parts of the basic financial statements but they do provide supplementary information required by accounting principles generally accepted in the United States of America. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise Cannon County's basic financial statements. The introductory section, combining and individual nonmajor fund financial statements, budgetary comparison schedules of nonmajor governmental funds and the General Debt Service Fund, combining and individual fund financial statements of the Cannon County School Department and the Cannon County Industrial Development Board (discretely presented component units), and miscellaneous schedules are presented for purposes of additional analysis and are not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements, budgetary comparison schedules of nonmajor governmental funds and the General Debt Service Fund, combining and individual fund financial statements of the Cannon County School Department and the Cannon County Industrial Development Board (discretely presented component units), and the miscellaneous schedules have been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated in all material respects in relation to the basic financial statements taken as a whole. The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we express no opinion on it.

Very truly yours,

A handwritten signature in black ink that reads "John G. Morgan". The signature is written in a cursive style with a long horizontal flourish at the end.

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances
of Governmental Funds to the Statement of Activities
For the Year Ended June 30, 2008

Amounts reported for governmental activities in the statement of activities (Exhibit B) are different because:

Net change in fund balances - total governmental funds (Exhibit C-3)		\$	351,718
(1) Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of these assets is allocated over their useful lives and reported as depreciation expense. The difference between capital outlays and depreciation is itemized as follows:			
Add: capital assets purchased in the current period		\$	360,217
Less: current year depreciation expense			<u>(755,886)</u>
			(395,669)
(2) Revenues in the statement of activities that do not provide current financial resources are not reported in the funds.

Less: deferred delinquent property taxes and other deferred June 30, 2007			<u>(570,843)</u>
			16,749
(3) The issuance of long-term debt (e.g., bonds, notes, other loans, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items:			
Less: note proceeds		\$	(140,000)
Add: principal payments on notes			146,583
Add: principal payments on other loans			<u>482,210</u>

CANNON COUNTY, TENNESSEE
NOTES TO THE FINANCIAL STATEMENTS
For the Year Ended June 30, 2008

I. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cannon County's financial statements are presented in accordance with generally accepted accounting principles (GAAP). The Governmental Accounting Standards Board (GASB) is responsible for establishing GAAP for state and local governments.

The following are the more significant accounting policies of Cannon County:

A. Reporting Entity

Cannon County is a public municipal corporation governed by an elected ten-member board. As required by GAAP, these financial statements present Cannon County (the primary government) and its component units. The component units discussed below are included in the county's reporting entity because of the significance of their operational or financial relationships with the county.

Blended Component Units – There are no legally separate component units of Cannon County that meet the criteria for being reported as part of the primary government by the blending method.

Discretely Presented Component Units – The following entities meet the criteria for discretely presented component units of the county. They are reported in separate columns in the government-wide financial statements to emphasize that they are legally separate from the county.

The Cannon County School Department operates the public school system in the county, and the voters of Cannon County elect its board. The School Department is fiscally dependent on the county because it may not issue debt without county approval, and its budget and property tax levy are subject to the County Commission's approval. The School Department's taxes are levied under the taxing authority of the county and are included as part of the county's total tax levy.

The Cannon County Industrial Development Board provides assistance in industrial recruitment in Cannon County, and the Cannon County Commission appoints its ten-member board. The board is fiscally dependent on the county because it may not issue debt without the County Commission's approval, and its budget is subject to the County Commission's approval. The board is funded primarily through lease payments collected from industries that lease buildings from the Industrial Development Board.

The Cannon County Emergency Communications District provides a simplified means of securing emergency services through a uniform emergency number for the residents of Cannon County, and the Cannon County Commission appoints its governing body. The district is funded primarily through a service charge levied on telephone services. Before the issuance of most debt instruments, the district must obtain the County Commission's approval. The financial statements of the Cannon County Emergency Communications District were not available from other auditors in time for inclusion in this report.

The Cannon County School Department and the Cannon County Industrial Development Board do not issue separate financial statements from those of the county. Therefore, basic financial statements of the School Department and the Industrial Development Board are included in this report as listed in the table of contents. Although required by GAAP, the financial statements of the Cannon County Emergency Communications District were not available in time for inclusion, as previously mentioned. Complete financial statements of the Cannon County Emergency Communications District can be obtained from its administrative office at the following address:

B. Government-wide and Fund Financial Statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information on all of the nonfiduciary activities of the primary government and its component units. For the most part, the effect of interfund activity has been removed from these statements. However, when applicable, interfund services provided and used between functions are not eliminated in the process of consolidation in the statement of activities. Governmental activities are normally supported by taxes and intergovernmental revenues. Business-type activities, which rely to a significant extent on fees and charges, are required to be reported separately from governmental activities in government-wide financial statements. However, the primary government of Cannon County does not have any business-type activities to report. Likewise, the primary government is reported separately from certain legally separate component units for which the primary government is financially accountable. The Cannon County School Department and the Cannon County Industrial Development Board component units only reports governmental activities in the government-wide financial statements.

The statement of activities demonstrates the degree to which the direct expenses of a given function are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function. Program

revenues include (1) charges to customers or applicants who purchase, use, or directly benefit from goods, services, or privileges provided by a given function and (2) grants and contributions that are restricted to meeting the operational or capital requirements of a particular function. Taxes and other items not properly included among program revenues are reported instead as general revenues.

Separate financial statements are provided for governmental funds and fiduciary funds. Major individual governmental funds are reported as separate columns in the fund financial statements.

C. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary funds and fiduciary funds financial statements, except for agency funds, which have no measurement focus. Revenues are recorded when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met.

Fund financial statements of Cannon County are organized into funds, each of which is considered to be a separate accounting entity. Each fund is accounted for by providing a separate set of self-balancing accounts that constitute its assets, liabilities, fund equity, revenues, and expenditures. Funds are organized into three major categories: governmental, proprietary, and fiduciary. An emphasis is placed on major funds within the governmental category. Cannon County has no proprietary funds to report.

Separate financial statements are provided for governmental funds, proprietary funds, and fiduciary funds. Major individual governmental funds are reported as separate columns in the fund financial statements. All other governmental funds are aggregated into a single column on the fund financial statements. The fiduciary funds in total are reported in a single column.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they become both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the county considers revenues other than grants to be available if they are collected within 30 days after year-end. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the provider have been met and the revenues are available. Cannon County considers grants and similar revenues to be available if they are collected within 60 days after year end.

Expenditures are generally recognized under the modified accrual basis of accounting when the related fund liability is incurred. Principal and interest on long-term debt are recognized as fund liabilities when due or when amounts have been accumulated in the General Debt Service Fund for payments to be made early in the following year.

Property taxes for the period levied, in-lieu-of tax payments, sales taxes, interest, and miscellaneous taxes are all considered to be susceptible to accrual and have been recognized as revenues of the current period. Applicable business taxes, litigation taxes, state-shared excise taxes, fines, forfeitures, and penalties are not susceptible to accrual since they are not measurable (reasonably estimable). All other revenue items are considered to be measurable and available only when the county receives cash.

Fiduciary funds financial statements are reported using the economic resources measurement focus (except for agency funds which have no measurement focus) and the accrual basis of accounting. Revenues are recognized when earned, and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Cannon County reports the following major governmental funds:

General Fund – This is the county’s primary operating fund. It accounts for all financial resources of the general government, except those required to be accounted for in another fund.

Solid Waste/Sanitation Fund – This fund accounts for transactions involving the county’s solid waste disposal.

Highway/Public Works Fund – This fund accounts for transactions of the county’s Highway Department.

General Debt Service Fund – This fund accounts for the resources accumulated and payments made for principal and interest on long-term general obligation debt of governmental funds.

Additionally, Cannon County reports the following fund type:

Agency Funds – These funds account for amounts collected in an agency capacity by the constitutional officers and local sales taxes received by the state to be forwarded to the various cities in Cannon County. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations. They do, however, use the accrual basis of accounting to recognize receivables and payables.

The discretely presented Cannon County School Department reports the following major governmental fund:

General Purpose School Fund – This fund is the primary operating fund for the School Department. It is used to account for general operations of the School Department.

Additionally, the Cannon County School Department reports the following fund type:

Special Revenue Funds – These funds account for the proceeds of specific revenue sources (other than major capital projects) that are legally restricted to expenditures for specific purposes.

The discretely presented Cannon County Industrial Development Board reports the following major governmental fund:

General Fund – This is the Cannon County Industrial Development Board’s operating fund. It accounts for all financial resources of the board.

Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed in the government-wide financial statements to the extent that those standards do not conflict with or contradict guidance of the Governmental Accounting Standards Board.

Amounts reported as program revenues include (1) charges to customers or applicants for goods, services, or privileges provided; (2) operating grants and contributions; and (3) capital grants and contributions. Internally dedicated resources are reported as general revenues rather than as program revenues. Likewise, general revenues include all taxes.

When both restricted and unrestricted resources are available for use, it is the government’s policy to use restricted revenues first, then unrestricted resources as they are needed.

D. Assets, Liabilities, and Net Assets or Equity

1. Deposits and Investments

State statutes authorize the government to make direct investments in bonds, notes, or treasury bills of the U.S. government and obligations guaranteed by the U.S. government or any of its agencies; bonds of any state or political subdivision rated A or higher by any nationally recognized rating service; the county’s own legally issued bonds or notes; the State Treasurer’s Investment Pool; and repurchase agreements.

The county trustee maintains a cash and internal investment pool that is used by all funds and the discretely presented Cannon County School Department and the discretely presented Cannon County

Industrial Development Board. Each fund's portion of this pool is displayed on the balance sheets or statements of net assets as Equity in Pooled Cash and Investments. Most income from these pooled investments is assigned to the General Fund. Cannon County and the School Department have adopted a policy of reporting U.S. Treasury obligations, U.S. agency obligations, and repurchase agreements with maturities of one year or less when purchased on the balance sheet at amortized cost. Certificates of deposit and investments in the State Treasurer's Investment Pool are reported at cost. The State Treasurer's Investment Pool is not registered with the Securities and Exchange Commission (SEC) as an investment company, but nevertheless has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940. Rule 2a7 allows SEC-registered mutual funds to use amortized cost rather than fair value to report net assets to compute share prices if certain conditions are met. State statutes require the state treasurer to administer the pool under the same terms and conditions, including collateral requirements, as prescribed for other funds invested by the state treasurer. All other investments are reported at fair value. No investments required to be reported at fair value were held at the balance sheet date.

2. Receivables and Payables

Activity between funds for unremitted current collections outstanding at the end of the fiscal year is referred to as due to/from other funds.

All ambulance and property taxes receivable are shown with an allowance for uncollectibles. Ambulance receivables allowance for uncollectibles is based on historical collection data. The allowance for uncollectible property taxes is equal to .9 percent of total taxes levied.

Governmental funds report deferred revenue in connection with receivables for revenues that are not considered to be available to liquidate liabilities of the current period. Governmental funds also defer revenue recognition in connection with resources that have been received, but not yet earned.

Property taxes receivable are recognized as of the date an enforceable legal claim to the taxable property arises. This date is January 1 and is referred to as the lien date. However, revenues from property taxes are recognized in the period for which the taxes are levied, which is the ensuing fiscal year. Since the receivable is recognized before the period of revenue recognition, the entire amount of the receivable, less an estimated allowance for uncollectible taxes, is reported as deferred revenue as of June 30.

Property taxes receivable are also reported as of June 30 for the taxes that are levied, collected, and reported as revenue during the current fiscal year. These property taxes receivable are presented on the balance sheet with offsetting deferred revenue to reflect amounts not available as of June 30. Property taxes collected within 30 days of year-end are considered available and accrued. The allowance for uncollectible taxes represents the estimated amount of the receivable that will be filed in court for collection. Delinquent taxes filed in court for collection are not included in taxes receivable since they are neither measurable nor available.

Property taxes are levied as of the first Monday in October. Taxes become delinquent and begin accumulating interest and penalty the following March 1. Suit must be filed in Chancery Court between the following February 1 to April 1 for any remaining unpaid taxes. Additional costs attach to delinquent taxes after a court suit has been filed.

3. Capital Assets

Governmental funds do not capitalize the cost of capital outlays; these funds report capital outlays as expenditures upon acquisition.

Capital assets, which include property, plant, equipment, and infrastructure assets (e.g., roads, bridges, and similar items), are reported in the governmental column in the government-wide financial statements. Capital assets are defined by the government as assets with an initial, individual cost of \$10,000 or more and an estimated useful life of more than three years. Such assets are recorded at historical cost or estimated historical cost if purchased or constructed. Donated capital assets are recorded at estimated fair market value at the date of donation.

The costs of normal maintenance and repairs that do not add to the value of the asset or materially extend assets' lives are not capitalized.

Major outlays for capital assets and improvements are capitalized as projects are constructed.

Property, plant, equipment, and infrastructure of the primary government, the discretely presented School Department, and the discretely presented Industrial Development Board are depreciated using the straight-line method over the following estimated useful lives:

<u>Assets</u>	<u>Years</u>
Buildings and Improvements	25 - 50
Other Capital Assets	5 - 50
Infrastructure	20 - 50

4. Compensated Absences

The general policy of Cannon County (except for the Highway Department, which does not allow for the accumulation of unused vacation leave beyond year-end) is to permit employees to accumulate a limited amount of vacation benefits, which will be paid to employees upon separation. The county's policy also permits the unlimited accumulation of unused sick leave days for county employees and up to 60 days for ambulance service employees. The granting of sick leave has no guaranteed payment attached and therefore is not required to be accrued or recorded.

The general policy of the School Department is to permit employees to accumulate a limited amount of vacation benefits, which will be paid to employees upon separation. The general policy of the School Department for professional personnel (teachers) permits the unlimited accumulation of unused sick leave days. The granting of sick leave has no guaranteed payment attached and therefore is not required to be accrued or recorded.

All vacation pay is accrued when incurred in the government-wide financial statements for the county and the discretely presented component units. A liability for vacation pay is reported in governmental funds only if amounts have matured, for example, as a result of employee resignations and retirements.

5. Long-term Obligations

In the government-wide financial statements, long-term debt and other long-term obligations are reported as liabilities in the applicable governmental activities statement of net assets. Debt premiums and discounts, as well as issuance costs, are deferred and amortized over the life of the debt using the straight-line method. Debt issuance costs are reported as deferred charges and amortized over the term of the related debt. In refunding transactions, the difference between the reacquisition price and the net carrying amount of the old debt is netted against the new debt and amortized over the remaining life of the refunded debt or the life of the new debt issued, whichever is shorter.

In the fund financial statements, governmental funds recognize debt premiums and discounts, as well as debt issuance costs, during the current period. The face amount of debt issued is reported as other financing sources. Premiums received on debt issuances are reported as other financing sources, while discounts on debt issuances are reported as other financing uses. Issuance costs, whether or not withheld from the actual debt proceeds received, are reported as debt service expenditures.

Only the matured portion (the portion that has come due for payment) of long-term indebtedness, including bonds payable, is recognized as a liability and expenditure in the governmental fund financial statements. Liabilities and expenditures for other long-term obligations, including compensated absences, are recognized to the extent that the liabilities have matured (come due for payment) each period.

6. Net Assets and Fund Equity

In the government-wide financial statements, equity is classified as net assets and displayed in three components:

- a. Invested in capital assets, net of related debt – Consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Restricted net assets – Consists of net assets with constraints placed on the use either by (1) external groups such as creditors, grantors, contributors, or laws or regulations of other governments or (2) law through constitutional provisions or enabling legislation.
- c. Unrestricted net assets – All other net assets that do not meet the definition of restricted or invested in capital assets, net of related debt.

On the government-wide statement of net assets (Exhibit A), the account Restricted for Other Purposes for the primary government consists of various restrictions totaling \$351,053, with the primary restrictions being for: (1) alcohol and drug treatment (\$51,257); (2) computer systems for various offices (\$35,609); and (3) litigation taxes used for courthouse and jail maintenance (\$90,639). For the discretely presented School Department, the account Restricted for Other Purposes (\$1,976,601) consists primarily of restrictions for the Basic Education Program (\$1,924,288).

As of June 30, 2008, Cannon County had \$10,700,000 in outstanding debt for capital purposes for the discretely presented Cannon County School Department. This debt is a liability of Cannon County, but the capital assets acquired are reported in the financial statements of the School Department. Therefore, Cannon County has incurred a liability significantly decreasing its unrestricted net assets with no corresponding increase in the county's capital assets.

In the fund financial statements, governmental funds report reservations of fund balance for amounts that are not available for appropriation or are legally restricted by outside parties for use for a specific purpose.

III. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

A. Budgetary Information

Annual budgets are adopted on a basis consistent with generally accepted accounting principles (GAAP) for all governmental funds except the Constitutional Officers - Fees Fund (special revenue fund) which is not budgeted. All annual appropriations lapse at fiscal year end.

The county is required by state statute to adopt annual budgets. Annual budgets are prepared on the basis in which current available funds must be sufficient to meet current expenditures. Expenditures and encumbrances may not legally exceed appropriations authorized by the County Commission and any authorized revisions. Unencumbered appropriations lapse at the end of each fiscal year.

The budgetary level of control is at the major category level established by the State Uniform Chart of Accounts, as prescribed by the Comptroller of the Treasury of the State of Tennessee. Major categories are at the department level (examples of General Fund major categories: County Commission, Board of Equalization, County Executive, County Attorney, etc.). Management may make revisions within major categories, but only the County Commission may transfer appropriations between major categories. During the year, several supplementary appropriations were necessary.

The county's budgetary basis of accounting is consistent with GAAP, except instances in which encumbrances are treated as budgeted expenditures. The difference between the budgetary basis and GAAP basis is presented on the face of each budgetary schedule.

B. Fund Deficit

The Solid Waste/Sanitation Fund had a deficit in unreserved fund balance of \$22,001 at June 30, 2008. This deficit resulted from expenditures in excess of revenues and available funds.

C. Cash Overdraft

The Solid Waste/Sanitation Fund had a cash overdraft of \$11,027 at June 30, 2008. This cash overdraft resulted from issuing warrants that exceeded cash on deposit with the county trustee. The cash overdraft was liquidated subsequent to June 30, 2008.

D. Expenditures Exceeded Appropriations

Expenditures exceeded total appropriations approved by the County Commission in the Solid Waste/Sanitation Fund by \$21,224.

Expenditures exceeded appropriations approved by the County Commission in major appropriations categories (the legal level of control) of the following funds:

<u>Fund/Major Category</u>	<u>Amount Overspent</u>

Such overexpenditures are a violation of state statutes. These overexpenditures were funded by available fund balances.

IV. DETAILED NOTES ON ALL FUNDS

A. Deposits and Investments

Cannon County, the Cannon the County School Department, and the Cannon County Industrial Development Board participate in an internal cash and investment pool through the Office of Trustee. The county trustee is the treasurer of the county and in this capacity is responsible for receiving, disbursing, and investing most county funds. Each fund's portion of this pool is displayed on the balance sheets or statements of net assets as Equity in Pooled Cash and Investments. Cash reflected on the balance sheets or statements of net assets represents nonpooled amounts held separately by individual funds.

Deposits

Legal Provisions. All deposits with financial institutions must be secured by one of two methods. One method involves financial institutions that participate in the bank collateral pool administered by the state treasurer. Participating banks determine the aggregate balance of their public fund accounts for the State of Tennessee and its political subdivisions. The amount of collateral required to secure these public deposits must equal at least 105 percent of the average daily balance of public deposits held. Collateral securities required to be pledged by the participating banks to protect their public fund accounts are pledged to the state treasurer on behalf of the bank collateral pool. The securities pledged to protect these accounts are pledged in the aggregate rather than against each account. The members of the pool may be required by agreement to pay an assessment to cover any deficiency. Under this additional assessment agreement, public fund accounts covered by the pool are considered to be insured for purposes of credit risk disclosure.

For deposits with financial institutions that do not participate in the bank collateral pool, state statutes require that all deposits be collateralized with collateral whose market value is equal to 105 percent of the uninsured amount of the deposits. The collateral must be placed by the depository bank in an escrow account in a second bank for the benefit of the county.

Investments

Legal Provisions. Counties are authorized to make direct investments in bonds, notes, or treasury bills of the U.S. government and obligations guaranteed by the U.S. government or any of its agencies; bonds of any state or political subdivision rated A or higher by any nationally recognized rating service; and the county's own legally issued bonds or notes. These investments may not have a maturity greater than two years. The county may make investments with longer maturities if various restrictions set out in state law are followed. Counties are also authorized to make investments in the State Treasurer's Investment Pool and in repurchase agreements. Repurchase agreements must be approved by the state director of Local Finance and executed in accordance with procedures established by the State Funding Board. Securities purchased under a repurchase agreement must be obligations of the U.S. government or obligations guaranteed by the U.S. government or any of its agencies. When repurchase agreements are executed, the purchase of the securities must be priced at least two percent below the market value of the securities on the day of purchase.

The county had no pooled and nonpooled investments as of June 30, 2008.

C. Interfund Receivables, Payables, and Transfers

The composition of interfund balances as of June 30, 2008, is as follows:

Due to/from Other Funds:

<u>Receivable Fund</u>	<u>Payable Fund</u>	<u>Amount</u>
Primary Government: General	Nonmajor governmental	\$ 155

This balance resulted from the time lag between the dates that interfund goods and services are provided or reimbursable expenditures occur and payments between funds are made.

Interfund Transfers:

Interfund transfers for the year ended June 30, 2008, consisted of the following amount:

Discretely Presented Cannon County School Department

<u>Transfer Out</u>	<u>Transfer In</u>
	General Purpose School Fund
Nonmajor governmental funds	\$ 8,493

Transfers are used to move revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them.

D. Long-term Debt

Primary Government

Notes and Other Loans

The county issues other loans to provide funds for the acquisition and construction of major capital facilities. Capital outlay notes are also issued to fund capital facilities and other capital outlay purchases, such as equipment.

Capital outlay notes and other loans are direct obligations and pledge the full faith and credit of the government. Capital outlay notes and other loans outstanding were issued for original terms of up to five years for notes, and up to 38 years for other loans. Repayment terms are generally structured

with increasing amounts of principal maturing as interest requirements decrease over the term of the debt. All notes and other loans included in long-term debt as of June 30, 2008, will be retired from the General Debt Service Fund.

Capital outlay notes and other loans outstanding as of June 30, 2008, are as follows:

Type	Interest Rate	Original Amount of issue	Balance 6-30-08
Capital Outlay Notes	2.4 to 4%	\$ 612,181	\$ 295,612
Other Loans	Variable	14,462,000	11,694,000
Other Loans	4.375	300,000	296,790

In prior years, Cannon County entered into loan agreements with the Montgomery County Public Building Authority. Under these loan agreements, the authority loaned Cannon County \$1,642,000 and \$11,400,000 for school renovations, and \$1,420,000 to refund jail construction bonds. These loans are repayable at interest rates that are tax-exempt variable rates determined by the remarketing agent daily or weekly, depending on the particular program. In addition, the county pays various other fees (trustee, letter of credit, and debt remarketing) in connection with these loans. At June 30, 2008, the variable interest rate was 1.55 percent on the school renovation loans and 2.5 percent on the jail construction loan. The letter of credit fee was .3 percent of the outstanding loan principal on the school renovation loans and .5 percent of the outstanding loan principal on the jail construction loan. On each of these loans, the remarketing fee was calculated at .08 percent of the outstanding loan principal, and the trustee fee was assessed at \$85 per month.

During 2006-07, Cannon County received a USDA Rural Development Loan of \$300,000 for the construction of an expo center at the fairgrounds. This loan is repayable to USDA at an interest rate of 4.375 percent.

The annual requirements to amortize all notes and other loans outstanding as of June 30, 2008, including interest payments and other loan fees, are presented in the following tables:

Type	Interest Rate	Original Amount of Issue	Balance 6-30-08
Other Loans	1 to 4.5%	\$ 1,032,500	\$ 715,845

In prior years, the Cannon County Industrial Development Board entered into loan agreements with Cumberland Area Investment Corporation. Under these loan agreements, Cumberland Area Investment Corporation loaned \$300,000 at an interest rate of 4.5 percent and \$250,000 at an interest rate of 3.5 percent to the Cannon County Industrial Development Board for industrial development.

Also, in prior years, the Cannon County Industrial Development Board entered into a loan agreement with the Tennessee Department of Economic and Community Development. Under this loan agreement, the Tennessee Department of Economic and Community Development loaned \$482,500 at an interest rate of one to three percent to the Cannon County Industrial Development Board for industrial development.

