INTRODUCTION

The purpose of this Official Statement (including the cover page and inside cover page hereof and the Appendices hereto, including the financial information in Appendices A and B) is to set forth information concerning (i) the Tennessee State School Bond Authority (the “Authority”), (ii) the Board of Trustees of The University of Tennessee (the “Board of Trustees”), (iii) the Tennessee Board of Regents of the State University and Community College System of the State of Tennessee (the “Board of Regents”), (iv) The University of Tennessee including all of its branches and divisions wherever located (collectively, with respect to the Board of Trustees, an “Institution”), and institutions of higher education under the supervision of the Board of Regents (each, with respect to the Board of Regents, an “Institution”), and (v) the Authority's \$213,920,000 aggregate principal amount of Higher Educational Facilities Second Program Bonds, 2010 Series A (the “2010A Bonds”) and \$18,015,000 aggregate principal amount of Higher Educational Facilities Second Program Bonds, 2010 Series B (Federally Taxable) (the “2010B Bonds”). The 2010A Bonds and the 2010B Bonds are referred to collectively as the “Offered Bonds”. The Board of Trustees and the Board of Regents are referred to collectively as the “Boards”.

The capitalization of any word not conventionally capitalized and not otherwise defined herein indicates that such word is defined in the Glossary of Certain Terms attached hereto as Appendix C, in the Resolution (as defined herein), or in the Financing Agreements (as defined herein).

The Offered Bonds will be issued pursuant to the Tennessee State School Bond Authority Act, as amended, Sections 49-3-1201 *et seq.*, Tennessee Code Annotated (the “Act”); the Higher Educational Facilities Second Program General Bond Resolution adopted by the Authority on April 27, 1998 authorizing the issuance thereunder from time to time of Higher Educational Facilities Second Program Bonds (the “Bonds”); and a Supplemental Resolution adopted by the Authority on July 8, 2010 authorizing and providing for the issuance of the Offered Bonds (such General Bond Resolution as amended and supplemented from time to time, including by such Supplemental Resolution, the “Resolution”). For a “SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTION”, see Appendix E.

The Act empowers the Authority, among other things, to issue its bonds and notes to obtain funds, or to refund its bonds or notes issued to obtain funds, to finance higher education facilities (as defined in Appendix C, the “Projects”) for the purposes of the Institutions and the Boards. The Authority and each Board have entered into a separate Second Program Financing Agreement dated as of November 1, 1997, as amended (each, a “Financing Agreement”), under which the Authority agrees to finance Projects and the respective Boards agree to make payments to the Authority of, among other amounts: (i) Annual Financing Charges (as defined herein) for the payment of debt service on the Bonds and certain other purposes and (ii), if necessary in connection with Bonds issued for a Project for an Institution, amounts appropriated by the General Assembly of the State (“Legislative Appropriations”) for the operation and maintenance of the related Institution.

For a “SUMMARY OF CERTAIN PROVISIONS OF THE FINANCING AGREEMENTS,” see Appendix D. The Financing Agreements and the Resolution constitute the second and only other Authority loan program for the Boards. The first program (the “First Program”), which commenced in 1967, is no longer utilized, but any payments by the Boards thereunder will be superior to the Boards’ payments under the second program (the “Second Program”) which will be funded by Bonds, including the Offered Bonds, as described under “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – First Program; Subordination of Second Program; No Additional First Program Debt”.

For a description of the governmental entity termination provisions of the Tennessee Governmental Entity Review Law, as amended, Sections 4-29-101 et seq., Tennessee Code Annotated (the "Governmental Entity Review Law") and their effect on the Authority and the Boards, see "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Termination of Existence."

A portion of the proceeds of the Offered Bonds will be used to retire Commercial Paper heretofore issued pursuant to the Act and a Commercial Paper Resolution adopted by the Authority on November 18, 1997 for certain Projects (all Commercial Paper issued under such resolution, the "Commercial Paper"). For a description of the Commercial Paper program, see "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Subordinated Obligations; Commercial Paper". The remaining proceeds of the Offered Bonds will be applied as described in "PURPOSES OF THE OFFERED BONDS – Application of the Offered Bond Proceeds."

The Offered Bonds will be payable and secured under the Resolution on a parity with all other Bonds heretofore and hereafter issued pursuant to the Act and the Resolution, except as expressly provided in or permitted by the Resolution. Currently, the aggregate principal amount of Bonds which may be issued under the Resolution is not limited by law or Resolution.

The Bonds, including the Offered Bonds, constitute special obligations of the Authority. The principal, Sinking Fund Installments, if any, and Redemption Price of and interest on the Bonds shall be payable solely from and secured by the Annual Financing Charges, Legislative Appropriations and other moneys and securities held or set aside under the Resolution, subject to the application thereof to the purposes and on the conditions permitted by the Resolution. The Resolution establishes a Debt Service Reserve Fund, which is required to be maintained at the level of the Debt Service Reserve Requirement as provided in the Resolution.

Payments by the Boards of Annual Financing Charges, Legislative Appropriations and other amounts under the Financing Agreements are subordinate in all respects to the payments by the Boards of similar obligations under the First Program Financing Agreements which secure the bonds and notes issued by the Authority under the First Program General Bond Resolution.

As of September 1, 2010, \$8,358,000 aggregate principal amount of bonds were outstanding under the First Program General Bond Resolution, of which \$8,175,000 have been financially defeased. No additional First Program bonds or notes may be issued. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS - First Program; Subordination of Second Program; No Additional First Program Debt" and "THE AUTHORITY – Outstanding Indebtedness of the Authority".

As of September 15, 2010, after giving effect to the issuance of the Offered Bonds, on a pro forma basis, \$1,066,290,000 aggregate principal amount of Bonds will be outstanding under the Second Program General Bond Resolution. See "PURPOSES OF THE OFFERED BONDS" and "THE AUTHORITY – Outstanding Indebtedness of the Authority".

Under each Financing Agreement, the relevant Board covenants and agrees to establish and collect Fees and Charges at each Institution at a level sufficient to produce in each Fiscal Year no less than two times the amount required for the payment of the aggregate (without duplication) of (i) all Annual Financing Charges in such Fiscal Year payable with respect to all Projects for the Institution, plus (ii) all First Program Annual Financing Charges in such Fiscal Year payable with respect to all First Program Projects for the Institution, plus (iii) the aggregate of all prior charges, pledges, liens and claims on or payable from said Fees and Charges in such Fiscal Year with respect to the Institution, including but not limited to all prior charges, pledges, liens and claims on or payable from the First Program Fees and Charges in such Fiscal Year with respect to the Institution.

For a description of the security for the Offered Bonds, see "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS".

Satisfaction of any Sinking Fund Installment for any Term Bonds also may be made by purchase or redemption of such Term Bonds, if the Authority so directs the Registrar, prior to 45 days preceding the due date of such Sinking Fund Installment.

Selection of Bonds to be Redeemed. If less than all of the Offered Bonds of a series and maturity are to be redeemed, the particular Offered Bonds or portions thereof of such series and maturity to be redeemed shall be selected by the Registrar in any manner which it deems fair and appropriate. For so long as a book-entry only system is in effect with respect to the Offered Bonds of a series and DTC or a successor securities repository is the sole registered owner of such Offered Bonds, in the event of a redemption of less than all of the Offered Bonds of a series and maturity, the particular

ownership interests of Offered Bonds of such series and maturity to be redeemed shall be selected by DTC and Direct DTC Participants and Indirect DTC Participants, or by any such successor securities depository or any other intermediary, in accordance with their respective operating rules and procedures. In the event of a partial redemption, DTC's rules and procedures currently provide for the redemption to be processed by random lottery. Any failure of DTC or its successor, or of a Direct DTC Participant or Indirect DTC Participant, or any other intermediary, to make such determination, or to make or fail to make any such determination in any particular manner, will not affect the sufficiency or the validity of the redemption of Offered Bonds. See Appendix F- "BOOK-ENTRY ONLY SYSTEM".

Notice of Redemption. Notice of redemption is to be mailed, at least 30 days but not more than 60 days prior to the redemption date, to the Owner of each Offered Bond to be redeemed at the address that appears on the registration books, but failure to receive any such notice shall not affect the validity of the redemption proceedings. Any notice of redemption may provide that such redemption is conditional on the availability of sufficient moneys to pay the Redemption Price, plus interest accrued and unpaid to the redemption date.

For so long as a book-entry only system is in effect with respect to the Offered Bonds, the Registrar will give notice of redemption to DTC or its nominee or its successor. See Appendix F- "BOOK-ENTRY ONLY SYSTEM". Any failure of DTC or its successor, or of a Direct DTC Participant or Indirect DTC Participant, to notify a beneficial owner of an Offered Bond of any redemption will not affect the sufficiency or the validity of the redemption of such Offered Bond. Neither the Authority, nor the Trustee or Registrar, can give any assurance that DTC or its successor, the Direct DTC Participants or the Indirect DTC Participants will distribute such redemption notices to the beneficial owners of the Offered Bonds, or that they will do so on a timely basis.

SECURITY AND SOURCES OF PAYMENT FOR THE BONDS

The Offered Bonds will be issued under the second of two Authority loan programs. The First Program, which commenced in 1967, is no longer utilized, but any payments by the Boards thereunder will be superior to the Boards' payments under the Second Program, as described below under "First Program; Subordination of Second Program; No Additional First Program Debt".

The Bonds, including the Offered Bonds, constitute special obligations of the Authority. The principal, Sinking Fund Installments, if any, and Redemption Price of and interest on the Bonds shall be payable solely from the Annual Financing Charges, Legislative Appropriations and other moneys and securities held or set aside under the Resolution, subject to the application thereof to the purposes and on the conditions permitted by the Resolution. The Annual Financing Charges and Legislative Appropriations, and all rights under the Financing Agreements or otherwise to receive the same, and all moneys and Investment Obligations credited to the Funds and Accounts established by the Resolution, are pledged for the payment of the principal, Sinking Fund Installments, if any, and Redemption Price of and interest on the Bonds in accordance with the Resolution, subject only to the provisions of the Resolution permitting the application thereof for the purposes and on the terms and conditions set forth in the Resolution. All covenants and agreements set forth in the Resolution to be performed on behalf of the Authority shall be for the equal benefit, protection and security of the Owners of all of the Bonds, except as expressly provided in or permitted by the Resolution.

THE OFFERED BONDS ARE SPECIAL OBLIGATIONS OF THE AUTHORITY PAYABLE SOLELY FROM THE SOURCES PROVIDED IN THE RESOLUTION AND NEITHER THE FAITH AND CREDIT NOR THE TAXING POWER OF THE STATE, ANY POLITICAL SUBDIVISION OF THE STATE OR THE AUTHORITY IS PLEDGED TO THE PAYMENT OF THE PRINCIPAL OR REDEMPTION PRICE OF, OR INTEREST ON, THE OFFERED BONDS.

THE AUTHORITY HAS NO TAXING POWER.

Flow of Funds

All Annual Financing Charges and Legislative Appropriations held or collected by the Authority are required by the Resolution to be deposited to the General Fund, which shall be held by the State Treasurer or, at the direction of the State Treasurer, a separate custodian. However, in lieu of such deposit, the Authority may direct and cause any Board to transmit directly to the Trustee any amount of Annual Financing Charges and Legislative Appropriations payable by such Board that is required to be transferred by the Authority to the Trustee in the amounts and by the times required for purposes of the Debt Service Fund or Debt Service Reserve Fund.

All moneys credited to the General Fund shall be applied by the Authority in the following manner and order:

First, the Authority shall transfer to the Debt Service Fund such sums as are required to be deposited therein under the Resolution after giving effect to any such direct deposit; and

Second, the Authority shall transfer to the Debt Service Reserve Fund such sums as are required to be deposited therein pursuant to the Resolution after giving effect to any such direct deposit; provided, however, that no transfer shall be required prior to the date required, notwithstanding that as a result, lower priority transfers (described in the following paragraph) may be made at any time prior to higher priority transfers that could be but are not required to be made at the same time.

Any moneys credited to the General Fund in any month and not applied in such month, or required or otherwise expected to be applied thereafter in such month or in the next succeeding month, may be used for any lawful purpose of the Authority including, but not limited to, the payment of the principal of and premium, if any, and interest on Subordinated Obligations, the establishment of reserves for such payment, the payment or reimbursement of Administrative Expenses of the Authority, or the purchase or redemption of Bonds or Subordinated Obligations.

The Debt Service Fund shall be held by the Trustee or at the option of the Authority, unless there shall exist an Event of Default, by the State Treasurer or, at the direction of the State Treasurer, a separate custodian. Moneys credited to the Debt Service Fund shall be deposited in the following amounts and order of priority, except that deposits from excess Construction Fund moneys shall be applied as directed by the Authority:

First, at least one Business Day prior to each interest payment date, there shall be deposited in the Debt Service Fund an amount equal to, and which shall be applied to the payment of, the interest becoming due on the Outstanding Bonds on such interest payment date;

Second, at least one Business Day prior to each principal payment date, there shall be deposited in the Debt Service Fund an amount equal to, and which shall be applied to the payment of, the principal amount of Bonds (including the principal amount of any Put Bonds tendered for payment by the Authority and not purchased in lieu of redemption prior to the redemption date thereof) of the Outstanding Serial Bonds becoming due on such principal payment date; and

Third, at least one Business Day prior to each Sinking Fund Payment Date for the Term Bonds, there shall be deposited in the Debt Service Fund an amount equal to, and which shall be applied to the payment of, the Sinking Fund Installments becoming due upon the redemption of such Term Bonds on such Sinking Fund Payment Date.

Debt Service Reserve Fund

The Resolution establishes a Debt Service Reserve Fund, which shall be held by the Trustee or, at the option of the Authority, unless there shall exist an Event of Default, by the State Treasurer or, at the direction of the State Treasurer, a separate custodian.

