Independent Auditors' Report

December 24, 2009

Board of Directors
The Industrial Board of Coffee County, Tennessee, Inc.

We have audited the accompanying financial statements of the governmental activities and general fund of The Industrial Board of Coffee County, Tennessee, Inc., a component unit of Coffee County, Tennessee, as of and for the year ended June 30, 2009, as listed in the table of contents. These financial statements are the responsibility of the Industrial Board's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

As discussed in Note 1, the financial statements present only The Industrial Board of Coffee County, Tennessee, Inc. and do not, present fairly the financial position of Coffee County, Tennessee, as of June 30, 2009, and the changes in its financial position for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities of The Industrial Board of Coffee County, Tennessee, Inc. as of June 30, 2009, and the respective changes in financial position and budgetary comparison for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated December 24, 2009 on our consideration of the Board's internal control over financial reporting and our test of its compliance with certain provisions of laws, regulations, contracts and grants and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

The Industrial Board of Coffee County, Tennessee, Inc. has not presented management's discussion and analysis, which is not a required part of the basic financial statements, but is supplementary information required by accounting principles generally accepted in the United States of America.

The accompanying notes are an integral part of this financial statement.

THE INDUSTRIAL BOARD OF COFFEE COUNTY, TENNESSEE, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Industrial Board of Coffee County, Tennessee, Inc. was incorporated in 1969. As required by accounting principles generally accepted in the United States of America, the financial statements of the reporting entity include those of the Industrial Board of Coffee County, Tennessee, Inc. The Board is a component unit of Coffee County, Tennessee (the primary government). The primary government appoints members of the board of directors, and is funded primarily by appropriations from the county. The purpose of the Board is to promote industry and develop trade for Coffee County, Tennessee.

The financial statements of the Industrial Board (Board), of Coffee County, Tennessee, Inc. have been prepared in conformity with generally accepted accounting principles as applied to government units. The Governmental Accounting Standard Board (GASB) is the accepted standards-setting body for establishing governmental accounting and financial reporting principles. The more significant of the Board's accounting policies are described below:

Government-Wide Statements

In the government-wide Statement of Net Assets, the governmental activities are reported on a full accrual, economic resource basis, which recognizes all long-term assets and receivables as well as long-term debt and obligations. The government-wide Statement of Activities reports both the gross and the net cost of the Board's programs. The functions are also supported by general governmental revenues. The Statement of Activities reduces gross expenses (including depreciation) by related program revenues, operating and capital grants. Program revenues must be directly associated with the function.

The Board adopted the provisions of Governmental Accounting Standards Board Statement No. 34 "Basic Financial Statements - and Management's Discussion and Analysis - for State and Local Governments." Statement 34 established standards for external financial reporting for all state and local governmental entities which includes a statement of net assets, a statement of activities and changes in net assets and a statement of cash flows. It requires the classification of net assets into three components - invested in capital assets, net of related debt; restricted; and unrestricted. These classifications are defined as follows:

- Invested in capital assets, net of related debt – This component of net assets consists of capital assets, including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets. If there are significant unspent related debt proceeds at year-end, the portion of debt is included in the same net assets component as the unspent proceeds.
- Restricted – This component of net assets consists of constraints placed on net asset use through external constraints imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulation of other governments or constraints imposed by law through constitutional provisions or enabling legislation.
- Unrestricted net assets – This component of net assets consists of net assets that do not meet the definition of "restricted" or "invested in capital assets, net of related debt."

THE INDUSTRIAL BOARD OF COFFEE COUNTY, TENNESSEE, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Fund Financial Statements

The governmental fund financial statements are presented on the modified accrual basis of accounting. Under the modified accrual basis of accounting, revenues are recorded when susceptible to accrual (i.e. both measurable and available). Available means collectible within the current period or within 60 days after year end. Expenditures are generally recognized under the modified accrual basis of accounting when the related liability is incurred.

The financial transactions of the Board are reported in individual funds in the fund financial statement. Each fund is accounted for by providing a separate set of self-balancing accounts that comprise its assets, liabilities, reserves, fund balance, revenues and expenditures. The Board reports the following fund:

General Fund – This fund is used as the general operating fund of the Board. It is used to account for all financial resources except those required to be accounted for in another fund.

The Board adopts a budget for the General Fund as a management control device. The budget is adopted on a basis consistent with generally accepted accounting principles.

Estimates

Preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts or revenues and expenses during the reporting period. Actual results could differ from those estimates.

Equipment

Equipment is stated at cost, less accumulated depreciation, which is computed by the straight-line method over an estimated useful life of 5-20 years. Major expenditures for equipment and for repairs which substantially increase the useful lives are capitalized. Maintenance, minor repairs and minor acquisitions are expensed as incurred. When assets are retired or otherwise disposed of, their costs and related accumulated depreciation are removed from the accounts and resulting gains or losses are included in revenue or expense.

