INDEPENDENT AUDITORS' REPORT

Board of Directors
Lewis County Emergency Communications District
Hohenwald, Tennessee

I have audited the accompanying financial statements of Lewis County Emergency Communications District, a component unit of Lewis County, Tennessee for the year ended June 30, 2012, as listed in the table of contents. These financial statements are the responsibility of Lewis County Emergency Communications District's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted the audit in accordance with auditing standards generally accepted of the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. I believe that the audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Lewis County Emergency Communications District, a component unit of Lewis County, as of June 30, 2012, and the results of its operations and the cash flows for the year ending June 30, 2012 in conformity with accounting principles generally accepted of the United States of America.

In accordance with *Government Auditing Standards*, I have also issued my report dated September 30, 2012, on the consideration of Lewis County Emergency Communications District's internal control over financial reporting and the test of its compliance with certain provisions of laws, regulations, contracts, and grant agreement and other matters. The purpose of that report is to describe the scope of the testing of internal control over financial reporting and compliance and the results of that testing and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of the audit.

Accounting principles generally accepted in the United States of America require that the Required Supplementary Information which includes the Management's Discussion and Analysis be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. I have applied certain limited procedures to the required supplementary information including the Management's Discussion and Analysis in accordance with auditing standards generally accepted in the United State of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to my inquiries, the basic financial statements and other knowledge we obtained during the audit of the basic financial statements. I do not express an opinion or provide any assurance on the information because the limited procedures do not provide me with sufficient evidence to express an opinion or provide any assurance.

The audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the District's basic financial statements. The Introductory Section and the Supplementary Information, are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The Introductory Section and the Supplementary Information have been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United State of America. In our opinion, the Introductory Section and the Supplementary Information, is fairly stated in all material respects in relation to the basic financial statements as a whole.

John R Poole, CPA

Lewis County Emergency Communications District

Management's Discussion and Analysis

As management of the Lewis County Emergency Communications District, (the District) we offer readers of the District's financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2012. The analysis focuses on significant financial position, budget changes and variances from the budget, and specific issues related to funds and the economic factors affecting the District.

Management's Discussion and Analysis (MD&A) focuses on current year activities and resulting changes.

Financial Highlights:

The assets of the Lewis County Emergency Communications District exceeded its liabilities at the close of the most recent fiscal year by \$529,978. Of this amount, \$188,496 (unrestricted net assets) may be used to meet the District's ongoing obligations.

The District's total net assets increased by \$37,431 during the current year, primarily as a result of higher than expected revenues. Revenues were \$54,683 more in the current year than the prior year, primarily from higher than expected revenues from the State of Tennessee. Expenses were \$32,659 more than the prior year due to higher dispatcher and repair and maintenance costs.

Overview of the Financial Statements:

The Statement of Net Assets presents information on all the District's assets and liabilities, with the difference between the two reported as net assets. Over time, increases or decreases in net assets may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The Statement of Activities presents information showing how the District's net assets changed during the most recent fiscal year. All changes in net assets are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The basic financial statements can be found on pages 6-8 of this report. The notes provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes to the financial statements can be found on pages 9-11 of this report.

Financial Analysis of the Financial Statements

As noted earlier, net assets may serve over time as a useful indicator of the District's financial position. In the case of the Lewis County Emergency Communications District, assets exceeded liabilities by \$529,978 at the close of the most recent fiscal year.

By far the largest portion of the District's assets reflects its investment in capital assets. The District uses these capital assets to provide services to its customers; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, it should be noted that the resources needed to repay this debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate these liabilities.

LEWIS COUNTY EMERGENCY COMMUNICATIONS DISTRICT

Notes to Financial Statements

June 30, 2012

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Reporting Entity

Lewis County Emergency Communications District (District) was created as a public corporation under authority of the provisions of Chapter 867 of the Tennessee Public Acts of 1984. The District was formed to establish local emergency telephone service and a primary emergency number for the residents of Lewis County, Tennessee. The powers of the District are vested in and exercised by a majority of the members of the Board of Directors, who are appointed by the County. The District is considered a political subdivision and is exempt from Federal and State income taxes. The District is considered a component unit of Lewis County. The County appoints the Board of Directors and the County Commission may adjust service fees and must approve bonded debt. As a result, the Lewis County Commission indirectly imposes its will on the District.

Basis of Accounting

The accompanying financial statements of the District have been prepared on the accrual basis of accounting. Revenues are recognized when they are earned, and expenses are recognized when incurred. Expenditures are recognized in the accounting period in which the liability is incurred and is measurable.

The District applies all applicable GASB pronouncements as well as Financial Accounting Standards Board (FASB) pronouncements and Accounting Principles Board (APB) Opinions; issued on or before November 30, 1989 unless those pronouncements conflict with or contradict GASB pronouncements. The District has elected not to apply FASB Statements and interpretations issued after November 30, 1989.

Cash and Cash Equivalents

The District considers all highly liquid debt instruments purchased with maturities of 90 days or less to be cash equivalents.

Supply Inventory

Supply inventory is valued at the lower of cost (first-in, first-out) or market. Inventory items are considered expenditures when used (consumption method).

Property, Plant and Equipment

Property, plant and equipment of the District is recorded at cost. Depreciation is computed over the estimated life of the assets using the straight-line method. The estimated life for property, plant and equipment in service is from 5 to 10 years. The District does capitalize interest incurred on construction projects.

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reported period. Actual results could differ from those estimates.

LEWIS COUNTY EMERGENCY COMMUNICATIONS DISTRICT

Notes to Financial Statements

June 30, 2012

Note 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES, Continued

Budget

The District's annual budget is required by state law. The District's Board of Directors formally approve the budget. The budget is adopted on a basis consistent with generally accepted accounting principles. The Accounting and Financial Reporting Manual for Tennessee Emergency Communications Districts establishes the legal level of control to be at the line-item level. Management of the District has the authority to transfer budget amounts between line items.