Within the Debt Service Reserve Fund there shall be established a separate Debt Service Reserve Account for each of the Projects. At the time of or prior to the delivery of each Series of Bonds, the Authority shall pay into each Debt Service Reserve Account from the proceeds of the sale of Bonds issued with respect to the Project to which such Debt Service Reserve Account relates, or from any other available source, a sum of money equal to the Debt Service Reserve Requirement with respect to the Bonds issued for such Project. In the event that moneys on deposit in a Debt Service Reserve Account are transferred to the Debt Service Fund as described below, then, within five months of the date of such transfer, the Authority shall deposit or cause to be deposited into such Debt Service Reserve Account moneys sufficient to cause the amount of moneys and value of Investment Obligations then on deposit in such Debt Service Reserve Account to be equal to the Debt Service Reserve Requirement applicable thereto.

"Debt Service Reserve Requirement" means, with respect to each Series of Bonds, as of any date of calculation, (i) an amount equal to the aggregate of the greatest amount of Debt Service on all Outstanding Bonds of such Series issued for each Project (calculated separately for each Project and then aggregated) payable on any interest or Principal Installment date thereafter (except that for the first such date after the date of issuance of such Bonds, interest to accrue for greater than 6 months but less than 12 months shall not be taken into account), or (ii) such greater amount, which subsequently

may be reduced to an amount not less than the amount required by clause (i) above, as may be determined from time to time by the Authority by Supplemental Resolution; provided, however, that as a result of the issuance of any Series of Bonds the interest on which is generally excluded from gross income for Federal income tax purposes, the Debt Service Reserve Requirement with respect to such Series shall at no time exceed the lesser of (i) the amount that may be funded from the proceeds of such Bonds or (ii) the amount that constitutes a reasonably required reserve with respect to such Bonds. Each determination by the Authority of the Debt Service Reserve Requirement shall be conclusive. See the definition of this term in Appendix C for definitions of other defined terms used above.

Moneys credited to a Debt Service Reserve Account shall be used, except as hereinafter described, solely for the payment of the principal and Sinking Fund Installments, if any, and interest on the Bonds issued with respect to the Project to which such Account relates as the same become due and payable and with respect to which there are insufficient moneys available in the Debt Service Fund. If there are insufficient moneys for such purpose in the Debt Service Reserve Account with respect to the Project to which such Account relates, then moneys and Investment Obligations on deposit in or credited to the Debt Service Reserve Accounts which relate to other Projects of the Institution for which such Project was undertaken shall be applied on a pro rata basis (based on Debt Service Reserve Requirements) to cure such deficiency. If after making such application a deficiency still exists in the Debt Service Reserve Account with respect to a particular Project, then moneys and Investment Obligations on deposit in or credited to the Debt Service Reserve Accounts for (i) first, all Projects undertaken for all other Institutions under the supervision of a Board and (ii) if such moneys and Investment Obligations are insufficient, then all Projects undertaken for all Institutions under the supervision of the other Board, may be applied on a pro rata basis (based on Debt Service Reserve Requirements) to cure such deficiency. Moneys applied pursuant to the previous two sentences shall be restored to the respective Accounts from which they were obtained in the inverse order from which they were withdrawn and such Accounts are to be restored to the Debt Service Reserve Requirement therefor before moneys are credited to the Debt Service Reserve Account related to the Project for which there were insufficient moneys available in the Debt Service Fund.

Any amounts in a Debt Service Reserve Account at the end of any Bond Year in excess of the Debt Service Reserve Requirement with respect to the Bonds issued for a Project to which such Account relates shall be withdrawn from such Account and transferred to the Debt Service Fund and applied to the payment of the principal and Sinking Fund Installments of and interest on the Bonds relating to such Project, unless otherwise directed by the Authority.

If the Authority determines at any time that the moneys and value of Investment Obligations credited to any Debt Service Reserve Account are in excess of the Debt Service Reserve Requirement for the Bonds issued for the related Project, the Authority may transfer or, if applicable, direct the Trustee to transfer such excess to the Debt Service Fund and apply such excess to the payment of the principal and Sinking Fund Installments of and interest on Bonds relating to such Project.

In the event of the refunding of any Bonds, the Authority may withdraw from the Debt Service Reserve Fund all or any portion of the amounts accumulated therein with respect to the Bonds being refunded and deposit such amounts with a Paying Agent to be held for the payment of the principal, Sinking Fund Installments, if any, or Redemption Price, if applicable, of and interest on the Bonds being refunded or apply such amounts to pay the costs of issuance of the Refunding Bonds, or, if not so applied, such amounts shall be applied in the same manner as provided for excess amounts in the Debt Service Reserve Fund; provided, however, that such withdrawal shall not be made unless (i) upon such refunding, the Bonds being refunded shall be deemed to have been paid within the meaning and with the effect provided in the Resolution, (ii) the amount and value of Investment Obligations remaining in such Debt Service Reserve Account shall not be less than the Debt Service Reserve Requirement for the Bonds issued for the related Project, and (iii) at the time of such withdrawal, there shall exist no deficiency in the Debt Service Fund.

In lieu of cash or Investment Obligations, the Authority may satisfy the Debt Service Reserve Requirement in part or in whole by maintaining a Reserve Fund Credit Facility from a provider whose long term obligations or claims paying ability are rated, at the time of acceptance by the Authority, by each rating agency then rating outstanding Bonds, no lower than the same rating category (taking into account refinements and gradations) as the Bonds are then rated by such rating agency. If a disbursement is made pursuant to a Reserve Fund Credit Facility, the Authority shall within 12 months either (i) reinstate the maximum limits of such Reserve Fund Credit Facility or (ii) deposit into the Debt Service Reserve Fund funds in the amount of the disbursement made under such Reserve Fund Credit Facility, or a combination of such alternatives, so that the amount of moneys and value of Investment Obligations and/or Reserve Fund Credit Facility in each Debt Service Reserve Account equals the Debt Service Reserve Requirement for the Bonds issued for the related Project. If a Debt Service Reserve Account is funded with any combination of moneys, Investment Obligations and/or one or more

Reserve Fund Credit Facilities, then any withdrawal to satisfy a deficiency in the Debt Service Fund shall be made from such (i) moneys or Investment Obligations and (ii) Reserve Fund Credit Facilities (and among such Reserve Fund Credit Facilities) on a pro rata basis, except or unless otherwise required or permitted by the provider or providers of such Reserve Fund Credit Facilities.

The Debt Service Reserve Fund Requirements with respect to the Bonds issued prior to the Higher Educational Facilities Second Program Bonds, 2008 Series B and 2009 Series A were satisfied by the deposit of Credit Facilities to the Debt Service Reserve Fund. There are currently on deposit in the Debt Service Reserve Fund cash funded reserves in the aggregate amount of \$27,799,278 and Credit Facilities issued by MBIA Insurance Corporation in the aggregate amount of \$24,172,500 and by Financial Security Assurance Inc., now Assured Guaranty Municipal Corp., in the aggregate amount of \$52,637,426. On or around February 18, 2009, all obligations of MBIA Insurance Corporation with regard to bonds issued by the Authority were transferred over to MBIA Insurance Corp. of Illinois (which itself was subsequently renamed National Public Finance Guarantee Corporation). These Credit Facilities terminate on the final maturity or earlier retirement date of the related Bonds. The Debt Service Reserve Fund deposit required in connection with the issuance of the Offered Bonds is expected to be funded by a deposit of a portion of the proceeds of the Offered Bonds. See "PURPOSES OF THE OFFERED BONDS" herein.

Additional Bonds

Additional Bonds may be issued under the Resolution from time to time in Series, including refunding Outstanding Bonds, but only upon, among other things:

1. Receipt by the Trustee and the Registrar of a Counsel's Opinion to the effect that (i) the Authority has the right and power under the Act as amended to the date of such Opinion to adopt the Resolution (with such approvals as may be required by the Act as so amended), the Resolution has been duly and lawfully adopted by the Authority (and such approvals given), is in full force and effect and is valid and binding upon the Authority; (ii) the Resolution creates the valid pledge which it purports to create of the Annual Financing Charges, Legislative Appropriations, and all rights under the Agreements or otherwise to receive the same, moneys and securities held or set aside under the Resolution, subject to the application thereof to the purposes and on the conditions permitted by the Resolution; and (iii) the Bonds of such Series are valid and binding obligations of the Authority as provided in the Resolution, entitled to the benefits of the Resolution and of the Act as amended to the date of such Counsel's Opinion, and such Bonds have been duly and validly authorized and issued in accordance with the law, including the Act as amended to the date of such Counsel's Opinion, and in accordance with the Resolution.
2. Receipt by the Trustee and the Registrar of a certificate of the Authority stating that:
 - (a) the principal amount of the Bonds then to be issued, together with the principal amount of the Bonds theretofore issued, will not exceed in aggregate principal amount any limitation thereon imposed by law;
 - (b) the Authority is not in default in the performance of any other covenants, conditions, agreements or provisions contained in the Resolution, including but not limited to that there is no deficiency in the amounts required by the Resolution to be paid into the Debt Service Fund except, in the case of Refunding Bonds, if, upon the application of the proceeds of such Bonds or upon the issuance and delivery of such Bonds, all such defaults shall be cured;
 - (c) the amount on deposit in the Debt Service Reserve Fund, upon the issuance and delivery of any such Series of Bonds, shall not be less than the Debt Service Reserve Requirement;
 - (d) the Financing Agreements obligate the Boards to pay, in the aggregate, Annual Financing Charges with respect to Projects for which Bonds have been issued and the additional Bonds being issued sufficient in amount, together with capitalized interest, to pay as the same shall become due the principal, Sinking Fund Installments, if any, and Redemption Price, if applicable, of and interest on the Bonds then Outstanding and the additional Bonds being issued; and

- (e) the provisions of the Act authorizing the Boards to deduct from amounts appropriated by the General Assembly of the State for the operation and maintenance of the Institution for which each Project is undertaken and pay to the Authority such amount or amounts as may be required to make up any deficiencies in the Fees and Charges and other moneys available for the purpose of paying Annual Financing Charges due the Authority have not been repealed or amended to the detriment of Bondowners.

Additional Bonds are required to be authorized by Supplemental Resolution, which may delegate to authorized officers the power to determine, supplement, modify or amend specified details of such Bonds by means of a Series Certificate, which shall be filed with the Trustee and deemed for all purposes of the Resolution to have been adopted by the Authority and to be a part of the Supplemental Resolution to which it relates.

Additional Bonds may take the form of and have features incident to, among other things, Capital Appreciation Bonds, Variable Interest Rate Bonds, or Put Bonds, and in connection with the issuance of any Bonds the Authority may enter into Credit Facilities and Qualified Swaps. For a description of certain related provisions that may be included in Supplemental Resolutions, see Appendix E - "SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTION - Certain Provisions Relating to Credit Facilities, Qualified Swaps and Other Arrangements".

Qualified Swaps

In connection with the issuance of a Series of Bonds or at any time thereafter so long as a Series of Bonds remains Outstanding, the Authority may, to the extent from time to time permitted pursuant to law, enter into Qualified Swaps relating to such Bonds. The Authority's obligation to make any payment under any Qualified Swap may be secured by a pledge of, and a lien on, the items pledged in the Resolution for the security of the Bonds on a parity with the lien created by the Resolution or be payable from or secured by amounts on deposit in the Debt Service Fund or Debt Service Reserve Fund, or shall constitute Subordinated Obligations payable from the General Fund, as determined by the Authority; provided, however, that any optional or mandatory termination payments shall constitute Subordinated Obligations. If a Qualified Swap is payable from and/or secured by the Debt Service Fund and Debt Service Reserve Fund, the Authority may provide by Supplemental Resolution for a recalculation of the Debt Service Reserve Requirement for any Bonds to take into account the Authority's debt service payment obligations on such Bonds as affected by such Qualified Swap. The Authority has not entered into any Qualified Swaps and has no current plans to do so.

Subordinated Obligations; Commercial Paper

The Authority also reserves in the Resolution the right to issue or enter into Subordinated Obligations to be paid from amounts on deposit in the General Fund so long as any such Subordinated Obligations are not entitled, except as otherwise provided therefor by the express terms of the Resolution, to a charge or lien or right prior or equal to the charge or lien created by, or prior or equal to the rights of the Owners of the Bonds provided by, the Act and the Resolution. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS - Flow of Funds".

The Authority has authorized tax-exempt and taxable Commercial Paper to be issued from time to time under the Commercial Paper Resolution, in an aggregate amount outstanding at any time not to exceed \$300,000,000 to fund Project Costs, pay the principal of outstanding Commercial Paper and repay amounts advanced and loans made pursuant to any credit or liquidity facility provided with respect to the Commercial Paper (each a "Liquidity Facility") but not fees and expenses payable thereunder. Generally, Commercial Paper is intended to be issued on an interim basis in anticipation of the issuance of Bonds, although in some cases the Authority may retire Commercial Paper from other available sources.

All Commercial Paper constitutes Subordinated Obligations under the Resolution. The principal of the Commercial Paper, to the extent not paid from proceeds of other Commercial Paper or amounts drawn on a Liquidity Facility, and interest on the Commercial Paper, to the extent not paid from proceeds of draws on the Liquidity Facility, is payable from amounts to be made available therefor by the Authority. The Authority has entered into an agreement with State Street Bank and Trust Company to provide the Liquidity Facility. Such Liquidity Facility permits, and the Commercial Paper Resolution requires, drawings thereunder (subject to conditions precedent) to pay the principal of and interest on Commercial Paper to the extent not paid from, in the case of principal, proceeds of other Commercial Paper or, in the case of both principal and interest, other funds made available by the Authority for the payment thereof. With the consent of the Authority, additional banks may be added as liquidity providers under the Liquidity Facility, in which case the obligations of all banks thereunder will be several and not joint. The Liquidity Facility will expire at the close of business on March 7, 2014, unless extended or terminated prior to such date in accordance with its terms.

On September 1, 2010, Commercial Paper was outstanding in the aggregate principal amount of \$300,000,000. Approximately \$219,940,645 principal amount of Commercial Paper will be retired from proceeds of the Offered Bonds. See “PURPOSES OF THE OFFERED BONDS – Application of the Offered Bond Proceeds.”

