**Report on Internal Control Over Financial Reporting and on Compliance
and Other Matters Based on an Audit of Financial Statements Performed in
Accordance with *Government Auditing Standards***

Knox County Mayor and the County Commissioners of
Knox County, Tennessee:

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County as of and for the year ended June 30, 2010, which collectively comprise the County's basic financial statements, and have issued our report thereon dated November 23, 2010. Our report was modified to include a reference to other auditors. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Other auditors audited the financial statements of the Student Activity Funds agency fund of the Knox County Board of Education, a discretely presented component unit of Knox County, Tennessee, as of and for the year ended June 30, 2010, as described in our report on the County's financial statements. This report does not include the results of the other auditors' testing of internal control over financial reporting or compliance and other matters that are reported on separately by those auditors.

Internal Control over Financial Reporting

In planning and performing our audit, we considered the County's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the County's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over financial reporting.

A deficiency in internal control over financial reporting exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control over financial reporting, such that there is a reasonable possibility that a material misstatement of the County's financial statements will not be prevented, or detected and corrected on a timely basis.

Our consideration of internal control over financial reporting was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over financial reporting that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as described above.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the County's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This report is intended solely for the information and use of the audit committee, management, and others within the County, and federal and state awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

**Report on Compliance With Requirements
That Could Have a Direct and Material Effect on
Each Major Program and on Internal Control Over
Compliance in Accordance with OMB Circular A-133**

Knox County Mayor and the County Commissioners of
Knox County, Tennessee:

Compliance

We have audited the compliance of Knox County, Tennessee (the County) with the types of compliance requirements described in the U.S. Office of Management and Budget (OMB) *Circular A-133 Compliance Supplement* that are applicable to each of its major federal programs for the year ended June 30, 2010. The County's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs. Compliance with the requirements of laws, regulations, contracts, and grants applicable to each of its major federal programs is the responsibility of the County's management. Our responsibility is to express an opinion on the County's compliance based on our audit.

We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about the County's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances. We believe that our audit provides a reasonable basis for our opinion. Our audit does not provide a legal determination of the County's compliance with those requirements.

In our opinion, the County complied, in all material respects, with the compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2010. However, the results of our auditing procedures disclosed an instance of noncompliance with those requirements, which is required to be reported in accordance with OMB Circular A-133 and which is described in the accompanying schedule of findings and questioned costs as item 2010-1.

Internal Control Over Compliance

The management of the County is responsible for establishing and maintaining effective internal control over compliance with the requirements of laws, regulations, contracts, and grants applicable to federal programs. In planning and performing our audit, we considered the County's internal control over compliance with the requirements that could have a direct and material effect on a major federal program in order to determine our auditing procedures for the purpose of expressing our opinion on compliance, but

not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of the County's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal program will not be prevented, or detected and corrected, on a timely basis.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses, as defined above. However, we identified a deficiency in internal control over compliance that we consider to be a significant deficiency as described in the accompanying schedule of findings and questioned costs as item 2010-1. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

The County's response to the finding identified in our audit is described in the accompanying schedule of findings and questioned costs. We did not audit the County's response, and accordingly, we express no opinion on it.

Schedules of Expenditures of Federal and State Awards

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the County as of and for the year ended June 30, 2010, and have issued our report thereon dated November 23, 2010, which was modified to refer to other auditors. Our audit was performed for the purpose of forming opinions on the financial statements that collectively comprise the County's basic financial statements. The accompanying Schedules of Expenditures of Federal and State Awards are presented for purposes of additional analysis as required by OMB Circular A-133 and the State of Tennessee, respectively, and are not a required part of the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and, in our opinion, are fairly stated, in all material respects, in relation to the basic financial statements taken as a whole.

This report is intended solely for the information and use of the audit committee, management, and others within the County, and federal and state awarding agencies and pass-through entities, and is not intended to be and should not be used by anyone other than these specified parties.

KNOX COUNTY, TENNESSEE

Notes to Schedules of Expenditures of Federal and State Awards

Year ended June 30, 2010

(1) Basis of Presentation

The accompanying schedule of expenditures of federal awards includes the federal grant activity of Knox County, Tennessee, and its discretely presented component unit (the County), and is presented on the modified accrual basis of accounting. The information in this schedule is presented in accordance with the requirements of OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Therefore, some amounts presented in this schedule may differ from amounts presented in, or used in the preparation of, the Comprehensive Annual Financial Report.

Federal awards include all grants, contracts, and similar agreements entered into directly between the County and agencies and departments of the federal government, and all subawards to the County by nonfederal organizations pursuant to federal grants, contracts, and similar agreements.

