MANAGEMENT'S DISCUSSION AND ANALYSIS
FOR THE YEAR ENDED JUNE 30, 2010

Our discussion and analysis of Decatur County Emergency Communication District's (the District) financial performance will offer readers of the District's financial statements a narrative overview and review of the financial activities of the District for the fiscal year ended June 30, 2010. Readers are encouraged to consider the information presented here in conjunction with the District's financial statements.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statements of Net Assets and the Statements of Revenues, Expenses and Changes in Net Assets (on pages 7 through 8) provide information about the activities of the District's finances.

Notes to the Financial Statements – The notes provide additional information that is essential to a full understanding of the data provided in the District's financial statements. The notes to the financial statements can be found on pages 10 - 13.

Other Information – In addition to the basic financial statements and accompanying notes, this report also presents supplementary information. Supplemental information concerning the District is required by the Tennessee Emergency Communication Board. This other supplemental information can be found on pages 14 – 16 of this report.

Net assets - end of year	<u>\$ 562,736</u>	<u>\$ 540,084</u>

The District had a profit of \$22,652 compared to a profit in the prior year of \$55,599. This current year decrease in profit was the result of receiving fewer grants from the State Emergency Communication Board.

CAPITAL ASSETS AND DEBT ADMINISTRATION

Capital Assets

At the end of June 2010, the District had \$265,341 invested in a broad range of capital assets, including buildings and improvements, furniture and fixtures, office equipment, and communications equipment. There were no capital asset additions or capital asset disposals in the current year. Accumulated depreciation increased by \$37,750 due to depreciation. Additional information on capital assets is in Note 6.

Debt

At year-end, the District had no debt.

Independent Auditors' Report

Board of Directors
Decatur County Emergency Communication District
Decaturville, Tennessee

We have audited the accompanying financial statements of Decatur County Emergency Communication District (the District), a component unit of Decatur County, Tennessee, as listed in the table of contents, as of and for the year ended June 30, 2010. These financial statements are the responsibility of the District's management. Our responsibility is to express an opinion on these financial statements based on our audit.

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the District, as of June 30, 2010, and the changes in financial position, and its cash flows thereof for the year then ended in conformity with accounting principles generally accepted in the United States of America.

In accordance with *Government Auditing Standards*, we have also issued our report dated October 6, 2010, on our consideration of the District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and important for assessing the results of our audit.

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 3 – 5 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted principally of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's financial statements. The introductory section (pages 1 – 2) and the supplemental information (pages 14 – 16) are presented for purposes of additional analysis and are not required parts of the financial statements. The supplemental information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated in all material respects in relation to the financial statements taken as a whole. The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2010

1. GENERAL INFORMATION

GASB Conformity

The financial statements included herein are prepared in conformity with generally accepted accounting principles as set forth in the pronouncements of the Governmental Accounting Standards Board (GASB). The GASB is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. GASB Statement 20 - "Election of a Reporting Method" - required the Decatur County Emergency Communication District (the District) to elect either (1) all provisions of the Financial Accounting Standards Board (FASB) issued prior to 1989 for proprietary type funds, or (2) all of the provisions of the FASB regardless of the issue date for proprietary type funds. The District elected to adopt only the provisions of the FASB prior to 1989.

Component unit

The District provides 911 emergency assistance to persons living in Decatur County. The District is a component unit of Decatur County. Accordingly, this financial data is incorporated into the County's financial statements. The District is governed by nine members who serve staggered four-year terms. Board members are appointed by the County Mayor and ratified by the Decatur County Commission. The County Commission pays for dispatcher salaries and benefits and furnishes the District's operating headquarters. The District pays the County Commission \$4/hour per each District employee (as well as an additional \$.84/hour for the assistant director's salary) and pays all of the salary of one employee, which is shown as contract with government agencies expense.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Basis of Accounting

Basis of accounting refers to when revenues and expenses are recognized in the accounts and reported in the financial statements. Basis of accounting relates to the timing of the measurements made, regardless of the measurement focus applied.

Revenues and expenses are accounted for using the accrual basis of accounting. Revenues are recognized when earned and expenses are recognized when incurred.

Fixed Assets

All fixed assets of the District are recorded at original cost, except for donated equipment which is recorded at fair market value. Expenses which materially increase values or capacities, or extend useful lives of these assets are capitalized while expenses for maintenance and repairs are charged to operations as incurred.

DECATUR COUNTY EMERGENCY COMMUNICATION DISTRICT
(a component unit of Decatur County, Tennessee)
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2010

Gains and losses from the sale of fixed assets are reflected in operations and the asset accounts and related allowances for depreciation are reduced. Also, depreciation expense on all depreciable items is systematically charged against operations using the straight-line method over their estimated useful lives. Any related interest cost is also added to the cost of the asset as appropriate.

Operating revenues and expenses

Operating revenues and expenses are those that result from providing services. It also includes all revenue and expenses not related to capital and related financing, noncapital financing, or investing activities. All revenues that are not generated from daily operations are defined as nonoperating.

