To the County Mayor,
Members of the Board of Commissioners,
and Citizens of Monroe County, Tennessee

Annual Financial Report

The annual financial report of the Monroe County Emergency Communications District of Madisonville, Tennessee (a component unit of Monroe County, Tennessee) (the "District") for the fiscal year ended June 30, 2014, is hereby submitted. Responsibility for both the accuracy of the data and the completeness and fairness of the presentation, including all disclosures, rests with the District's management. To the best of our knowledge and belief, the enclosed data is accurate in all material respects and is reported in a manner designed to present fairly the financial position, results of operations, and cash flows of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The annual financial report is presented in three sections: introductory, financial and supplemental. The introductory section includes this transmittal letter and list of official management and board members. The financial section includes, as required by Governmental Accounting Standards Board Statement No. 34, the report of the independent auditors, the management discussion and analysis, the basic financial statements. Supplemental information is included in section three.

The purpose of the District is the operations of the number 911 as a single emergency telephone number through which emergency service can be quickly and efficiently obtained. The 911 system is intended to provide a simplified means of securing emergency services which will result in saving of life, a reduction in the destruction of property, quicker apprehension of criminals, and ultimately the saving of money.

Risk Management

The District acquires commercial insurance for the risks of losses to which it is exposed. These risks include general liability, property and casualty, workers compensation and health insurance. All full-time employees are provided with traditional health care insurance that covers hospitalization and major medical expenses within specified limits.

Employees are also provided life insurance and disability insurance. In addition, employees contribute to the Tennessee Consolidated Retirement System, with a matching share being contributed by the employer.

Cash Management

At the end of the fiscal year, June 30, 2014, the District has \$631,838 in bank accounts: checking and certificates of deposit.

Independent Audit

The financial statements of the District for the fiscal year ended June 30, 2014 have been audited by a firm of Independent Public Accountants, and their opinion is included in the Financial Section of this report.

The financial statements are the responsibility of the District. The responsibility of the Independent Public Accountants is to express an opinion on the District's financial statements based on their audit. An audit is conducted in accordance with auditing standards generally accepted in the United States of America. Those standards require that the audit be planned and performed in a manner to obtain a reasonable assurance as to whether the financial statements are free of material misstatement.

Acknowledgements

The employees of the District are its most valuable asset. These individuals serve productively in the operations 24 hours a day, three hundred sixty-five days a year. They continuously provide quality services to the citizens of Monroe County. It is to these committed individuals that this document is dedicated.

Respectfully submitted,

Dr. Boyd Curtis
Chairman of the Board

Clara Hitson
Director

MONROE COUNTY EMERGENCY COMMUNICATIONS DISTRICT
Madisonville, Tennessee

INDEPENDENT AUDITORS' REPORT

Board of Directors
Monroe County Emergency Communications District
Madisonville, Tennessee

Report on the Financial Statements

We have audited the accompanying financial statements of the business-type activities of the Monroe County Emergency Communications District, a component unit of Monroe County, Tennessee, as of and for the years ended June 30, 2014 and 2013, and the related notes to the financial statements which collectively comprise the District's basic financial statements, as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express opinions on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinions

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the business-type activities of the Monroe County Emergency Communications District, as of June 30, 2014 and 2013, and the respective changes in financial position and, where applicable, cash flows thereof for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis and required supplementary information be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Monroe County Emergency Communications District's basic financial statements. The introductory section and supplemental information are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The supplemental section is the responsibility of management and was derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplemental section is fairly stated in all material respects in relation to the basic financial statements as a whole.

The introductory section has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on them.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated January 12, 2015, on our consideration of the Monroe County Emergency Communications District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Monroe County Emergency Communications District's internal control over financial reporting and compliance.

Madisonville, Tennessee 37354

January 12, 2015

Our discussion and analysis of the Monroe County Emergency Communications District of Monroe County, Tennessee's financial performance provides an overview of the District's activities for the year ended June 30, 2014. Please read it in conjunction with the transmittal letter and the District's financial statements, as listed in the Table of Contents.

USING THIS ANNUAL REPORT

This annual report consists of a series of financial statements. The Statement of Net Position and the Statement of Revenues, Expenses and Changes in Net position provide information about the District as a whole and present a long-term view of the District's finances.

