Ladies and Gentlemen:

Transmitted herewith is the financial and compliance audit of the Local Government Group Insurance Fund for the year ended June 30, 2009. You will note from the independent auditor's report that an unqualified opinion was given on the fairness of the presentation of the financial statements.

Consideration of internal control over financial reporting and tests of compliance resulted in no audit findings.

Sincerely,

Arthur A. Hayes, Jr., CPA
Director

Financial and Compliance Audit
Local Government Group Insurance Fund
For the Year Ended June 30, 2009

AUDIT OBJECTIVES

The objectives of the audit were to consider the fund's internal control over financial reporting; to determine compliance with certain provisions of laws, regulations, and contracts; to determine the fairness of the presentation of the financial statements; and to recommend appropriate actions to correct any deficiencies.

AUDIT FINDINGS

The audit report contains no findings.

OPINION ON THE FINANCIAL STATEMENTS

The opinion on the financial statements is unqualified.

Local Government Group Insurance Fund For the Year Ended June 30, 2009

INTRODUCTION

POST-AUDIT AUTHORITY

This is a report on the financial and compliance audit of the Local Government Group Insurance Fund. The audit was conducted pursuant to Section 4-3-304, *Tennessee Code Annotated*, which authorizes the Department of Audit to “perform currently a post-audit of all accounts and other financial records of the state government, and of any department, institution, office, or agency thereof in accordance with generally accepted auditing standards and in accordance with such procedures as may be established by the comptroller.”

Section 8-4-109, *Tennessee Code Annotated*, authorizes the Comptroller of the Treasury to audit any books and records of any governmental entity that handles public funds when the Comptroller considers an audit to be necessary or appropriate.

BACKGROUND

The Local Government Insurance Committee was created in July 1991 by an act of the General Assembly, codified as Title 8, Chapter 27, Section 207, *Tennessee Code Annotated*. The purpose of the committee is to provide a program of health insurance coverage for employees of local governments and quasi-governmental organizations that were established for the primary purpose of providing services for or on behalf of state and local governments.

ORGANIZATION

The Local Government Insurance Committee oversees the administration of the Local Government Group Insurance Fund. The insurance committee is composed of the Commissioner of Finance and Administration, the Comptroller of the Treasury, the State Treasurer, one representative appointed by the Tennessee Municipal League, and one representative appointed by the Tennessee County Services Association.

The Department of Finance and Administration, Division of Insurance Administration, is responsible for processing all payments and cash receipts of the fund through the state’s accounting systems.

BlueCross BlueShield of Tennessee, Magellan Health Services, United Healthcare, and Cigna Healthcare are the contractors for the self-insured programs. These contractors process all

participant claims, make all claim payments, provide access to a preferred provider organization, and carry out all utilization management functions.

An organization chart of the fund's administration is on the following page.

AUDIT SCOPE

The audit was limited to the period July 1, 2008, through June 30, 2009, and was conducted in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in generally accepted government auditing standards. Financial statements are presented for the year ended June 30, 2009, and for comparative purposes, the year ended June 30, 2008. The Local Government Group Insurance Fund forms an integral part of state government and as such has been included as an enterprise fund in the *Tennessee Comprehensive Annual Financial Report*.

The audit covered fund 58 of the State of Tennessee Accounting and Reporting System (allotment code 317.86) and fund code 58000 of Edison (business unit 31786).