Annual Financing Charges and Administrative Fees

The Financing Agreements require that as long as any Debt remains outstanding for any Project, Annual Financing Charges shall be established and revised by the Authority from time to time in such amounts, payable at such times, as shall at all times be sufficient to enable the Authority (i) to pay the principal of and premium, if any, and interest on such Debt as and when the same become due and payable, (ii) to pay or replenish reserves therefor as and when required by the Resolution, and (iii) to make any other payments required to be made by or on behalf of the Authority under or pursuant to the Resolution.

The Financing Agreements also require that, in addition to Annual Financing Charges, the Authority may establish and revise from time to time, and the Boards shall pay, fees (Administrative Fees) to compensate the Authority for costs relating to (i) the issuance and payment of Debt and (ii) the administration of the Agreement and the Resolution.

The Boards covenant and agree in the Financing Agreements to establish and collect Fees and Charges at each Institution at a level sufficient to produce in each Fiscal Year no less than two times the amount required for the payment of the aggregate (without duplication) of (i) all Annual Financing Charges in such Fiscal Year payable with respect to all Projects for the Institution, plus (ii) all First Program Annual Financing Charges in such Fiscal Year payable with respect to all First Program Projects for the Institution, plus (iii) the aggregate of all prior charges, pledges, liens and claims on or payable from said Fees and Charges in such Fiscal Year with respect to the Institution, including but not limited to all prior charges, pledges, liens and claims on or payable from the First Program Fees and Charges in such Fiscal Year with respect to the Institution.

The Boards are required by the Financing Agreements to pay to the Authority all Annual Financing Charges and Administrative Fees in such amounts, at such times, in such manner and at such places as shall be specified in writing from time to time by the Authority. Under the Financing Agreements, the obligation of the Boards to pay Annual Financing Charges and Administrative Fees is absolute and unconditional, and Annual Financing Charges and Administrative Fees are required to be paid in full without set-off or counterclaim.

Annual Financing Charges and Administrative Fees payable with respect to a Project are required under the Financing Agreements to be paid by the Boards, as and when the same become due, only from Fees and Charges of the Institution for which the Project is undertaken or used. Each Institution’s total Fees and Charges and Legislative Appropriations (see “Legislative Appropriations” below) are applied to pay the costs of operating and maintaining such Institution as well as the Annual Financing Charges and Administrative Fees. Each Board may pledge, assign or otherwise use or encumber any Fees and Charges relating to an Institution to obligations of the Institution in addition to the Bonds if the aggregate of the Fees and Charges collected by the Institution in the preceding Fiscal Year is no less than two times the amount required for the payment of the aggregate (without duplication) of (i) the maximum amount of the Annual Financing Charges payable and projected to be payable with respect to all Projects (including the Project to be approved) for the Institution in any succeeding Fiscal Year, plus (ii) the maximum amount payable by the Board as First Program Annual Financing Charges with respect to all First Program Projects for the Institution in any succeeding Fiscal Year, plus (iii) the aggregate of all prior charges, pledges, liens and claims on or payable from said Fees and Charges with respect to the Institution in any succeeding Fiscal Year, including but not limited to all prior charges, pledges, liens and claims on or payable from the First Program Fees and Charges with respect to the Institution.

For a description of the governmental entity termination provisions of the Governmental Entity Review Law and their effect on the Bonds, see “SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Termination of Existence.”

Legislative Appropriations

In accordance with the Act, the Financing Agreements provide that if any Annual Financing Charges or Administrative Fees shall not be paid by a Board when due and payable with respect to a Project, or if the Board shall notify the Authority of any inability to make such payment from Fees and Charges, then the Board shall forthwith deduct from the amounts appropriated by the General Assembly of the State of Tennessee for the operation and maintenance of the Institution for which such Project was undertaken or used and pay to the Authority such amount or amounts as may be

required to make the Board current with respect to the unpaid Annual Financing Charges and Administrative Fees. Further, the Boards agree in the Financing Agreements that the Commissioner of Finance and Administration, or his successor, after notice from the Authority that the Board has failed to pay Annual Financing Charges or Administrative Fees due and payable with respect to a Project, shall, to the extent permitted by law, deduct from the amounts appropriated by the General Assembly of the State of Tennessee for the operation and maintenance of the Institution for which such Project was undertaken or used the amount or amounts as may be required to make the Board current with respect to the unpaid Annual Financing Charges and Administrative Fees. It has not been necessary to date, to utilize this procedure.

A significant source of funding for the State's public institutions of higher education has been and continues to be annual appropriations made by the General Assembly of the State. See "Statement of Fees/Charges, Legislative Appropriations and Debt Service for the Last Ten Years" in Appendix B and "TENNESSEE PUBLIC HIGHER EDUCATION." However, the General Assembly is under no obligation to continue to make appropriations for the operation and maintenance of any Institution or of the Institutions generally, or to do so in any particular amount. See, however, "Additional Bonds" above and "Statutory Covenant" below. The State of Tennessee is not liable on the Bonds and the Bonds are not a debt of the State of Tennessee.

Under the State Constitution, public money may be expended only pursuant to an appropriation made by law. Such expenditures include, but are not limited to, funding any judgment in the Tennessee Claims Commission. The General Assembly in 2001 confirmed that the earnings, revenues, and assets of the Authority are continuously appropriated for expenditures authorized by or pursuant to the Act, which includes debt service on First Program Bonds, Second Program Bonds, and Commercial Paper. That legislation also confirmed that the earnings, revenues or other assets of any public higher education entity whose contracts or agreements support the payment of the Authority's debt service are continuously appropriated for expenditures in accordance with or pursuant to such contracts or agreements, which include the First Program Financing Agreements and the Second Program Financing Agreements.

Certain State Law Bondowner Remedies

The State has waived the Authority's immunity from suit and extended its consent to be sued for actions on both the Bonds and the First Program bonds, but has not done so for other contractual obligations of either the Authority or the Boards, including the Financing Agreements and the First Program Financing Agreements. Current State law provides that monetary claims against the State (including, for this purpose, the Authority and the Boards) for breach of its contractual obligations and certain other causes where sovereign immunity has not been waived may be heard and determined exclusively in the forum of the Tennessee Claims Commission, an administrative tribunal, where the Authority or the Boards may be liable only for actual damages and certain costs.

Sovereign immunity or other legal principles may bar actions to compel the General Assembly to appropriate moneys or to compel the payment of appropriated moneys.

For a description of remedies available to Bondowners under the Resolution, see Appendix E – "SUMMARY OF CERTAIN PROVISIONS OF THE RESOLUTION – Remedies."

Termination of Existence

The Governmental Entity Review Law provides for the termination of various governmental entities on specified dates. Those dates are June 30, 2014, in the case of the Authority; June 30, 2014, in the case of the Board of Regents; and June 30, 2013, in the case of the Board of Trustees. The law also provides that if the General Assembly does not extend the termination date of an entity, the existence of the entity will continue for an additional year without any diminution, reduction or limitation of its powers. However, the State is required to preserve the rights of the holders of any outstanding indebtedness of the entity at the time of termination and the obligations and rights of such entity shall accrue to the State.

Statutory Covenant

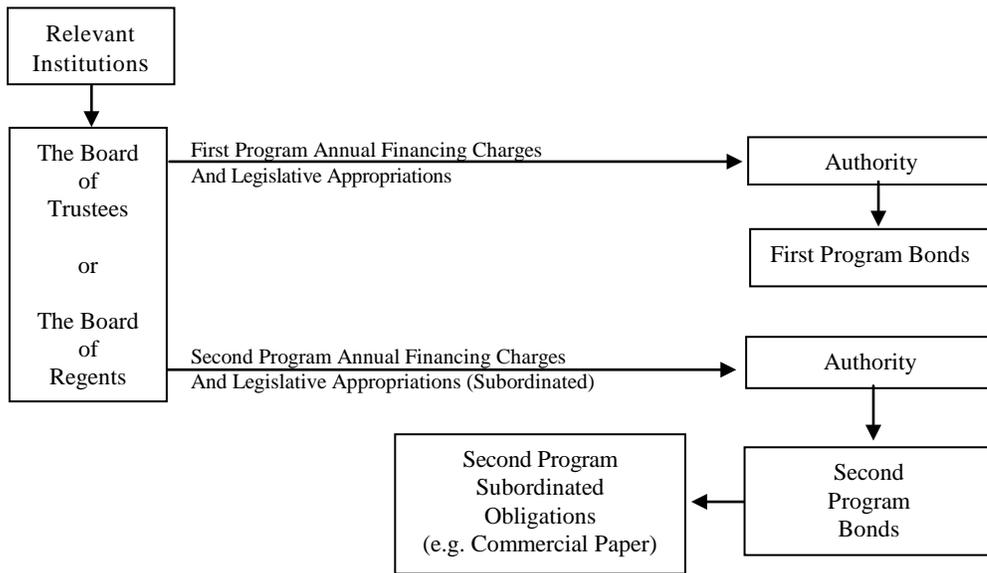

In accordance with the provisions of the Act, the Authority, on behalf of the State, in the Resolution pledges to and agrees with the Owners of the Offered Bonds that the State will not limit or alter the rights vested by the Act in the Authority to fulfill the terms of any agreements made with Bond Owners, or in any way impair the rights and remedies of such Owners until the Bonds, together with the interest thereon, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of such Owners, are fully met and discharged.

First Program; Subordination of Second Program; No Additional First Program Debt

The Authority established the First Program, its first loan program for the two Boards (or their predecessors), in 1967. The First Program operated under and pursuant to the First Program General Bond Resolution of the Authority, and the First Program Financing Agreements (and their antecedents) between the Authority and the two Boards (or their predecessors). The Authority and the Boards have replaced this program with a new Second Program governed by updated and more flexible resolutions and financing agreements, i.e., the Resolution and Financing Agreements as described herein.

The obligation of each Board to pay Annual Financing Charges and Administrative Fees, and the pledge of Fees and Charges and Legislative Appropriations, under the Financing Agreement, and the payment thereof under and pursuant to the Financing Agreement, is subordinate in all respect to the obligation of the Board to pay First Program Annual Financing Charges and First Program administrative fees, and the pledge of First Program Annual Financing Charges and First Program Legislative Appropriations, and the payment thereof, under and pursuant to the First Program Financing Agreement.

This subordination is illustrated as follows subject in all respects to the description above:

No additional bonds or notes may be issued under or pursuant to the First Program General Bond Resolution or may be secured by or payable from payments made by the Boards to the Authority under or pursuant to the First Program Financing Agreements. There was outstanding under the First Program General Bond Resolution as of June 30, 2010, \$8,358,000 aggregate principal amount of First Program Bonds, of which \$8,175,000 has been financially defeased. See “THE AUTHORITY – Outstanding Indebtedness of the Authority.” There are no First Program notes outstanding.

THE AUTHORITY

The Authority, created in 1965 under the Act, is a corporate governmental agency and instrumentality of the State of Tennessee. In addition to its authority to issue bonds and notes to finance Projects, the Authority in 1980 was empowered by the General Assembly of the State of Tennessee to issue bonds or notes to provide funds for the making of student loans by the Tennessee Student Assistance Corporation. The principal amounts of such bonds or notes issued may not exceed \$5,000,000 and must be secured separate and apart from any bonds or notes of the Authority issued to provide funds to finance Projects. As of the date of this Official Statement, no bonds or notes have been issued for the making of student loans.

In 1999, the General Assembly empowered the Authority to issue Qualified Zone Academy Bonds (“QZABs”). QZABs are issued under the provisions of the Authority’s Qualified Zone Academy Bonds First Program Resolution, are not supported by either the First Program or Second Program Financing Agreements, and are not secured by either the First Program or Second Program General Bond Resolution. QZABs are part of a Federal government program in which, generally, a Federal income tax credit is given to investors in lieu of the payment of interest on the bonds.

Under the QZAB program, loans with local governments are direct general obligations of the local government for the payment of which as to principal, the full faith and credit of the local government are pledged. As additional security for the loans, there is also pledged the borrower’s unobligated portions of State taxes that are by statute to be shared with the local governments (“Unobligated State-Shared Taxes”). Each borrower’s annual loan repayments are deposited into sinking fund accounts invested with the State Treasurer and, together with interest thereon, are held to be applied to the payment of principal of the QZABs at maturity or upon redemption. As of June 30, 2010, the total par of QZABs outstanding is \$57,210,000 and the fund balance of pledged sinking fund accounts totaled \$26,599,873.11.

The Authority is also authorized to issue qualified school construction bonds (“QSCBs”), as defined in Section 54F of the Internal Revenue Code of 1986, as amended (the “Code”). QSCBs are issued under the provisions of the Authority’s Qualified School Construction Bonds General Bond Resolution, which was adopted by the Authority on November 5, 2009, as supplemented (the “QSCB Resolution”), and lend the proceeds to cities, counties and metropolitan governments in the State for construction, renovation and equipment of public school facilities. Under the QSCB program, each borrower executes a loan agreement pursuant to which it agrees to pay the principal of and interest on its loan and pledges to such payments its full faith and credit and unlimited taxing power and its Unobligated State-Shared Taxes in the event of non-payment by such borrower. For certain of the QSCBs, a Federal income tax credit is given to bondholders in lieu of the payment of interest on bonds, and in certain other QSCBs an election is made by the Authority to receive direct interest subsidy payments from the United States Treasury, which, if not needed to cure defaults under loan agreements with the borrowers, are transferred to them. As of August 1, 2010, the total par amount of QSCBs outstanding is \$177,000,000. The Authority is proposing to issue additional QSCBs in the approximate amount of \$212,000,000 on or about October 7, 2010.

The Authority is also required to approve any borrowings consummated by any of the Institutions, whether such borrowings are made through the Authority or independently, unless such borrowings are provided solely through general obligation bonds of the State or legislative appropriations.

Membership of the Authority

The powers of the Authority, as defined in the Act, are vested in and exercised by its members who consist of the Governor, the Comptroller of the Treasury, the Secretary of State, the State Treasurer, the Commissioner of Finance and Administration, the Chancellor of the Tennessee Board of Regents and the President of The University of Tennessee. The Governor serves as Chairman of the Authority, and the Comptroller of the Treasury serves as the Secretary.