Cash and Cash Equivalents

For purpose of reporting cash flows, cash equivalents include all short-term highly liquid investments with maturities of three months or less.

Accounts Receivable

The Board considers accounts receivable to be fully collectible at June 30, 2009; accordingly, no allowance for doubtful accounts is required. If amounts become uncollectible, they will be charged off when that determination is made.

Compensated Absences

There are no compensated absences to be accrued.

THE INDUSTRIAL BOARD OF COFFEE COUNTY, TENNESSEE, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (continued)

Federal Income Taxes

The Industrial Board of Coffee County is exempt from federal and state income tax.

Pension Plan

The Board does not provide a pension plan for its employees; however, they are covered under the plan for Coffee County. Employees of Coffee County are members of the Political Subdivision Pension Plan (PSPP), an agent multiple-employer defined benefit pension plan administered by the Tennessee Consolidated Retirement System (TCRS).

The TCRS issues a publicly available financial report that includes financial statements and required supplementary information for the PSPP. That report may be obtained by writing to the Tennessee Treasury Department, Consolidated Retirement System, 10th floor, Andrew Jackson Building, Nashville, TN 37243-0230 or can be accessed at <http://www.treasury.state.tn.us/tcrs/PS/>.

NOTE 2 – CASH DEPOSITS WITH FINANCIAL INSTITUTIONS

The Board is authorized to deposit its funds in banks, trust companies, or other depositories as the Board may select. Deposits are carried at cost. At year-end the carrying amount of deposits was \$850,741, and the bank balance was \$952,212. Of the banks balances, \$750,000 were covered by federal deposit insurance and \$202,212 were collateralized with securities pledged that comply with statutes as acceptable collateral.

NOTE 3 – CAPITAL ASSETS

Property, plant and equipment consist of various office machines and improvements which are being depreciated over 5-20 years using the straight-line method.

A summary of changes in the capital assets is as follows:

	<u>Balance</u> <u>July 1, 2008</u>	<u>Additions</u>	<u>Deletions</u>	<u>Balance</u> <u>June 30, 2009</u>
Capital assets, being depreciated:				
Equipment	\$ 16,324	\$ -	\$ -	\$ 16,324
Land improvements	-	45,080	-	45,080
Construction in progress	-	318,585	-	318,585
Vehicles	199,705	-	-	199,705
Total capital assets being depreciated	<u>216,029</u>	<u>363,665</u>	<u>-</u>	<u>579,694</u>
Less accumulated depreciation:				
Equipment	(9,926)	(1,644)	-	(11,570)
Vehicles	(9,985)	(9,986)	-	(19,971)
Total accumulated depreciation	<u>(19,911)</u>	<u>(11,630)</u>	<u>-</u>	<u>(31,541)</u>
Total capital assets being depreciated, net	<u>\$ 196,118</u>	<u>\$ 352,035</u>	<u>\$ -</u>	<u>\$ 548,153</u>

Depreciation expense for the year ended June 30, 2009 was \$11,630.

THE INDUSTRIAL BOARD OF COFFEE COUNTY, TENNESSEE, INC.
NOTES TO FINANCIAL STATEMENTS
JUNE 30, 2009

NOTE 4 – COMMITMENTS AND CONTINGENCIES

The Board receives a substantial amount of its support from the local county government. A significant reduction in the level of such support, if this were to occur, may have an effect on the Board's programs and activities.

The Board had entered in an agreement to build a speculative building in the City of Manchester Industrial Park. The infrastructure is to be partially paid with a Fast Tract Grant of \$750,000 obtained by the City of Manchester. The Industrial Board will fund \$135,000 of the cost. These funds will be reimbursed by the City to the Industrial Board upon sale of the property. The total cost of the spec building project is estimated now to be \$1,835,000 (not including land cost). The City of Manchester sold 10.3 acres of land for the building to the Industrial Board for \$154,500. This amount is to be reimbursed when the building is sold. Payments made by the Industrial Board for infrastructure matching funds also reduce the amount of loan to the City. Funding for the project will be from loans through local banks, grant funds to the City of Manchester, DREMC loan and TVA loan. Construction costs as of June 30, 2009 total \$318,585. A construction line of credit of \$100,000 was approved with the amount of funds drawn as of June 30 of \$50,000. A certificate of deposit of the Industrial Board secures the loan.

NOTE 5 – NOTE RECEIVABLE

The Board has a note receivable due from an individual dated September 28, 2006 to sell 17.42 acres located in the Coffee County Interstate Industrial Park. The gross sales price was \$104,520, with \$42,000 paid to the Board at closing, and a note receivable for the remainder of \$62,520. The note is due September 28, 2013 and is secured by a deed of trust on the property. No monthly payments are due until September 28, 2010, at which time payments of \$633 will commence for not more than three years, with the remainder being due at September 28, 2013. According to the term of the note, interest is added to the principal balance annually. The interest rate is 5.5%. The balance of the note receivable at June 30, 2009 was \$72,457.