OBJECTIVES OF THE AUDIT

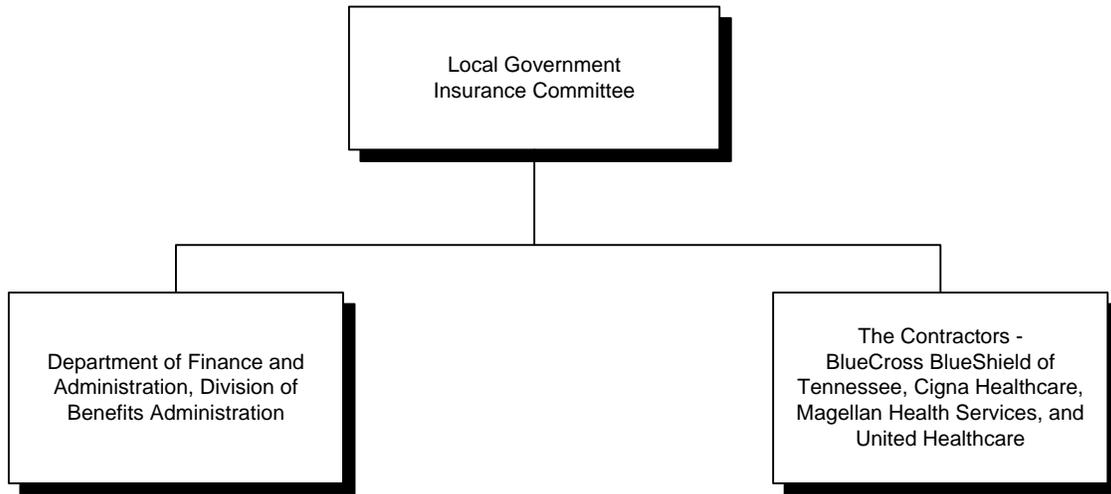

The objectives of the audit were

1. to consider the fund's internal control over financial reporting as a basis for designing auditing procedures for the purpose of expressing an opinion on the financial statements;
2. to determine compliance with certain provisions of laws, regulations, and contracts;
3. to determine the fairness of the presentation of the financial statements; and
4. to recommend appropriate actions to correct any deficiencies.

PRIOR AUDIT FINDINGS

There were no findings in the prior audit report.

**Local Government Group Insurance Fund
Administration
Organization Chart**

OBSERVATIONS AND COMMENTS

MANAGEMENT'S RESPONSIBILITY FOR RISK ASSESSMENT

Auditors and management are required to assess the risk of fraud in the operations of the entity. The risk assessment is based on a critical review of operations considering what frauds could be perpetrated in the absence of adequate controls. The auditors' risk assessment is limited to the period during which the audit is conducted and is limited to the transactions that the auditors are able to test during that period. The risk assessment by management is the primary method by which the entity is protected from fraud, waste, and abuse. Since new programs may be established at any time by management or older programs may be discontinued, that assessment is ongoing as part of the daily operations of the entity.

Risks of fraud, waste, and abuse are mitigated by effective internal controls. It is management's responsibility to design, implement, and monitor effective controls in the entity. Although internal and external auditors may include testing of controls as part of their audit procedures, these procedures are not a substitute for the ongoing monitoring required of management. After all, the auditor testing is limited and is usually targeted to test the effectiveness of particular controls. Even if controls appear to be operating effectively during the time of the auditor testing, they may be rendered ineffective the next day by management override or by other circumventions that, if left up to the auditor to detect, will not be noted until the next audit engagement and then only if the auditor tests the same transactions and controls. Furthermore, since staff may be seeking to avoid auditor criticisms, they may comply with the controls during the period that the auditors are on site and revert to ignoring or disregarding the control after the auditors have left the field.

The risk assessments and the actions of management in designing, implementing, and monitoring the controls should be adequately documented to provide an audit trail both for auditors and for management, in the event that there is a change in management or staff, and to maintain a record of areas that are particularly problematic. The assessment and the controls should be reviewed and approved by the head of the entity.

FRAUD CONSIDERATIONS

Statement on Auditing Standards No. 99, *Consideration of Fraud in a Financial Statement Audit*, promulgated by the American Institute of Certified Public Accountants requires auditors to specifically assess the risk of material misstatement of an audited entity's financial statements due to fraud. The standard also restates the obvious premise that management, not the auditors, is primarily responsible for preventing and detecting fraud in its own entity. Management's responsibility is fulfilled in part when it takes appropriate steps to assess the risk of fraud within the entity and to implement adequate internal controls to address the results of those risk assessments.

During our audit, we discussed these responsibilities with management and how management might approach meeting them. We also increased the breadth and depth of our inquiries of management and others in the entity as we deemed appropriate. We obtained formal assurances from top management that management had reviewed the entity's policies and procedures to ensure that they are properly designed to prevent and detect fraud and that management had made changes to the policies and procedures where appropriate. Top management further assured us that all staff had been advised to promptly alert management of all allegations of fraud, suspected fraud, or detected fraud and to be totally candid in all communications with the auditors. All levels of management assured us there were no known instances or allegations of fraud that were not disclosed to us.