THE STATEMENT OF NET POSITION AND THE STATEMENT OF REVENUES, EXPENSES AND CHANGES IN NET POSITION

One of the most important questions asked about the District's finances is "Is the District better off or worse off as a result of this year's activities?" The Statement of Net position and the Statement of Revenues, Expenses and Changes in Net position report information about the District and about its activities that help answer this question. These statements include all assets and liabilities using the accrual basis of accounting, which is similar to the accounting used by most private-sector companies. All of the current year's revenues and expenses are taken into account, regardless of when cash is received or paid.

These two statements report the District's net position and changes in them. You can think of the District's net position – the difference between assets and liabilities – as one way to measure the District's financial health, or financial position. Over time, increases or decreases in the District's net position are one indicator of whether its financial health is improving or deteriorating.

FINANCIAL HIGHLIGHTS

The operations of the District (a component unit of Monroe County, Tennessee) are primarily funded as follows:

	<u>6-30-14</u>	<u>6-30-13</u>	<u>6-30-12</u>
Telephone and Wireless company "911" fees and Operational Funding	48.5%	59.0%	60.0%
Appropriations from Primary Government	19.6	13.0	13.0
Appropriations from other governments	22.3	20.0	19.0
TECB Grants/Other	9.4	7.8	7.8
Interest income	<u>0.2</u>	<u>0.2</u>	<u>0.2</u>
Total funding	<u>100.0%</u>	<u>100.0%</u>	<u>100.0%</u>

Operational costs for the E911 Center were \$758,635 for the fiscal year ended June 30, 2014.

NET POSITION

The analysis below focuses on the net position and changes in net position of the District.

	<u>2014</u>	<u>2013</u>	<u>2012</u>
Current assets	\$ 631,838	\$ 609,411	\$ 507,218
Non-current assets	<u>584,054</u>	<u>298,796</u>	<u>306,558</u>
Total Assets	<u>1,215,892</u>	<u>908,207</u>	<u>813,776</u>
Deferred outflows of resources	<u>-</u>	<u>-</u>	<u>-</u>
Current liabilities	<u>247,337</u>	<u>5,449</u>	<u>4,250</u>
Total Liabilities	<u>247,337</u>	<u>5,449</u>	<u>4,250</u>
Deferred inflows of resources	<u>-</u>	<u>-</u>	<u>-</u>
Net Position:			
Net investment in capital assets	338,353	298,796	306,558
Unrestricted	<u>630,202</u>	<u>603,962</u>	<u>502,968</u>
Total Net Position	<u>\$ 968,555</u>	<u>\$ 902,758</u>	<u>\$ 809,526</u>
Total Revenues	\$ 824,432	\$ 831,558	\$ 784,230
Total Expenses	<u>758,635</u>	<u>738,326</u>	<u>759,728</u>
Change in Net Position	<u>\$ 65,797</u>	<u>\$ 93,232</u>	<u>\$ 24,502</u>

Net position of the District increased by 7% during the current year. Unrestricted net position, the part of the net position that can be used to finance day-to-day operations, increased by 4%.

The ratios of Working Capital and Days Cash demonstrate the continuing ability to finance operations with cash. The stability of the current ratio and the liabilities to net position ratio demonstrate that the District has not financed its working capital and days cash with an increased proportion of debt. The following is a related schedule of ratios.

	<u>2014</u>	<u>2013</u>	<u>2012</u>
Working Capital (the amount by which current assets exceed liabilities)	\$ 385,001	\$ 603,962	\$ 502,968
Current Ratio (compares current assets to current liabilities – as an indicator of the ability to pay current obligations)	2.56	112	119
Days Cash and Investments (represents the number of days normal operations could continue with no revenue collections)	304	319	259

CAPITAL ASSETS

At the fiscal year ended June 30, 2014, the District had \$584,054 net investment in capital assets as outlined below (a 96% increase from the last year). The increase was primarily from the acquisition of equipment and building/improvements.

	<u>2014</u>	<u>2013</u>	<u>2012</u>
Buildings	\$ 392,895	\$ 138,278	\$ 128,832
Communication equipment	179,247	144,291	154,500
Other equipment	9,045	12,466	8,892
Office furniture and equipment	2,867	3,761	13,097
Vehicle	<u>-</u>	<u>-</u>	<u>1,237</u>
Totals	<u>\$ 584,054</u>	<u>\$ 298,796</u>	<u>\$ 306,558</u>

DEBT

At the fiscal year end, June 30, 2014, the District had authorized the issuance of debt (through the USDA Loan Program) not to exceed \$315,800 to finance an expansion and renovation of the District's building and equipment.

