INDEPENDENT AUDITORS' REPORT ON THE BASIC FINANCIAL STATEMENTS AND SUPPLEMENTAL INFORMATION

Superintendent and School Board
Board of Education of Shelby County, Tennessee

We have audited the accompanying financial statements of the governmental activities, each major fund and the aggregate remaining fund information of the Board of Education of Shelby County, Tennessee as of and for the year ended June 30, 2009, which collectively comprise the Board of Education of Shelby County, Tennessee's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Board of Education of Shelby County, Tennessee's management. Our responsibility is to express our opinion on these financial statements based on our audit. We did not audit the financial statements of the School Cafeteria Fund or the School Student Activity Fund, included in Other Governmental Funds, which statements reflect total assets of \$11,470,549 and \$4,491,133, as of June 30, 2009, respectively, and total revenues of \$16,112,231 and \$12,593,094, respectively, for the year then ended. Those statements were audited by other auditors whose report has been furnished to us, and our opinion, in so far as it relates to the amounts included for the School Cafeteria Fund and the School Student Activity Fund, is based on the report of the other auditors.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit and the report of the other auditors provide a reasonable basis for our opinions.

In our opinion, based on our audit and the report of the other auditors, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, each major fund and the aggregate remaining fund information of the Board of Education of Shelby County, Tennessee, as of June 30, 2009, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 28, 2009, on our consideration of the Board of Education of Shelby County, Tennessee internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

The Management's Discussion and Analysis on pages 3 through 10 and the Budgetary Comparison Schedule on page 38 are not a required part of the basic financial statements but are supplementary information required by accounting principles generally accepted in the United States of America. We and the other auditors have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. However, we did not audit the information and express no opinion on it.

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Board of Education of Shelby County, Tennessee's basic financial statements. The combining and individual nonmajor fund financial statements and schedule of construction-in-progress are presented for purposes of additional analysis and are not a required part of the basic financial statements. The accompanying Schedule of Expenditures of Federal Awards is presented for purposes of additional analysis as required by U. S. Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, and is not a required part of the basic financial statements. The combining and individual nonmajor fund financial statements, schedule of construction-in-progress, and the schedule of expenditures of federal awards have been subjected to the auditing procedures applied by us and the other auditors in the audit of the basic financial statements and, in our opinion, based on our audit and the report of the other auditors, are fairly stated in all material respects in relation to the basic financial statements taken as a whole.

MANAGEMENT'S DISCUSSION AND ANALYSIS**

**BOARD OF EDUCATION OF
SHELBY COUNTY, TENNESSEE**
(A Component Unit of Shelby County, Tennessee)
Management's Discussion and Analysis
For the Year Ended June 30, 2009

INTRODUCTION

The discussion and analysis of the Board of Education of Shelby County, Tennessee's ("Shelby County Schools" or "SCS") financial performance provides an overview of SCS' financial activities for the fiscal year ended June 30, 2009. The intent of this management discussion and analysis is to look at SCS' financial performance as a whole; readers should also review the transmittal letter, financial statements and notes to the financial statements to enhance their understanding of SCS' financial performance.

The Management's Discussion and Analysis (MD&A) is an element of the reporting model adopted by the Governmental Accounting Standards Board (GASB) in their Statement No. 34, *Basic Financial Statements—and Management's Discussion and Analysis—for State and Local Governments*, issued June 1999. Certain comparative information between the current year and the prior year is required to be presented in the MD&A.

FINANCIAL HIGHLIGHTS

Key financial highlights for the fiscal year ended June 30, 2009 are as follows:

- Total net assets decreased from \$433.9 million in 2008 to \$359.9 million in 2009, primarily due to the recording of the long-term liability for OPEB future payments. This long-term liability increased from \$56.1 million in 2008 to \$133.3 million in 2009. In 2009, the decision was made by the Board to participate in the TSBA GASB 45 Trust during the 2009-10 fiscal year. These contributions to the Trust will be made in order to set aside funds to pay our OPEB liabilities.
- Total revenue decreased from \$417.4 million in 2008 to \$416.2 million in 2009, a decrease of \$1.3 million. This decrease was due primarily to the decrease in the Shelby County revenue category, specifically in Bond Proceeds in the CIP Fund. Bond Proceeds have decreased each year as the funds provided by the County as per the Joint Funding Agreement have been used.
- Total expenditures increased from \$443.6 million in 2008 to \$490.1 million in 2009, an increase of \$46.5 million, primarily in the areas of Regular Education, Special Education, Alternative Education, Support Services and General Administration. The increase in the education expenditures was due to the increase in enrollment in these areas. Also, the Early Intervening Services category increased by \$1.2 million. Support Services expenditures increased primarily due to the cost of the nursing contract with the County, but were also impacted by the hiring of additional OT/PT's and Psychologists in Special Education.

- Ending governmental fund balances of SCS decreased from \$109.1 million in 2008 to \$95.1 million in 2009, a decrease of \$14.0 million primarily due to the reduction in capital funding and the use of the reserve to balance the General Fund Budget.

OVERVIEW OF FINANCIAL STATEMENTS

This discussion and analysis is intended to serve as an introduction to SCS' basic financial statements. The basic financial statements comprise three components: 1) government-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements.

Government-wide financial statements

The government-wide financial statements are designed to provide readers with a broad overview of SCS' finances in a manner similar to a private-sector business.

The Statement of Net Assets presents information on all of the SCS' assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the system is improving or deteriorating.

The Statement of Activities presents information showing how net assets changed during the fiscal year. All changes in the net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the related cash flows. Thus, revenues and expenses are reported in the statement for some items that will result in cash flows in future fiscal periods (e.g., uncollected taxes and earned but not used vacation leave).

Fund financial statements

A fund is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The system, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements.

Governmental funds

Most of SCS' activities are reported in governmental funds (general, capital projects, federal projects, and other), which focus on how money flows in and out of those funds and the balances left at year-end available for spending in future periods. The governmental fund statements provide a detailed short-term view of SCS' general government operations and the basic services it provides.

Notes to the financial statements

The notes provide additional information that is essential to a full understanding of the data provided in the government-wide and fund financial statements.

