Ladies and Gentlemen:

Transmitted herewith is the financial and compliance audit of the Tennessee Board of Regents, Tennessee Technology Center at Ripley, for the years ended June 30, 2000, and June 30, 1999. You will note from the independent auditor's report that an unqualified opinion was given on the fairness of the presentation of the financial statements.

Consideration of internal control over financial reporting and tests of compliance resulted in no audit findings.

Sincerely,

John G. Morgan

Comptroller of the Treasury

Division of State Audit

Financial and Compliance Audit  
**Tennessee Technology Center at Ripley**  
For the Years Ended June 30, 2000, and June 30, 1999

---

## AUDIT OBJECTIVES

The objectives of the audit were to consider the center's internal control over financial reporting; to determine compliance with certain provisions of laws, regulations, contracts, and grants; to determine the fairness of the presentation of the financial statements; and to recommend appropriate actions to correct any deficiencies.

## AUDIT FINDINGS

The audit report contains no findings.

## OPINION ON THE FINANCIAL STATEMENTS

The opinion on the financial statements is unqualified.

**INTRODUCTION**

---

**POST-AUDIT AUTHORITY**

This is a report on the financial and compliance audit of the Tennessee Board of Regents, Tennessee Technology Center at Ripley. The audit was conducted pursuant to Section 4-3-304, *Tennessee Code Annotated*, which authorizes the Department of Audit to “perform currently a post-audit of all accounts and other financial records of the state government, and of any department, institution, office, or agency thereof in accordance with generally accepted auditing standards and in accordance with such procedures as may be established by the comptroller.”

Section 8-4-109, *Tennessee Code Annotated*, authorizes the Comptroller of the Treasury to audit any books and records of any state governmental entity that handles public funds when the Comptroller considers an audit to be necessary or appropriate.

**BACKGROUND**

A statewide system of area vocational-technical schools was established in 1963 by Section 49-11-401, *Tennessee Code Annotated*, to meet the occupational and technical training needs of the citizens of the state, including employees and future employees of existing and prospective industries and businesses in the state. The area vocational-technical schools were governed by the State Board of Education until July 1, 1983. At that time, governance was transferred by Section 49-11-402, *Tennessee Code Annotated*, to the Tennessee Board of Regents. Effective July 1, 1994, the area vocational-technical schools became technology centers. The Tennessee Technology Center at Ripley began operation in 1967.

**ORGANIZATION**

The Tennessee Technology Center at Ripley operates under a lead institution agreement with Dyersburg State Community College. Under this agreement, Dyersburg State Community College performs the accounting and reporting functions for the center. The chief administrative officer of the center is the director, who is assisted and advised by members of the faculty and administrative staff. The director is responsible to the Chancellor of the Tennessee Board of Regents.

---

## AUDIT SCOPE

---

The audit was limited to the period July 1, 1998, through June 30, 2000, and was conducted in accordance with government auditing standards generally accepted in the United States of America. Financial statements are presented for the years ended June 30, 2000, and June 30, 1999. The Tennessee Technology Center at Ripley is an institution of the Tennessee Board of Regents, which is an integral part of state government. As such, the Tennessee Board of Regents has been included as a component unit in the *Tennessee Comprehensive Annual Financial Report*.

---

## OBJECTIVES OF THE AUDIT

---

The objectives of the audit were

1. to consider the center's internal control over financial reporting to determine auditing procedures for the purpose of expressing an opinion on the financial statements;
  2. to determine compliance with certain provisions of laws, regulations, contracts, and grants;
  3. to determine the fairness of the presentation of the financial statements; and
  4. to recommend appropriate actions to correct any deficiencies.
- 

## PRIOR AUDIT FINDINGS

---

There were no findings in the prior audit report.

---

## RESULTS OF THE AUDIT

---

### AUDIT CONCLUSIONS

#### Internal Control

As part of the audit of the center's financial statements for the years ended June 30, 2000, and June 30, 1999, we considered internal control over financial reporting to determine auditing procedures for the purpose of expressing an opinion on the financial statements, as required by government auditing

standards generally accepted in the United States of America. Consideration of internal control over financial reporting disclosed no material weaknesses.

### Compliance

The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

### Fairness of Financial Statement Presentation

The Division of State Audit has rendered an unqualified opinion on the center's financial statements.

**Report on Compliance and on Internal Control  
Over Financial Reporting Based on an Audit of  
Financial Statements Performed in Accordance With  
*Government Auditing Standards***

June 28, 2001

The Honorable John G. Morgan  
Comptroller of the Treasury  
State Capitol  
Nashville, Tennessee 37243

Dear Mr. Morgan:

We have audited the financial statements of the Tennessee Technology Center at Ripley, an institution of the Tennessee Board of Regents, which is a component unit of the State of Tennessee, as of and for the years ended June 30, 2000, and June 30, 1999, and have issued our report thereon dated June 28, 2001. We conducted our audit in accordance with government auditing standards generally accepted in the United States America.