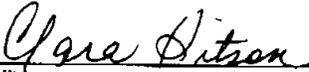

BUDGETS

The variances between the originally adopted budget for the fiscal year ended June 30, 2014, and the final budget were caused primarily by increased depreciation.

CONTACTING THE DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens with a general view of the District's finances and to show the District's accountability for the money it receives. If you have any questions about this report or need additional financial information, contact the Director of the District, P. O. Box 869, Madisonville, Tennessee 37354.

Respectfully submitted,

Clara Hitson
Director

MONROE COUNTY EMERGENCY COMMUNICATIONS DISTRICT
Madisonville, Tennessee
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2014 and 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The District complies with accounting principles generally accepted in the United States of America (GAAP). The District uses the required *Accounting and Financial Reporting Manual for Tennessee Emergency Communications Districts* effective July 1, 2008. GAAP includes all relevant Governmental Accounting Standards Board (GASB) pronouncements. The accounting and reporting framework and the more significant accounting policies are discussed in subsequent subsections of this Note.

A. FINANCIAL REPORTING ENTITY

The Monroe County Emergency Communications District of (911), a component unit of Monroe County, Tennessee, was established by a resolution of the Monroe County Board of Commissioners in April, 1986, and subsequently approved by the voters of Monroe County, pursuant to the provisions of Tennessee Public Acts of 1984, Chapter 867. The District began operations in March 1987.

The District is governed by nine (9) directors appointed by the Monroe County Board of County Commissioners. Before the issuance of most debt instruments, the District must obtain the approval of the Monroe County Board of County Commissioners. The District's Board employs a director and staff to conduct the daily business of the organization.

The purpose of the Monroe County Emergency Communications District is the operations of the number 911 as a single emergency telephone number through which emergency service can be quickly and efficiently obtained. The 911 system is intended to provide a simplified means of securing emergency services which will result in saving of life, a reduction in the destruction of property, quicker apprehension of criminals, and ultimately the saving of money.

B. BASIS OF PRESENTATION

The accounting system is organized and operated on a fund basis. A fund is defined as a fiscal and accounting entity with a self-balancing set of accounts, which are segregated for the purpose of carrying on specific activities in accordance with special regulations, restrictions or limitations. The Statement of Net position and Statement of Revenues, Expenses and Changes in Net position display information about the reporting District as a whole. The statements present the District as a business-type activity. Business-type activities are financed in whole or in part by fees charged to external parties for goods or services. Proprietary funds are used to account for business-like activities provided to the general public. These activities are financed primarily by user charges and the measurement of financial activity on net income measurement similar to the private sector.

C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING

Measurement focus is a term used to describe “which” transactions are recorded within the various financial statements. Basis of accounting refers to “when” transactions are recorded regardless of the measurement focus applied.

(Continued)

MONROE COUNTY EMERGENCY COMMUNICATIONS DISTRICT
Madisonville, Tennessee
NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2014 and 2013

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

C. MEASUREMENT FOCUS AND BASIS OF ACCOUNTING (Continued)

Measurement Focus

On the Statement of Net position and the Statement of Revenues, Expenses and Changes in Net Position, business-like activities are presented using the economic resources measurement focus as defined below.

The proprietary fund utilizes an “economic resources” measurement focus. The accounting objective of this measurement focus are the determination of operating income, changes in net position (or cost recovery), financial position, and cash flows. All assets and liabilities (whether current or noncurrent) associated with their activities are reported. Proprietary fund equity is classified as net position.

Basis of Accounting

In the Statement of Net Position and Statement of Revenues, Expenses and Changes in Net Position, a business-like activity (proprietary type) is presented using the accrual basis of accounting. Under the accrual basis of accounting, revenues are recognized when earned and expenses are recorded when the liability is incurred or economic asset used. Revenues, expenses, gains, losses, assets, and liabilities resulting from exchange and exchange-like transactions are recognized when the exchange takes place. Allocations of costs such as depreciation are recorded in proprietary funds.