The Comptroller of the Treasury, the Secretary of State and the State Treasurer are the Constitutional Officers of the State and are elected from time to time by the General Assembly. The Commissioner of Finance and Administration serves at the pleasure of the Governor. The Chancellor of the Tennessee Board of Regents and the President of The University of Tennessee serve at the pleasure of their respective Boards. On August 6, 2010, the Tennessee Board of Regents elected John Morgan as the seventh chancellor of the Tennessee Board of Regents System. John Morgan’s appointment to the position of Chancellor is effective September 30, 2010. The President of The University of Tennessee resigned on March 1, 2009, and the Board of Trustees named an acting President, Dr. Jan Simek, to serve until a replacement is appointed.

The Authority also has issued and there is outstanding Commercial Paper as described under "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS – Subordinated Obligations; Commercial Paper".

The Authority continually monitors its debt structure and capital requirements, and depending on such requirements, financial market conditions and other factors, may issue additional bonds or notes and may refund (whether or not for savings) any of its outstanding bonds and notes. For additional financial information concerning the Authority, see Appendix A hereto.

TENNESSEE PUBLIC HIGHER EDUCATION

Public higher education in Tennessee is coordinated by the Tennessee Higher Education Commission and consists of two systems: The University of Tennessee campuses governed by The Board of Trustees of the University of Tennessee (the "Board of Trustees"); and the state universities, community colleges, technical institutes and state technology centers governed by the Tennessee Board of Regents of the State University and Community College System of the State of Tennessee (the "Board of Regents" and, together with the Board of Trustees, the "Boards").

The Commission consists of the three Constitutional Officers (Comptroller of the Treasury, Secretary of State, State Treasurer), nine lay members with six year terms appointed by the Governor, and two student members appointed for two year terms (one from The University of Tennessee system and one from the Board of Regents system; one voting each year). It develops a statewide Master Plan used in making policy recommendations concerning such matters as the need for existing degree programs, the development of new degree programs, and the review of tuition and fees. The Commission is charged with conducting annual reviews and licensing non-accredited, degree-offering postsecondary educational institutions; has the responsibility for studying the use of public funds appropriated for higher education; and recommends the appropriation of state funds for public higher education institutions.

The Boards are governing bodies for all public higher education in Tennessee. They have entered into both First Program Financing Agreements and Second Program Financing Agreements, by which the Authority provides funding for Projects. See "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS".

The Board of Regents was created by the General Assembly in 1972 to govern the State University and Community College System, which currently includes 6 universities, 13 community colleges, and 26 state technology centers. Institutions governed by the Board of Regents are: Austin Peay State University, East Tennessee State University, Middle Tennessee State University, Tennessee State University, Tennessee Technological University, University of Memphis, Chattanooga State Technical Community College, Cleveland State Community College, Columbia State Community College, Dyersburg State Community College, Jackson State Community College, Motlow State Community College, Nashville State Community College, Northeast State Technical Community College, Pellissippi State Technical Community College, Roane State Community College, Southwest Tennessee Community College, Volunteer State Community College, and Walters State Community College, each of which is considered under the Act and the First and Second Program Financing Agreements to be an "Institution".

The University of Tennessee was founded in 1794 as Blount College. The University was designated in 1869 as the Federal land-grant institution in Tennessee. The Board of Trustees is the governing body of The University of Tennessee. The University has four campuses (at Knoxville, Martin, Memphis, and Chattanooga), with 33 colleges, schools, and divisions, all of which constitute a single "Institution" under the Act and the First and Second Program Financing Agreements.

Legislation has been proposed from time to time that affects public higher education in Tennessee, including to consolidate the operations of the Tennessee Higher Education Commission, the Board of Trustees and the Board of Regents, and may be proposed in the future. No prediction can be made by the Authority as to whether any such legislation will be proposed or enacted or, if enacted, what will be the terms and provisions passed into law. In the Act, the State has pledged and agreed with the holders of the Bonds, including the Offered Bonds, that the State will not limit or alter the rights vested in the Authority to fulfill the terms of any agreements made with the holders of the Bonds, or in any way impair the rights and remedies of the holders until the Bonds, together with the interest on the Bonds, with interest on any unpaid installments of interest, and all costs and expenses in connection with any action or proceeding by or on behalf of the holders, are fully met and discharged.

For statements of outstanding debt by Institution, debt service coverage, fees and charges, appropriations and debt service by Institution, and certain other statistical information, see Appendix B hereto.

Other Post-Employment Benefits

Governmental Accounting Standards Board ("GASB") issued GASB Statements (nos. 43 and 45) that provide accounting and financial reporting requirements for retiree healthcare plans and employer participants, commonly known as Other Post-Employment Benefits ("OPEB"). The State has received an actuarial study as of July 1, 2007, that includes OPEB costs attributable to the State and, separately, for certain of its component units (including the Boards) that are required to participate in

the State retirement and benefit plans. The study, which used a projected unit credit actuarial cost method, indicates that the total unfunded actuarial liability of the Boards is approximately \$647,595,000 and the annual required contribution for the Boards is approximately \$69,568,000. The annual required contribution consists of the normal cost (the portion of the actuarial present value of OPEB benefits which is allocated to a valuation year by the actuarial cost method) and an amortization of the unfunded actuarial liability. The report may be viewed at <http://www.tennessee.gov/finance/act/OPEB.html>. A new actuarial study is expected to be published in the fall of 2010. The State does not currently expect to fund any actuarially determined OPEB liability, but will continue to use pay-as-you-go funding of actual costs of OPEB liabilities incurred for the fiscal year. The State will charge the Boards for these actual costs allocable to the Boards' employees, but not for any actuarially determined OPEB liability. The State has the flexibility to adjust the various plan options on an annual basis, and will continue to analyze the cost of the choices available to employees and retirees and the cost of the choices on the employees, retirees and the State's cash flow to manage these expenditures going forward.

REVIEW AND APPROVAL PROCESS FOR FINANCING OF PROJECTS BY AUTHORITY

For the purpose of carrying out the programs authorized by the Act and to permit the Authority to undertake the financing of Projects, the Authority's existing policy generally requires the review and approval of a project by different bodies of State government prior to the Authority's approval of a project undertaken for either the Board of Trustees or the Board of Regents.

The review and approval process is undertaken in the following sequence:

(1) A Project request is initiated by an Institution. Such Project is expected to relate to that Institution's five-year capital construction plan, if applicable.

(2) The Project is reviewed by the Board of Trustees or the Board of Regents, as the case may be, and, if approved, is forwarded to the Tennessee Higher Education Commission and to the Authority.

(3) The Tennessee Higher Education Commission undertakes a review of the Project to determine its educational need and compatibility with the Institution's master plan. The Commission then forwards its comments and recommendations to the Commissioner of Finance and Administration and the State Building Commission.

At the same time, the Authority staff undertakes a review of the Project's financial feasibility to determine if sufficient revenue has been pledged to cover the debt service for that project. The staff then forwards its comments and recommendations to the State Building Commission.

(4) The Project is then presented to the State Building Commission for approval of funding. The State Building Commission is an agency of the State of Tennessee whose permanent members consist of the Governor, Lieutenant Governor, Speaker of the House of Representatives, Comptroller of the Treasury, Secretary of State, State Treasurer and Commissioner of Finance and Administration. The State Architect serves as its Chief Staff Officer.

(5) Upon approval by the State Building Commission, the Project is forwarded to the Authority which considers the Project for inclusion under the Second Program Financing Agreement with the Board of Trustees or the Board of Regents, as the case may be.

(6) Upon approval for funding by the Authority, the Project proceeds immediately to detailed architectural design. When planning and specifications are complete, they are then forwarded to the State Architect's office for review and submission to the State Building Commission for approval.

Institutions may bring financings for the purchase of large equipment and computer software directly to the Authority. Depending on the average life of the item financed it may be amortized through the commercial paper program or through long-term or short-term fixed rate debt.

RATINGS

Moody's Investors Service Inc. ("Moody's"), Standard & Poor's Ratings Services, a division of the McGraw Hill Companies, Inc. ("S&P") and Fitch Ratings ("Fitch") have assigned the Offered Bonds ratings of "Aa1", "AA" and "AA+", respectively. Such ratings reflect only the respective views of such organizations and an explanation of the significance of a rating may be obtained only from the rating agency furnishing the same. There is no assurance that any rating will be maintained for any given period of time or that it will not be revised downward or withdrawn entirely by the rating agency if, in its judgment, circumstances so warrant. Any such revision or withdrawal may have an adverse effect on the market price of the Offered Bonds.

Such ratings reflect only the views of such organizations and any desired explanation of the significance of such ratings should be obtained from the rating agency furnishing the same, at the following addresses: Moody's Investors Service, Inc., 7 World Trade Center, 250 Greenwich Street, New York, New York 10007; Standard & Poor's Ratings Services, 55 Water Street, New York, New York 10004; and Fitch Ratings, One State Street Plaza, New York, New York, 10004. Generally, a rating agency bases its rating on the information and materials furnished to it and on investigations, studies and assumptions of its own.

LITIGATION

There is no controversy or litigation of any nature now pending or threatened against the Authority to restrain or enjoin the issuance, sale, execution or delivery of the Offered Bonds or the financing of the Projects or the application of the proceeds of the Offered Bonds, or in any way contesting or affecting the validity of the Offered Bonds or any proceedings of the Authority taken with respect to the issuance or sale thereof, the Financing Agreements, or the pledge or application of any monies or security provided for the payment of the Offered Bonds or the existence powers of the Authority, the Board of Regents or the Board of Trustees. The Board of Regents and the Board of Trustees are engaged in litigation of various natures. However, there is no litigation pending or threatened to restrain or enjoin the financing of the Projects or contesting or affecting the validity of any proceedings of the Board of Regents or the Board of Trustees taken with respect to the Financing Agreements, or the pledge or application of any monies or security provided for the payment of the Annual Financing Charges.

TAX MATTERS

Federal Tax Matters – 2010A Bonds

General

In the opinion of Hawkins Delafield & Wood LLP, Bond Counsel to the Authority, under existing statutes and court decisions and assuming continuing compliance with certain tax covenants described herein, interest on the 2010A Bonds (i) is excluded from gross income for Federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended (the "Code"); (ii) is not treated as a preference item in calculating the alternative minimum tax imposed on individuals and corporations under the Code; and (iii) is not included in the adjusted current earnings of corporations for purposes of calculating the alternative minimum tax. In rendering its opinion, Bond Counsel has relied on certain representations, certifications of fact, and statements of reasonable expectations made by the Authority, the Boards, and others in connection with the 2010A Bonds, and Bond Counsel has assumed compliance by the Authority and the Boards with certain ongoing covenants to comply with applicable requirements of the Code to assure the exclusion of interest on the 2010A Bonds from gross income under Section 103 of the Code. The provisions of the American Recovery and Reinvestment Act of 2009 relating to the treatment of interest on certain tax-exempt bonds apply to the 2010A Bonds.

Bond Counsel expresses no opinion regarding any other Federal tax consequences with respect to the 2010A Bonds. Bond Counsel renders its opinion under existing statutes and court decisions as of the issue date, and assumes no obligation to update its opinion after the issue date to reflect any future action, fact or circumstance, or change in law or interpretation or otherwise. Bond Counsel expresses no opinion as to the effect of any action hereafter taken or not taken, in reliance upon an opinion of other counsel, on the exclusion from gross income for Federal income tax purposes of interest on the 2010A Bonds.

For the proposed form of opinion of Bond Counsel relating to Federal tax matters, see Appendix H.

Certain Ongoing Federal Tax Requirements and Covenants

The Code establishes certain ongoing requirements that must be met subsequent to the issuance and delivery of the 2010A Bonds in order that interest on the 2010A Bonds be and remain excluded from gross income under Section 103 of the Code. These requirements include, but are not limited to, requirements relating to use and expenditure of gross proceeds of the 2010A Bonds, yield and other restrictions on investments of gross proceeds, and the arbitrage rebate requirement that certain excess earnings on gross proceeds be rebated to the Federal government. Noncompliance with such requirements may cause interest on the 2010A Bonds to become included in gross income for Federal income tax purposes retroactive to their issue date, irrespective of the date on which such noncompliance occurs or is discovered. The Authority and the Boards have covenanted to comply with certain applicable requirements of the Code to assure the exclusion of interest on the 2010A Bonds from gross income under Section 103 of the Code.

Certain Collateral Federal Tax Consequences

The following is a brief discussion of certain collateral Federal income tax matters with respect to the 2010A Bonds. It does not purport to address all aspects of Federal taxation that may be relevant to a particular owner of a 2010A Bond. Prospective investors, particularly those who may be subject to special rules, are advised to consult their own tax advisors regarding the Federal tax consequences of owning and disposing of the 2010A Bonds.

Prospective owners of the 2010A Bonds should be aware that the ownership of such obligations may result in collateral Federal income tax consequences to various categories of persons, such as corporations (including S corporations and foreign corporations), financial institutions, property and casualty and life insurance companies, individual recipients of Social Security and railroad retirement benefits, individuals otherwise eligible for the earned income tax credit, and taxpayers deemed to have incurred or continued indebtedness to purchase or carry obligations the interest on which is excluded from gross income for Federal income tax purposes. Interest on the 2010A Bonds may be taken into account in determining the tax liability of foreign corporations subject to the branch profits tax imposed by Section 884 of the Code.

Original Issue Discount

“Original issue discount” (“OID”) is the excess of the sum of all amounts payable at the stated maturity of a 2010A Bond (excluding certain “qualified stated interest” that is unconditionally payable at least annually at prescribed rates) over the issue price of that maturity. In general, the “issue price” of a maturity means the first price at which a substantial amount of the 2010A Bonds of that maturity was sold (excluding sales to bond houses, brokers, or similar persons acting in the capacity as underwriters, placement agents, or wholesalers). In general, the issue price for each maturity of the 2010A Bonds is expected to be the initial public offering price set forth on the inside cover page of this Official Statement. Bond Counsel is of the opinion that, for any 2010A Bond having OID (a “Discount Bond”), OID that has accrued and is properly allocable to the owners of the Discount Bond under Section 1288 of the Code is excludable from gross income for Federal income tax purposes to the same extent as other interest on the 2010A Bonds.