The annual requirements to amortize all other loans outstanding as of June 30, 2008, including interest payments, are presented in the following table:

E. On-Behalf Payments – Discretely Presented Cannon County School Department

The State of Tennessee pays health insurance premiums for retired teachers on-behalf of the Cannon County School Department. These payments are made by the state to the Local Education Group Insurance Plan and the Medicare Supplement Plan. Both of these plans are administered by the State of Tennessee and reported in the state's Comprehensive Annual

Financial Report. Payments by the state to the Local Education Group Insurance Plan and the Medicare Supplement Plan for the year ended June 30, 2008, were \$43,222 and \$7,800, respectively. The School Department has recognized these on-behalf payments as revenues and expenditures in the General Purpose School Fund.

F. Short-term Debt

Cannon County issued tax anticipation notes in advance of property tax collections and deposited the proceeds in the General Fund (\$200,000) and the Solid Waste/Sanitation Fund (\$200,000). These notes were necessary because funds were not available to meet obligations coming due before current tax collections. Short-term debt activity for the year ended June 30, 2008, was as follows:

	Balance			Balance
	7-1-07	Issued	Paid	6-30-08
Tax Anticipation Notes	\$ 0	\$ 400,000	\$ (400,000)	\$ 0

V. OTHER INFORMATION

A. Risk Management

Cannon County, the Cannon County School Department, and the Cannon County Industrial Development Board participate in the Tennessee Risk Management Trust (TN-RMT), which is a public entity risk pool created under the auspices of the Tennessee Governmental Tort Liability Act to provide governmental insurance coverage. The county, School Department, and Industrial Board pay annual premiums to the TN-RMT for their general liability, property, casualty, and workers' compensation insurance coverage. The creation of the TN-RMT provides for it to be self-sustaining through member premiums.

Cannon County provides employee health insurance coverage through a commercial insurance company. Settled claims have not exceeded this commercial coverage in any of the past three fiscal years.

The School Department participates in the Local Education Group Insurance Fund (LEGIF), a public entity risk pool established to provide a program of health insurance coverage for employees of local education agencies. In accordance with Section 8-27-301, Tennessee Code Annotated (TCA), all local education agencies are eligible to participate. The LEGIF is included in the Comprehensive Annual Financial Report of the State of Tennessee, but the state does not retain any risk for losses by this fund. Section 8-27-303, TCA, provides for the LEGIF to be self-sustaining through member premiums.

B. Accounting Changes

At the beginning of the year, Cannon County implemented the provisions of Governmental Accounting Standards Board (GASB) Statement No. 34, Basic Financial Statements – and Management’s Discussion and Analysis – for State and Local Governments. In the prior year, Cannon County had elected to implement only the provisions of Statement No. 34 that related to the fund financial statements. Also, provisions of GASB Statement No. 45, Accounting and Financial Reporting by Employers for Postemployment Benefits Other Than Pensions; Statement No. 48, Sales and Pledges of Receivables and Future Revenues and Intra-Entity Transfers of Assets and Future Revenues; and Statement No. 50, Pension Disclosures became effective for the year ended June 30, 2008.

GASB Statement No. 45 establishes reporting requirements for Other Postemployment Benefits (OPEB). OPEB includes postemployment healthcare, as well as other forms of postemployment benefits (for example, life insurance) when provided separately from a pension plan. This statement establishes standards for the measurement, recognition, and display of OPEB expenses/expenditures and related liabilities (assets), note disclosures, and, if applicable, required supplementary information (RSI) in the county’s financial statements. In previous years, the Cannon County School Department had only recognized the current year cost (expense) of these benefits. GASB Statement No. 45 was implemented prospectively with a zero net OPEB obligation at transition. GASB Statement No. 45 had no effect on the financial statements of Cannon County for the year ended June 30, 2008, since the county does not currently provide any postemployment benefits to its employees. However, it is reasonably expected that Cannon County may provide OPEB benefits in subsequent years.

GASB Statement No. 48 establishes criteria to ascertain whether certain transactions are sales or collateralized borrowings and provides guidance on how to account for sales or pledges of receivables or future revenues. This statement provides additional guidance for sales of receivables and future revenues within the same reporting entity. This statement also requires governments to disclose in the notes to the financial statements the nature of any receivables or future revenues that have been pledged or sold. Tennessee state statutes do not currently allow counties to sell or pledge receivables or sell future revenue streams. Therefore, those provisions of GASB Statement No. 48 that pertain to the sale or pledge receivables or sale of future revenue will not apply to Cannon County. GASB Statement No. 48 had no effect on the financial statements of Cannon County for the year ended June 30, 2008, since the county has not pledged any of its future revenues. However, it is reasonably expected that Cannon County may pledge a future revenue stream toward the payment of debt in subsequent years.

GASB Statement No. 50 amends previous guidance concerning pension information. This statement closely aligns the financial reporting requirements for pensions with those for other postemployment benefits and

enhances the information disclosed in the notes to the financial statements or presented as required supplementary information for pension plans. This statement requires Cannon County to provide additional and more detailed pension plan note disclosures than in previous years.

C. Subsequent Events

In July 2008, the General Debt Service Fund loaned \$100,000 tax anticipation notes to the Solid Waste/Sanitation Fund for temporary operating funds.

On October 15, 2008, the county issued a \$82,000 capital outlay note for the Highway/Public Works Fund for the purchase of a loader.

D. Contingent Liabilities

There are several pending lawsuits in which the county is involved. Attorneys for the county and the School Department estimate that the potential claims not covered by insurance resulting from such litigation would not materially affect the financial statements of the county.

E. Change in Administration

On December 31, 2007, Thomas Lovvorn left the Office of Road Supervisor and was succeeded by Wayne Hancock.

F. Joint Venture

The Sixteenth Judicial District Drug Task Force (DTF) is a joint venture formed by an interlocal agreement between the district attorney general of the Sixteenth Judicial District, Cannon and Rutherford counties, and the various cities within these counties. The purpose of the DTF is to provide multi-jurisdictional law enforcement to promote the investigation and prosecution of drug-related activities. Funds for the operations of the DTF come primarily from federal grants, drug fines, and the forfeiture of drug-related assets to the DTF. The DTF is overseen by the district attorney general and is governed by a board of directors including the district attorney general, sheriffs, and police chiefs of participating law enforcement agencies within the judicial district. Cannon County made no contributions to the DTF for the year ended June 30, 2008, and does not have any equity interest in this joint venture. Complete financial statements for the DTF can be obtained from its administrative office at the following address:

G. Retirement Commitments

Employees

Plan Description

Employees of Cannon County are members of the Political Subdivision Pension Plan (PSPP), an agent multiple-employer defined benefit pension plan administered by the Tennessee Consolidated Retirement System (TCRS). TCRS provides retirement benefits as well as death and disability benefits. Benefits are determined by a formula using the member's high five-year average salary and years of service. Members become eligible to retire at the age of 60 with five years of service or at any age with 30 years of service. A reduced retirement benefit is available to vested members at the age of 55. Disability benefits are available to active members with five years of service who become disabled and cannot engage in gainful employment. There is no service requirement for disability that is the result of an accident or injury occurring while the member was in the performance of duty. Members joining the system after July 1, 1979, become vested after five years of service and members joining prior to July 1, 1979, were vested after four years of service. Benefit provisions are established in state statute found in Title 8, Chapters 34-37 of Tennessee Code Annotated. State statutes are amended by the Tennessee General Assembly. Political subdivisions such as Cannon County participate in the TCRS as individual entities and are liable for all costs associated with the operation and administration of their plan. Benefit improvements are not applicable to a political subdivision unless approved by the chief governing body.

The TCRS issues a publicly available financial report that includes financial statements and required supplementary information for the PSPP. That report may be obtained by writing to the Tennessee Treasury Department, Consolidated Retirement System, 10th Floor, Andrew Jackson Building, Nashville, TN 37243-0230 or can be accessed at <http://treasury.state.tn.us/tcrs/PS/>.

Funding Policy

Cannon County requires employees to contribute five percent of their earnable compensation. The county is required to contribute at an actuarially determined rate; the rate for the fiscal year ended June 30, 2008, was 7.99 percent of annual covered payroll. The contribution requirement of plan members is set by state statute. The contribution requirement for the county is established and may be amended by the TCRS Board of Trustees.