D. ASSETS, LIABILITIES, AND EQUITY

Cash and Investments

For the purpose of the Statement of Net Position, “cash, including time deposits” includes all demand, savings accounts, and certificates of deposits of the District. For the purpose of the proprietary fund Statement of Cash Flows, “cash and cash equivalents” include all demand and savings accounts, and certificates of deposit or short-term investments with an original maturity of three months or less.

Investments, if applicable, are carried at fair value except for short-term U.S. Treasury obligations with a remaining maturity at the time of purchase of one year or less. Those investments are reported at amortized cost. Fair value is based on quoted market price.

Receivables

In the basic financial statements, receivables consist of all revenues earned at year-end and not yet received. Allowances for uncollectible accounts receivable are based upon historical trends and the periodic aging of accounts receivable. Major receivable balances for the District activities include emergency telephone service revenue and rent earned.

D. ASSETS, LIABILITIES, AND EQUITY (Continued)

Capital Assets and Depreciation

In the basic financial statements, fixed assets are accounted for and capitalized as capital assets. All fixed assets are valued at historical cost or estimated historical cost if actual is unavailable, except for donated fixed assets which are recorded at their estimated fair value at the date of donation.

Depreciation of capital assets is recorded as an expense in the Statement of Activities, with accumulated depreciation reflected in the Statement of Net Position. Depreciation is provided over the assets' estimated useful lives using the straight-line method of depreciation. The range of estimated useful lives by type of asset is as follows:

Buildings	25 – 50 years
Improvements	10 – 50 years
Machinery and equipment	03 – 20 years

Compensated Absences

The District's policies regarding vacation time permit employees to accumulate earned but unused vacation leave. At June 30, 2014 and 2013 the District had no liability for compensated absences or accumulated sick leave. Vacation days are required to be used during each fiscal year with no carry-over to future periods.

Net Position Classifications

Net position is classified as net position and displayed in two components:

- a. Net investment in capital assets – consists of capital assets including restricted capital assets, net of accumulated depreciation and reduced by the outstanding balances of any bonds, mortgages, notes, or other borrowings that are attributable to the acquisition, construction, or improvement of those assets.
- b. Unrestricted net position – All other net position that do not meet the definition of "restricted" or "invested in capital assets."
- c. Restricted net position comprise those amounts contained to be used for a specific purpose by external parties, constitutional provisions or enabling legislation.

When both restricted and unrestricted funds are available for expenditures, restricted funds are spent first unless legal requirements disallow it.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

E. REVENUES AND EXPENSES

Operating revenues and expenses for proprietary funds are those that result from providing services and producing and delivering goods and/or services. It also includes all revenue and expenses not related to capital and related financing, non-capital financing, or investing activities.

Operating Revenues/Expenses

Operating revenues and expenses generally result from providing services in connection with the proprietary fund's ongoing operations.

The principal operating revenue of the District is established by "tariff rate", a flat monthly recurring telephone charge for one-party residence and another rate for business exchange access service within the base rate area governed by the boundaries of the District. Revenue is collected by telephone service providers and remitted monthly to the District. Rates were \$0.65 for residence lines and \$2.00 for business lines. Wireless fees are collected and remitted bi-monthly to the District through the State of Tennessee.

Operating expenses include salaries, employee benefits, purchased services, supplies, materials, and depreciation on capital assets. In the financial statements, expenses are classified by function for business-type activities by operating and non-operating.

Non-operating Revenues/Expenses

Non-operating revenues/expenses are all other revenues and expenses not meeting the definition of operating revenues/expenses above. The District's principal non-operating revenues are rent, terminal fees, local government appropriations, and interest income.

F. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY

By its nature as an Emergency Communications District (E-911) unit, the entity is subject to various federal, state, and local laws and contractual regulations. An analysis of the entity's compliance with significant laws and regulations and demonstration of its stewardship over entity resources follows.

Fund accounting requirements

The E-911 complies with all state and local laws and regulations pertaining to Emergency Communications Districts as prescribed in the *Accounting and Financial Reporting Manual for Tennessee Emergency Communications Districts* issued by the State of Tennessee, Comptroller of the Treasury, Division of County Audit, effective July 1, 2008.