In general, under Section 1288 of the Code, OID on a Discount Bond accrues under a constant yield method, based on periodic compounding of interest over prescribed accrual periods using a compounding rate determined by reference to the yield on that Discount Bond. An owner’s adjusted basis in a Discount Bond is increased by accrued OID for purposes of determining gain or loss on sale, exchange, or other disposition of such Discount Bond. Accrued OID may be taken into account as an increase in the amount of tax-exempt income received or deemed to have been received for purposes of determining various other tax consequences of owning a Discount Bond even though there will not be a corresponding cash payment.

Owners of Discount Bonds should consult their own tax advisors with respect to the treatment of original issue discount for Federal income tax purposes, including various special rules relating thereto, and the state and local tax consequences of acquiring, holding, and disposing of Discount Bonds.

Bond Premium

In general, if an owner acquires an 2010A Bond for a purchase price (excluding accrued interest) or otherwise at a tax basis that reflects a premium over the sum of all amounts payable on that 2010A Bond after the acquisition date (excluding certain “qualified stated interest” that is unconditionally payable at least annually at prescribed rates), that premium constitutes “bond premium” on that 2010A Bond (a “Premium Bond”). In general, under Section 171 of the Code, an owner of a Premium Bond must amortize the bond premium over the remaining term of the Premium Bond, based on the owner’s yield over the remaining

term of the Premium Bond, determined based on constant yield principles (in certain cases involving a Premium Bond callable prior to its stated maturity date, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the lowest yield on such bond). An owner of a Premium Bond must amortize the bond premium by offsetting the qualified stated interest allocable to each interest accrual period under the owner's regular method of accounting against the bond premium allocable to that period. In the case of a tax-exempt Premium Bond, if the bond premium allocable to an accrual period exceeds the qualified stated interest allocable to that accrual period, the excess is a nondeductible loss. Under certain circumstances, the owner of a Premium Bond may realize a taxable gain upon disposition of the Premium Bond even though it is sold or redeemed for an amount less than or equal to the owner's original acquisition cost.

Owners of any Premium Bonds should consult their own tax advisors regarding the treatment of bond premium for Federal income tax purposes, including various special rules relating thereto, and state and local tax consequences, in connection with the acquisition, ownership, amortization of bond premium on, sale, exchange or other disposition of Premium Bonds.

Information Reporting and Backup Withholding

Information reporting requirements apply to interest on tax-exempt obligations, including the 2010A Bonds. In general, such requirements are satisfied if the interest recipient completes, and provides the payor with, a Form W-9, "Request for Taxpayer Identification Number and Certification," or if the recipient is one of a limited class of exempt recipients. A recipient not otherwise exempt from information reporting who fails to satisfy the information reporting requirements will be subject to "backup withholding," which means that the payor is required to deduct and withhold a tax from the interest payment, calculated in the manner set forth in the Code. For the foregoing purpose, a "payor" generally refers to the person or entity from whom a recipient receives its payments of interest or who collects such payments on behalf of the recipient.

If an owner purchasing an 2010A Bond through a brokerage account has executed a Form W-9 in connection with the establishment of such account, as generally can be expected, no backup withholding should occur. In any event, backup withholding does not affect the excludability of the interest on the 2010A Bonds from gross income for Federal income tax purposes. Any amounts withheld pursuant to backup withholding would be allowed as a refund or a credit against the owner's Federal income tax once the required information is furnished to the Internal Revenue Service.

Federal Tax Matters – 2010B Bonds

General

In the opinion of Bond Counsel to the Authority, interest on the 2010B Bonds is includable in gross income for United States Federal income tax purposes pursuant to the Code. Bond Counsel expresses no opinion regarding any other Federal tax consequences with respect to the 2010B Bonds. For the proposed form of opinion of Bond Counsel relating to Federal tax matters, See Appendix H.

The following discussion is a brief summary of the principal Federal income tax consequences of the acquisition, ownership and disposition of 2010B Bonds by original purchasers of the 2010B Bonds who are "U.S. Holders", as defined herein. This summary (i) is based on the Code, Treasury Regulations, revenue rulings and court decisions, all as currently in effect and all subject to change at any time, possibly with retroactive effect; (ii) assumes that the 2010B Bonds will be held as "capital assets" and (iii) does not discuss all of the Federal income tax consequences that may be relevant to a holder in light of its particular circumstances or to holders subject to special rules, such as insurance companies, financial institutions, tax-exempt organizations, dealers in securities or foreign currencies, persons holding the 2010B Bonds as a position in a "hedge" or "straddle", holders whose functional currency (as defined in Section 985 of the Code) is not the United States dollar, holders who acquire 2010B Bonds in the secondary market, or individuals, estates and trusts subject to the tax on unearned income imposed by Section 1411 of the Code.

Holders of 2010B Bonds should consult with their own tax advisors concerning the Federal income tax and other consequences with respect to the acquisition, ownership and disposition of the 2010B Bonds as well as any tax consequences that may arise under the laws of any state, local or foreign tax jurisdiction.

Original Issue Discount

In general, if Original Issue Discount ("OID") on a Federally Taxable Bond is greater than a statutorily defined *de minimis* amount, a holder of a 2010B Bond having a maturity of more than one year from its date of issue (a "Long-Term Taxable Bond") must include in Federal gross income (for each day of the taxable year, or portion of the taxable year, in which such holder

holds such Long-Term Taxable Bond) the daily portion of OID, as it accrues (generally on a constant yield method) and regardless of the holder's method of accounting. "OID" is the excess of the (i) "stated redemption price at maturity" over (ii) the "issue price". For purposes of the foregoing: "issue price" means the first price at which a substantial amount of the Long-Term Taxable Bond is sold to the public (excluding bond houses, brokers, or similar persons or organizations acting in the capacity of underwriters, placement agents or wholesalers); "stated redemption price at maturity" means the sum of all payments, other than "qualified stated interest", provided by such Long-Term Taxable Bond; "qualified stated interest" is stated interest that is unconditionally payable in cash or property (other than debt instruments of the issuer) at least annually at a single fixed rate; and "*de minimis* amount" is an amount equal to 0.25 percent of the Long-Term Taxable Bond's stated redemption price at maturity multiplied by the number of complete years to its maturity. A holder may irrevocably elect to include in gross income all interest that accrues on a Long-Term Taxable Bond using the constant-yield method, subject to certain modifications.

Acquisition Discount on Short-Term Taxable Bonds

Each holder of a 2010B Bond with a maturity not longer than one year (a "Short-Term Taxable Bond") is subject to rules of Sections 1281 through 1283 of the Code, if such holder is an accrual method taxpayer, bank, regulated investment company, common trust fund or among certain types of pass-through entities, or if the Short-Term Taxable Bond is held primarily for sale to customers, is identified under Section 1256(e)(2) of the Code as part of a hedging transaction, or is a stripped bond or coupon held by the person responsible for the underlying stripping transaction. In any such instance, interest on, and "acquisition discount" with respect to, the Short-Term Taxable Bond accrue on a ratable (straight-line) basis, subject to an election to accrue such interest and acquisition discount on a constant interest rate basis using daily compounding. "Acquisition discount" means the excess of the stated redemption price of a Short-Term Taxable Bond at maturity over the holder's tax basis therefor.

A holder of a Short-Term Taxable Note not described in the preceding paragraph, including a cash-method taxpayer, must report interest income in accordance with the holder's regular method of tax accounting, unless such holder irrevocably elects to accrue acquisition discount currently.

Bond Premium

In general, if a 2010B Bond is originally issued for an issue price (excluding accrued interest) that reflects a premium over the sum of all amounts payable on the 2010B Bond other than "qualified stated interest" (a "Taxable Premium Bond"), the holder of a Taxable Premium Bond will be subject to Section 171 of the Code relating to bond premium. In general, if the holder of a Taxable Premium Bond elects to amortize the premium as "amortizable bond premium" over the remaining term of the Taxable Premium Bond, determined based on constant yield principles (in certain cases involving a Taxable Premium Bond callable prior to its stated maturity date, the amortization period and yield may be required to be determined on the basis of an earlier call date that results in the highest yield on such bond), the amortizable premium is treated as an offset to interest income, and the holder will make a corresponding adjustment to the holder's basis in the Taxable Premium Bond. Any such election is generally irrevocable and applies to all debt instruments of the holder (other than tax-exempt bonds) held at the beginning of the first taxable year to which the election applies and to all such debt instruments thereafter acquired. Under certain circumstances, the holder of a Taxable Premium Bond may realize a taxable gain upon disposition of the Taxable Premium Bond even though it is sold or redeemed for an amount less than or equal to the holder's original acquisition cost.

Disposition and Defeasance

Generally, upon the sale, exchange, redemption, or other disposition (which would include a legal defeasance) of a 2010B Bond, a holder generally will recognize taxable gain or loss in an amount equal to the difference between the amount realized (other than amounts attributable to accrued interest not previously includable in income) and such holder's adjusted tax basis in the 2010B Bond.

The Issuer may cause the deposit of moneys or securities in escrow in such amount and manner as to cause the 2010B Bonds to be deemed to be no longer outstanding under the resolution for the 2010B Bonds (a "defeasance"). For Federal income tax purposes, such defeasance could result in a deemed exchange under Section 1001 of the Code and a recognition by such owner of taxable income or loss, without any corresponding receipt of moneys. In addition, the character and timing of receipt of payments on the 2010B Bonds subsequent to any such defeasance could also be affected.

Information Reporting and Backup Withholding

In general, information reporting requirements will apply to many classes of holders with respect to payments of principal, payments of interest, and the accrual of OID on a 2010B Bond and the proceeds of the sale of a 2010B Bond before maturity within the United States. Backup withholding may apply to holders of 2010B Bonds under Section 3406 of the Code. Any amounts withheld under the backup withholding rules from a payment to a beneficial owner, and which constitutes over-withholding, would be allowed as a refund or a credit against such beneficial owner's Federal income tax provided the required information is furnished to the Internal Revenue Service.

U.S. Holders

The term "U.S. Holder" means a beneficial owner of a 2010B Bond that is: (i) a citizen or resident of the United States, (ii) a corporation, partnership or other entity created or organized in or under the laws of the United States or of any political subdivision thereof, (iii) an estate the income of which is subject to the Federal income taxation regardless of its source or (iv) a trust whose administration is subject to the primary jurisdiction of a United States court and which has one or more United States fiduciaries who have the authority to control all substantial decisions of the trust.

IRS Circular 230 Disclosure

The advice under the caption "Federal Tax Matters – 2010B Bonds", concerning certain income tax consequences of the acquisition, ownership and disposition of the 2010B Bonds, was written to support the marketing of the 2010B Bonds. To ensure compliance with requirements imposed by the Internal Revenue Service, each prospective purchaser of the 2010B Bonds is advised that (i) any Federal tax advice contained in this Official Statement (including any attachments) or in writings furnished by Bond Counsel to the State is not intended to be used, and cannot be used by any bondholder, for the purpose of avoiding penalties that may be imposed on the bondholder under the Code, and (ii) the bondholder should seek advice based on the bondholder's particular circumstances from an independent tax advisor.

State of Tennessee Tax Matters

In the opinion of Bond Counsel to the Authority, under existing laws of the State, the 2010B Bonds and the interest thereon are exempt from taxation by the State or any county, municipality or taxing district of the State, except for estate and gift taxes and taxes on transfers, and except to the extent such interest may be included within the measure of privilege taxes imposed pursuant to the laws of the State.

Bond Counsel expresses no opinion regarding any other state or local tax consequences with respect to the 2010B Bonds. - (3) Interest on any Reimbursement Obligation calculated at any rate, whether or not higher than the interest rate on the related Bond, and principal amortization requirements with respect to such Reimbursement Obligation, may be secured by a pledge of and a lien on any of the items pledged in the Resolution for the security of the Bonds on a parity with the lien created by the Resolution. A Reimbursement Obligation shall not be secured by the Debt Service Reserve Fund unless the Bonds to which it relates are so secured. Reimbursement Obligations shall not include any payments of any fees, expenses, indemnification, or other obligations to any such provider, which payments shall be Subordinated Obligations payable from the General Fund. All Reimbursement Obligations shall be deemed to be a part of the Series of Bonds to which the Credit Facility which gave rise to such Reimbursement Obligations relates. Reimbursement Obligations may be evidenced by Bonds designated as "Bank Bonds."

In connection with the issuance of a Series of Bonds or at any time thereafter so long as a Series of Bonds remains Outstanding, the Authority may, to the extent from time to time permitted pursuant to law, enter into Qualified Swaps relating to such Bonds. The Authority's obligation to make any payment under any Qualified Swap may be secured by a pledge of, and a lien on, the items pledged in the Resolution for the security of the Bonds on a parity with the lien created by the Resolution or be payable from or secured by amounts on deposit in the Debt Service Fund or Debt Service Reserve Fund, or shall constitute Subordinated Obligations payable from the General Fund, as determined by the Authority; provided, however, that any optional or mandatory termination payments shall constitute Subordinated Obligations. If a Qualified Swap is payable from and/or secured by the Debt Service Fund and Debt Service Reserve Fund, the Authority may provide by Supplemental Resolution for a recalculation of the Debt Service Reserve Requirement for any Bonds to take into account the Authority's debt service payment obligations on such Bonds as affected by such Qualified Swap.

Funds and Accounts

For a description of the flow of funds under the Resolution and of the application of the Debt Service Fund and Debt Service Reserve Fund, see "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS - Flow of Funds" and "- Debt Service Reserve Fund" in the Official Statement.

Construction Fund

The Authority shall establish in the Construction Fund, to be held by the State Treasurer or, at the direction of the State Treasurer, a separate custodian, a separate Account with respect to each Project. As promptly as practicable after the delivery of any Series of Bonds or Subordinated Obligations to pay Project Costs, the Authority shall deposit into each Project Construction Account the amount of the proceeds derived from the sale of such Series of Bonds or Subordinated Obligations, if any, as shall be directed by or pursuant to the Supplemental Resolution or other resolution or indenture authorizing the issuance thereof. Moneys on deposit in or credited to a Project Construction Account shall be used by the Authority for payment of the Project Costs of the Project to which the Project Construction Account relates. The Authority may transfer from a Project Construction Account to the General Fund such amounts as the Authority shall determine is necessary to pay Administrative Expenses of the Authority chargeable to the Project to which such Project Construction Account relates.

