MANAGEMENT'S DISCUSSION AND ANALYSIS

MANAGEMENT'S DISCUSSION AND ANALYSIS

As management of the Bristol Tennessee Emergency Communications District (the "District"), we offer readers of our financial statements this narrative overview and analysis of the financial activities of the District for the fiscal year ended June 30, 2014. It should be read in connection with the District's financial statements and related notes included in this report.

Financial Highlights

- The assets of the District exceeded its liabilities at the close of the most recent fiscal year by \$1,232,709 (net position). Of this amount, \$1,191,439 (unrestricted net position) may be used to meet the District's ongoing obligations to customers and creditors.
- The District's net position increased by \$84,435, which was attributable to the net income of the District for the year.

Overview of the Financial Statements

This discussion and analysis is intended to serve as an introduction to the District's financial statements. Since the District is engaged in business-type activities, its basic financial statements are comprised of only two components: 1) enterprise fund financial statements and 2) notes to the financial statements. The report also contains other supporting schedules in addition to the basic financial statements themselves.

Enterprise fund financial statements. The enterprise fund financial statements are designed to provide readers with a broad overview of the District's finances, in a manner similar to a private-sector business.

The statement of net position presents information on the District's assets and liabilities, with the difference between the two reported as net position. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the District is improving or deteriorating.

The statement of revenues, expenses and changes in net position presents information showing how the District's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of the cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

The basic enterprise fund financial statements can be found on pages 12 through 14 of this report.

Notes to financial statements. The notes provide additional information that is essential to a full understanding of the data provided in the financial statements. The notes to the financial statements can be found on pages 15 through 18 of this report.

Other information. In addition to the basic financial statements and accompanying notes, this report also presents certain other supporting schedules including the District's budget to actual comparisons of revenues and expenses on the basis of accounting on which the District presents its budget. The other supporting schedules can be found on pages 20 through 22 of this report.

Financial Analysis

As noted earlier, net position may serve over time as a useful indicator of a District's financial position. In the case of the District, assets exceeded liabilities by \$1,232,709 at the close of the most recent fiscal year.

The District uses its capital assets to provide emergency communications services to its customers; consequently, these assets are not available for future spending. Although the District's investment in its capital assets is reported net of related debt, if any, it should be noted that the resources needed to repay any debt must be provided from other sources, since the capital assets themselves cannot be used to liquidate those liabilities.

	Net Position	
	2014	2013
Current assets	\$ 1,199,710	\$ 1,086,403
Capital assets	<u>41,270</u>	<u>63,100</u>
Total assets	<u>\$ 1,240,980</u>	<u>\$ 1,149,503</u>
Current liabilities	\$ 8,271	\$ 1,229
Total liabilities	<u>\$ 8,271</u>	<u>\$ 1,229</u>
Net position:		
Investment in capital assets	\$ 41,270	\$ 63,100
Unrestricted	<u>1,191,439</u>	<u>1,085,174</u>
Total net position	<u>\$ 1,232,709</u>	<u>\$ 1,148,274</u>

(Continued)

Financial Analysis (continued)

	<u>Changes in Net Position</u>	
	<u>2014</u>	<u>2013</u>
Revenues		
Surcharge revenue	\$ 398,236	\$ 404,706
Non-operating revenue	<u>69,615</u>	<u>151,246</u>
Total revenues	<u>\$ 467,851</u>	<u>\$ 555,952</u>
Expenses		
Contracts with government agencies	\$ 195,915	\$ 181,856
Depreciation	28,009	46,927
Lease/rental – communications equipment	108,857	106,235
Other	<u>50,635</u>	<u>54,181</u>
Total expenses	<u>\$ 383,416</u>	<u>\$ 389,199</u>
Increase in net position	\$ 84,435	\$ 166,753
Net position – July 1	<u>1,148,274</u>	<u>981,521</u>
Net position – June 30	<u>\$ 1,232,709</u>	<u>\$ 1,148,274</u>

The District's net position increased during the current fiscal year by \$84,435. Revenues decreased by \$88,101, or by 15.8%, primarily due to receipt of less State of Tennessee grants/reimbursements during the current year and the continued decline of landline surcharge revenue. Expenses decreased by \$5,783, or by 1.5%, largely due to a decrease in depreciation expense although there was an increase in government agency contract expenses.

Requests for Information

This financial report is designed to provide a general overview of the District's finances for all those with an interest in the District's finances. Questions concerning any of the information provided in this report or requests for additional information should be addressed to the Bristol Tennessee Emergency Communications District, 801 Anderson Street, Bristol, Tennessee 37620.