Annual Pension Cost

For the year ended June 30, 2008, Cannon County's annual pension cost of \$281,825 to TCRS was equal to the county's required and actual contributions. The required contribution was determined as part of the

July 1, 2005, actuarial valuation using the frozen entry age actuarial cost method. Significant actuarial assumptions used in the valuation include (a) rate of return on investment of present and future assets of 7.5 percent a year compounded annually, (b) projected salary increases of 4.75 percent (graded) annual rate (no explicit assumption is made regarding the portion attributable to the effects of inflation on salaries), (c) projected 3.5 percent annual increase in the Social Security wage base, and (d) projected postretirement increases of three percent annually. The actuarial value of assets was determined using techniques that smooth the effect of short-term volatility in the market value of total investments over a five-year period. The county's unfunded actuarial accrued liability is being amortized as a level dollar amount on a closed basis. The remaining amortization period at July 1, 2005, was ten years. An actuarial valuation was performed as of July 1, 2007, which established contribution rates effective July 1, 2008.

Trend Information

Fiscal Year Ended	Annual Pension Cost (APC)	Percentage of APC Contributed	Net Pension Obligation
6-30-08	\$281,825	100%	\$0
6-30-07	258,848	100	0
6-30-06	179,167	100	0

Funded Status and Funding Progress

As of July 1, 2007, the most recent actuarial valuation date, the plan was 88.27 percent funded. The actuarial accrued liability for benefits was \$7.52 million, and the actuarial value of assets was \$6.64 million, resulting in an unfunded actuarial accrued liability (UAAL) of \$.88 million. The covered payroll (annual payroll of active employees covered by the plan) was \$3.17 million, and the ratio of the UAAL to the covered payroll was 27.85 percent.

The schedules of funding progress, presented as required supplementary information (RSI) following the notes to the financial statements, present multiyear trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the Actuarial Accrued Liability for benefits.

The annual required contribution (ARC) was calculated using the aggregate actuarial cost method. Since the aggregate actuarial cost method does not identify or separately amortize unfunded actuarial liabilities, information about funded status and funding progress has been prepared using the entry age actuarial cost method for that purpose, and this information is intended to serve as a surrogate for the funded status and funding progress of the plan.

School Teachers

Plan Description

The Cannon County School Department contributes to the State Employees, Teachers, and Higher Education Employees Pension Plan (SETHEEPP), a cost-sharing multiple employer defined benefit pension plan administered by the Tennessee Consolidated Retirement System (TCRS). TCRS provides retirement benefits as well as death and disability benefits to plan members and their beneficiaries. Benefits are determined by a formula using the member's high five-year average salary and years of service. Members become eligible to retire at the age of 60 with five years of service or at any age with 30 years of service. A reduced retirement benefit is available to vested members who are at least 55 years of age or have 25 years of service. Disability benefits are available to active members with five years of service who become disabled and cannot engage in gainful employment. There is no service requirement for disability that is the result of an accident or injury occurring while the member was in the performance of duty. Members joining the plan on or after July 1, 1979, are vested after five years of service. Members joining prior to July 1, 1979, are vested after four years of service. Benefit provisions are established in state statute found in Title 8, Chapters 34-37 of Tennessee Code Annotated. State statutes are amended by the Tennessee General Assembly. A cost of living adjustment (COLA) is provided to retirees each July based on the percentage change in the Consumer Price Index (CPI) during the previous calendar year. No COLA is granted if the CPI increases less than one-half percent. The annual COLA is capped at three percent.

The TCRS issues a publicly available financial report that includes financial statements and required supplementary information for the SETHEEPP. That report may be obtained by writing to the Tennessee Treasury Department, Consolidated Retirement System, 10th Floor, Andrew Jackson Building, Nashville, TN 37243-0230 or can be accessed at <http://www.treasury.state.tn.us>.

Funding Policy

Most teachers are required by state statute to contribute five percent of their salaries to the plan. The employer contribution rate for the School Department is established at an actuarially determined rate. The employer rate for the fiscal year ended June 30, 2008, was 6.24 percent of annual covered payroll. The employer contribution requirement for the Cannon County School Department is established and may be amended by the TCRS Board of Trustees. The employer's contributions to TCRS for the years ended June 30, 2008, 2007, and 2006, were \$ 491,041, \$443,156, and \$390,960, respectively, equal to the required contributions for each year.

H. Other Postemployment Benefits (OPEB)

Postemployment Healthcare Plan

Plan Description

The School Department participates in the state-administered Local Education Group Insurance Plan for healthcare benefits. For accounting purposes, the plan is an agent multiple-employer defined benefit OPEB plan. Benefits are established and amended by an insurance committee created by Section 8-27-302, Tennessee Code Annotated for teachers. Prior to reaching the age of 65, all members have the option of choosing a preferred provider organization (PPO), point of service (POS), or health maintenance organization (HMO) plan for healthcare benefits. Subsequent to age 65, members who are also in the state's retirement system may participate in a state-administered Medicare supplement plan that does not include pharmacy. The plans are reported in the State of Tennessee Comprehensive Annual Financial Report (CAFR). The CAFR is available on the state's website at <http://tennessee.gov/finance/act/cafr.html>.

Funding Policy

The premium requirements of plan members are established and may be amended by the insurance committee. The plans are self-insured and financed on a pay-as-you-go basis with the risk shared equally among the participants. Claims liabilities of the plan are periodically computed using actuarial and statistical techniques to establish premium rates. The employers in each plan develop their own contribution policy in terms of subsidizing active employees or retired employees' premiums since the committee is not prescriptive on that issue. The state does not provide a subsidy for local government participants; however, the state does provide a partial subsidy to Local Education Agency pre-65 teachers and a full subsidy based on years of service for post-65 teachers in the Medicare Supplement Plan. The required contribution rate for retirees ranges from 55 to 75 percent based on the years of service. During the year ended June 30, 2008, the discretely presented Cannon County School Department contributed \$79,247 for postemployment benefits.

Funded Status and Funding Progress

The funded status of the plan as of June 30, 2008, was as follows:

	<u>Local Education Group Plan</u>
Actuarial valuation date	6-30-07
Actuarial accrued liability (AAL)	\$ 1,076,488
Actuarial value of plan assets	\$ 0
Unfunded actuarial accrued liability (UAAL)	\$ 1,076,488
Actuarial value of assets as a % of the AAL	0%
Covered payroll (active plan members)	\$ 9,375,745
UAAL as a % of covered payroll	11%

Actuarial valuations involve estimates of the value of reported amounts and assumptions about the probability of events far into the future, and actuarially determined amounts are subject to continual revision as actual results are compared to past expectations and new estimates are made about the future. The Schedule of Funding Progress, presented as RSI following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of plan assets is increasing or decreasing over time relative to the actuarial accrued liability for benefits.

Actuarial Methods and Assumptions

Calculations are based on the types of benefits provided under the terms of the substantive plan at the time of each valuation and on the pattern of sharing of costs between the employer and plan members to that point. Actuarial calculations reflect a long-term perspective. Consistent with that perspective, actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets.

In the June 30, 2007, actuarial valuation, the projected unit actuarial cost method was used. The actuarial assumptions included a 4.5 percent investment rate of return (net of administrative expenses) and an annual healthcare cost trend rate of 11 percent initially, reduced by decrements to an ultimate rate of six percent after ten years. Both rates include a three percent inflation assumption. The unfunded actuarial accrued liability is being amortized as a level percentage of payroll on a closed basis over a 30-year period beginning with June 30, 2008.

I. Purchasing Laws

Office of County Executive

Purchasing procedures for the Office of County Executive are governed by the County Purchasing Law of 1983, Sections 5-14-201 through 5-14-206, Tennessee Code Annotated (TCA), which provide for all purchases exceeding \$10,000 to be made after public advertisement and solicitation of competitive bids.

Office of Road Supervisor

Purchasing procedures for the Highway Department are governed by Chapter 788, Private Acts of 1933, and provisions of the Uniform Road Law, Section 54-7-113, TCA. Provisions of the Private Act provide for the Highway Commission to make all purchases and to rent or lease equipment as necessary. Provisions of the County Uniform Road Law require that competitive bids be solicited through public advertisement on all purchases exceeding \$10,000.

Office of Director of Schools

Purchasing procedures for the discretely presented Cannon County School Department are governed by purchasing laws applicable to the schools as set forth in Section 49-2-203, TCA, which provides for the county Board of Education, through its executive committee (director of schools and the chairman of the Board of Education), to make all purchases. This statute also requires that competitive bids be solicited through newspaper advertisement on all purchases exceeding \$10,000.

Cannon County Industrial Development Board

Purchasing procedures for the Industrial Development Board are governed by the County Purchasing Law of 1983, Sections 5-14-201 through 5-14-206, TCA, which provide for all purchases exceeding \$10,000 to be made after public advertisement and solicitation of competitive bids.