Upon completion of a Project the moneys, if any, remaining in the Project Construction Account for such Project, after making provision for the payment of allocable Administrative Expenses and Project Costs then unpaid, either shall be reallocated by the Authority to other Projects in accordance with the Financing Agreements or shall be applied (or, if the Debt Service Fund is then held by the Trustee, transferred by the State Treasurer to the Trustee and applied by the Trustee) as directed by the Authority to the payment of principal, Sinking Fund Installments, if any, or Redemption Price of or interest on Bonds issued for the related Project.

Capitalized Interest Accounts

The Supplemental Resolution authorizing any Series of Bonds may establish a separate Account within the Debt Service Fund for each Project. Moneys in the Capitalized Interest Accounts shall be used, to the extent sufficient therefor, for the purpose of paying interest on the Series of Bonds in respect of which such moneys have been set aside, either directly therefrom or by transfer to the Debt Service Fund, prior to the payment of such interest from Annual Financing Charges.

Investment of Funds and Accounts

Moneys in all Funds and Accounts shall be invested in Investment Obligations, except as may be otherwise limited by Supplemental Resolution.

Unexpended Bond proceeds and all Annual Financing Charges, Administrative Fees, and Legislative Appropriations, and investment earnings allocable thereto, held in Project Construction Accounts or in other Funds or Accounts, may be commingled for investment purposes either as a separate fund or as part of a common fund with other moneys of the Authority or the State, or otherwise; provided that (i) such investments and the income or interest earned, profits realized or losses suffered thereby shall be allocated and credited to the appropriate Funds or Accounts or otherwise in accordance with Authority and State policy, and (ii) all Funds and Accounts so commingled for investment purposes shall nevertheless be accounted for separately as required by the Resolution. Notwithstanding the foregoing, moneys on deposit with the State Treasurer (other than in connection with defeasance) may be invested at a rate or return fixed from time to time pursuant to State policy, without the necessity of allocating and crediting any particular investment (but only an amount invested) and without regard to actual investment, income, interest, profits or losses.

Except as otherwise provided in the Resolution, the Trustee or the State Treasurer, as the case may be, shall sell at the best price obtainable by the Trustee or the State Treasurer, as the case may be, through its ordinary and customary practices, or present for redemption or exchange, or as directed in writing by the Authority, any Investment Obligation held by it in any Fund or Account whenever it shall be necessary in order to provide moneys to meet any payment or transfer from the Fund or Account for which such investment was made.

Certain Covenants of the Authority

For a description of the agreement of the Authority on behalf of the State, pursuant to the Act, see "SECURITY AND SOURCES OF PAYMENT FOR THE BONDS - Statutory Covenant" in the Official Statement.

Creation of Liens. Until the pledge created in the Resolution shall be discharged and satisfied as provided therein, the Authority shall not issue any bonds or other evidences of indebtedness, other than the Bonds (or any related Reimbursement Obligations) secured by a prior or equal pledge of the Annual Financing Charges, Legislative Appropriations, and all rights under the Financing Agreements or otherwise to receive the same, the Financing Agreements, or any moneys and securities in the Debt Service Fund and Debt Service Reserve Fund, and shall not create or cause to be created any lien or charge equal or prior to the Bonds (or any related Reimbursement Obligations) on Annual Financing Charges Legislative Appropriations, and all rights under the Financing Agreements or otherwise to receive the same, the Financing Agreements, in each such case except as permitted by the Resolution, or on any moneys and securities in the Debt Service Fund and Debt Service Reserve Fund.

Tax Exemption. The Authority may include in the applicable Supplemental Resolution for any Series of Bonds any and all covenants necessary or appropriate to maintain the exclusion from gross income for purposes of federal income taxation of interest on such Bonds. See "TAX MATTERS" in the Official Statement. The Authority may issue Bonds the interest on which is not intended to be excluded from gross income, and therefore may be taxable, for purposes of federal income taxation.

Compliance with and Amendment of Financing Agreements. The Authority will at all times comply with the covenants, terms and conditions of the Financing Agreements and shall take all steps, actions and proceedings as may be necessary in order to require compliance by the Boards with the covenants, terms and conditions thereof, the breach of which would in any way materially adversely affect or impair the obligation of the Boards to pay Annual Financing Charges and Legislative Appropriations at the times and in the manner and amounts provided in the Financing Agreements.

The Authority will not amend any Financing Agreement in any manner that would materially adversely affect or impair the obligation of the applicable Board to pay Annual Financing Charges or Legislative Appropriations at such times, in such manner and in such amounts sufficient, together with other moneys available for the purpose, to pay the principal of and Sinking Fund Installments and interest on the Bonds as the same becomes due and payable, but reserves the right to amend the Financing Agreements in any other respect without the consent of any Fiduciary or any Bondowner.

Supplemental Resolutions; Amendments

The Authority may at any time or from time to time adopt Supplemental Resolutions without the consent of Bondowners and, except as may be agreed to in or in connection with any Credit Facility or Qualified Swap, the provider of any Credit Facility or Qualified Swap, for any one or more of the following purposes: (1) to authorize Bonds of a Series and, in connection therewith, specify and determine any matters and things relative to such Bonds which are not contrary to or inconsistent with the Resolution as theretofore in effect; (2) to establish for any Series of Bonds a separate Account in the Debt Service Reserve Fund which shall be permitted to be applied solely to the payment of Bonds of such Series, provided that (i) the Bonds of such Series shall have no claim or lien on nor be payable from any other amounts in the Debt Service Reserve Fund, (ii) the Bonds of such Series shall be excluded from the calculation of the Debt Service Reserve Requirement for all other Outstanding Bonds, and (iii) the amount required to be on deposit in such separate Accounts shall be specified or calculated in a manner specified in the Supplemental Resolution authorizing the Bonds of such Series, but in no event shall such amount, after giving effect to any Reserve Fund Credit Facility deposited in any such separate Account in the Debt Service Reserve Fund, be in excess of the amount that would otherwise be the Debt Service Reserve Requirement for such Series of Bonds assuming that such Series of Bonds were the only Series of Bonds Outstanding under the Resolution; (3) to modify, amend or supplement the Resolution in any manner in order to obtain or provide for or with respect to a Credit Facility, Reserve Fund Credit Facility or Qualified Swap with respect to any Series of Bonds, so long as the Authority determines that such Supplemental Resolution does not materially adversely affect the rights of the Owners of Outstanding Bonds; (4) to add additional covenants and agreements of the Authority for the purpose of further securing the payment of the Bonds, provided that such additional covenants and agreements are not contrary to or inconsistent with the covenants and agreements of the Authority contained in the Resolution as theretofore in effect; (5) to add to the Resolution any provisions relating to the application of interest

earnings in any Fund or Account required by law to preserve the exclusion from gross income for Federal income tax purposes of interest received on any Bonds then Outstanding or to be issued or the exemption of interest received on such Bonds from State income taxation; (6) to modify or eliminate any Debt Service Reserve Requirement in excess of the minimum required therefor as provided in the definition thereof; (7) to modify, amend or supplement the Resolution in such manner as to permit the qualification hereof under the Trust Indenture Act of 1939, as amended, or any similar Federal statute, or to permit the qualification of any Bonds for sale under the securities laws of any of the states of the United States of America, and to add such other terms, conditions and provisions as may be permitted by said Trust Indenture Act of 1939, as amended, or similar Federal statute; (8) with the consent of the Trustee, (i) to cure any ambiguity, or defect or inconsistent provision in the Resolution, or (ii) to insert such provisions clarifying matters or questions arising under the Resolution as are necessary or desirable in the event any such modifications are not contrary to or inconsistent with the Resolution as theretofore in effect; or to make any other modification or amendment of the Resolution which the Trustee shall in its sole discretion determine will not have a material adverse effect on the rights of Bondowners, provided that in making any such determination, the Trustee may conclusively rely upon a Counsel's Opinion or certificate of any Person deemed by the Trustee in its sole discretion to be reliable; (9) to comply with the requirements of any Rating Agency in order to maintain or improve a rating on the Bonds by such Rating Agency; or (10) to modify any of the provisions of the Resolution in any respect whatsoever, provided that such modification shall be, and be expressed to be, effective only after all Bonds Outstanding at the date of the adoption of such Supplemental Resolution either shall cease to be Outstanding or the Owners of the requisite percentage of the principal amount of such Bonds shall have consented thereto.

Any modification or amendment of the Resolution and of the rights and obligations of the Authority and of the Owners of the Bonds under the Resolution, in any particular, may be made by a Supplemental Resolution, with the written consent (a) of the Owners of at least fifty-one percent (51%) in principal amount of the Bonds Outstanding at the time such consent is given, or (b) in case less than all of the several Series of Bonds then Outstanding are affected by the modification or amendment, of the Owners of at least fifty-one percent (51%) in principal amount of the Bonds of each Series so affected and Outstanding at the time such consent is given, or (c) in case the modification or amendment changes the amount or date of any Sinking Fund Installment, of the Owners of one hundred percent (100%) in principal amount of the Bonds of the particular Series, maturity and interest rate entitled to such Sinking Fund Installment Outstanding at the time such consent is given; provided, however, that if such modification or amendment will, by its terms, not take effect so long as any Bonds of any specified like Series and maturity remain Outstanding, the consent of the Owners of such Bonds shall not be required and such Bonds shall not be deemed to be Outstanding for the purpose of any calculation of Outstanding Bonds. No such modification or amendment shall (a) permit a change in the terms of redemption or maturity of the principal of any Outstanding Bond or of any installment of interest thereon or a reduction in the principal amount or the Redemption Price thereof or in the rate of interest thereon without the consent of the Owner of such Bond, (b) permit the creation of any pledge, lien, charge or encumbrance of or upon any of the items purported to be pledged pursuant to the Resolution, which pledge, lien, charge or encumbrance would be prior to, or of equal rank with, the pledge or source of payment for the Bonds created by the Resolution, without the consent of the Owners of all Outstanding Bonds affected by such change, or deprive any Owner of any Outstanding Bond of the benefit of such pledge or source of payment for the Bonds, without the consent of such Owner, except as permitted by the Resolution, (c) create, with respect to the pledge of the items set forth in the Resolution, a preference or priority of any Bond over any other Bond without the consent of each Owner of a Bond affected by such change, or (d) reduce the percentages of the Bonds the consent of the Owners of which is required to waive an Event of Default or otherwise effect any such modification or amendment. For such purposes, a Series shall be deemed to be affected by a modification or amendment of the Resolution if the same materially adversely affects the rights of the Owners of Bonds of such Series. The Trustee may in its discretion determine whether or not, in accordance with the foregoing provisions, Bonds of any particular Series or maturity would be affected by any modification or amendment of the Resolution and any such determination shall be binding and conclusive on the Authority and all Owners of Bonds. The Trustee may receive an opinion of counsel, including a Counsel's Opinion, as conclusive evidence as to whether Bonds of any particular Series or maturity would be so affected by any such modification or amendment of the Resolution.

Notwithstanding anything in the Resolution to the contrary, the consent of Owners of any Series of additional Bonds to be issued under the Resolution shall be deemed given if the underwriters or initial purchasers for resale thereof consent in writing to any modification or amendment; provided, however, that such modification, amendment and consent are disclosed in the official statement or other offering document pursuant to which such Series of additional Bonds is offered and sold to the public.

For purposes of amendments to the Resolution, but only so long as the Credit Facility provider has not defaulted on its obligations under the Credit Facility, (i) the provider of a Credit Facility shall be considered the sole Owner of all Bonds to which such Credit Facility relates, except as otherwise provided in an applicable Supplemental Resolution, and (ii) any amendment provision of the Resolution may be waived by such provider with respect to its consent to any amendment, by an instrument in writing filed with the Authority and the Trustee.

The Authority shall furnish written notice to each Rating Agency of any amendment, change or modification of the Resolution.

Events of Default

Each of the following events is an "Event of Default": (1) the Authority shall default in the payment of the principal, Sinking Fund Installments, if any, or Redemption Price of or interest on any Bond when and as the same shall become due, whether at maturity or upon call for mandatory redemption or otherwise, which default shall continue for a period of thirty (30) days; (2) the pledge created in the Resolution shall, at any time and for any reason, cease to be in full force and effect or a judgment or order of any court of competent jurisdiction, or of any arbitrator or panel of arbitrators, as to which all appeals have been exhausted, shall be rendered which shall declare the pledge to be null and void, or shall declare that the pledge does not establish in any material respect the lien it purports to establish, or that the pledge is not for the exclusive benefit of the Owners of the Bonds, except as provided in or permitted by the Resolution; (3) the Authority shall fail or refuse to comply with the provisions of the Act as then in effect, or shall default in the performance or observance of any other of the covenants, agreements or conditions on its part contained in the Resolution, any Supplemental Resolution, or in the Bonds, and such failure, refusal or default shall continue for a period of ninety (90) days after written notice thereof (specifying such default and requiring that such notice is a "Notice of Default" hereunder) is given to the Authority by the Trustee or to the Authority and the Trustee by the Owners of not less than twenty-five percent (25%) in principal amount of the Outstanding Bonds; however, in the event that the default be such that it cannot be corrected within such ninety (90) day period, it shall not constitute an Event of Default if corrective action is instituted by the Authority within such period and diligently pursued (as determined by the Trustee) until the default is corrected; (4) a court having jurisdiction in the premises shall enter a decree or order providing for relief in respect of the Authority or either Board in an involuntary case under any applicable bankruptcy, insolvency, reorganization or other similar law now or hereafter in effect, or appointing a receiver, liquidator, assignee, custodian, trustee, sequestrator (or similar official) of the Authority or either Board, or for any substantial part of its property, or ordering the winding-up or liquidation of its affairs and such decree or order shall remain unstayed and in effect for a period of ninety (90) days; or (5) the Authority or either Board shall commence a voluntary case under any applicable bankruptcy, insolvency, reorganization or other similar law now or hereafter in effect, shall consent to the entry of an order for relief in an involuntary case under any such law, or shall consent to the appointment of or taking possession by a receiver, liquidator, assignee, trustee, custodian, sequestrator (or similar official) of the Authority or either Board, or for any substantial part of its property, or shall make any general assignment for the benefit of creditors, or shall fail generally to pay its debts as they become due or shall take any action in furtherance of the foregoing.