INDEPENDENT AUDITOR'S REPORT

To the Board of Directors
Bristol Tennessee Emergency
Communications District
Bristol, Tennessee

Report on the Financial Statements

We have audited the accompanying financial statements of Bristol Tennessee Emergency Communications District (the "District") as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States, and the *Accounting and Financial Reporting Manual for Tennessee Emergency Communications Districts* published by the Tennessee Office of the Comptroller of the Treasury. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Bristol Tennessee Emergency Communications District as of June 30, 2014, and the changes in financial position and cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the management's discussion and analysis on pages 6 - 8 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the financial statements that collectively comprise the District's basic financial statements. The Introductory Section and accompanying information listed as supporting schedules in the Table of Contents are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The Statement of Revenues and Expenses Detail-Budget to Actual Comparison and the Statement of Surcharge Rates listed as supporting schedules in the Table of Contents are the responsibility of management and were derived from and relate directly to the underlying accounting and other records used to prepare the basic financial statements. Such information, has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The Schedule of Insurance Coverage has not been subjected to the auditing procedures applied in the audit of the basic financial statements and, accordingly, we do not express an opinion or provide any assurance on it.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated November 20, 2014, on our consideration of Bristol Tennessee Emergency Communications District's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering Bristol Tennessee Emergency Communications District's internal control over financial reporting and compliance.

BRISTOL TENNESSEE EMERGENCY
COMMUNICATIONS DISTRICT

NOTES TO FINANCIAL STATEMENTS
June 30, 2014

Note 1. Summary of Significant Accounting Policies

Financial Reporting Entity

The Tennessee General Assembly's passage of Emergency Communications District Law (Acts 1984, ch. 867) declared that the establishment of a uniform emergency number to shorten the time required for a citizen to request and receive emergency aid is a matter of public concern and interest. It is the intent of communication districts to provide a simplified means of securing emergency services.

The legislative body of any municipality or county may, by ordinance or resolution, respectively, create an emergency communications district within all or part of the boundaries of such municipality or county. Prior to the establishment of such district, an election must be held and certified by the County Election Commission indicating the voters' approval of the communication district. Such an election was held in Bristol, Tennessee in March, 1994, whereby the voters approved a referendum which formed the Bristol Tennessee Emergency Communications District (the "District"). The District began operations July 1, 1994.

Measurement Focus and Basis of Accounting

The District's financial statements are reported using the economic resources measurement focus and the *accrual basis of accounting*. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

The District distinguishes *operating* revenues and expenses from *non-operating* items. Operating revenues and expenses generally result from providing services and producing and delivering goods in connection with the District's principal ongoing operations. The principal operating revenues of the District are surcharge revenues. Operating expenses include the equipment expenses, administrative expenses and depreciation on capital assets. All revenues and expenses not meeting this definition are reported as non-operating revenues and expenses.

Budgets and Budgetary Accounting

In accordance with *Tennessee Code Annotated 7-86-120*, an annual budget is adopted by the District. The budget is approved by the Board and is also submitted to the City of Bristol, Tennessee. Expenses are presented at the legal level of control, which in accordance with the *Accounting and Financial Reporting Manual for Tennessee Emergency Communications Districts*, is the line-item level.

The following procedures are used by the Board in establishing the budgetary data reflected in the financial statements:

1. Formal budgetary integration is employed as a management control device during the year.
2. Budgets are adopted on a cash basis. A reconciliation of the budgetary data to the accrual basis financial statements is included in Note 7.
3. All budgetary data presented in the supporting schedules is the final approved revised data.
4. Budget items can only be revised upon approval of the Board of Directors.
5. Expenses cannot legally exceed the line item level.

(Continued)

BRISTOL TENNESSEE EMERGENCY
COMMUNICATIONS DISTRICT

NOTES TO FINANCIAL STATEMENTS
June 30, 2014

Note 1. Summary of Significant Accounting Policies (Continued)

Cash and Cash Equivalents

For purposes of the Statement of Cash Flows, cash and cash equivalents are defined as highly liquid investments with an original maturity of three months or less from the date of acquisition.

Surcharge Revenue

The District recognizes surcharge revenue when earned. Century Link and BTES, the local telephone service suppliers collect and remit surcharge revenues on a monthly basis. Surcharge revenue collections are being remitted to the District within thirty (30) days subsequent to the last business day of the preceding month. The service suppliers are entitled to and retain three percent (3%) of their collected surcharges as an administrative fee. The State of Tennessee also collects surcharge revenue from Charter Communications and remits those funds to the District on an annual basis. The District also receives revenue from the State of Tennessee for wireless revenue. This revenue is equivalent to 25% of the revenue generated by wireless communications and is based on a proportion of the population of each District. These funds are remitted to the District on a bi-monthly basis. The District, and all properties at any time owned by it and the income therefrom, and all bonds issued by it and the income therefrom, is exempt from all taxation in the State of Tennessee (Acts 1984, ch. 867). Because collection remittances are certain, there is no allowance for bad debt against Accounts Receivable shown on the balance sheet.

Depreciation

Depreciation for capital assets, those falling under the District's capitalization policy of \$1,000, is provided on the straight-line and declining balance methods over the estimated useful lives, which range from three to ten years. Certain assets that are deemed to be used more in earlier years follow an accelerated method of depreciation. When assets are retired or otherwise disposed of, the cost and related accumulated depreciation are removed from the accounts and any resulting gain and loss is recognized in income or expense as incurred.

Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

Net Position

Net position is the difference between assets and liabilities. Net investment in capital assets is capital assets, less accumulated depreciation and any outstanding debt related to the acquisition, construction or improvement of those assets.

Note 2. Cash and Cash Equivalents

State statutes authorize the District to invest in obligations of the federal government, state government, the state investment pool, certificates of deposit and other time deposits, and repurchase agreements.

All of the District's cash and cash equivalents were deposited with financial institutions at June 30, 2014. All deposits in excess of Federal Deposit Insurance Corporation (FDIC) limits were fully collateralized by the Tennessee Bank Collateral Pool.

Vehicles	<u>23,500</u>	<u>-</u>	<u>-</u>	<u>23,500</u>
Total capital assets, being depreciated	<u>408,003</u>	<u>6,179</u>	<u>-</u>	<u>414,182</u>
Less accumulated depreciation for:				
Furniture and fixtures	50,579	5,579	-	56,158
Office equipment	36,477	-	-	36,477
Communications equipment	234,347	22,430	-	256,777
Vehicles	<u>23,500</u>	<u>-</u>	<u>-</u>	<u>23,500</u>
Total accumulated depreciation	<u>344,903</u>	<u>28,009</u>	<u>-</u>	<u>372,912</u>
Total capital assets depreciated, net	<u>63,100</u>	<u>-</u>	<u>21,830</u>	<u>41,270</u>
Total capital assets, net	<u>\$ 63,100</u>	<u>\$ -</u>	<u>\$ 21,830</u>	<u>\$ 41,270</u>

Depreciation expense for the fiscal year ended June 30, 2014, was \$28,009.

Note 4. Leases

Operating Leases

The District leases certain telecommunications equipment under an operating lease, which began October 1, 2005, with Century Link that expired on October 1, 2010. This lease had an automatic renewal function, which the District allowed to renew. The District is now on a month to month lease and is required to provide a ninety day notice to Century Link prior to discontinuing the lease. The lease payments are \$7,450 per month.

The District entered into a joint lease with Century Link effective December 1, 2012 along with seven other regional Emergency Communication Districts to lease floor space for Next Gen 911 equipment at Century Link's Bristol and Johnson City facilities. The lease is for a five year period and was paid in full upfront. The District's portion of the lease payment was \$6,750 and will be amortized over the term of the lease.

Lease and rental expenses were \$108,857 for the fiscal year ended June 30, 2014.

BRISTOL TENNESSEE EMERGENCY
COMMUNICATIONS DISTRICT

NOTES TO FINANCIAL STATEMENTS
June 30, 2014

Note 5. Related Organizations

The District and the City of Bristol, Tennessee are parties in an "Inter-local Cooperation Agreement". According to the terms of the agreement, the District, in return for the City providing certain benefits, is to reimburse the City for the cost of those benefits out of its surcharge revenues. The benefits referred to above consist of use of the physical plant and equipment along with services of the General Manager, personnel, administrative and other services provided the District.

For the year ended June 30, 2014, the District reimbursed the City \$195,915.

Note 6. Risk Management

The District is exposed to various risks of losses related to torts; thefts of, damage to, and destruction of assets; errors and omissions; and natural disasters. The District maintains commercial insurance coverage for each of the above risks of loss.

Management believes the coverage is adequate to preclude any significant uninsured risk exposure to the District.

There were no significant reductions in insurance coverage from the prior year and no settlements that exceeded the amount of insurance coverage since the inception of the District.

Note 7. Budgetary Reconciliation

Change in net position, per Statement of Revenues, Expenses and Changes in Net Position	\$ 84,435
Differences in budgetary basis:	
Depreciation not recorded on budgetary basis	28,009
Conversion of revenues and expenses to the budgetary basis, net	<u>(10,184)</u>
Change in net position, per budgetary basis	<u>\$ 102,260</u>

Note 8. Subsequent Events

Management evaluated all activity of the District through November 20, 2014 (the issue date of the financial statements) and concluded that no subsequent events have occurred that would require recognition in the Financial Statements or disclosures in the Notes to the Financial Statements.

COMPLIANCE SECTION

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND
ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL
STATEMENTS PERFORMED IN ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS*

To the Board of Directors
Bristol Tennessee Emergency
Communications District
Bristol, Tennessee

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States and the *Accounting and Financial Reporting Manual for Tennessee Emergency Communications Districts* published by the Tennessee Office of the Comptroller of the Treasury, the financial statements of the Bristol Tennessee Emergency Communications District (the "District"), as of and for the year ended June 30, 2014, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated November 20, 2014.

Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the District's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the District's internal control. Accordingly, we do not express an opinion on the effectiveness of the District's internal control.

A *deficiency in internal control* exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or, significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the District's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.