RESULTS OF THE AUDIT

AUDIT CONCLUSIONS

Internal Control

As part of the audit of the Local Government Group Insurance Fund's financial statements for the year ended June 30, 2009, we considered internal control over financial reporting as a basis for designing auditing procedures for the purpose of expressing an opinion on the financial statements, as required by auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in generally accepted government auditing standards. Consideration of internal control over financial reporting disclosed no material weaknesses.

Compliance and Other Matters

The results of our audit tests disclosed no instances of noncompliance or other matters that are required to be reported under generally accepted government auditing standards.

Fairness of Financial Statement Presentation

The Division of State Audit has rendered an unqualified opinion on the Local Government Group Insurance Fund's financial statements.

**Report on Internal Control Over Financial Reporting and on
Compliance and Other Matters Based on an Audit of
Financial Statements Performed in Accordance With
*Government Auditing Standards***

August 6, 2010

The Honorable Phil Bredesen, Governor
and
Members of the General Assembly
State Capitol
Nashville, Tennessee 37243
and
The Honorable Dave Goetz, Chairman
Local Government Insurance Committee
State Capitol
Nashville, Tennessee 37243

Ladies and Gentlemen:

We have audited the financial statements of the Local Government Group Insurance Fund, as of and for the year ended June 30, 2009, and have issued our report thereon dated August 6, 2010. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in generally accepted government auditing standards.

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the Local Government Group Insurance Fund's internal control over financial reporting as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the fund's internal control over financial reporting. Accordingly, we do not express an opinion on the effectiveness of the fund's internal control over financial reporting.

A control deficiency exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or detect misstatements on a timely basis. A significant deficiency is a control deficiency, or combination of control deficiencies, that adversely affects the entity's ability to initiate, authorize, record, process, or report financial data reliably in accordance with accounting principles generally accepted in the United States of America such that there is more than a remote likelihood that a misstatement of the entity's financial statements that is more than inconsequential will not be prevented or detected by the entity's internal control.

A material weakness is a significant deficiency, or combination of significant deficiencies, that results in more than a remote likelihood that a material misstatement of the financial statements will not be prevented or detected by the entity's internal control.

Our consideration of the internal control over financial reporting was for the limited purpose described in the first paragraph of this section and would not necessarily identify all deficiencies in the internal control that might be significant deficiencies or material weaknesses. We did not identify any deficiencies in internal control over financial reporting that we consider to be material weaknesses, as defined above.

However, we noted one matter involving the internal control over financial reporting, which we have reported to the fund's management in a separate letter.

Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Local Government Group Insurance Fund's financial statements are free of material misstatement, we performed tests of the fund's compliance with certain provisions of laws, regulations, and contracts, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under generally accepted government auditing standards.

August 6, 2010

Independent Auditor's Report

August 6, 2010

The Honorable Phil Bredesen, Governor
and
Members of the General Assembly
State Capitol
Nashville, Tennessee 37243
and

The Honorable Dave Goetz, Chairman
Local Government Insurance Committee
State Capitol
Nashville, Tennessee 37243

Ladies and Gentlemen:

We have audited the accompanying statements of net assets of the Local Government Group Insurance Fund, an enterprise fund of the State of Tennessee, as of June 30, 2009, and June 30, 2008, and the related statements of revenues, expenses, and changes in fund net assets and cash flows for the years then ended. These financial statements are the responsibility of the fund's management. Our responsibility is to express an opinion on these financial statements, based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in generally accepted government auditing standards. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion. Tennessee statutes, in addition to audit responsibilities, entrust certain other

responsibilities to the Comptroller of the Treasury. Those responsibilities include serving as a member of the Local Government Insurance Committee. We do not believe that the Comptroller's service in this capacity affected our ability to conduct an independent audit of the Local Government Group Insurance Fund.

As discussed in Note 1, the financial statements present only the Local Government Group Insurance Fund, an enterprise fund, and do not purport to, and do not, present fairly the financial position of the State of Tennessee, as of June 30, 2009, and June 30, 2008, and the changes in its financial position and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Local Government Group Insurance Fund of the State of Tennessee, as of June 30, 2009, and June 30, 2008, and the changes in its financial position and cash flows for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The required supplementary information on pages 18 and 19 is not a required part of the basic financial statements, and we did not audit and do not express an opinion on such information. However, we have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the required supplementary information. As a result of such limited procedures, we believe that the information described above is in conformity with guidelines required by accounting principles generally accepted in the United States of America.