Notwithstanding the foregoing, nothing in the Resolution shall preclude the Authority from seeking and obtaining from the General Assembly a change in law, to limit, modify, rescind, repeal or otherwise alter the character of the pledged items or to substitute like or different sources of fees, charges, appropriations or other receipts as pledged revenues if and when adequate provisions shall be made by law for the protection of the Owners of Outstanding Bonds pursuant to the proceedings under which the Bonds are issued, including changing or altering the method of establishing fees, charges and appropriations as contemplated by the Act. The Authority (or the Trustee at the request of the Authority) shall mail to the Bondowners notice of any such change or alteration pursuant to such proviso. The Authority shall file with the Trustee, or the Trustee shall retain on file, proof of their respective mailing of such notice to Bondowners. Such change or alteration shall be deemed conclusively binding upon the Authority, each Fiduciary and the Owners of all Bonds at the expiration of thirty (30) days after the filing with the Trustee of the proof of the mailing of notice referred to above, except in the event of a final decree of a court of competent jurisdiction setting aside such change or alteration in a legal action or equitable proceeding for such purpose commenced within such thirty (30) day period.

Remedies

Upon the happening and continuance of (i) any Event of Default specified in clause (1), (4) or (5) of the first paragraph under "Events of Default" above, the Trustee shall proceed, and (ii) any other Event of Default, the Trustee may proceed, and upon the written request of the Owners of not less than twenty-five percent (25%) in principal amount of the Outstanding Bonds or if the Event of Default arises from the failure of the Authority to duly and punctually perform the tax covenants contained in the Resolution, twenty-five per centum (25%) in principal amount of the Outstanding Bonds of such Series affected thereby, shall proceed, in its own name, to protect and enforce its rights and the rights of the Bondowners by such of the following remedies, as the Trustee, being advised by counsel, shall deem most effectual to protect and enforce such rights: (1) by suit, action or proceeding at law or in equity in any court of competent jurisdiction, enforce all rights of the Bondowners, including the right to require the Authority to enforce the Agreements and collect the Annual Financing Charges and Legislative Appropriations payable thereunder, or to carry out any other covenant or agreement with Bondowners under the Resolution and to perform its duties under the Act, the Agreements and the Resolution; (2) bring suit upon the Bonds; (3) by action or suit, require the Authority to account as if it were the trustee of an express trust for the Owners of the Bonds; (4) by action or suit, enjoin any acts or things which may be unlawful or in violation of the rights of

the Owners of the Bonds; or (5) in accordance with the provisions of the Act, declare all Bonds due and payable, and if all defaults shall be made good, then, with the written consent of the Owners of not less than twenty-five percentum (25%) in principal amount of the Outstanding Bonds, to annul such declaration and consequences, but no such annulment shall extend to or effect any subsequent default or impair or exhaust any right or power consequent thereon.

All remedies conferred upon or reserved to the Owners of Bonds under the Resolution may be conferred upon and reserved in lieu thereof to the provider of a related Credit Facility authorized by a Supplemental Resolution. Nothing herein shall preclude the Authority from providing in an applicable Supplemental Resolution, or in any Credit Facility authorized thereby, that the exercise of any remedy hereunder or the waiver of any Event of Default hereunder by the Trustee or the Owner of any such Bond shall be subject to the prior written consent of the provider of any related Credit Facility.

No Owner of any Bond shall have any right to institute any suit, action, or other proceeding hereunder, or for the protection or enforcement of any right under the Resolution or any right under law unless such Owner shall have given to the Trustee written notice of the event of default or breach of duty on account of which such suit, action or proceeding is to be taken, and unless the Owners of not less than twenty-five percent (25%) in principal amount of the Bonds then Outstanding shall have made written request of the Trustee after the right to exercise such powers or right of action, as the case may be, shall have occurred, and shall have afforded the Trustee a reasonable opportunity either to proceed to exercise the powers herein granted or granted under the law or to institute such action, suit or proceeding in its name and unless, also, there shall have been offered to the Trustee reasonable security and indemnity against the costs, expenses and liabilities to be incurred therein or thereby, and the Trustee shall have refused or neglected to comply with such request within a reasonable time.

In the case of the pendency of any receivership, insolvency, liquidation, bankruptcy, reorganization, arrangement, adjustment, composition or other judicial proceeding relating to the Authority, the Board or any Institution, or any property of the Authority, the Board or any Institution, the Trustee (whether or not the principal of the Bonds shall then be due and payable by acceleration or otherwise, and whether or not the Trustee shall have made any demand upon the Authority for the payment of overdue principal and interest) shall be entitled and empowered, by intervention in such proceeding or other means (1) to file and prove a claim for the whole amount of the principal, Redemption Price, if any, and interest owing and unpaid in respect of the Bonds then Outstanding and to file such other papers or documents as may be necessary or advisable in order to have the claims of the Trustee (including any claim for the reasonable compensation, expenses, disbursements and advances of the Trustee, its agents and counsel) and of the Owners allowed in such proceeding; and (2) to collect and receive any moneys or other property payable or deliverable on any such claims and to distribute the same.

Prior to the declaration of maturity of the Bonds as provided in the Resolution, the Owners of not less than a majority in aggregate principal amount of the Bonds at the time Outstanding, or their attorneys-in-fact duly authorized, may on behalf of the Owners of all of the Bonds waive any past default under the Resolution and its consequences, except a default in the payment of interest on or principal of or premium, if any, on any of the Bonds. No such waiver shall extend to any subsequent or other default or impair any right consequent thereon.

The Trustee shall promptly mail to the Bondowners notice of each Event of Default hereunder known to the Trustee within fifteen (15) Business Days after knowledge of the occurrence thereof, unless such Event of Default shall have been remedied or cured before the giving of such notice; provided, however, that, except in the case of default in the payment of the principal, Sinking Fund Installment, if any, or Redemption Price, if any, of or interest on any of the Bonds, or in the making of any payment required to be made into the Debt Service Fund or the Debt Service Reserve Fund, the Trustee shall be protected in withholding such notice if and so long as the board of directors, the executive committee, or a trust committee of directors or responsible officers of the Trustee in good faith determines that the withholding of such notice is in the interests of the Bondowners.

Defeasance

Bonds or interest installments for the payment or redemption of which moneys shall have been set aside and shall be held in trust by the Fiduciaries at the maturity or redemption date thereof shall be deemed to have been paid within the meaning and with the effect of the Resolution, subject to an election of the Authority to the contrary. Any Outstanding Bonds of any Series shall, prior to the maturity or redemption date thereof, be deemed to have been paid within the meaning and with the effect, but subject to such election, of the Resolution if (a) in case any of said Bonds are to be redeemed on any date prior to their maturity, the Authority shall have given to the Registrar instructions accepted in writing by the Registrar to give notice of redemption, as provided in the Resolution, on said date of such Bonds (other than Bonds which have been purchased by a Paying Agent at the direction of the Authority or purchased or otherwise acquired by the Authority and delivered to a Paying Agent as hereinafter provided prior to the mailing of such notice of redemption), (b) there shall have been deposited with any Paying Agent either (i) moneys in an amount which shall be sufficient, or

(ii) Defeasance Obligations the principal of and the interest on which when due will provide moneys which, together with the moneys, if any, deposited with such Paying Agent at the same time, shall be sufficient to pay, when due, the principal or Redemption Price, if applicable, and interest due and to become due on said Bonds on and prior to the redemption date or maturity date thereof, as the case may be, and (c) in the event said Bonds are not by their terms subject to redemption within the next succeeding sixty (60) days, the Authority shall have given the Registrar in form satisfactory to it instructions to mail, as soon as practicable, a notice to the Owners of such Bonds, at their last addresses appearing upon the registry books at any time (but not more than fifteen (15) days) prior to such mailing, that the deposit required by (b) above has been made with a Paying Agent and that said Bonds are deemed to have been paid in accordance with this Section and stating such maturity or redemption date upon which moneys are expected to be available for the payment of the principal or Redemption Price, if applicable, of said Bonds (other than Bonds which have been purchased by a Paying Agent at the direction of the Authority or purchased or otherwise acquired by the Authority and delivered to a Paying Agent prior to the mailing of the notice of redemption referred to in clause (a) hereof). Such Paying Agent shall, as and to the extent necessary, apply moneys held by it pursuant to this Section to the retirement of Bonds in amounts equal to the unsatisfied balances (determined as provided in Section 604) of any Sinking Fund Installments with respect to such Bonds, all in the manner provided in the Resolution.

Unclaimed Moneys

Any moneys held by a Fiduciary in trust for the payment and discharge of the principal or Redemption Price of or interest on any of the Bonds which remain unclaimed for three years (or such other period as may at the time be prescribed by the laws of the State) after the date when such principal, Redemption Price or interest, respectively, became due and payable, either at their stated maturity dates or by call for earlier redemption, if such moneys were held by the Fiduciary at such date, or for three years (or such other period as may be prescribed by the laws of the State) after the date of deposit of such moneys if deposited with the Fiduciary after the said date when such principal, Redemption Price or interest, respectively, became due and payable, shall, at the written request of the Authority, be repaid by the Fiduciary to the Authority, as its absolute property and free from trust, and the Fiduciary shall thereupon be released and discharged with respect thereto and the Bondowners shall look only to the Authority for the payment of such Bonds.

BOOK-ENTRY ONLY SYSTEM

The Depository Trust Company (“DTC”), New York, New York, will act as securities depository for the Offered Bonds. The Offered Bonds will be issued as fully-registered bonds registered in the name of Cede & Co. (DTC's partnership nominee) or such other name as may be requested by an authorized representative of DTC. One fully-registered bond certificate will be issued for each maturity of the Offered Bonds, each in the aggregate principal amount of such maturity, and will be deposited with DTC.

DTC, the world's largest securities depository, is a limited-purpose trust company organized under the New York Banking Law, a “banking organization” within the meaning of the New York Banking Law, a member of the Federal Reserve System, a “clearing corporation” within the meaning of the New York Uniform Commercial Code, and a “clearing agency” registered pursuant to the provisions of Section 17A of the Securities Exchange Act of 1934. DTC holds and provides asset servicing for over 3.5 million issues of U.S. and non-U.S. equity issues, corporate and municipal debt issues, and money market instruments (from over 100 countries) that DTC's participants (“Direct Participants”) deposit with DTC. DTC also facilitates the post-trade settlement among Direct Participants of sales and other securities transactions in deposited securities, through electronic computerized book-entry transfers and pledges between Direct Participants' accounts. This eliminates the need for physical movement of securities certificates. Direct Participants include both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, clearing corporations, and certain other organizations. DTC is a wholly-owned subsidiary of The Depository Trust & Clearing Corporation (“DTCC”). DTCC is the holding company for DTC, National Securities Clearing Corporation and Fixed Income Clearing Corporation, all of which are registered clearing agencies. DTCC is owned by the users of its regulated subsidiaries. Access to the DTC system is also available to others such as both U.S. and non-U.S. securities brokers and dealers, banks, trust companies, and clearing corporations that clear through or maintain a custodial relationship with a Direct Participant, either directly or indirectly (“Indirect Participants”). DTC has Standard & Poor's highest rating: AAA. The DTC Rules applicable to its Participants are on file with the Securities and Exchange Commission. More information about DTC can be found at www.dtcc.com and www.dtc.org.

Purchases of the Offered Bonds under the DTC system must be made by or through Direct Participants, which will receive a credit for the Offered Bonds on DTC's records. The ownership interest of each actual purchaser of each Offered Bond (“Beneficial Owner”) is in turn to be recorded on the Direct and Indirect Participants' records. Beneficial Owners will not receive written confirmation from DTC of their purchase. Beneficial Owners are, however, expected to receive written confirmations providing details of the transaction, as well as periodic statements of their holdings, from the Direct or Indirect Participant through which the Beneficial Owner entered into the transaction. Transfers of ownership interests in the Offered Bonds are to be accomplished by entries made on the books of Direct and Indirect Participants acting on behalf of Beneficial Owners. Beneficial Owners will not receive certificates representing their ownership interests in the Offered Bonds, except in the event that use of the book-entry system for the Offered Bonds is discontinued.

To facilitate subsequent transfers, all Offered Bonds deposited by Direct Participants with DTC are registered in the name of DTC's partnership nominee, Cede & Co., or such other name as may be requested by an authorized representative of DTC. The deposit of the Offered Bonds with DTC and their registration in the name of Cede & Co. or such other DTC nominee do not effect any change in beneficial ownership. DTC has no knowledge of the actual Beneficial Owners of the Offered Bonds; DTC's records reflect only the identity of the Direct Participants to whose accounts such Offered Bonds are credited, which may or may not be the Beneficial Owners. The Direct and Indirect Participants will remain responsible for keeping account of their holdings on behalf of their customers.

Conveyance of notices and other communications by DTC to Direct Participants, by Direct Participants to Indirect Participants, and by Direct Participants and Indirect Participants to Beneficial Owners will be governed by arrangements among them, subject to any statutory or regulatory requirements as may be in effect from time to time. Beneficial Owners of the Offered Bonds may wish to take certain steps to augment the transmission to them of notices of significant events with respect to the Offered Bonds, such as redemptions, tenders, defaults, and proposed amendments to the Offered Bond documents. For example, Beneficial Owners of the Offered Bonds may wish to ascertain that the nominee holding the Offered Bonds for their benefit has agreed to obtain and transmit notices to Beneficial Owners. In the alternative, Beneficial Owners may wish to provide their names and addresses to the registrar and request that copies of notices be provided directly to them.

Redemption notices shall be sent to DTC. If less than all of the Offered Bonds of a maturity are being redeemed, DTC's practice is to determine by lot the amount of the interest of each Direct Participant in such maturity to be redeemed.