In compliance with Tennessee state law, the accompanying schedule of expenditures of state awards is also included with this report. Such schedule presents all state funded financial awards, as defined by the State Comptroller's Office, and is prepared and presented in a manner consistent with the schedule of expenditures of federal awards.

(2) Loans Outstanding

The County had the following loan funding balances outstanding at June 30, 2010. All of the loan additions are represented by program expenditures, but only a portion comes from the federal grant with the remainder from program income:

<u>Cluster / Program Title</u>	<u>CFDA Number</u>	<u>FY 2010 Loan Funding</u>	<u>Outstanding Balance</u>
Community Development Block Grant	14.218	\$ —	\$ 1,366,772
HOME Investment Partnerships Programs	14.239	325,702	1,708,435

(3) Subrecipients

Of the federal expenditures presented in the schedule, the County provided federal awards to subrecipients as follows:

	<u>CFDA Number</u>	<u>Amounts Provided to Subrecipients</u>
Community Development Block Grant	14.218	\$ 683,881
HOME Investment Partnerships Programs	14.239	843,140
Total Subrecipient Awards		\$ <u>1,527,021</u>

KNOX COUNTY, TENNESSEE

Notes to Schedules of Expenditures of Federal and State Awards

Year ended June 30, 2010

(4) Non-cash Assistance

The County is the recipient of certain federal awards that do not result in cash receipts or disbursements, including distribution of U.S. Department of Agriculture (USDA) Food Commodities, which are valued based on a USDA price list obtained from the Tennessee Department of Health.

(5) Indirect Costs

A number of the County's federal and state funded programs allow indirect costs to be charged and include them as a line item in the grant budget. However, if the grant budget does not specifically provide for indirect costs to be charged, none of the indirect costs are reported as costs to the grantor nor are the costs included or presented in the schedules of expenditures of federal and state awards.

KNOX COUNTY, TENNESSEE

Schedule of Findings and Questioned Costs

Year ended June 30, 2010

(1) Summary of Auditors' Results

- (h) Dollar threshold used to distinguish between Type A and Type B programs: **\$2,443,625**
- (i) Auditee qualified as a low-risk auditee under Section .530 of OMB Circular A-133: **No**

KNOX COUNTY, TENNESSEE

Schedule of Findings and Questioned Costs

Year ended June 30, 2010

(2) **Findings Relating to the Financial Statements Reported in Accordance with *Government Auditing Standards*:**

None

(3) **Findings and Questioned Costs Relating to Federal Awards:**

Finding 2010-1: Procurement and Suspension and Debarment

Finding: Commodity Pricing

Finding Type: Noncompliance and Significant Deficiency

CFDA#: Various – Child Nutrition Cluster

Federal Agency: U.S. Department of Agriculture, Passed through the Tennessee Department of Agriculture

Federal Award Year: July 1, 2009 to June 30, 2010

Requirement

In accordance with Knox County Schools (the Schools) commodity pricing guidelines which are identical to the federally determined guidelines, all commodities received by the Schools during fiscal year 2010 should be recorded at the value per case in accordance with the Department of Agriculture Community Distribution 2009-2010 Price List.

Condition

We selected and reviewed a sample of over 200 commodity receipts from the population of the Schools who received commodities from the government during fiscal year 2010. As a result of KPMG's testwork procedures, we determined that the incorrect value of frozen cooked sliced ham was utilized during the month of August of 2009 by the Schools. Upon examination of 100% of this population an adjustment of \$12,119 was recorded to reduce the value of commodities received by the Schools. In addition, we noted two other items included in our sample that were incorrectly priced as well (receipt of ten cases of fruit mix was not recorded at all by the Schools valued at \$290; and ten cases of frozen peaches were recorded at a value of \$230 that were never actually received).

Due to lack of appropriate oversight, we found that based on the documentation obtained by the Schools from the government that an adjustment of \$12,059 was required in order to correctly reflect the commodity value received and expended during fiscal year 2010. As a result of our detailed testwork, the Schools recorded an entry to record this adjustment amount and commodity revenues and expenditures are properly stated for fiscal year 2010.

Questioned Cost

None

KNOX COUNTY, TENNESSEE

Schedule of Findings and Questioned Costs

Year ended June 30, 2010

Possible Asserted Cause and Effect

Due to lack of appropriate oversight, commodity receipts were not properly recorded at the value per case in accordance with the Department of Agriculture Community Distribution 2009-2010 Price List. As a result, the Schools inappropriately valued the value of the commodities received.

Recommendation

We recommend that Knox County Schools enhance its supervisory review procedures to ensure that the value of commodities being received is properly recorded and reported.

View of Responsible Management

We concur. Knox County Board of Education will install effective supervisory controls to review and verify that commodities being provided by the government are properly tracked and reported in the Knox County Board of Education Central Cafeteria Fund financial statements.