Government-wide financial analysis

(amounts expressed in millions of dollars)

The Statement of Net Assets for 2009 has been summarized and compared with net assets for 2008.

| | 2009 | 2008 | Difference | % Change |

| Total Expenses | <u>490.1</u> | <u>443.6</u> | <u>46.5</u> | 10.5 % |
| Increase (Decrease) in Net Assets | <u>\$ (74.0)</u> | <u>\$ (26.2)</u> | <u>\$ (47.8)</u> | 182.4 % |

Revenues

SCS' total revenue decreased \$1.3 million, or 0.3%, in 2009. (See Changes in Net Assets From Operating Results — page 6). The increases in the operating grants and contributions area were attributed to the State BEP revenues increasing by \$4.7 million. Our total student average daily membership increased from 47,196 in 2008 to 47,409 in 2009. Other factors involve the State funding the Teacher Bonus in the amount of \$1.1 million, and the Early Intervening Services category increasing by \$1.2 million. Property tax revenues and other tax collections from Shelby County remained level with the preceding fiscal year. Bond Proceeds revenue decreased by \$17.2 million. Wheel tax revenue was earned but deferred in the amount of \$7.2 million. Interest income decreased \$2.3 million from the projected earnings due to a lower rate of return from Local Government Investment Pool (LGIP).

Expenses

SCS' total expenses increased \$46.5 million, or 10.5%, in 2009. The addition of regular education teachers for school system growth and cost-of-living and/or step pay increases and related benefits for all employees accounted for the increases in most categories. Transportation expenses increased primarily due to the purchase of school buses and increased diesel fuel costs. An additional \$1.0 million was spent for textbook adoptions and instructional supplies.

Governmental Activities

(amounts expressed in millions of dollars)

| | Total Cost of Services | | | Net Cost of Services | | |
|-------------------------------------|------------------------|-----------------|-------------------|----------------------|-----------------|-------------------|
| | 2009 | 2008 | Percentage Change | 2009 | 2008 | Percentage Change |
| Instructional programs | \$ 297.5 | \$ 258.2 | 15.2 % | \$ 96.8 | \$ 68.2 | 41.9 % |
| Support services | 63.8 | 38.1 | 67.5 % | 62.3 | 37.5 | 66.1 % |
| General administration | 38.3 | 65.1 | (41.2)% | 37.9 | 62.1 | (39.0)% |
| Operations and maintenance of plant | 37.4 | 37.6 | (0.5)% | 37.1 | 37.3 | (0.5)% |
| Student transportation | 17.8 | 14.9 | 19.5 % | 17.3 | 14.6 | 18.5 % |
| Food Services | 22.6 | 16.9 | 33.7 % | 5.8 | 2.1 | 176.2 % |
| Student activities | 12.7 | 12.8 | (0.8)% | 0.1 | (0.3) | (133.3)% |
| Total Expenses | \$ 490.1 | \$ 443.6 | 10.5 % | \$ 257.3 | \$ 221.5 | 16.2 % |

The net costs of governmental activities shown above presents the total and net cost of seven major SCS activities: instruction, support services, general administration, plant operations and maintenance, transportation, food services, and student activities.

Net cost of services is the total cost less fees generated by the activities and intergovernmental revenue provided for specific programs. The net cost shows the financial burden on the County's taxpayers by each activity. The total cost of governmental services in 2009 was \$490.1 million. Federal and State grants, subsidized programs, and contributions financed \$232.8 million of the cost. The district and state taxpayers financed the remainder of SCS' cost, which was \$257.3 million for 2009.

Financial Analysis of SCS's Funds

SCS ended fiscal year 2009 with strong fund balances in its governmental funds. The combined balance of all governmental funds was \$95.1 million. Approximately 39.7% of the total fund balance is unrestricted. The remainder of the fund balance is reserved for future specific spending. Overall, SCS decreased its investment in long-term assets, however, still maintained adequate cash balances, resulting in a strong financial position.

General Fund Budgetary Highlights

The general fund budget was not amended during the year. Total revenues were \$1.6 million less than anticipated. Key factors contributing to that variance were as follows:

- Interest income and other local sources (\$2.4) million less than anticipated
- County Property Taxes were \$2.9 million more than anticipated
- Federal Government (EHA Excess Cost) (\$0.5) million less than budget
- Local option and state sales taxes (\$1.8) million less than anticipated

Budgets for current property taxes are based on an estimated value of each tax penny, which will vary from actual collections.

General Fund Expenditures Budget

Actual general fund expenditures were \$8.8 million lower than budgeted. The majority of the variance can be attributed to expenditures in the regular education, support services, general administration, and operation and maintenance of plant areas. The decision was made to use end of year funds to make masonry repairs at various schools, replace a roof at a school, purchase student computers, and purchase seventeen transit buses for transportation of students. A favorable variance occurred in the operation of plant area due to utility costs totaling \$1.4 million less than budgeted. SCS had anticipated using \$15.6 million of the reserve to balance the 2009 budget, however only \$8.4 million of that was actually used, leaving \$7.2 million to be put back in the reserve.

General Fund Balance

The general fund balance decreased 10.6% to \$71.1 million in 2009. The fund balance equals 94 days of expenses. It also represents 20% of budgeted expenses. The State BEP requires a reserve equal to 3% of the 2010 budgeted expenses, and \$10.8 million has been reserved accordingly at June 30, 2009.

Capital Projects Fund

SCS uses capital projects funds to account for school construction and improvement projects, which are financed primarily through Shelby County bond issues. On August 15, 2006, a joint cooperation and settlement agreement between SCS and the Board of Education of the Memphis City Schools was reached to distribute equally \$100.4 million in bond proceeds issued by Shelby County Government. \$18.6 million in capital funds were received in 2009 by SCS under this joint cooperation and settlement agreement.

Capital Assets

SCS' investment in capital assets for its governmental activities as of June 30, 2009, shown in the table below, amounts to \$376.4 million (net of accumulated depreciation). This investment in capital assets includes land, buildings, improvements, and equipment and furniture. Overall, capital assets increased \$12 million for fiscal year 2009. Increases were due to additions to or renovations of schools being built and the start of construction of a new middle school and a new elementary school. Building these new schools helps the district to meet the mandatory class size limits of the State BEP and to resolve overcrowding issues.

Capital Assets, net of depreciation (amounts expressed in millions of dollars)

| | 2009 | 2008 | Percentage Change |
|----------------------------|-----------------|-----------------|----------------------|
| Land | \$ 27.1 | \$ 18.7 | 44.9 % |
| Construction in progress | 22.2 | 68.0 | (67.4)% |
| Equipment and furniture | 11.0 | 11.2 | (1.8)% |
| Buildings and improvements | <u>316.1</u> | <u>266.6</u> | 18.6 % |
| Total | <u>\$ 376.4</u> | <u>\$ 364.5</u> | 3.3 % |

Long-term Debt

SCS has no long-term debt as the Board is fiscally dependent on Shelby County Government for the issuance of debt for its capital projects.