NOTE 1 – SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

F. STEWARDSHIP, COMPLIANCE, AND ACCOUNTABILITY (Continued)

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Annual Budget

An annual budget is adopted by the District, approved by the Board of Directors, and submitted to the Tennessee Emergency Communications Board. The budget is based on expected expenses and estimated revenue resources. The budgetary basis is the accrual basis of accounting. If changes to estimated amounts become evident during the fiscal year, the District Board may amend the budget. All budget items lapse at the end of the fiscal year. Budgetary comparison schedules are presented in the supplemental section of the basic financial statements. As required by the *Accounting and Reporting Manual for Tennessee Emergency Communications Districts*, the legal level of budgetary control is at the line-item level.

NOTE 2 – CASH

In order to provide a safe temporary medium for investment of idle funds, districts are authorized by TCA 6-56-106 to invest in the following:

- (1) Bonds, notes, or treasury bills of the United States;
- (2) Non-convertible debt securities of certain issuers;
- (3) Other obligations which are guaranteed as to principal and interest by the United States or any of its agencies;
- (4) Certificates of Deposit at state and federal chartered banks and savings and loans associations;
- (5) Obligations of the United States or its agencies under a repurchase agreement if approved as an authorized investment by the State Director of Local Finance;
- (6) Money market funds whose portfolios consist of any of the foregoing investments if approved as an authorized investment by the State Director of Local Finance; and
- (7) The Local Government Investment Pool under which local monies are transferred to and invested with the State Treasurer's cash portfolio.

NOTES TO BASIC FINANCIAL STATEMENTS
June 30, 2014 and 2013

NOTE 2 – CASH (Continued)

Cash includes bank balances and certificates of deposit that at the balance sheet date were either entirely insured or collateralized with securities held by the Tennessee Investment Collateral Pool.

Interest Rate Risk - The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair-value losses arising from increasing interest rates.

Credit Risk – It is the District's policy to minimize custodial credit risk associated with cash deposits by utilizing financial institutions that issue deposits through the Federal Deposit Insurance Corporation and participate in the Tennessee State Collateral Pool. In addition, other investment credit risk losses are minimized by limiting investments to the safest types of securities.

MONROE COUNTY EMERGENCY COMMUNICATIONS DISTRICT

Madisonville, Tennessee

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2014 and 2013

NOTE 4 – COMMITMENT – AT&T

AT&T (formerly BellSouth) furnishes Stand Alone Location Identification (SALI) equipment to the District at the rates prescribed by the tariffs of the Tennessee Public Service Commission (TPSC). These rates charged by AT&T vary with increases or decreases mandated by the TPSC, and for the Per 1000 Access Lines Served for the Combined Automatic Number and SALI. The access charge is based upon the maximum number of access lines in service during the calendar year and is adjusted annually at the end of each calendar year.

The lease term with AT&T is indefinite as to time and is currently at a rate of \$1,990 per month.

NOTE 5 – EMPLOYEES' RETIREMENT PLAN

Plan Description:

Employees of Monroe County Emergency Communications District are members of the Political Subdivision Pension Plan (PSPP), an agent multiple-employer defined benefit pension plan administered by the Tennessee Consolidated Retirement System (TCRS). TCRS provides retirement benefits as well as death and disability benefits. Benefits are determined by a formula using the member's high five-year average salary and years of service. Members become eligible to retire at the age of 60 with five years of service or at any age with 30 years of service. A reduced retirement benefit is available to vested members at the age of 55. Disability benefits are available to active members with five years of service who become disabled and cannot engage in gainful employment. There is no service requirement for disability that is the result of an accident or injury occurring while the member was in the performance of duty. Members joining the system after July 1, 1979 become vested after five years of service and members joining prior to July 1, 1979 were vested after four years of service. Benefit provisions are established in the state statute found in Title 8, Chapter 34 – 37 of the *Tennessee Code Annotated* (TCA). State statutes are amended by the Tennessee General Assembly. Political subdivisions such as Monroe County Emergency Communications District participate in the TCRS as individual entities and are liable for all costs associated with the operation and administration of their plan. Benefit improvements are not applicable to a political subdivision unless approved by the chief governing body.

The TCRS issues a publicly available financial report that includes financial statements and required supplementary information for the PSPP. That report may be obtained by writing to Tennessee Treasury Department, Consolidated Retirement System, 15th Floor Andrew Jackson Building, Nashville, TN 37243-0230 or can be accessed at <http://www.tn.gov/treasury/tcrs/PS/>.