CANNON COUNTY, TENNESSEE
NOTES TO THE REQUIRED SUPPLEMENTARY INFORMATION
For the Year Ended June 30, 2008

A. BUDGETARY INFORMATION

The county is required by state statute to adopt annual budgets. Annual budgets are prepared on the basis in which current available funds must be sufficient to meet current expenditures. Expenditures and encumbrances may not legally exceed appropriations authorized by the Cannon County Commission and any authorized revisions. Unencumbered appropriations lapse at the end of each fiscal year.

The budgetary level of control is at the major category level established by the State Uniform Chart of Accounts, as prescribed by the Comptroller of the Treasury of the State of Tennessee. Major categories are at the department level (examples of General Fund major categories: County Commission, Board of Equalization, County Mayor, County Attorney, etc.). Management may make revisions within major categories, but only the Cannon County Commission may transfer appropriations between major categories. During the year, several supplementary appropriations were necessary.

The county's budgetary basis of accounting is consistent with generally accepted accounting principles (GAAP), except instances in which encumbrances are treated as budgeted expenditures. The difference between the budgetary basis and the GAAP basis is presented on the face of each budgetary schedule.

B. FUND DEFICIT

The Solid Waste/Sanitation Fund had a deficit in unreserved fund balance of \$22,001 at June 30, 2008. This deficit resulted from expenditures in excess of revenues and available funds.

C. CASH OVERDRAFT

The Solid Waste/Sanitation Fund had a cash overdraft of \$11,027 at June 30, 2008. This cash overdraft resulted from issuing warrants that exceeded cash on deposit with the county trustee. The cash overdraft was liquidated subsequent to June 30, 2008.

D. EXPENDITURES EXCEEDED APPROPRIATIONS

Expenditures exceeded total appropriations approved by the County Commission in the Solid Waste/Sanitation Fund by \$21,224.

Expenditures exceeded appropriations approved by the County Commission in major appropriations categories (the legal level of control) of the General Fund and the Highway/Public Works Fund, as follows:

Fiduciary Funds

Agency Funds are used to account for assets held by the county in a trustee capacity or as an agent for individuals, private organizations, other governments, and/or other funds. Agency funds are custodial in nature (assets equal liabilities) and do not involve measurement of results of operations.

Cities - Sales Tax Fund – The Cities - Sales Tax Fund is used to account for the second half of the sales tax revenues collected inside incorporated cities of the county. These revenues are received by the county from the State of Tennessee and forwarded to the various cities on a monthly basis.

Constitutional Officers - Agency Fund – The Constitutional Officers - Agency Fund is used to account for amounts collected in an agency capacity by the county clerk, circuit and general sessions courts clerk, clerk and master, register, and sheriff. Such collections include amounts due the state, cities, other county funds, litigants, heirs, and others.

Amounts reported for governmental activities in the statement of net assets (Exhibit A) are different because:

Total fund balances - balance sheet - governmental funds (Exhibit J-2)		\$	241,262
(1) Capital assets used in governmental activities are not financial resources and therefore are not reported in the governmental funds.			
Add: land	\$	574,512	
Add: buildings and improvements net of accumulated depreciation		<u>2,279,056</u>	2,853,568
(2) Long-term liabilities are not due and payable in the current period and therefore are not reported in the governmental funds.			
Less: other loans payable			<u>(715,845)</u>

Cannon County, Tennessee
Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balance
of Governmental Funds to the Statement of Activities
Discretely Presented Cannon County Industrial Development Board
For the Year Ended June 30, 2008

Amounts reported for governmental activities in the statement of activities (Exhibit B) are different because:

Net change in fund balances - total governmental funds (Exhibit J-4)	\$ 25,390
<p>(1) Governmental funds report capital outlays as expenditures. However, in the statement of activities the cost of these assets is allocated over their useful lives and reported as depreciation expense. The difference between capital outlays and depreciation is itemized as follows:</p>	
Less: current year depreciation expense	(89,319)
<p>(2) The issuance of long-term debt (e.g., bonds, notes, other loans, leases) provides current financial resources to governmental funds, while the repayment of the principal of long-term debt consumes the current financial resources of governmental funds. Neither transaction, however, has any effect on net assets. Also, governmental funds report the effect of issuance costs, premiums, discounts, and similar items when debt is first issued, whereas these amounts are deferred and amortized in the statement of activities. This amount is the net effect of these differences in the treatment of long-term debt and related items:</p>	
Add: principal payments on other loans	<u>92,320</u>
Change in net assets of governmental activities (Exhibit B)	<u><u>\$ 28,391</u></u>

REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS

October 28, 2008

Cannon County Executive and
Board of County Commissioners
Cannon County, Tennessee

To the County Executive and Board of County Commissioners:

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Cannon County, Tennessee, as of and for the year ended June 30, 2008, which collectively comprise Cannon County's basic financial statements and have issued our report thereon dated October 28, 2008. Our report on the aggregate discretely presented component units was qualified due to not including the financial statements of the Cannon County Emergency Communications District, which were not available from other auditors as of the date of this report. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the auditing standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered Cannon County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of Cannon County's internal control over financial reporting.

Accordingly, we do not express an opinion on the effectiveness of Cannon County's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control. We consider the following deficiencies described in the accompanying Schedule of Findings and Questioned Costs to be significant deficiencies in internal control over financial reporting: 08.01, 08.02, 08.04, 08.06(A), 08.09, 08.10, and 08.13.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by Cannon County's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, of the significant deficiencies described above, we consider items 08.01 and 08.02 to be material weaknesses.

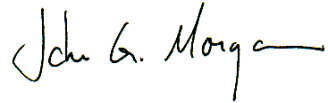

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Cannon County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed instances of noncompliance or other matters that are required to be reported under Government Auditing Standards and are described in the accompanying Schedule of Findings and Questioned Costs as items 08.03, 08.05, 08.06(B), 08.07, 08.08, 08.11, and 08.14.

We consider item 08.12 described in the accompanying Schedule of Findings and Questioned Costs to be a noteworthy control deficiency over financial operations. We also noted certain matters that we reported to management of Cannon County in separate communications.

This report is intended solely for the information and use of management, the county executive, director of schools, road supervisor, County Commission, Highway Commission, Board of Education, others within Cannon County, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Very truly yours,

A handwritten signature in black ink that reads "John G. Morgan" with a long horizontal flourish extending to the right.

REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO
EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133

October 28, 2008

Cannon County Executive and
Board of County Commissioners
Cannon County, Tennessee

To the County Executive and Board of County Commissioners:

Compliance

We have audited the compliance of Cannon County with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement that are applicable to each of its major federal programs for the year ended June 30, 2008. Cannon County's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of Cannon County's management. Our responsibility is to express an opinion on Cannon County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States; and OMB Circular A-133, Audits of States, Local Governments, and Non-Profit Organizations. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Cannon County's compliance with those requirements and performing

such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of Cannon County's compliance with those requirements.

In our opinion, Cannon County complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2008.

Internal Control Over Compliance

The management of Cannon County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered Cannon County's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Cannon County's internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

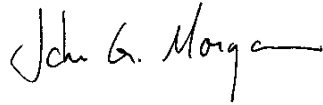

Schedule of Expenditures of Federal Awards

We have audited the financial statements of the governmental activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of Cannon County as of and for the year ended June 30, 2008, and have issued our report thereon dated October 28, 2008. Our report on the aggregate discretely presented component units was qualified due to not including the financial statements of the Cannon County Emergency Communications District, which were not available from other auditors as of the date of this report. Our audit was performed for the purpose of

forming our opinions on the financial statements that collectively comprise Cannon County's basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by OMB Circular A-133 and is not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, is fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of management, the county executive, director of schools, road supervisor, County Commission, Highway Commission, Board of Education, others within the entity, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

Yours very truly,

CANNON COUNTY, TENNESSEE

SCHEDULE OF FINDINGS AND QUESTIONED COSTS

For the Year Ended June 30, 2008

PART I, SUMMARY OF AUDITOR'S RESULTS

1. Our report on the aggregate discretely presented component units is qualified. Our report on the governmental activities, each major fund, and the aggregate remaining fund information is unqualified.
2. The audit of the financial statements of Cannon County disclosed significant deficiencies in internal control. Two of these conditions were considered to be material weaknesses.
3. The audit disclosed three instances of noncompliance that were material to the financial statements of Cannon County.
4. The audit disclosed no significant deficiencies in internal control over major programs.
5. An unqualified opinion was issued on compliance for major programs.
6. The audit revealed no findings that are required to be reported under Section 510(a) of OMB Circular A-133.
7. The Child Nutrition Cluster: the School Breakfast Program and the National School Lunch Program (CFDA Nos. 10.553 and 10.555), Community Development Block Grant/State's Program (CFDA No. 14.228), the Title I Grants to Local Educational Agencies (CFDA No. 84.010), and the Special Education Cluster: Special Education – Grants to States and Special Education – Preschool Grants (CFDA Nos. 84.027 and 84.173) were determined to be major programs.
8. A \$300,000 threshold was used to distinguish between Type A and Type B federal programs.
9. Cannon County did not qualify as a low-risk auditee.