Factors Bearing on SCS' Future

The Shelby County Government approved the 2010 budget on July 13, 2009. There was no increase in the property tax rate for schools for the 2009-10 fiscal year. The use of \$15.2 million in fund balance enabled SCS to balance the \$358.5 million budget.

The Retirement rates for both certified and classified employees are slated to increase dramatically in the 2010-11 fiscal year. In the 2010 fiscal year, the State provided funding for BEP, Extended Contract and Coordinated School Health in the form of SFSF (State Fiscal Stabilization Funds). The downturn in the economy, particularly the drop in sales tax revenue in Tennessee and the foreclosures of homes in the county, has affected our revenue base and will continue to represent a fiscal challenge to be met.

In the 2010 fiscal year, the State awarded American Recovery and Reinvestment Act (ARRA) funding in the areas of Title I, Title II-D, and IDEA. These funds will allow the district to expand services to additional schools to address the increasing poverty level in Shelby County. One-time purchases of large dollar equipment such as buses will be made in the Special Education division. These buses provide Special Education students with transportation to and from part-time jobs.

Additional costs to SCS will be required to implement the Tennessee Diploma Project which changes high school graduation requirements, and requires middle grade reforms. Compliance with National Assessment of Education Progress (NAEP) requires the district to implement new national learning-based standards in grades K-12. SCS also plans to fully implement the Three-Tiered Reading and Math models in grades K-12.

There continues to be a challenge to recruit and maintain highly qualified staff and to meet the requirements of the Federal No Child Left Behind Act. Future additional costs will be incurred to meet new accounting requirements for other post employment benefits. Despite these challenges, SCS remains optimistic about the ability to maximize all of the financial resources available in order to provide a quality education to students.

Requests for information

This financial report is designed to provide citizens, taxpayers, parents, students, investors and creditors with a general overview of SCS' finances and to show SCS' accountability for the funds received. Additional details and/or questions can be requested by mail at the following address:

Reconciliation of Balance Sheet - Governmental Funds
to the Statement of Net Assets
June 30, 2009

Amounts reported for governmental activities in the statement of net assets are different because:

| | <u>Amount</u> |
|---|-----------------------|
| Total Fund Balance - Total Governmental Funds | \$ 95,085,981 |
| 1. Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds. | 376,442,501 |
| 2. Other long-term assets are not available to pay for current-period expenditures and therefore are deferred in the funds. | 7,291,514 |
| 3. Internal service funds are used by management to charge the costs of health and life insurance benefits to the individual funds. The assets and liabilities of the internal service fund are included in governmental activities in the statement of net assets. | 15,050,314 |
| 4. Long-term liability for OPEB future payments, not included in governmental funds | (133,292,197) |
| 5. Long-term liability for legal claims contingencies, not included in governmental funds | <u>(650,000)</u> |
| Total Net Assets - Governmental Activities | <u>\$ 359,928,113</u> |

Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances -
Governmental Funds to the Statement of Activities

For the Year Ended June 30, 2009

Amounts reported for governmental activities in the Statement of Activities are different because:

| | <u>Amount</u> |
|--|------------------------|
| Net Change in Fund Balances - Total Governmental Funds | \$ (14,477,785) |
| Governmental funds report capital outlays as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as depreciation expense. This is the amount by which capital outlays exceed depreciation in the current period. | 11,929,869 |
| The net effect of the disposal of certain capital assets including sales and retirements is to decrease net assets. | (46,652) |
| Under the modified basis of accounting used in the governmental funds, expenditures for inventory are recorded when purchased (the purchases method), but in the statement of activities, inventory is expensed only when consumed (consumption method). | 503,143 |
| Recognition of deferred revenue by Shelby County increases the Board's receivable from Shelby County. This amount is the net change during the period. | 3,357,858 |
| Increase in long-term liability for OPEB future payments, not included in governmental funds | (77,143,789) |
| Long-term liability for legal claims contingencies, not included in governmental funds | (650,000) |
| Internal service funds are used by management to charge the cost of health and life insurance benefits to the individual funds. The net revenue of the activities of the internal service fund is reported with governmental activities. | <u>2,554,543</u> |
| Change in Net Assets of Governmental Activities | \$ <u>(73,972,813)</u> |

(A Component Unit of Shelby County, Tennessee)

Notes to the Financial Statements
For the Year Ended June 30, 2009

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:

The Board of Education of Shelby County, Tennessee (the “Board”) is a component unit of Shelby County, Tennessee. Accordingly, the accounts and transactions reported in the accompanying financial statements are included in the Shelby County, Tennessee Comprehensive Annual Financial Report as a discretely presented governmental component unit.

Government-wide financial statements

The government-wide financial statements (i.e., the statement of net assets and the statement of activities) report information about the Board as a whole. These statements include the financial activities of the Board.

The statement of activities demonstrates the degree to which the direct expenses of a given function or segment are offset by program revenues. Direct expenses are those that are clearly identifiable with a specific function or segment. Program revenues include grants and contributions that are restricted to meeting the operational or capital requirements of a particular function or segment. Taxes and other items not properly included among program revenues are reported instead as general revenues.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. The result of these eliminations is a more accurate reporting of the Board’s overall revenues and expenses from its activities.

Fund financial statements

Fund financial statements are designed to present financial information of the Board at a more detailed level (and to demonstrate legal compliance). The focus of fund financial statements is on major funds. The Board’s major individual governmental funds are the general fund and capital projects fund and are reported as separate columns in the governmental funds financial statements. Nonmajor funds are aggregated and presented in a single column in the governmental fund financial statements. The Board’s proprietary fund is the internal service fund which is reported in the proprietary fund financial statements.

Measurement focus, basis of accounting and financial statement presentation

The government-wide financial statements are reported using the economic resources measurement focus and the accrual basis of accounting, as are the proprietary fund financial statements. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows. Property taxes are recognized as revenues in the year for which they are levied. Grants and similar items are recognized as revenue as soon as all eligibility requirements imposed by the grantor or provider have been met.

Governmental fund financial statements are reported using the current financial resources measurement focus and the modified accrual basis of accounting. Revenues are recognized as soon as they are both measurable and available. Revenues are considered to be available when they are collectible within the current period or soon enough thereafter to pay liabilities of the current period. For this purpose, the government considers revenues to be available if they are collected within 60 days of the end of the current fiscal period. Expenditures generally are recorded when a liability is incurred, as under accrual accounting.

The Board reports the following major governmental funds:

General Fund: The general fund, as the primary operating fund, is used to account for all financial resources except those required to be accounted for in another fund.

Capital Projects Fund: Transactions related to resources obtained and used for the acquisition, construction or improvement of capital facilities are accounted for in the capital projects fund. The primary funding source is bond proceeds from Shelby County.