In accordance with generally accepted government auditing standards, we have also issued our report dated August 6, 2010, on our consideration of the fund's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with generally accepted government auditing standards and should be read in conjunction with this report in considering the results of our audit.

Sincerely,

A handwritten signature in black ink, appearing to read "Arthur A. Hayes, Jr.", written in a cursive style.

Arthur A. Hayes, Jr., CPA
Director

Local Government Group Insurance Fund
Notes to the Financial Statements
June 30, 2009, and June 30, 2008

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Reporting Entity

The Local Government Group Insurance Fund is used to account for revenues received and claims paid on behalf of current employees of local governments and quasi-governmental organizations established for the primary purpose of providing services for or on behalf of state and local government employees. The fund has been included as an enterprise fund in the *Tennessee Comprehensive Annual Financial Report*.

B. Basis of Presentation

The accompanying financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). The Local Government Group Insurance Fund follows all applicable GASB pronouncements. Private-sector standards of accounting and financial reporting issued prior to December 1, 1989, generally are followed to the extent that those standards do not conflict with or contradict guidance of the GASB. Governmental entities also have the option of following subsequent private-sector guidance for their business-type activities and enterprise funds, subject to this same limitation. The Local Government Group Insurance Fund has elected not to follow subsequent private-sector guidance.

C. Measurement Focus and Basis of Accounting

The accompanying financial statements are reported using the economic resources measurement focus and the accrual basis of accounting. Revenues are recorded when earned and expenses are recorded when a liability is incurred, regardless of the timing of related cash flows.

Operating revenues and expenses are distinguished from nonoperating items in the Local Government Group Insurance Fund. Operating revenues and expenses generally result from providing services in connection with the fund's principal ongoing insurance operations. Operating expenses include the cost of those services and administrative expenses. All revenues and expenses not meeting this definition are reported as nonoperating revenues and expenses.

Local Government Group Insurance Fund
Notes to the Financial Statements (Cont.)
June 30, 2009, and June 30, 2008

D. Cash

Cash is defined as cash on hand and demand deposits, such as the pooled investment fund.

NOTE 2. DEPOSITS

The Local Government Group Insurance Fund had \$23,121,614 and \$19,129,107 in the State Treasurer's pooled investment fund at June 30, 2009, and June 30, 2008, respectively. The pooled investment fund, administered by the State Treasurer, is authorized by statute to invest funds in accordance with policy guidelines approved by the State Funding Board. The current resolution of that board gives the Treasurer approval to invest in collateralized certificates of deposit in authorized state depositories, prime commercial paper, prime bankers' acceptances, bonds, notes, and bills of the United States Treasury or other obligations guaranteed as to principal and interest by the United States or any of its agencies, repurchase agreements for obligations of the United States or its agencies, and in securities lending agreements whereby securities may be loaned for a fee. The pooled investment fund's required risks disclosures are presented in the *Tennessee Comprehensive Annual Financial Report*. That report may be obtained by writing to the Department of Finance and Administration, Division of Accounts, 14th Floor William R. Snodgrass Tennessee Tower, 312 Rosa L. Parks Avenue, Nashville, Tennessee 37243-1102. That report is also available on the state's website at <http://tennessee.gov/finance/act/cafr.html>.

NOTE 3. RISK MANAGEMENT

The Local Government Group Insurance Fund, a public entity risk pool, was established in July 1991 to provide a program of health insurance coverage for employees of local governments and quasi-governmental organizations that were established for the primary purpose of providing services for or on behalf of state and local governments. In accordance with Section 8-27-207, *Tennessee Code Annotated*, all local governments and quasi-governmental organizations described above are eligible to participate. Fund members at June 30, 2009, included 34 counties, 79 municipalities, and 247 quasi-governmental organizations, with 13,237 active employees maintaining coverage through one of four options: preferred provider organization plan, preferred provider organization limited plan, point of service plan, or a health maintenance organization. The state does not retain any risk for losses by this fund.