PART II, FINDINGS RELATING TO THE FINANCIAL STATEMENTS

Findings and recommendations, as a result of our examination, are presented below. We reviewed these findings and recommendations with management to provide an opportunity for their response. Officials offered oral responses to the findings and recommendations; however, these oral responses have not been included in this report.

CANNON COUNTY AND CANNON COUNTY SCHOOL DEPARTMENT

FINDING 08.01 **CANNON COUNTY AND THE CANNON COUNTY SCHOOL DEPARTMENT DO NOT HAVE THE RESOURCES TO PRODUCE THEIR FINANCIAL STATEMENTS AND NOTES TO THE FINANCIAL STATEMENTS**

(Internal Control – Material Weakness Under Government Auditing Standards)

Generally accepted auditing standards require that Cannon County's and the Cannon County School Department's financial statements be the product of a financial reporting system that offers reasonable assurance that management is able to produce financial statements and footnotes that comply with generally accepted accounting principles (GAAP). The preparation of financial statements in accordance with GAAP requires that the county and the School Department have internal controls over reporting government-wide and fund financial statements, including the related notes. It is permissible for us, as the county's and the School Department's external auditors, to assist the county and the School Department in preparing their financial statements and footnotes as a matter of convenience as long as the county and the School Department have the skills needed to prepare their financial statements and footnotes. However, management, including the accounting staff, does not have the technical skills to prepare GAAP financial statements and disclosures. The inability to prepare financial statements and footnotes is an indication of a lack of controls, or ineffective controls, because material misstatements may not be detected.

RECOMMENDATION

Cannon County and the Cannon County School Department should develop the ability to produce financial statements and footnotes that comply with GAAP. This could include having at least one staff member trained in financial statement preparation. This staff member should have sufficient skills necessary to prepare a complete set of year-end financial statements even though the external auditors prepare the county's and the School Department's financial statements as a matter of convenience. If we, as the external auditors, continue to prepare the county's and the School Department's financial statements, this individual must have sufficient knowledge to determine the completeness of financial statement information and disclosures.

OFFICE OF COUNTY EXECUTIVE

**FINDING 08.02 **THE SOLID WASTE/SANITATION FUND REQUIRED MATERIAL
AUDIT ADJUSTMENTS FOR PROPER FINANCIAL STATEMENT
PRESENTATION****

(Internal Control – Material Weakness Under Government Auditing
Standards)

Generally accepted accounting principles require Cannon County to have adequate internal controls over the maintenance of its accounting records. At June 30, 2008, certain general ledger account balances in the Solid Waste/Sanitation Fund were not materially correct, and audit adjustments were required for the financial statements to be materially correct at year-end. Therefore, the county's financial reporting system did not prevent, detect, or correct potential misstatements in the accounting records. Although it is permissible for us, as the external auditors, to assist the county in preparing its financial statements, it is a strong indicator of a material weakness in internal controls if the county has ineffective controls over the maintenance of its accounting records, which are used to prepare the financial statements, including the related notes to the financial statements. We presented audit adjustments to management that they approved and posted to properly present the financial statements in this report.

RECOMMENDATION

Cannon County should have appropriate processes in place to ensure that its general ledgers are materially correct.

FINDING 08.03 **EXPENDITURES EXCEEDED APPROPRIATIONS
(Noncompliance Under Government Auditing Standards)**

Our audit revealed the following deficiencies in budget operations:

- A. Expenditures exceeded total appropriations approved by the County Commission in the Solid Waste/Sanitation Fund by \$21,224.
- B. Expenditures exceeded appropriations approved by the County Commission in the following funds' major appropriation categories (the legal level of control):

<u>Fund/Major Category</u>	<u>Amount Overspent</u>
General:	
County Buildings	\$ 657
Circuit Court	132
Fire Prevention	1,671
Public Safety Grant Programs	47,704
Local Health Center	253
Alcohol and Drug Programs	2,547
Aid to Dependent Children	4,956
Other Local Welfare Services	25,299
Senior Citizens Assistance	227
Miscellaneous	26,698
Community Services	19,517
General Debt Service:	
Other Debt Service - General Government	106
Other Debt Service - Education	5,174
Industrial/Economic Development:	
Interest on Debt - General Government	1,684

Section 5-9-401, Tennessee Code Annotated, states that “All funds from whatever source derived, including, but not limited to, taxes, county aid funds, federal funds, and fines, that are to be used in the operation and respective programs of the various departments, commissions, institutions, boards, offices and agencies of county governments shall be appropriated to such use by the county legislative bodies.” These deficiencies exist because: 1) management failed to stay within the spending limits authorized by the County Commission which resulted in unauthorized expenditures, and 2) the failure of management to correct audit findings noted in prior reports.

RECOMMENDATION

Expenditures should be held within appropriations approved by the County Commission.

FINDING 08.04 **DEFICIENCIES WERE NOTED IN THE ADMINISTRATION OF THE SOLID WASTE/SANITATION FUND**
 (Internal Control – Significant Deficiency Under Government Auditing Standards)

We noted the following deficiencies in the administration of the Solid Waste/Sanitation Fund:

- A. The Solid Waste/Sanitation Fund had a deficit of \$22,001 in the undesignated fund balance account at June 30, 2008. Sound business practice dictates that expenditures be held within available funds. This deficit can be attributed in part to the findings (B) and (C) noted below.
- B. The Solid Waste/Sanitation Fund had a cash overdraft of \$11,027 at June 30, 2008. Sound business practice dictates that expenditures be held within available funds. This overdraft resulted from the issuance of warrants exceeding cash on deposit with the county trustee. The office reflected this overdraft as a receivable from the General Fund at year end; however, the County Commission had not approved a transfer from the General Fund. We presented audit adjustments to management that they approved and posted to present the cash overdraft properly in the financial statements of this report. This cash overdraft was liquidated in July 2008.
- C. Payables were not determined and recorded on the accounting records of the Solid Waste/Sanitation Fund at June 30, 2008, as required by generally accepted accounting principles. We performed additional audit procedures and determined payables of \$20,436 existed at June 30, 2008. We have presented audit adjustments to management for their approval and posting to present these payables properly in the financial statements of this report.

RECOMMENDATION

County officials should monitor the financial activity of the Solid Waste/Sanitation Fund to ensure that adequate funding is timely provided to prevent the recurrence of a fund deficit and a cash overdraft. Payables should be properly determined and recorded on the accounting records as required by generally accepted accounting principles.

**FINDING 08.05 GENERAL FUND EXPENDITURES WERE NOT APPROPRIATED BY THE COUNTY COMMISSION
(Noncompliance Under Government Auditing Standards)**

During the year examined, Sheriff's Department expenditures totaling \$11,364 for purchases of equipment and supplies were posted as reductions of a revenue account instead of as expenditures. These expenditures were funded by commissions earned from the Sheriff's Department commissary. This practice resulted in both revenues and expenditures being understated. It also resulted in the office bypassing the budgetary process and disbursing county funds that had not been appropriated by the County Commission as required by state statute. Section 5-9-401, Tennessee Code Annotated, states that "All funds from whatever source derived, including, but not limited to, taxes, county aid funds, federal funds, and fines, that are to be used in the operation and respective programs of the various departments, commissions, institutions, boards, offices and agencies of county governments shall be appropriated to such use by the county legislative bodies." It appears that the office posted these expenditures against the revenue account to spend commissary commissions without seeking County Commission approval.

RECOMMENDATION

All revenues and expenditures should be properly recorded in the accounting records. All expenditures should be appropriated by the County Commission.