Federal Projects Fund: The federal project fund relates to resources obtained and used under certain federal and state programs and to other sources upon which legal restrictions are imposed.

The Board reports the following nonmajor governmental funds which are shown in total as “other governmental funds:”

Special Revenue Funds: School cafeteria and school student activity funds represent the aggregate of individual school funds, which are accounted for in each school. The school cafeteria funds are used for operating child nutrition programs only. The school student activity funds represent proceeds of specific revenue sources that are legally restricted to expenditures for specific purposes.

The Board reports the following proprietary fund:

Internal Service Fund: This fund is comprised of the Board's self-insured health and life insurance fund. The fund accounts for employee and retiree group health and life insurance. The primary funding source is contributions from employees, retirees and the Board.

Pursuant to GASB Statement 20 Accounting and Financial Reporting for Proprietary Funds and Other Governmental Entities that use Proprietary Fund Accounting, the District follows GASB guidance as applicable to Proprietary funds and FASB Statements and Interpretations, Accounting Principles Board Opinions and Accounting Research Bulletins issued on or before November 30, 1989 that do not conflict with or contradict GASB pronouncements and has elected not to follow FASB pronouncements issued after that date.

Cash and cash equivalents

Shelby County maintains a cash pool, of which the County Trustee is custodian, that is generally available for use by all Shelby County funds and related entities. At June 30, 2009, cash and cash equivalents include amounts in the pool, demand deposits at various financial institutions and certificates of deposit with original maturity of three months or less at the time of purchase.

Receivables

Receivables consist primarily of grant funds receivable from the federal government and the State of Tennessee, property taxes receivables from Shelby County and funds due from Shelby County for capital projects.

Outstanding balances between funds are reported as "due to/from other funds." The transfer between funds is used to ensure current operations and programs are not interrupted.

Investments

The County Trustee invests monies on behalf of other Shelby County funds and related entities. Investments represent the Board's equity interest of amounts invested by the County Trustee in the State Treasurer's investment pool on behalf of the Board plus certificates of deposit with original maturities greater than three months. The investment in State Treasurer's Local Government Investment Pool (LGIP) is stated at cost plus accrued interest, which approximates fair market value. The investment in certificates of deposit is stated at cost which approximates fair market value.

Deposits with LGIP may be withdrawn with a maximum of one day's notice and are classified as investments. The LGIP is not registered with the SEC as an investment company. However, the LGIP has a policy that it will, and does, operate in a manner consistent with the SEC's Rule 2a7 of the Investment Company Act of 1940. Rule 2a7 allows SEC-registered mutual funds to use amortized cost rather than fair value to report net assets to compute share prices if certain

conditions are met, State statutes require the State Treasurer to administer the LGIP under the same terms and conditions, including collateral requirements, as required for other funds invested by the Treasurer. The reported value of the pool is the same as the fair value of the pool shares.

State statutes authorize the County Trustee to invest in obligations of the U.S. Treasury, obligations guaranteed as to principal and interest by the United States or any of its agencies, certificates of deposit at Tennessee state chartered banks and savings and loans associations and federal chartered banks and savings and loan associations, repurchase agreements utilizing obligations of the United States or its agencies as the underlying securities, and the LGIP. State statutes also require that securities underlying repurchase agreements must have a market value at least equal to the amount of funds invested in the repurchase transactions.

Inventories

Inventories consist of textbooks, food, maintenance and school supplies. On government-wide financial statements, inventories are presented at the lower of cost or market and are expensed when used.

On fund financial statements, inventories of governmental funds are stated at lower of cost or market. Inventory in governmental funds consists of expendable supplies held for consumption. The cost of inventory items is recorded as an expenditure in the governmental fund types when purchased.

Capital assets

Capital assets, which include land, land improvements, buildings and improvements, furniture and equipment and construction in progress, are reported in the government-wide financial statements. Capital assets are defined by Board policy as assets with an initial, individual cost of \$5,000 or more with a useful life of more than one year.

Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not capitalized. All reported capital assets except land and construction in progress are depreciated. Depreciation is computed over the remaining useful lives of the related capital assets using the straight-line method of depreciation. Estimated useful lives are as follows:

| | |
|------------------------------------|----------------|
| Building and Building improvements | 25 to 50 years |
| Furniture and equipment | 5 to 20 years |

Deferred revenue

Deferred revenue arises when assets are recognized before revenue recognition criteria have been satisfied. On governmental fund financial statements, receivables that will not be collected within the available period have also been reported as deferred revenue.

Fund balance reserves

The Board reserves those portions of fund equity which are legally segregated for a specific future use or which do not represent available expendable resources and therefore are not available for appropriation or expenditure. Unreserved fund balance indicates that portion of fund equity which is available for appropriation in future periods. Fund equity reserves have been established for encumbrances, inventories, capital outlays, food service, OPEB, basic education program, and student activities.

Property tax revenue

The Board recognizes as revenue its share of realty and personal property taxes in the fiscal year of the levy if collected within two months following the end of the fiscal year. The Board does not have any taxing authority. Consequently, it relies on a share of realty and personal property taxes collected by the County. The County tax levy of \$4.04 per \$100 of assessed value includes \$2.02 for both the city and county schools.

Distribution of the \$2.02 to the city and county school systems is based on the average daily attendance of each system. Approximately 69.22% and 30.78% was distributed to the City of Memphis Schools and Shelby County Schools, respectively.

Other post employment benefits

Effective July 1, 2007, the Board implemented GASB Statement 45, Accounting and Financial Reporting by Employers for Post Employment Benefits Other Than Pensions. Prior to implementation of GASB Statement 45, the Board accounted for other post employment benefits (OPEB) under a pay-as-you-go financing basis. With the adoption of GASB Statement 45, the Board measures and recognizes the cost of OPEB during the periods when employees render the services, and provides relevant information about OPEB obligations and the extent to which progress is being made in funding those obligations.