Fund Accounting

The accounts of the District are organized on the basis of funds. Government resources are allocated to and accounted for in individual funds based upon the purposes for which they are to be spent and the means by which spending activities are controlled. Each fund is accounted for with a separate set of self-balancing accounts that comprise its assets, liabilities, fund equity, revenues, and expenses, as appropriate. The accounts in the financial statements in this report fall under one broad fund category as follows:

Proprietary Funds

Enterprise Funds - Enterprise Funds are used to account for operations (a) that are financed and operated in a manner similar to private business enterprises - where the intent of the governing body is that the costs (expenses, including depreciation) of providing goods or services to the general public on a continuing basis be financed or recovered primarily through user charges; or (b) where the governing body has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability, or other purposes.

3. REVENUES

Revenues are derived from telephone customers in the area served by the District. The telephone company collects the fees on the monthly telephone bills (\$.65 per residence line and \$2.00 per business line) and remits them to the District. Revenues are also derived from wireless charges from cellular phone fees. The State of Tennessee collects these fees and remits them to the District bimonthly.

DECATUR COUNTY EMERGENCY COMMUNICATION DISTRICT
(a component unit of Decatur County, Tennessee)
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2010

4. RISK MANAGEMENT

All of the District's fixed assets are located in or on facilities owned by Decatur County. The District owns all office and communications equipment. The District is exposed to loss of personal property by fire, accident or an act of God, as well as tort liabilities and errors and omissions. The District is insured against these risks under the Decatur County Mayor's commercial insurance policy. It is also named as a component unit of Decatur County for basic general liability coverage of up to \$1,000,000 per liability. The District has had no insurance settlements in excess of insurance coverage during the past three years.

5. CASH AND CASH EQUIVALENTS

Cash and cash equivalents, as used in the Statement of Cash Flows, includes demand deposit accounts and certificates of deposit with original maturities of three months or less when purchased, in accordance with GASB Statement No. 9.

6. CAPITAL ASSETS

Capital asset activity for the year ended June 30, 2010, was as follows:

Total business-type activities capital assets, net	<u>\$ 303,091</u>	<u>\$ (37,750)</u>	<u>\$ -</u>	<u>\$ 265,341</u>

Depreciation expense of \$37,750 was recorded by the District.

7. STEWARDSHIP, COMPLIANCE AND ACCOUNTABILITY

By its nature as a local government unit, the District is subject to various federal, state, and local laws and contractual regulations. An analysis of the District's compliance with significant laws and regulations and demonstration of its stewardship over the District resources follows.

DECATUR COUNTY EMERGENCY COMMUNICATION DISTRICT
(a component unit of Decatur County, Tennessee)
NOTES TO THE FINANCIAL STATEMENTS
JUNE 30, 2010

7.A. DEPOSITS AND INVESTMENTS LAWS AND REGULATIONS

The District's investment policies are governed by State statute. Permissible investments include direct obligations of the U.S. Government and agency securities, certificates of deposit and savings accounts. The District has no policy that further limits allowable investments. At June 30, 2010, investments consisted entirely of a certificate of deposit with a local bank. Investments are carried at cost which approximates fair value.

For deposits and investments, custodial credit risk is the risk that in the event of a bank failure, the District's deposits may not be returned to it. The District does not have a policy regarding custodial credit risk for deposits. Collateral is required for demand deposits and certificates of deposit at 105% of all amounts not covered by federal deposit insurance. Obligations that may be pledged as collateral are obligations of the United States and its agencies and obligations of the State of Tennessee and its subdivisions. The District's deposits at year-end were not exposed to custodial credit risk due to being entirely covered by federal depository insurance.

7.B. BUDGET APPROPRIATIONS

In accordance with State law, the board of the District must adopt and operate under an annual budget. Criteria for the information required in the annual adopted budget are detailed in Section 7-86-120, *Tennessee Code Annotated*. However, for financial reporting purposes it is only necessary to present budgetary revenues and expenses compared to actual. All purchases must be made within the limits of the approved budget. Expenses must be presented at the legal level of control, which is defined to be at the line-item level.

The District's expenses were within appropriations at the line-item level.

8. ESTIMATES AND ASSUMPTIONS

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE
AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS**

Board of Directors
Decatur County Emergency Communication District
Decaturville, Tennessee

We have audited the financial statements of Decatur County Emergency Communication District (the District), a component unit of Decatur County, Tennessee, as of and for the year ended June 30, 2010, and have issued our report thereon dated October 6, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the District's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the District's internal control over financial reporting.

Our consideration of internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as discussed below, we identified a deficiency in internal control over financial reporting that we consider to be a material weakness.

2001-01 UNADJUSTED FINANCIAL STATEMENTS MATERIALLY MISSTATED

The District had materially misstated its financial statements because personnel did not adjust accounts receivable at year-end. Therefore, material audit adjustments were required to correct the financial statements.

RECOMMENDATION: Personnel should properly record all financial transactions as they occur. Infrequent transactions should be posted so that financials are in accordance with generally accepted accounting principles.

MANAGEMENT'S RESPONSE: We record all financial information as accurately as possible. We will strive to improve our accounting and financial reporting.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. We consider the deficiency described above to be a material weakness.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

DISPOSITION OF PRIOR AUDIT FINDINGS:

2009-01 INADEQUATE SEGREGATION OF DUTIES—Corrected.

The District's response to the finding identified in our audit is described above. We did not audit the District's response and, accordingly, we express no opinion on it.

This report is intended solely for the information and use of management, Board of Directors, and the State of Tennessee Comptroller's office and is not intended to be and should not be used by anyone other than these specified parties.