FINDING 08.06 **THE OFFICE HAD DEFICIENCIES IN PURCHASING PROCEDURES**

(A. – Internal Control – Significant Deficiency Under Government Auditing Standards; B. – Material Noncompliance Under Government Auditing Standards)

Our examination of purchasing procedures revealed the following deficiencies, which can be attributed in part to the failure of management to correct audit findings noted in prior reports.

- A. Purchase orders were not issued in some instances. Purchase orders are necessary to control who has purchasing authority for the county and to document purchasing commitments. The failure to issue purchase orders in all required instances increases the risks of unauthorized purchases.
- B. Competitive bids were not solicited for the purchase of a vehicle for the Sheriff's Department (\$11,500) and for hauling waste collections (\$122,593) to a landfill. Sections 5-14-201 through 5-14-206, Tennessee Code Annotated, require public advertising and solicitation of competitive bids for purchases exceeding \$10,000. The failure to solicit competitive bids could result in the county paying more than the most competitive price.

RECOMMENDATION

The office should issue purchase orders for all applicable purchases to improve internal controls over the purchasing process and to document purchasing commitments. Competitive bids should be solicited for all purchases exceeding \$10,000 as required by statute.

FINDING 08.07 **A TAX ANTICIPATION NOTE WAS NOT ISSUED IN COMPLIANCE WITH STATE STATUTE**

(Material Noncompliance Under Government Auditing Standards)

On July 31, 2007, the county issued a \$100,000 tax anticipation note to provide cash for operations of the Solid Waste/Sanitation Fund in anticipation of tax collections. This note was not approved by the state director of Local Finance until August 10, 2007. Section 9-21-801, Tennessee Code Annotated (TCA), allows counties to issue notes in anticipation of the collection of taxes provided that the notes shall first be approved by the state director of Local Finance. This deficiency can be attributed to the failure of management to correct audit findings noted in prior reports.

RECOMMENDATION

Tax anticipation notes should be approved by the state director of Local Finance prior to the issuance of the notes.

FINDING 08.08 RECEIPTS FROM REMOTE COLLECTION SITES WERE NOT ALWAYS DEPOSITED WITHIN THREE DAYS OF COLLECTION
(Noncompliance Under Government Auditing Standards)

The Ambulance Service, Senior Citizens' Center, and the REACH program did not always deposit funds with the county trustee within three days of collection as required by Section 5-8-207, Tennessee Code Annotated. This statute requires that county officials deposit all funds within three days of collection. This deficiency can be attributed to the failure of management to correct audit findings noted in prior reports.

RECOMMENDATION

All funds should be deposited within three days of collection as required by state statutes.

FINDING 08.09 THE OFFICE HAD DEFICIENCIES IN COMPUTER SYSTEM BACKUP PROCEDURES
(Internal Control – Significant Deficiency Under Government Auditing Standards)

The office had the following weaknesses regarding computer system backup procedures during the audit period:

- A. System backups were not stored off-site. In the event of a disaster, all backup data could be destroyed, resulting in costly delays in generating and recording information accounted for through the automated process.
- B. Daily backups were not stored in a secure location. Unsecured access to system backups exposes the data to environmental hazards, as well as possible sabotage.
- C. A backup log was not maintained. If system backups are not labeled and inventoried systematically, discrepancies may occur and affect the integrity of system backups in the event of a hardware or software failure.
- D. Backups were not tested to ensure reliability. If backup integrity is not periodically tested, accurate backup data may not be available in the event of a disaster.

Sound business practices dictate that proper backup procedures be implemented. This deficiency is the result of management's failure to implement adequate disaster recovery planning procedures.

RECOMMENDATION

Management should store daily backups in a secure, fireproof location. In addition to daily system backups, a weekly system backup should be rotated off-site on a weekly basis. Year-end backups should be stored off-site and retained indefinitely. Some possibilities for an off-site storage location would be another county office building with a fireproof vault or a safe-deposit box at a local bank. Furthermore, these backups should be tested on a periodic basis to ensure reliability. A current log of all backups that includes label descriptions, date of creation, contents, and storage location should be maintained.

OFFICE OF ROAD SUPERVISOR

FINDING 08.10 **THE OFFICE HAD DEFICIENCIES IN COMPUTER SYSTEM BACKUP PROCEDURES**
(Internal Control – Significant Deficiency Under Government Auditing Standards)

System backups were not stored off-site until several months into the fiscal year. Sound business practices dictate that system backups should be stored off-site. This deficiency is the result of management's failure to implement adequate disaster recovery planning procedures. In the event of a disaster, all backup data could be destroyed, resulting in costly delays in generating and recording information accounted for through the automated process. Proper system backup procedures are now in place.

OFFICE OF SHERIFF

FINDING 08.11 **THE OFFICE HAD DEFICIENCIES IN COMMISSARY OPERATIONS**
(Noncompliance Under Government Auditing Standards)

The following deficiencies were noted in the operation of the commissary and can be attributed to the failure of management to correct audit findings noted in prior reports.

- A. Official prenumbered receipts were not issued for some collections. Also, employees could not locate one of the receipts books used during the year for commissary funds; therefore, we could not compare these receipts with deposits. Section 9-2-103, Tennessee Code Annotated (TCA), requires that official prenumbered receipts be issued for all collections. The absence of good internal controls over the issuance of receipts on all collections increases the risks of fraud and misappropriation.

- B. Some commissary funds were not deposited to the office bank account within three days of collection as required by Section 5-8-207, TCA. This statute requires that county officials deposit all funds within three days of collection. The delay in depositing funds increases the risks of fraud and misappropriation.

RECOMMENDATION

Official prenumbered receipts should be issued for all collections, and receipts books should be available for audit inspection. All collections should be deposited to the bank account within three days as required by state statute.

OTHER FINDINGS AND RECOMMENDATIONS

FINDING 08.12 **A CENTRAL SYSTEM OF ACCOUNTING, BUDGETING AND PURCHASING HAD NOT BEEN ADOPTED**
(Internal Control – Control Deficiency Under Government Auditing Standards)

County officials had not adopted a central system of accounting, budgeting, and purchasing. Sound business practice indicates that establishing a central system would significantly improve internal controls over the accounting, budgeting, and purchasing processes. The absence of a central system of accounting, budgeting, and purchasing has been a management decision by the County Commission resulting in decentralization and some duplication of effort.

RECOMMENDATION

County officials should consider adopting the County Financial Management System of 1981 or a private act that would provide for a central system of accounting, budgeting, and purchasing covering all county departments.

FINDING 08.13 **DUTIES WERE NOT SEGREGATED ADEQUATELY IN THE OFFICES OF COUNTY EXECUTIVE, ROAD SUPERVISOR, DIRECTOR OF SCHOOLS, TRUSTEE, COUNTY CLERK, CIRCUIT AND GENERAL SESSIONS COURTS CLERK, CLERK AND MASTER, REGISTER, AND SHERIFF**
(Internal Control – Significant Deficiency Under Government Auditing Standards)

Duties were not segregated adequately among the officials and employees in the Offices of County Executive, Road Supervisor, Director of Schools, Trustee, County Clerk, Circuit and General Sessions Courts Clerk, Clerk and Master, Register, and Sheriff. Officials and employees responsible for maintaining accounting records were also involved in receipting, depositing, and/or disbursing funds. Accounting standards provide that internal controls be

designed to give reasonable assurance of the reliability of financial reporting and of the effectiveness and efficiency of operations. This lack of segregation of duties is the result of managements' decisions based on the availability of financial resources and is a significant deficiency in internal controls that increases the risk of unauthorized transactions.

RECOMMENDATION

Officials should segregate duties to the extent possible using available resources.

FINDING 08.14 **THE PRACTICE OF PAYING SCHOOL DEPARTMENT BUILDINGS AND CONTENTS INSURANCE PREMIUMS FROM THE GENERAL FUND IS OF QUESTIONABLE LEGALITY**
(Material Noncompliance Under Government Auditing Standards)

During the year, the county expended \$43,722 from the General Fund to pay buildings and contents insurance premiums for the School Department. Opinion No. 92-03 issued by the Tennessee Attorney General's Office states "...a county legislative body cannot lawfully divert revenues collected for general county purposes, or other non-education purposes, and apply those moneys to education purposes." Therefore, we question the legality of using General Fund monies to pay buildings and contents insurance premiums for the School Department. This same deficiency has been reported every year in audit reports since at least 2003 and has not been corrected by management.

RECOMMENDATION

Building and contents insurance premiums for the School Department should be appropriated and paid from school funds. General Fund monies should not be used to pay education expenses.