NOTE 2 - RECONCILIATION OF GOVERNMENT-WIDE AND FUND FINANCIAL STATEMENTS:

The governmental fund statement of revenues, expenditures, and changes in fund balances includes reconciliation between net change in fund balances - total governmental funds and change in net assets of governmental activities as reported in the government-wide statement of activities. One element of that reconciliation explains that "Governmental funds report capital outlays as expenditures." However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives and reported as "depreciation expense." The details of this \$11,929,869 difference are as follows:

| | |
|---|----------------------|
| Capital outlay | \$ 23,840,109 |
| Depreciation expense | <u>(11,910,240)</u> |
| Net adjustment to increase net changes in fund balances - total governmental funds to arrive at changes in net assets of governmental funds | \$ <u>11,929,869</u> |

Another element of that reconciliation explains that "Recognition of Deferred Revenue by Shelby County decreases the Receivable from Shelby County." The details of this \$3,357,858 are as follows:

| | |
|-----------------------------------|---------------------|
| Change in Deferred Property taxes | \$ 5,517,812 |
| Change in Deferred Wheel taxes | <u>(2,159,954)</u> |
| Total Change in Deferred Revenue | \$ <u>3,357,858</u> |

NOTE 3 - STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY:

Budgets and budgetary accounting

General and federal projects fund's revenue and expenditures are controlled by a formal integrated budgetary accounting system in accordance with various legal requirements that govern the operations of the Board. The budgetary basis of accounting differs from generally accepted accounting principles because encumbrances have been recorded as expenditures. The original budget and all subsequent amendments to the budget are approved by the Shelby County Board of Commissioners. The capital project fund, internal service fund, school cafeteria funds and the school student activity funds are not legally required to adopt an annual budget.

NOTE 4 - DEPOSITS AND INVESTMENTS:

Bank deposits and certificates of deposit of the Board, consistent with State statutes, are covered by federal depository insurance (FDIC) or are collateralized by a multiple financial institution collateral pool administered by the Treasurer of the State of Tennessee. On limited occasions the Board may have deposits with financial institutions that do not participate in the State collateral pool; in these instances separate collateral equal to at least 105% of the uninsured deposit is collateralized and held in the Board's name by a third party. These provisions covered all Board deposits at year-end.

The Board's investments at June 30, 2009 consisted of the following:

| | |
|--|----------------------|
| Tennessee Local Government Investment Pool (LGIP) | \$ 71,580,626 |
| Certificates of Deposit (due from September 2009 to August 2010) | <u>31,550,000</u> |
| Total investments for disclosure purposes | 103,130,626 |
| Less amount reported as cash equivalents | <u>(9,682,039)</u> |
| Total Investments per financial statements | <u>\$ 93,448,587</u> |

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. Both State statutes and the County's investment policy limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. Both State statutes and the County's investment policy limit permissible investments or impose collateral and custody provisions as specified above or in Note 1 to significantly limit credit risk. Although the LGIP is unrated, its types of investments and maturities provide a similar level of credit risk.

See next page

NOTE 5 - CAPITAL ASSETS:

A summary of changes in capital assets is as follows:

| | Capital Assets, Not Depreciated | | Capital Assets, Depreciated | | |
|----------------------------------|---------------------------------|--------------------------------|-------------------------------|-----------------------|-----------------------|
| | Land | Construction in Progress | Equipment and Furniture | Buildings | Total |

| | <u>\$ 11,910,240</u> |

See next page

NOTE 6 - INTERFUND RECEIVABLES, PAYABLES AND TRANSFERS:

Interfund receivables and payables consist of the following:

| <u>Receivable Fund</u> | <u>Payable Fund</u> | <u>Amount</u> |
|--------------------------|----------------------------------|---------------------|
| General Fund | School Cafeteria Fund | \$ 6,534,818 |
| General Fund | Federal Projects Fund | 411,720 |
| Federal Projects Fund | General Fund | 112,149 |
| Other Governmental Funds | Miscellaneous Governmental Funds | 1,012,549 |
| Other Governmental Funds | School Cafeteria Fund | <u>537,309</u> |
| | | <u>\$ 8,608,545</u> |

The interfund amounts payable to the General Fund represents amounts advanced to the payable funds to cover short-term cash flow requirements.

Transfers during the year were as follows:

| <u>Transfers Out:</u> | <u>Transfers In:</u> | <u>Amount:</u> |
|--------------------------|----------------------|-------------------|
| Federal Funds | General Fund | \$ 371,577 |
| Other Governmental Funds | General Fund | <u>12,950</u> |
| Total transfers | | <u>\$ 384,527</u> |

Transfers are used to offset cash advances from General Fund during outstanding billing period for Federal Funds.

NOTE 7 - DEFINED BENEFIT PLAN:

Plan description - teachers

The Shelby County Schools contribute to the State Employees, Teachers, and Higher Education Employees Pension Plan (SETHEEPP), a cost-sharing multiple employer defined benefit pension plan administered by the Tennessee Consolidated Retirement System (TCRS). TCRS provides retirement benefits as well as death and disability benefits to plan members and their beneficiaries. Benefits are determined by a formula using the member's high five-year average salary and years of service. Members become eligible to retire at the age of 60 with five years of service or at any age with 30 years of service. A reduced retirement benefit is available to vested members who are at least 55 years of age or have 25 years of service. Disability benefits are available to active members with five years of service who become disabled and cannot engage in gainful employment. There is no service requirement for disability that is the result of an accident or injury occurring while the member was in the performance of duty. Members joining the plan on or after July 1, 1979 are vested after five years of service. Members joining the plan prior to July 1, 1979 are vested after four years of service. Benefit provisions are established in state statute found in Title 8, Chapters 34-37 of the Tennessee Code Annotated (TCA). State statutes are amended by the Tennessee General Assembly. Cost of living adjustments (COLA) are provided to retirees each July based on the percentage change in the Consumer Price Index (CPI) during the previous calendar year. No COLA is granted if the CPI increases less than one-half percent. The annual COLA is capped at three percent.

The TCRS issues a publicly available financial report that includes financial statements and required supplementary information for the SETHEEPP. That report may be obtained by writing to the Tennessee Treasury Department, Consolidated Retirement System, 10th Floor Andrew Jackson Building, Nashville, TN 37243-0230 or can be accessed at www.tn.gov/treasury/tcrs.

Funding policy

Most teachers are required by state statute to contribute 5.0% of salary to the plan. The employer contribution rate for the Shelby County Schools is established at an actuarially determined rate. The employer rate for the fiscal year ending June 30, 2009 was 6.42% of annual covered payroll.

The employer contribution requirement for Shelby County Schools is established and may be amended by the TCRS Board of Trustees. The employer's contribution to TCRS for the years ending June 30, 2009, 2008, and 2007 were \$12,432,237, \$11,249,258, and \$10,330,710, respectively, equal to the required contributions for each year.