Compliance

As part of obtaining reasonable assurance about whether the center's financial statements are free of material misstatement, we performed tests of the center's compliance with certain provisions of laws, regulations, contracts, and grants, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance that are required to be reported under *Government Auditing Standards*.

We did, however, note certain less significant instances of noncompliance, which we have reported to the center's management in a separate letter.

The Honorable John G. Morgan  
June 28, 2001  
Page Two

Internal Control Over Financial Reporting

In planning and performing our audit, we considered the center's internal control over financial reporting in order to determine our auditing procedures for the purpose of expressing our opinion on the financial statements and not to provide assurance on the internal control over financial reporting. Our consideration of the internal control over financial reporting would not necessarily disclose all matters in the internal control over financial reporting that might be material weaknesses. A material weakness is a condition in which the design or operation of one or more of the internal control components does not reduce to a relatively low level the risk that misstatements in amounts that would be material in relation to the financial statements being audited may occur and not be detected within a timely period by employees in the normal course of performing their assigned functions. We noted no matters involving the internal control over financial reporting and its operation that we consider to be material weaknesses.

However, we noted certain matters involving the internal control over financial reporting, which we have reported to the center's management in a separate letter.

This report is intended solely for the information and use of the General Assembly of the State of Tennessee and management and is not intended to be and should not be used by anyone other than these specified parties. However, this report is a matter of public record.

Sincerely,

A handwritten signature in black ink that reads "Arthur A. Hayes, Jr." The signature is written in a cursive style with a large, prominent initial "A".

Arthur A. Hayes, Jr., CPA, Director  
Division of State Audit

AAH/cj

**Independent Auditor's Report**

June 28, 2001

The Honorable John G. Morgan  
Comptroller of the Treasury  
State Capitol  
Nashville, Tennessee 37243

Dear Mr. Morgan:

We have audited the accompanying balance sheets of the Tennessee Technology Center at Ripley, an institution of the Tennessee Board of Regents, which is a component unit of the State of Tennessee, as of June 30, 2000, and June 30, 1999, and the related statements of changes in fund balances and current funds revenues, expenditures, and other changes for the years then ended. These financial statements are the responsibility of the center's management. Our responsibility is to express an opinion on these financial statements, based on our audit.

We conducted our audit in accordance with government auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audit provides a reasonable basis for our opinion.

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Tennessee Board of Regents, Tennessee Technology Center at Ripley, as of June 30, 2000, and June 30, 1999, and the changes in fund balances and the current funds revenues, expenditures, and other changes for the years then ended in conformity with accounting principles generally accepted in the United States of America.

The Honorable John G. Morgan  
June 28, 2001  
Page Two

As discussed in Note 8, the center changed the threshold for capitalizing equipment.

In accordance with *Government Auditing Standards*, we have also issued our report dated June 28, 2001, on our consideration of the center's internal control over financial reporting and our tests of its compliance with certain provisions of laws, regulations, contracts, and grants. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be read in conjunction with this report in considering the results of our audit.

Sincerely,

A handwritten signature in black ink that reads "Arthur A. Hayes, Jr." with a stylized flourish at the end.

Arthur A. Hayes, Jr., CPA, Director  
Division of State Audit

Tennessee Technology Center at Ripley  
Notes to the Financial Statements  
June 30, 2000, and June 30, 1999**

---

**NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

**Reporting Entity**

The center is a part of the State University and Community College System of Tennessee (Tennessee Board of Regents). This system is a component unit of the State of Tennessee because the state appoints a majority of the system's governing body and provides financial support; the system is discretely presented in the *Tennessee Comprehensive Annual Financial Report*.

**Basis of Presentation**

The financial statements have been prepared in conformity with accounting principles generally accepted in the United States of America as prescribed by the Governmental Accounting Standards Board (GASB). The university uses the AICPA College Guide model for accounting and financial reporting.

**Basis of Accounting**

The financial statements have been prepared on the accrual basis, except that depreciation on plant assets is not recorded and revenues and expenditures of an academic term encompassing more than one fiscal year are reported solely in the fiscal year in which the term is predominantly conducted. All restricted resources are recorded as additions to the fund balances of the appropriate fund groups. Restricted current resources are then recorded as revenues during the period in which they are expended. The statement of current funds revenues, expenditures, and other changes is a statement of financial activities of current funds related to the current reporting period. It does not purport to present the results of operations or the net income or loss for the period, as would a statement of income or a statement of revenues and expenses.