Funding Policy

Monroe County Emergency Communications District requires employees to contribute 5.0 percent of earnable compensation.

Monroe County Emergency Communications District is required to contribute at an actuarially determined rate; the rate for the fiscal year ended June 30, 2014 was 5.61% of annual covered payroll. The contribution requirement of plan members is set by state statute. The contribution requirement for Monroe County Emergency Communications District is established and may be amended by the TCRS Board of Trustees.

Madisonville, Tennessee

NOTES TO BASIC FINANCIAL STATEMENTS

June 30, 2014 and 2013

NOTE 5 – EMPLOYEES' RETIREMENT PLAN (Continued)

Annual Pension Cost

For the year ended June 30, 2014, Monroe County Emergency Communications District's annual pension cost of \$21,017 to TCRS was equal to Monroe County Emergency Communication District's required and actual contributions. The required contribution was determined as part of the July 1, 2011 actuarial valuation using the frozen entry age actuarial cost method. Significant actuarial assumptions used in the valuation include (a) rate of return on investment of present and future assets of 7.5 percent a year compounded annually, (b) projected 3.0 percent annual rate of inflation, (c) projected salary increases of 4.75 percent (graded) annual rate (no explicit assumption is made regarding the portion attributable to the effects of inflation on salaries), (d) projected 3.5 percent annual increase in the Social Security wage base, and (e) projected post retirement increases of 2.5 percent annually. The actuarial value of assets was determined using techniques that smooth the effect of short-term volatility in the market value of total investments over a ten-year period. Monroe County Emergency Communication District's unfunded actuarial accrued liability is being amortized as a level dollar amount on a closed basis. The remaining amortization period at July 1, 2011 was 3 years. An actuarial valuation was performed as of July 1, 2011, which established contribution rates effective July 1, 2012.

Trend Information

<u>Fiscal Year Ending</u>	<u>Annual Pension Cost(APC)</u>	<u>Percentage of APC Contributed</u>	<u>Net Pension Obligation</u>
6/30/14	\$ 21,017	100.00%	\$ -
6/30/13	21,962	100.00%	-
6/30/12	23,468	100.00%	-

Funded Status and Funding Progress

As of July 1, 2011, the most recent actuarial valuation date, the plan was 98.63 percent funded. The actuarial accrued liability for benefits was 0.81 million, and the actuarial value of assets was \$0.80 million, resulting in an unfunded actuarial accrued liability (UAAL) of \$0.01 million. The covered payroll (annual payroll of active employees covered by the plan) \$0.39 million, and the ratio of the UAAL to the covered payroll was 2.82 percent.

The schedules of funding progress, presented as required supplementary information (RSI) following the notes to the financial statements, present multiyear trend information about whether the actuarial values of plan assets are increasing or decreasing over time relative to the AALs for benefits.

NOTE 6 – DEBT

During the year ended June 30, 2014 the District received construction advances from USDA amounting to \$245,701. Total debt approved will not exceed \$315,800 with interest at 3.375%, payable over 39 years at \$1,216 per month (principal and interest).

NOTE 7 – RISK FINANCING ACTIVITIES

It is the policy of the District to purchase commercial insurance for the risks of losses to which it is exposed. These risks include general liability, property and casualty, worker's compensation, and employee health insurance. Settled claims have not exceeded commercial coverage in any of the past three (3) fiscal years.

NOTE 8 – SUBSEQUENT EVENTS

The date to which events occurring after June 30, 2014, the date of the most recent balance sheet, have been evaluated for possible adjustment to the financial statements or disclosures is January 12, 2015, which is the date on which the financial statements were issued. During December 2014, the District signed a closing certificate for USDA loan of \$315,800 for financing building and equipment improvements.

INDEPENDENT AUDITORS' REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED
IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

Board of Directors
Monroe County Emergency Communications District
Madisonville, Tennessee

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States, the financial statements of the business-type activities of the Monroe County Emergency Communications District, as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the Emergency Communications District of Monroe County County, Tennessee's basic financial statements, and have issued our report thereon dated January 12, 2015.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free of material misstatement, we performed tests of its compliance, with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Governmental Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