Plan description - non teachers

Employees of Shelby County Board of Education are members of the Political Subdivision Pension Plan (PSPP), an agent multiple-employer defined benefit pension plan administered by the Tennessee Consolidated Retirement System (TCRS). TCRS provides retirement benefits as well as death and disability benefits. Benefits are determined by a formula using the member's high five-year average salary and years of service. Members become eligible to retire at the age of 60 with five years of service or at any age with 30 years of service. A reduced retirement benefit is available to vested members at the age of 55. Disability benefits are available to active members with five years of service who become disabled and cannot engage in gainful employment. There is no service requirement for disability that is the result of an accident or injury occurring while the member was in the performance of duty. Members joining the system after July 1, 1979 become vested after five years of service and members joining prior to July 1, 1979 were vested after four years of service. Benefit provisions are established in state statute found in Title 8, Chapter 34-37 of the Tennessee Code Annotated (TCA). State statutes are amended by the Tennessee General Assembly. Political subdivisions such as Shelby County Board of Education participate in the TCRS as individual entities and are liable for all costs associated with the operation and administration of their plan. Benefit improvements are not applicable to a political subdivision unless approved by the chief governing body.

The TCRS issues a publicly available financial report that includes financial statements and required supplementary information for the PSPP. That report may be obtained by writing to Tennessee Treasury Department, Consolidated Retirement System, 10th Floor Andrew Jackson Building, Nashville, TN 37243-0230 or can be accessed at <http://www.tn.gov/treasury/tcrs/PS/>.

Funding policy

Shelby County Board of Education requires employees to contribute 5.0% of earnable compensation.

Shelby County Board of Education is required to contribute at an actuarially determined rate; the rate for the fiscal year ending June 30, 2009 was 8.08% of annual covered payroll. The contribution requirement of plan members is set by state statute. The contribution requirement for Shelby County Board of Education is established and may be amended by the TCRS Board of Trustees.

Annual pension cost

For the year ending June 30, 2009, Shelby County Board of Education's annual pension cost of \$3,877,828 to TCRS was equal to Shelby County Board of Education's required and actual contributions. The required contribution was determined as part of the July 1, 2007 actuarial valuation using the frozen entry age actuarial cost method. Significant actuarial assumptions used in the valuation include (a) rate of return on investment of present and future assets of 7.5 percent a year compounded annually, (b) projected salary increases of 4.75 percent (graded) annual rate (no explicit assumption is made regarding the portion attributable to the effects of inflation on salaries), (c) projected 3.5 percent annual increase in the Social Security wage base, and (d) projected post retirement increases of 3.0 percent annually. The actuarial value of assets was determined using techniques that smooth the effect of short-term volatility in the market value of total investments over a five-year period. Shelby County Board of Education's unfunded actuarial accrued liability is being amortized as a level dollar amount on a closed basis. The remaining amortization period at July 1, 2008 was 8 years. An actuarial valuation was performed as of July 1, 2007, which established contribution rates effective July 1, 2008.

| Fiscal Year End | Annual Pension Cost (APC) | Percentage of APC Contributed | Net Pension Obligation |
|-----------------|---------------------------|-------------------------------|------------------------|
| June 30, 2009 | \$ 3,877,828 | 100% | \$ - |
| June 30, 2008 | \$ 3,837,688 | 100% | \$ - |
| June 30, 2007 | \$ 3,443,844 | 100% | \$ - |
| June 30, 2006 | \$ 2,768,105 | 100% | \$ - |
| June 30, 2005 | \$ 2,713,985 | 100% | \$ - |
| June 30, 2004 | \$ 2,540,622 | 100% | \$ - |

Funded Status and Funding Progress

As of July 1, 2007, the most recent actuarial valuation date, the plan was 92.82% funded. The actuarial accrued liability for benefits was \$111.89 million, and the actuarial value of assets was \$103.86 million, resulting in an unfunded actuarial accrued liability (UAAL) of \$8.03 million. The covered payroll (annual payroll of active employees covered by the plan) was \$39 million, and the ratio of the UAAL to the covered payroll was 20.69%.

The schedules of funding progress, presented as required supplementary information (RSI) below, present multi-year trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the AAL's for benefits.

The annual required contribution (ARC) was calculated using the aggregate actuarial cost method. Since the aggregate actuarial cost method does not identify or separately amortize unfunded actuarial liabilities, information about funded status and funding progress has been prepared using the entry age actuarial cost method for that purpose, and this information is intended to serve as a surrogate for the funded status and funding progress of the plan.

Required Supplementary Information

Schedule of Funding Progress for Shelby County Board of Education (dollar amounts in thousands):

| Actual Valuation Date | Actuarial Value of Assets | Actuarial Liability (AAL) - Entry Age | Unfunded AAL (UAAL) | Funded Ratio | Covered Payroll | UAAL as a Percentage of Covered Payroll |
|-----------------------|---------------------------|---------------------------------------|---------------------|--------------|-----------------|---|
| June 30, 2007 | \$ 103,860 | \$ 111,892 | \$ 8,032 | 92.82 % | \$ 38,818 | 20.69 % |
| June 30, 2005 | \$ 89,893 | \$ 97,207 | \$ 7,314 | 92.48 % | \$ 35,584 | 20.55 % |
| June 30, 2003 | \$ 80,542 | \$ 91,264 | \$ 10,722 | 88.25 % | \$ 40,236 | 26.65 % |
| June 30, 2001 | \$ 70,544 | \$ 79,619 | \$ 9,075 | 88.60 % | \$ 35,058 | 25.89 % |
| June 30, 1999 | \$ 59,958 | \$ 67,158 | \$ 7,200 | 89.28 % | \$ 31,124 | 23.13 % |
| June 30, 1997 | \$ 49,267 | \$ 52,080 | \$ 2,813 | 94.60 % | \$ 26,303 | 10.69 % |

NOTE 8 - COMMITMENTS AND CONTINGENCIES:

The Board is involved in certain litigation proceedings which arose out of the normal course of operations. Management of the Board intends to vigorously defend each claim and believes no material losses will be incurred on such claims. The Board has recognized accrued liabilities for certain other claims and judgments of \$650,000. The liabilities are based on property damage and personal injury lawsuits arising in the course of operations. The Board believes this is a reasonable measure of the ultimate settlement of these matters.

At June 30, 2009, the Board had \$5,692,322 in construction contracts outstanding.

NOTE 9 - RISK MANAGEMENT AND RELATED INSURANCE ISSUES:

Shelby County Schools maintains a self-insured health insurance fund for its active and retired employees and their dependents, funded by both the Board and its employees. The fund maintains a stop-loss insurance policy which limits the Board’s liability for any specific medical claim. Incurred but not reported (IBNR) claims liabilities of the fund are actuarially determined based on prior paid claims history. The IBNR claims liability at June 30, 2009 totaled \$3,239,604. Changes in the balances of claims liabilities for the year ended June 30, 2009 are as follows:

| | | |
|----------------------------------|----|---------------------|
| Unpaid claims, beginning of year | \$ | 3,577,760 |
| Incurred claims (including IBNR) | | 32,456,345 |
| Claims payments | | <u>(32,794,501)</u> |
| Unpaid claims, end of year | \$ | <u>3,239,604</u> |

The Board maintains commercial insurance to cover significant losses for all major programs related to property and liability. For insured programs, there have been no significant reductions in insurance coverage during the year. Settlement amounts have not exceeded insurance coverage for the current or three years prior.