To the extent that current funds are used to finance plant assets, the funds are accounted for as expenditures, for normal replacement of movable equipment, and nonmandatory transfers, for all other cases.

**Fund Accounting**

To ensure observance of limitations and restrictions placed on the use of the resources available, the center maintains accounts in accordance with the principles of fund

---

accounting. With this procedure, resources for various purposes are classified for accounting and reporting purposes into funds for specified activities or objectives. Separate accounts are maintained for each fund; however, in the accompanying financial statements, funds with similar characteristics have been combined into fund groups. Accordingly, all financial transactions have been recorded and reported by fund group.

Within each fund group, fund balances restricted by outside sources are so indicated and are distinguished from unrestricted funds which are allocated to specific purposes by the governing board. Externally restricted funds may be used only in accordance with the purposes established by the source of such funds and contrast with unrestricted funds over which the governing board retains full control to use in achieving any of its institutional purposes.

All gains and losses arising from the sale, collection, or other disposition of noncash assets are accounted for in the fund that owned such assets. Ordinary income derived from receivables and the like is accounted for in the fund owning such assets. All other unrestricted revenue is accounted for in the unrestricted current funds. Restricted gifts, grants, appropriations, and other restricted resources are accounted for in the appropriate restricted funds. Restricted current funds are reported as revenues and expenditures when expended for current operating purposes.

Current Funds

Unrestricted current funds consist of those funds over which the center retains full control for use in achieving its authorized institutional purposes. Auxiliary enterprises activities are included in unrestricted current funds and consist of the bookstore. Restricted current funds are externally restricted and may be used only in accordance with the purposes established by their source.

Plant Funds

The plant funds group consists of (1) funds set aside for the acquisition of physical properties for institutional purposes; (2) funds set aside for the renewal and replacement of institutional properties; and (3) funds expended for, and thus invested in, institutional properties.

---

**Inventories**

Inventories are valued at the lower of cost or market. Textbooks included in the inventory are recorded on a first-in, first-out basis. All other items are maintained on an average cost or first-in, first-out basis.

**Compensated Absences**

The center's employees accrue annual leave at varying rates, depending on length of service or classification. The amount of these liabilities and their related benefits are recorded in the current funds. Since the liability is expected to be funded primarily from future unrestricted revenue sources, a related allocation has been made to the current fund balances so that these fund balances reflect current available funds.

**Allocation for Working Capital**

The unrestricted fund balance is allocated for the amount of working capital. "Working capital" is defined as the total of all petty cash, accounts receivable, inventories, and prepaid expenses in the unrestricted fund at the balance sheet date, except for student receivables credited to deferred revenue, accrued interest, and amounts due on federal letters of credit, less the accrued benefits on accrued faculty salaries.

**Plant Assets**

The physical plant and equipment are stated at cost at date of purchase or at fair value at date of donation. Depreciation on the physical plant and equipment is not recorded.

**NOTE 2. CASH**

This classification includes demand deposits and petty cash on hand. At June 30, 2000, cash consisted of \$95,974.08 in bank accounts and \$50.00 of petty cash on hand. At June 30, 1999, cash consisted of \$4,950.00 in bank accounts and \$50.00 of petty cash on hand.

**June 30, 2000, and June 30, 1999**

---

**NOTE 3. DEPOSITS**

The laws of the State of Tennessee require that collateral be pledged to secure all uninsured deposits. Tennessee Board of Regents policies require that the market value of collateral pledged equal 100% of the uninsured deposits at financial institutions participating in the collateral pool and 105% of the uninsured deposits at all other financial institutions. The pledged securities are included with securities pledged for funds on deposit for Dyersburg State Community College, the center's lead institution. The bank balance of the operating account maintained by the center was entirely insured.

The center also has deposits in the Local Government Investment Pool (LGIP) administered by the State Treasurer. The LGIP is part of the Pooled Investment Fund. The fund's investment policy and custodial credit risk are presented in the *Tennessee Comprehensive Annual Financial Report*.

**NOTE 4. DEFINED BENEFIT PENSION PLAN**

Plan Description - The center contributes to the State Employees, Teachers, and Higher Education Employees Pension Plan (SETHEEPP), a cost-sharing, multiple-employer, defined benefit pension plan administered by the Tennessee Consolidated Retirement System (TCRS). TCRS provides retirement, death, and disability benefits as well as annual cost-of-living adjustments to plan members and their beneficiaries. Title 8, Chapters 34-37, *Tennessee Code Annotated*, establishes benefit provisions. State statutes are amended by the Tennessee General Assembly.