Note 2 - CASH AND CERTIFICATES OF DEPOSIT

The District is authorized to invest funds in financial institutions and direct obligations of the Federal Government. During the year, the District invested funds that were not immediately needed in deposit accounts. The District has deposit policies to minimize custodial credit risks. Deposits in financial institutions are required by State Statute to be secured and collateralized by the institutions. The collateral must meet certain requirements and be deposited in an escrow account in a second bank for the benefit of the District and must total a minimum of 105% of the value of the deposits placed in the institutions less the amount protected by federal depository insurance. The District's deposits with financial institutions are fully insured or collateralized by securities held in the government's name.

Note 3 - CAPITAL ASSETS

A summary of changes in capital assets in service is as follows:

	<u>Balance</u> <u>6-30-11</u>	<u>Additions</u>	<u>Disposals</u>	<u>Balance</u> <u>6-30-12</u>
Building	829,446	-	-	829,446
Communications equipment	331,900	105,012	-	436,912
Less accumulated depreciation	<u>(207,157)</u>			<u>(278,451)</u>
Capital assets - net	<u>\$954,189</u>			<u>987,907</u>

Accumulated depreciation on the building was \$82,945 and accumulated depreciation on the communications equipment was \$195,506. Depreciation expense was \$71,294.

Assets not being depreciated:

	<u>6-30-11</u>	<u>Additions</u>	<u>Disposals</u>	<u>6-30-12</u>
Land	3,000	-	-	3,000

LEWIS COUNTY EMERGENCY COMMUNICATIONS DISTRICT

June 30, 2012

Note 4 - LONG-TERM DEBT

The following is a summary of changes in long-term debt:

	Balance <u>6-30-11</u>	<u>Additions</u>	<u>Retirements</u>	Balance <u>6-30-12</u>
Series 2005	\$ 674,425	-	25,000	649,425

Future maturities of note principal and interest are as follows:

<u>Year</u>	<u>Principal</u>	<u>Interest</u>
2013	30,000	29,210
2014	30,000	27,830
2015	30,000	26,450
2016	30,000	25,070
2017	35,000	23,575
2018-2022	195,000	92,575
2023-2027	235,000	52,015
2028	<u>54,425</u>	<u>3,795</u>
Total	<u>\$ 649,425</u>	<u>280,520</u>

The District used the proceeds of the loan for facility expansion.

Note 5 - RISK MANAGEMENT

The District is exposed to various risks of loss related to torts: theft of, damage to, and destruction of assets; errors and omissions, and natural disasters. The District purchases commercial financial bonded insurance for its Treasurer and Chairman. For all other risks, the District is included in the liability insurance of the Lewis County government. The coverage also includes fire and extended insurance for damages or loss which might occur to the District's equipment. There have been no claims during the last three years.

SUPPLEMENTAL INFORMATION

Financial schedules are used to demonstrate finance related legal and contractual compliance, provide details of data summarized in the financial statements and present other information deemed useful.

**INDEPENDENT AUDITORS' REPORT ON COMPLIANCE AND OTHER MATTERS AND ON
INTERNAL CONTROL OVER FINANCIAL REPORTING BASED ON AN AUDIT OF
FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT
AUDITING STANDARDS**

Board of Directors
Lewis County Emergency Communications District
Hohenwald, Tennessee

I have audited the financial statements (as listed in the table of contents) of Lewis County Emergency Communications District, a component unit of Lewis County, Tennessee for the year ending June 30, 2012, and have issued my report thereon dated September 30, 2012. I conducted the audit in accordance with generally accepted auditing standards of the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

Internal Control Over Financial Reporting

Management of the District is responsible for establishing and maintaining effective internal control over financial reporting. In planning and performing the audit, I considered the Lewis County Emergency Communications District's internal control over financial reporting as a basis for designing the auditing procedures for the purpose of expressing an opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Lewis County Emergency Communications District's internal control over financial reporting. Accordingly, I do not express an opinion on the effectiveness of the District's internal control over financial reporting.

My consideration of the internal control over financial reporting was for the limited purpose described in the preceding paragraph and was not designed to identify all deficiencies in internal control over financial reporting that might be significant deficiencies or material weaknesses and therefore, there can be no assurance that all deficiencies, significant deficiencies, or material weaknesses have been identified. However, as discussed below, I identified a deficiency in internal control over financial reporting that I consider to be a material weakness (2007-1 Lack of segregation of Duties).

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect and correct misstatements on a timely basis. A material weakness is a deficiency, or combination of deficiencies, in internal control such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. I consider the deficiency described below (2007-1) to be a material weakness.

The material weakness is as follows:

Prior Year:

2007-1 Separation of Duties

Due to the limited number of personnel employed by the District, several functions, which ideally should be performed by different individuals, are regularly performed by one person. I recommend that the District strengthen its internal control in cash receipts, cash disbursements, and reconciliation of cash.

Management Response:

Due to the size of the office, a complete separation of duties is not possible. However we are continuing to monitor office responsibilities and segregate duties as needed.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Lewis County Emergency Communications District's financial statements are free of material misstatement, I performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of the financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of the audit and, accordingly, I do not express such an opinion. The results of the tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Lewis County Emergency Communications District's response to the finding identified in the audit is described above. I did not audit the Management Response and, accordingly, I express no opinion on it.

I noted certain matters that I reported to management of the Lewis County Emergency Communications District in a separate letter dated September 30, 2012.

This report is intended solely for the information and use of the audit committee, management, and State Comptrollers Office and is not intended to be and should not be used by anyone other than these specified parties.