NOTE 6 – LEASE AGREEMENT

The Board purchased a fire truck in July 2007 for \$199,705. The truck is to be leased to the Hickerson Station Fire Department, and the fire station is responsible for insurance, maintenance and service on the truck.

INTERNAL CONTROL AND COMPLIANCE SECTION

**REPORT ON INTERNAL CONTROL OVER FINANCIAL
REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON
AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE
WITH *GOVERNMENT AUDITING STANDARDS***

December 24, 2009

To the Board of Directors
The Industrial Board of Coffee County, Tennessee, Inc.

We have audited the financial statements of the governmental activities and general fund of The Industrial Board of Coffee County, Tennessee, Inc., a component unit of Coffee County, Tennessee, as of and for the year ended June 30, 2009, and have issued our report thereon dated December 24, 2009. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered The Industrial Board of Coffee County, Tennessee, Inc.'s internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing an opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of The Industrial Board of Coffee County, Tennessee, Inc.'s internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of The Industrial Board of Coffee County, Tennessee, Inc.'s internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and would not necessarily identify all deficiencies in internal control that might be significant deficiencies or material weaknesses. However, as discussed in the following schedule of audit findings and recommendations, we identified certain deficiencies in internal control over financial reporting that we consider to be significant deficiencies.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects The Industrial Board of Coffee County, Tennessee, Inc.'s ability to initiate, authorize, record, process, or report financial data reliably in accordance with generally accepted accounting principles such that there is more than a remote likelihood that a misstatement of The Industrial Board of Coffee County, Tennessee, Inc.'s financial statements that is more than inconsequential will not be prevented or detected by The Industrial Board of Coffee County, Tennessee, Inc.'s internal control. We consider the deficiencies described in the accompanying schedule of audit findings and recommendations as items 09-01 to 09-03 to be significant deficiencies in internal control over financial reporting.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by The Industrial Board of Coffee County, Tennessee, Inc.'s internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in internal control that might be significant deficiencies and, accordingly, would not necessarily disclose all significant deficiencies that are also considered to be material weaknesses. However, we believe that none of the significant deficiencies described above are material weaknesses.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether The Industrial Board of Coffee County, Tennessee, Inc.'s financial statements are free of material misstatements, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

We noted certain other matters that we reported to management of The Industrial Board of Coffee County, Tennessee in a separate letter dated December 24, 2009.

The Industrial Board of Coffee County, Tennessee, Inc.'s response to the findings identified in our audit is described in the accompanying schedule of findings and responses. We did not audit the Industrial Board of Coffee County, Tennessee, Inc.'s response and, accordingly, we express no opinion on it.

This report is intended for the information of the Board of Directors, management and government regulatory agencies and is not intended to be and should not be used by anyone other than these specified parties.

Honsholder Antona PLLC

THE INDUSTRIAL BOARD OF COFFEE COUNTY, TENNESSEE, INC.
SCHEDULE OF FINDINGS AND RESPONSES
JUNE 30, 2009

Item 09-01: Segregation of Duties

The size of the Board's accounting and administrative staff precludes certain internal controls that would be preferred if the office staff were large enough to provide optimum segregation of duties.

Recommendation: Exercise proper segregation of duties to the extent possible with limited employees.

Management's response: We concur with the auditors' findings and recommendations.

Item 09-02: Financial Statement Preparation

Under professional standards promulgated by the American Institute of Certified Public Accountants, there is a presumed deficiency in internal control when the financial statements and related disclosures are drafted by the auditor, unless the Board possesses an accounting department that is staffed with personnel with requisite skills and training to perform such function and the function was performed by the auditor as an accommodation to management. For this engagement, financial statements were submitted to us which were generated as a by-product of the bookkeeping system. We proposed certain adjustments to these financial statements as a result of our audit and we drafted the financial disclosures required by professional standards.

Recommendation: Management may wish to acknowledge and accept this deficiency or develop compensating controls.

Management's response: Although alternative options will be explored, due to the nature and size of our organization, it may not be feasible or possible to perform these functions internally.

Item 09-03: Budgets

It was noted that the capital outlay expenditures for the speculative building were not included in the budget for the Board.

Recommendation: The budget adopted by the Board should include all capital outlay expenditures.

Management's response: We will attempt to comply and include capital outlay expenditures in our budget.

THE INDUSTRIAL BOARD OF COFFEE COUNTY, TENNESSEE, INC.
DISPOSITION OF PRIOR YEAR AUDIT FINDINGS
JUNE 30, 2009

Item 08-01: Segregation of Duties

In the review of the overall accounting controls of the Board's accounting system, several areas were found where proper segregation of duties might be obtained.

Current status: See current year schedule of findings and responses.

Item 08-02: Financial Statement Preparation

The employees and management responsible for the accounting and reporting function lack the qualifications and training to apply generally accepted accounting principles in the preparation of the financial statements.

Current status: See current year schedule of findings and responses.