The TCRS issues a publicly available financial report that includes financial statements and required supplementary information for SETHEEPP. That report may be obtained by writing to the Tennessee Department of the Treasury, Consolidated Retirement System, 10th Floor Andrew Jackson Building, Nashville, Tennessee 37243-0230, or by calling (615) 741-8202.

Funding Policy - Plan members are noncontributory. The center is required to contribute an actuarially determined rate. The current rate is 5.43% of annual covered payroll. Contribution requirements for the center are established and may be amended by the TCRS' Board of Trustees. The center's contributions to TCRS for the years ended June 30, 2000,

**Tennessee Board of Regents**  
**Tennessee Technology Center at Ripley**  
**Notes to the Financial Statements (Cont.)**  
**June 30, 2000, and June 30, 1999**

---

1999, and 1998, were \$32,507.31, \$30,676.35, and \$21,451.19. Contributions met the requirements for each year.

**NOTE 5. OTHER POST-EMPLOYMENT BENEFITS**

The State of Tennessee administers a group health insurance program which provides post-employment health insurance benefits to eligible center retirees. This benefit is provided and administered by the State of Tennessee. The center assumes no liability for retiree health care programs. Information related to this plan is available at the statewide level in the *Tennessee Comprehensive Annual Financial Report*.

**NOTE 6. INSURANCE-RELATED ACTIVITIES**

The state purchases commercial insurance for real property losses above \$5 million per year and surety bond coverage on the state's officials and employees. During the year ended June 30, 1999, the state incurred losses in Clarksville and Jackson due to damage from tornadoes. Final settlement has not been made, but the state is expected to receive approximately \$6 million. Of this amount, \$2.5 million has been received to date. No additional claims have been filed with the commercial insurer during the year ended June 30, 2000. In the prior two fiscal years, the state had not had any claims filed with the commercial insurer. A designation for casualty losses in the amount of \$7.256 million at June 30, 2000, and \$8.219 million at June 30, 1999, was established in the state's general fund to provide for any property losses not covered by the commercial insurance.

At June 30, 2000, and June 30, 1999, the scheduled coverage for the center was \$2,940,000 for buildings and \$2,400,000 for contents.

The state has set aside assets for claim settlement in an internal service fund, the Claims Award Fund. This fund services all claims for risk of loss to which the state is exposed, including general liability, automobile liability, professional malpractice, and workers' compensation. The center participates in the Claims Award Fund. The fund allocates the cost of providing claims servicing and claims payment by charging a premium to the center based on a percentage of the center's expected loss costs, which include both experience and exposures. This charge considers recent trends in actual claims experience of the state as a whole. An actuarial valuation is performed as of fiscal year-end to determine the fund

**Tennessee Board of Regents**  
**Tennessee Technology Center at Ripley**  
**Notes to the Financial Statements (Cont.)**  
**June 30, 2000, and June 30, 1999**

---

liability and premium allocation. Since the center participates in the Claims Award Fund, it is subject to the liability limitations under the provisions of the Tennessee Claims Commission Act, *Tennessee Code Annotated*, Section 9-8-101 et seq. Liability for negligence of the center for bodily injury and property damage is limited to \$300,000 per person and \$1,000,000 per occurrence.

The limits of liability under workers' compensation are set forth in *Tennessee Code Annotated*, Section 50-6-101 et seq. Claims are paid through the state's Claims Award Fund.

The state has also set aside assets in the Employee Group Insurance Fund, an internal service fund, to provide a program of health insurance coverage for the employees of the state with the risk retained by the state. The center participates in the Employee Group Insurance Fund. The fund allocates the cost of providing claims servicing and claims payment by charging a premium to the center based on estimates of the ultimate cost of claims that have been reported but not settled and of claims that have been incurred but not reported. Employees and providers have 13 months to file medical claims.

**NOTE 7. COMMITMENTS AND CONTINGENCIES**

Sick Leave - The center records the cost of sick leave when paid. Generally, since sick leave (earned one day per month with unlimited accumulation) is paid only when an employee dies or is absent because of illness, injury, or related family death, there is no liability for sick leave at June 30. The dollar amount of unused sick leave was \$101,304.46 at June 30, 2000, and \$66,644.99 at June 30, 1999.

Operating Leases - The center has entered into various operating leases for equipment. Such leases will probably continue to be required. Expenditures under operating leases were \$917.93 for the year ended June 30, 2000, and \$1,488.34 for the year ended June 30, 1999. All operating leases are cancelable at the lessee's option.

**NOTE 8. CUMULATIVE EFFECT OF CHANGE IN ACCOUNTING PRINCIPLE**

During the year ended June 30, 2000, the threshold for capitalizing equipment increased from \$1,000 to \$5,000. As a result of the change, equipment decreased by \$384,692.66.