NOTE 10 - POST EMPLOYMENT BENEFITS OTHER THAN PENSIONS:

Plan Description

Shelby County Schools administers a single-employer defined benefit healthcare plan (the Plan). The Plan provides lifetime healthcare insurance and life insurance for eligible retirees and their spouses through Shelby County Schools’ group health and life insurance plans, which covers both active and retired members. Benefit provisions are established by the Board of Education of Shelby County. The Plan does not issue a publicly available financial report.

Funding Policy

Contribution requirements are established by the Board of Education. The Board contributes 70 percent of the current-year premiums for eligible retired plan members and their spouses. For fiscal year 2009, the Board contributed \$5,929,395 to the Plan. Plan members receiving benefits contribute 30 percent of their premium costs. In fiscal year 2009, total member contributions were \$1,363,791.

Annual OPEB Cost and Net OPEB Obligation

The Board's annual other post employment benefit (OPEB) cost is calculated based on the annual required contribution of the employer (ARC), an amount actuarially determined in accordance with the parameters of GASB Statement 45. The ARC represents a level of funding that, if paid on an ongoing basis, is projected to cover normal cost each year and amortize any unfunded actuarial liabilities over a period not to exceed 30 years. The following table shows the components of the Board's annual OPEB cost for the year, the amount actually contributed to the plan, and changes in the Board's net OPEB obligation to the Plan:

| | Medical | Life | Total |
|--|-----------------------|---------------------|-----------------------|
| Annual required contribution | \$ 85,147,520 | \$ 3,962,519 | \$ 89,110,039 |
| Interest on Net OPEB Obligation | 2,691,619 | 115,801 | 2,807,420 |
| Adjustment to annual required contribution | <u>(3,335,118)</u> | <u>(143,486)</u> | <u>(3,478,604)</u> |
| Annual OPEB Cost | 84,504,021 | 3,934,834 | 88,438,855 |
| Contributions made(Actuarial assumption) | <u>10,698,983</u> | <u>596,083</u> | <u>11,295,066</u> |
| Increase in Net OPEB Obligation | 73,805,038 | 3,338,751 | 77,143,789 |
| Net OPEB Obligation - Beginning of Year | <u>53,832,387</u> | <u>2,316,021</u> | <u>56,148,408</u> |
| Net OPEB Obligation - End of Year | <u>\$ 127,637,425</u> | <u>\$ 5,654,772</u> | <u>\$ 133,292,197</u> |

The Board elected to implement the provisions of GASB Statement 45 for the fiscal year ended June 30, 2008. Prior to implementation of GASB Statement 45, the Board recognized annual OPEB cost on a pay-as-you-go basis. The Statement provides for prospective implementation, by which, the Board has set the beginning net OPEB obligation at zero as of the beginning of the initial year. The Board's annual OPEB cost, the percentage of annual OPEB contributed to the Plan, and the net OPEB obligation was as follows:

| Fiscal Year Ended | Annual OPEB Cost | Percentage of Annual OPEB Cost Contributed | Net OPEB Obligation |
|-------------------|------------------|--|---------------------|
| June 30, 2009 | \$ 88,438,855 | 12.8 % | \$ 133,292,197 |
| June 30, 2008 | \$ 66,470,839 | 15.5 % | \$ 56,148,408 |

Funded Status and Funding Progress

As of June 30, 2009, the actuarial accrued liability for insurance and life benefits was \$787,583,902, all of which was unfunded. The covered payroll (annual payroll of active employees covered by the Plan) was \$240,049,979, and the ratio of the unfunded actuarial accrued liability to the covered payroll was 328.1 percent.

The projection of future benefit payments for an ongoing plan involves estimates of the value of reported amounts and assumptions about the probability of occurrence of events far into the future. Examples include assumptions about future employment, mortality, and the healthcare cost trend. Amounts determined regarding the funded status of the Plan and the annual required contribution of the Board are subject to continual revision as actual results are compared with past experiences and new estimates are made about the future. The schedule of funding progress, presented as required supplementary information following the notes to the financial statements, presents multi-year trend information about whether the actuarial value of Plan assets is increasing or decreasing over time relative to the actuarial accrued liabilities for benefits.

Methods and Assumptions

Projects of benefits for financial reporting purposes are based on the substantive Plan (the Plan as understood by the Board and Plan members) and include the type of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the Board and Plan members to that point. The methods and assumptions used include techniques that are designed to reduce the effects of short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long-term perspective of the calculations.

The following simplifying assumptions were made for the valuation date of July 1, 2008, which is a roll-forward of the July 1, 2007 valuation:

Eligibility requirements – 30 years of service or 60 years of age and 15 years of service

Mortality – Life expectancies were based on mortality tables: the 2007 Current Liability Combined Mortality.

Salary increases – Salaries are assumed to increase by 4 percent per year.

Healthcare cost trend rates – The expected rate of increase in healthcare insurance premiums were projected at 11 percent for Pre-65 and 10 percent for 65 plus. The trend is assumed to decrease by .5% per year until a rate of 6 percent and 5 percent, respectively, is reached.

Benefits – The Plan provides lifetime medical and life benefits for the retiree, spouse and eligible dependents. Life insurance on the retiree is equal to salary at retirement raised to the next \$1,000.

Monthly retiree contributions – For medical insurance, employees who retire after July 1, 2006 pay 30 percent of the total active rate. For life insurance, employees pay 30% of the total active rate which was \$0.249 per \$1,000 in 2008.

In the July 1, 2008 actuarial valuation, the projected unit credit method was used. A discount rate of 5 percent, down from 6.5 percent, was used based on the current rate of return on high-quality fixed-income investments whose cash flows match the timing of expected benefit payments. The unfunded actuarial accrued liability is being amortized as a level dollar amount on a closed basis over thirty years.

Required Supplementary Information

**BOARD OF EDUCATION OF
SHELBY COUNTY, TENNESSEE**
(A Component Unit of Shelby County, Tennessee)
Notes to Required Supplementary Information

For the Year Ended June 30, 2009

NOTE A - BUDGETARY INFORMATION:

The County, by State statute, requires the Director of Schools and Chair of the School Board to prepare annual budgets, and after approval by the School Board, to submit the budget to the Shelby County Commission.