Local Government Group Insurance Fund
Notes to the Financial Statements (Cont.)
June 30, 2009, and June 30, 2008

The Local Government Group Insurance Fund assumes responsibility for determining plan benefits and eligibility, establishing premiums sufficient to fund plan obligations, recording and reporting financial transactions accurately, reporting enrollment to vendors, processing claims submitted for services provided to plan participants, communicating with plan participants, and complying with appropriate state and federal laws and regulations. Plan participants are required to pay premiums on time, file claims for services received, report changes in eligibility of themselves or their dependents, and ensure that only eligible expenses are paid by the plan. Individuals who cancel coverage may be required to demonstrate a qualifying event to rejoin the plan. Employers must wait 24 months before rejoining the plan if the employer elects to withdraw from the plan. In the case of the individuals or groups rejoining the plan, a preexisting condition exclusion currently applies.

The Local Government Group Insurance Fund establishes claims liabilities for self-insured options based on estimates of the ultimate cost of claims that have been reported but not settled and of claims that have been incurred but not reported. Employees and providers have 13 months to file medical claims. The process used to compute claims liabilities does not necessarily result in an exact amount. Claims liabilities are recomputed periodically using actuarial and statistical techniques to produce current estimates. Adjustments to claims liabilities are charged or credited to expense in the period in which they are made. The Local Government Group Insurance Fund considers investment income in determining if a premium deficiency exists.

As discussed above, the Local Government Group Insurance Fund establishes a liability for both reported and unreported insured events, which includes estimates of both future payments of losses and related claim adjustment expenses. The following represents changes in those aggregate liabilities during the past two years (expressed in thousands):

Local Government Group Insurance Fund
Notes to the Financial Statements (Cont.)
June 30, 2009, and June 30, 2008

	<u>2009</u>	<u>2008</u>
Unpaid claims at the beginning of the year	\$ <u>5,832</u>	\$ <u>7,235</u>
Incurred claims:		
Provision for insured events of the current year	96,377	93,250
Increase (decrease) in provision for insured events of prior years	<u>1,192</u>	<u>(1,435)</u>
Total incurred claims expenses	<u>97,569</u>	<u>91,815</u>
Payments:		
Claims attributable to insured events of the current year	88,950	87,418
Claims attributable to insured events of prior years	<u>7,024</u>	<u>5,800</u>
Total payments	<u>95,974</u>	<u>93,218</u>
Total unpaid claims at the end of the year	\$ <u><u>7,427</u></u>	\$ <u><u>5,832</u></u>

**Local Government Group Insurance Fund
Required Supplementary Information
Ten-Year Claims Development Information
Unaudited**

The table below illustrates how the Local Government Group Insurance Fund's earned revenues and investment income compare to related costs of loss and other expenses assumed by the fund for each of the last ten years. The rows of the table are defined as follows: (1) This line shows the total of each fiscal year's earned contribution revenues and investment revenues. (2) This line shows each fiscal year's other operating costs of the fund, including overhead and claims expense not allocable to individual claims. (3) This line shows the fund's incurred claims and allocated claim adjustment expenses (both paid and accrued) as originally reported at the end of the first year in which the event that triggered coverage under the contract occurred (called policy year); some of these amounts are unavailable. (4) This section shows the cumulative amounts paid as of the end of successive years for each policy year; some of these amounts are unavailable. (5) This section shows how each policy year's incurred claims increased or decreased as of the end of successive years; some of these amounts are unavailable. This annual reestimation results from new information received on known claims, reevaluation of existing information on known claims, as well as emergence of new claims not previously known. (6) This line compares the latest reestimated incurred claims amount to the amount originally established (line 3) and shows whether this latest estimate of claims cost is greater or less than originally thought. As data for individual policy years mature, the correlation between original estimates and reestimated amounts is commonly used to evaluate the accuracy of incurred claims currently recognized in less mature fiscal years. The columns of the table show data for successive fiscal and policy years.

	Fiscal and Policy Year Ended (Expressed in thousands of dollars)									
	<u>2000</u>	<u>2001</u>	<u>2002</u>	<u>2003</u>	<u>2004</u>	<u>2005</u>	<u>2006</u>	<u>2007</u>	<u>2008</u>	<u>2009</u>
(1) Required contribution and investment revenue earned (fiscal year)	37,728	58,593	91,297	101,219	98,302	103,521	96,914	*89,240	*96,558	*103,157
