INTRODUCTION

PURPOSE AND AUTHORITY OF THE EXAMINATION

The terms of contract between the Tennessee Department of Finance and Administration and the Tennessee Comptroller's office authorize the Comptroller of the Treasury to perform examinations of nursing facilities that participate in the Tennessee Medicaid Nursing Facility Program.

Under their agreements with the state and as stated on cost reports submitted to the state, participating nursing facilities have asserted that they are in compliance with the applicable state and federal regulations covering services provided to Medicaid-eligible recipients. The purpose of our examination is to render an opinion on the nursing facilities' assertions that they are in compliance with such requirements.

BACKGROUND

To receive services under the Medicaid Nursing Facility Program, a recipient must meet Medicaid eligibility requirements under one of the coverage groups included in the *State Plan for Medical Assistance*. The need for nursing care is not in itself sufficient to establish eligibility. Additionally, a physician must certify that recipients need nursing facility care before they can be admitted to a facility. Once a recipient is admitted, a physician must certify periodically that continued nursing care is required. The number of days of coverage available to recipients in a nursing facility is not limited.

The Medicaid Nursing Facility Program provides for nursing services on two levels of care. Level I Nursing Facility (NF-1) services are provided to recipients who do not require an intensive degree of care. Level II Nursing Facility (NF-2) services, which must be under the direct supervision of licensed nursing personnel and under the general direction of a physician, represent a higher degree of care.

Allenbrooke Nursing and Rehabilitation Center, LLC, Memphis, Tennessee, provides both NF-1 and NF-2 services. The facility is owned and operated by Allenbrooke Nursing and

Rehabilitation Center, LLC. The officers/members of the board of directors for the year ended December 31, 2009, are as follows:

Chance Becnel, President and Chief Operating Officer
William Brown, Vice President
Charles Sinclair, Vice President

During the examination period, the facility maintained a total of 180 licensed nursing facility beds. The Division of Quality Assurance of the Department of Health licensed the facility for these beds. Eligible recipients receive services through an agreement with the Department of Health. Of the 65,700 available bed days, the facility reported 43,315 for Medicaid NF-1 residents and 4,528 for Medicaid NF-2 residents for the year ended December 31, 2009. Also, the facility reported total operating expenses of \$12,232,089 for the period.

The Division of Quality Assurance inspected the quality of the facility's physical plant, professional staff, and resident services. The nursing facility met the required standards.

The following Medicaid reimbursable rates were in effect for the period covered by this examination:

<u>Period</u>	<u>Level I NF (744-0602)</u>	<u>Level II NF (044-5485)</u>
July 1, 2007, through June 30, 2008	\$146.08	\$167.93
July 1, 2008, through June 30, 2009	\$152.75	\$168.62
July 1, 2009, through June 30, 2010	\$154.04	\$169.70

PRIOR EXAMINATION FINDINGS

The requirements covered are referred to under management's assertions specified later in the Independent Accountant's report. Ladies and Gentlemen:

We have examined management's assertions, included in its representation letter dated September 30, 2010, that Allenbrooke Nursing and Rehabilitation Center, LLC, complied with the following requirements on the facility's resident days for the period January 1, 2008, through December 31, 2009, and to the facility's resident accounts for the period January 1, 2009, through December 31, 2009.

- Resident days reported on the cost report have been counted in accordance with state regulations. Medicaid resident days billed to the state for periods when residents were hospitalized or on therapeutic leave are in accordance with the 85% occupancy rule and hospital and therapeutic leave rule in effect for the period tested.
- Charges to residents and charges to residents' personal funds are in accordance with state and federal regulations.

As discussed in management's representation letter, management is responsible for ensuring compliance with those requirements. Our responsibility is to express an opinion based on our examination.

Our examination was made in accordance with attestation standards established by the American Institute of Certified Public Accountants, and accordingly, included examining on a test basis, evidence about Allenbrooke Nursing and Rehabilitation Center's compliance with those requirements and performing such other procedures as we considered necessary under the circumstances. We believe that our examination provides a reasonable basis for our opinion. Our examination does not provide a legal determination on Allenbrooke Nursing and Rehabilitation Center's compliance with specified requirements.