The budget submitted by the schools system is reviewed by the Department of Education to ensure that state funds are not being used to supplant local funds and that the school system has appropriated funds sufficient to fund its local share of the BEP. Revenue derived from local sources must equal or exceed prior year actual revenues, excluding capital outlay and debt service, and adjusted for decline in average daily membership (ADM).

Budgeting for the Board of Education of Shelby County, Tennessee is regulated and controlled by State legislation, State Board of Education regulations, the Shelby County Commission, and the local school Board requirements. A budget is required for every fund that the school district utilizes in its yearly operation. Tennessee school systems are required to budget only for a twelve month period of time for a fiscal year running from July 1 to June 30.

NOTE B - EXPENDITURES EXCEEDED APPROPRIATIONS:

Expenditures exceeded appropriations approved by the County Commission in the following major appropriation categories of the General Fund:

| <u>Major Appropriation Category</u> | <u>Amount Overspent</u> |
|-------------------------------------|-----------------------------|
| Student Transportation | \$ 1,083,032 |
| Capital Outlays | 2,855,810 |

These expenditure overages were resolved through a combination of under spending in other categories, as well as using a portion of the amount of accumulated reserves that had been designated for the purpose of balancing the budget.

** Type A programs are defined as federal programs with Federal awards expended during the audit period exceeding the larger of \$300,000, or 3% of total Federal awards expended in the case of an auditee for which total Federal awards expended equal or exceed \$500,000 but are less than and/or equal to \$100 million. Type B programs do not meet the above criteria.

**BOARD OF EDUCATION OF
SHELBY COUNTY, TENNESSEE**
(A Component Unit of Shelby County, Tennessee)
Notes to the Schedule of Expenditures of Federal and State Awards

For the Year Ended June 30, 2009

BASIS OF PRESENTATION

The accompanying Schedule of Expenditures of Federal and State Awards (the schedule) has been generally prepared on the accrual basis of accounting. The purpose of the schedule is to present a summary of those activities represented by Board of Education of Shelby County, Tennessee for the year ended June 30, 2009, which have been financed by the U.S. Government (federal awards). For the purpose of the schedule, federal awards include all of federal assistance and procurement relationships entered into directly and indirectly with the Board of Education of Shelby County, Tennessee. It is not intended to and does not present either the financial position or the changes in net assets of Board of Education of Shelby County, Tennessee. Therefore, some amounts presented in this schedule may differ from amounts presented in or used in the preparation of the financial statements.

Individual awards within each category of federal awards are identified by CFDA number and program name if the award is individually significant to the category of award. All other awards are presented in total by funding agency.

REVENUE AND EXPENDITURE RECOGNITION

Revenue is recognized when earned by the organization using the accrual method of accounting.

Expenditures for direct costs are recognized as incurred using the accrual method of accounting and the cost accounting principles contained in the U.S. Office of Management and Budget (OMB) Circular A-87, Cost Principles for State, Local and Indian Tribal Governments. Under those cost principles, certain types of expenditures are not allowable or are limited as to reimbursement.

FOOD DONATION

Non-monetary assistance is reported in the schedule at the fair market value of the commodities received and disbursed. At June 30, 2009, the Board of Education of Shelby County, Tennessee had food commodities totaling \$627,488 in inventory.

**BOARD OF EDUCATION OF SHELBY COUNTY, TENNESSEE
REPORTS ON INTERNAL CONTROL AND COMPLIANCE**

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING
AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT
OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH
GOVERNMENT AUDITING STANDARDS**

Superintendent and School Board
Board of Education of Shelby County, Tennessee

We have audited the financial statements of the Board of Education of Shelby County, Tennessee (a component unit of Shelby County, Tennessee), as of and for the year ended June 30, 2009, and have issued our report thereon dated December 28, 2009. Our report was modified to include a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the School Cafeteria Fund and the School Activity Fund, as described in our report on the Board of Education of Shelby County, Tennessee's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Board of Education of Shelby County, Tennessee's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Board of Education of Shelby County, Tennessee's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the Board of Education of Shelby County, Tennessee's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses. However, as discussed below, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the Board of Education of Shelby County, Tennessee's ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of the Board of Education of Shelby County, Tennessee's financial statements that is more than inconsequential will not be prevented or detected by the Board of Education of Shelby County, Tennessee's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the Board of Education of Shelby County, Tennessee's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Board of Education of Shelby County, Tennessee's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain matters that we reported to management of the Board of Education of Shelby County, Tennessee in a separate letter dated December 28, 2009.

The Board of Education of Shelby County, Tennessee's response to the findings identified in our audit are described in the accompanying schedule of findings and questioned costs. We did not audit the Board of Education of Shelby County, Tennessee's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of the Superintendent and Members of the Board of Education of Shelby County, Tennessee, State of Tennessee, federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE WITH REQUIREMENTS
APPLICABLE TO EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER
COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133**

Superintendent and School Board
Board of Education of Shelby County, Tennessee

Compliance

We have audited the compliance of the Board of Education of Shelby County, Tennessee with the types of compliance requirements described in the *U.S. Office of Management and Budget (OMB) Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2009. The Board of Education of Shelby County, Tennessee's major federal programs are identified in the summary of auditor's results section of the accompanying Schedule of Findings and Questioned Costs. Compliance with the requirements of laws, regulations, contracts and grants applicable to each of its major federal programs is the responsibility of the Board of Education of Shelby County, Tennessee's management. Our responsibility is to express an opinion on the Board of Education of Shelby County, Tennessee's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the Board of Education of Shelby County, Tennessee's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination on the Board of Education of Shelby County, Tennessee's compliance with those requirements.

In our opinion, the Board of Education of Shelby County, Tennessee complied, in all material respects, with the requirements referred to above that are applicable to each of its major federal programs for the year ended June 30, 2009.

Internal Control over Compliance

The management of the Board of Education of Shelby County, Tennessee, is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the Board of Education of Shelby County, Tennessee's internal control over compliance with the requirement that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the Board of Education of Shelby County, Tennessee's internal control over compliance.

A control deficiency in an entity's internal control over compliance exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect noncompliance with a type of compliance requirement of a federal program on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to administer a federal program such that there is more than a remote likelihood that noncompliance with a type of compliance requirement of a federal program that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that material noncompliance with a type of compliance requirement of a federal program will not be prevented or detected by the entity's internal control.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above.

This report is intended solely for the information and use of the school board and management, entities with accreditation overview, and federal awarding agencies and pass-through entities and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record and its distribution is not limited.