Neither DTC nor Cede & Co. (nor any other DTC nominee) will consent or vote with respect to the Offered Bonds unless authorized by a Direct Participant in accordance with DTC's MMI Procedures. Under its usual procedures, DTC mails an Omnibus Proxy to the Authority as soon as possible after the record date. The Omnibus Proxy assigns Cede & Co.'s consenting or voting rights to those Direct Participants to whose accounts the Offered Bonds are credited on the record date (identified in a listing attached to the Omnibus Proxy).

Principal, interest and redemption premium, if any, payments on the Offered Bonds will be made to Cede & Co., or such other nominee as may be requested by an authorized representative of DTC. DTC's practice is to credit Direct Participants' accounts upon DTC's receipt of funds and corresponding detail information from the Authority or any Paying Agent, on payable date in accordance with their respective holdings shown on DTC's records. Payments by Participants to Beneficial Owners will be governed by standing instructions and customary practices, as is the case with securities held for the accounts of customers in bearer form or registered in "street name", and will be the responsibility of such Participant and not of DTC or the Authority or any Paying Agent, subject to any statutory or regulatory requirements as may be in effect from time to time. Payment of principal, interest and redemption premium, if any, to Cede & Co. (or such other nominee as may be requested by an authorized representative of DTC) is the responsibility of the Authority or any Paying Agent, disbursement of such payments to Direct Participants will be the responsibility of DTC, and disbursement of such payments to the Beneficial Owners will be the responsibility of Direct and Indirect Participants.

DTC may discontinue providing its services as securities depository with respect to the Offered Bonds at any time by giving reasonable notice to the Authority. Under such circumstances, in the event that a successor securities depository is not obtained, bond certificates are required to be printed and delivered.

The Authority may decide to discontinue use of the system of book-entry-only transfers through DTC (or a successor securities depository). In that event, bond certificates will be printed and delivered to DTC.

THE FOREGOING INFORMATION CONCERNING DTC AND DTC'S BOOK-ENTRY ONLY SYSTEM HAS BEEN OBTAINED FROM SOURCES THAT THE AUTHORITY BELIEVES TO BE RELIABLE, BUT THE AUTHORITY TAKES NO RESPONSIBILITY FOR THE ACCURACY THEREOF. NONE OF THE AUTHORITY, TRUSTEE, REGISTRAR, PAYING AGENT OR UNDERWRITERS CAN MAKE ANY ASSURANCE THAT DTC OR THE DTC PARTICIPANTS WILL ACT IN A MANNER DESCRIBED HEREIN, NOR WILL THEY HAVE ANY RESPONSIBILITY OR OBLIGATION TO THE DTC PARTICIPANTS OR BENEFICIAL OWNERS FOR (1) SENDING TRANSACTION STATEMENTS; (2) MAINTAINING, SUPERVISING OR REVIEWING, OR THE ACCURACY OF, ANY RECORDS MAINTAINED BY DTC OR ANY DTC PARTICIPANT; (3) PAYMENT OR THE TIMELINESS OF PAYMENT BY DTC ANY DIRECT DTC PARTICIPANT, OR BY ANY DIRECT DTC PARTICIPANT OR INDIRECT DTC PARTICIPANT TO ANY BENEFICIAL OWNER OF ANY AMOUNT DUE TO ANY BENEFICIAL OWNER IN RESPECT TO THE PRINCIPAL OR REDEMPTION PREMIUM IF ANY, OR INTEREST ON OFFERED BONDS; (4) DELIVERY OR TIMELY DELIVERY BY DTC OR ANY DTC PARTICIPANT TO ANY BENEFICIAL OWNER OF ANY NOTICE (INCLUDING NOTICE OF REDEMPTION) OR OTHER COMMUNICATIONS TO ANY BENEFICIAL OWNER WHICH IS REQUIRED OR PERMITTED UNDER THE TERMS OF THE BOND DOCUMENTS TO BE GIVEN TO BONDHOLDERS; (5) THE SELECTION OF THE BENEFICIAL OWNERS TO RECEIVE PAYMENT IN THE EVENT OF ANY PARTIAL REDEMPTION OF OFFERED BONDS; OR (6) ANY ACTION TAKEN BY DTC OR ITS NOMINEE AS THE REGISTERED OWNER OF THE OFFERED BONDS.

So long as Cede & Co. is the registered owners of the Offered Bonds, as nominee for DTC, references in the Official Statement to the Bondholders or registered owners of the Offered Bonds (other than under the caption "Tax Matters" in the Official Statement) shall mean Cede & Co. or any other DTC nominee, as aforesaid, and shall not mean the Beneficial Owners of the Offered Bonds.

SUMMARY OF CERTAIN PROVISIONS OF THE CONTINUING DISCLOSURE UNDERTAKING

The following is a brief summary of certain provisions of the Continuing Disclosure Undertaking. This summary does not purport to be complete or definitive and is qualified in its entirety by reference to the Continuing Disclosure Undertaking, copies of which are available at the offices of the Authority. For definitions of certain terms used but not defined herein, see Appendix C - "GLOSSARY OF CERTAIN TERMS".

The Authority has authorized a Continuing Disclosure Undertaking (the "Undertaking") with respect to the Offered Bonds to assist the Underwriters in complying with U.S. Securities and Exchange Commission ("SEC") Rule 15C2-12 (the "Rule"). In the Undertaking, the Authority will agree to provide the Annual Financial Information described below with respect to each fiscal year of the Authority, commencing with the fiscal year ending June 30, 2010, by no later than 7 months after the end of the respective fiscal year, to the Municipal Securities Rulemaking Board ("MSRB").

"Annual Financial Information" means updated versions of the following financial information and operating data contained in the Official Statement relating to the Offered Bonds with respect to the Authority, for each fiscal year of the Authority:

- Outstanding Bonds (see "The Authority – Outstanding Indebtedness of the Authority")
- Authorized and Outstanding Commercial Paper (see "Security and Sources of Payment for the Bonds – Subordinated Obligations; Commercial Paper")
- Appendix B – Selected Statistical Information

The descriptions contained above are of general categories or types of financial information and operating data. When such descriptions include information that no longer can be generated because the operations to which it related have been materially changed or discontinued, a statement to that effect will be provided in lieu of such information.

Annual Financial Information will include the annual financial statements of the Authority, audited by such auditors as shall then be required or permitted by State law ("Audited Financial Statements"), if available, or unaudited financial statements. If not provided as part of Annual Financial Information by the date referred to above, because not available, the Authority will provide Audited Financial Statements, when and if available, to the MSRB. Audited Financial Statements will be prepared in accordance with generally accepted accounting principles for governmental units as prescribed by the Governmental Accounting Standards Board, the Financial Accounting Standards Board, or any successor to the duties and responsibilities of either of them ("GAAP"). Audited financial statements for at least the last five fiscal years are included in the Authority's Annual Reports which have been filed with each NRMSIR.

Annual Financial Information also will include the annual financial statements of the State and of each Institution, audited by such auditors as shall then be required or permitted by State law, if available. If not provided as part of Annual Financial Information by the date referred to above, because not available, the Authority will provide audited financial statements of the State and of each Institution, when and if available, to the MSRB. Such audited financial statements will be prepared in accordance with GAAP.

In the Undertaking, the Authority also agrees to provide, in a timely manner, notice of each of the following events with respect to the Offered Bonds, if material, to the MSRB: principal and interest payment delinquencies; non-payment related defaults; unscheduled draws on debt service reserves reflecting financial difficulties; unscheduled draws on credit enhancements reflecting financial difficulties; substitution of credit or liquidity providers, or their failure to perform; adverse tax opinions or events affecting the tax-exempt status of the security; modifications to rights of security holders; bond calls; defeasances; release, substitution, or sale of property securing repayment of the securities; and rating changes. The Authority will also provide, in a timely manner, notice of any failure of the Authority to provide the Annual Financial Information by the date specified above to the MSRB.

Unless otherwise required by the MSRB, all notices, documents and information provided to the MSRB shall be provided to the MSRB's Electronic Municipal Markets Access (EMMA) system, the current Internet Web address of which is www.emma.msrb.org.

All notices, documents and information provided to the MSRB shall be provided in an electronic format as prescribed by the MSRB (currently, portable document format (pdf) word-searchable except for non textual elements) and shall be accompanied by identifying information as prescribed by the MSRB.

The Undertaking will be effective upon the issuance of the Offered Bonds and will terminate upon the legal defeasance, prior redemption or payment in full of all of the Offered Bonds. The Undertaking, or any provision thereof, shall be null and void in the event that the Authority (i) receives an opinion of counsel to the effect that those portions of the Rule which require the Undertaking, or such provision, as the case may be, do not or no longer apply to the Offered Bonds, whether because such portions of the Rule are invalid, have been repealed, or otherwise, as shall be specified in such opinion, and (ii) delivers copies of such opinion to each NRMSIR and the SID. The Undertaking also may be amended without the consent of the holders of the Offered Bonds in connection with a change in circumstances that arises from a change in legal (including regulatory) requirements, a change in law (including rules and regulations) or in interpretations thereof, or a change in the identity, nature or status of the Authority or the type of business conducted thereby, or if an amendment to the Rule is adopted, or a new or modified official interpretation of the Rule is issued, which is applicable to the Undertaking, all as described in the Undertaking. Copies of any such amendment are required to be delivered to the MSRB.

The provisions of the Undertaking shall constitute a contract with and inure solely to the benefit of the holders from time to time of the Offered Bonds, except that beneficial owners of Offered Bonds shall be third-party beneficiaries of the Undertaking and shall be deemed to be holders of Offered Bonds for purposes of the next sentence. The obligations of the Authority to comply with the provisions of the Undertaking are enforceable by any holder of outstanding Offered Bonds; the holders' rights to enforce the provisions of the Undertaking are limited solely to a right, by action in mandamus or for specific performance, to compel performance of the Authority's obligations under the Undertaking. Any failure by the Authority to perform in accordance with the Undertaking will not constitute a default or an event of default under the resolutions authorizing the Offered Bonds or State law and shall not result in any acceleration of payment of the Offered Bonds, and the rights and remedies provided by such resolutions and applicable State law upon the occurrence of such a default or an event of default shall not apply to any such failure.

The Undertaking shall be construed and interpreted in accordance with the laws of the State, and any suits and actions arising out of the Undertaking shall be instituted in a court of competent jurisdiction in the State; provided, however, that to the extent the Undertaking addresses matters of federal securities laws, including the Rule, the Undertaking shall be construed in accordance with such federal securities laws and official interpretations thereof.

The Authority has not failed to comply in any material respect with any previous undertaking in a written contract or agreement specified in the Rule.

RELATING TO THE 2010A BONDS**

[Closing Date]

Tennessee State School Bond Authority
Nashville, Tennessee

Dear Sirs:

**TENNESSEE STATE SCHOOL BOND AUTHORITY
HIGHER EDUCATIONAL FACILITIES
SECOND PROGRAM BONDS
2010 SERIES A, \$213,920,000**

At your request, we have examined into the validity of \$213,920,000 principal amount of Higher Educational Facilities Second Program Bonds, 2010 Series A (the “2010A Bonds”), of the Tennessee State School Bond Authority (the “Authority”), a corporate agency and instrumentality of the State of Tennessee (the “State”).

The 2010A Bonds are issued under and pursuant to the Tennessee State School Bond Authority Act (Section 49-3-1201 et seq., Tennessee Code Annotated) as amended to date (the “Act”), the Higher Educational Facilities Second Program General Bond Resolution adopted by the Authority on April 27, 1998, as amended (the “General Resolution”) and a Supplemental Resolution of the Authority adopted on July 8, 2010 (the “Supplemental Resolution” and, collectively with the General Resolution, the “Resolution”).

We have examined the Constitution and laws of the State; certified copies of proceedings of the Authority authorizing the issuance of the 2010A Bonds, including the Resolution; a certified copy of a Second Program Financing Agreement by and between the Authority and the Board of Trustees of The University of Tennessee (the “Board of Trustees”) dated as of November 1, 1997, as amended to date; a certified copy of a Second Program Financing Agreement by and between the Authority and the Board of Regents of the State University and Community College System of the State of Tennessee (the “Board of Regents” and, together with the Board of Trustees, the “Boards”) dated as of November 1, 1997, as amended to date; certified copies of proceedings of the Authority authorizing the execution and delivery of said Second Program Financing Agreements (collectively, the “Second Program Financing Agreements”); such other instruments, documents, certificates and proceedings, and applicable law, as we have considered appropriate for purposes of this opinion; and a specimen 2010A Bond.

Based on the foregoing, we are of the opinion that:

1. The Authority has the right and power under the Act to adopt the Resolution and the Resolution has been duly and lawfully adopted by the Authority, is in full force and effect, is valid and binding upon the Authority and is enforceable against the Authority in accordance with its terms. The Resolution creates the valid pledge which it purports to create of the Annual Financing Charges and Legislative Appropriations (as each is defined in the Resolution), and all rights under the Second Program Financing Agreements or otherwise to receive the same, and moneys and securities held or set aside under the Resolution, subject to the application thereof to the purposes and on the conditions permitted by the Resolution.

2. The 2010A Bonds have been duly and validly authorized and issued in accordance with the laws of the State, including the Constitution of the State and the Act, and in accordance with the Resolution, and are entitled to the benefits of the Resolution and of the Act. The 2010A Bonds are valid and binding obligations of the Authority as provided in the Resolution, and are enforceable against the Authority in accordance with their terms and the terms of the Resolution, payable solely from the Annual Financing Charges, Legislative Appropriations and

other moneys and securities held or set aside under the Resolution, subject to the application thereof to the purpose and on the conditions permitted by the Resolution. The Authority reserves the right to issue additional bonds on the terms and conditions, and for the purposes, provided in the Resolution, on a parity of payment and security with the 2010A Bonds. The Authority has no taxing power, the State is not liable on the 2010A Bonds and the 2010A Bonds are not a debt of the State.

3. The Financing Agreements have been duly authorized, executed and delivered by the Authority and, assuming due authorization, execution and delivery by the other parties thereto, constitute valid contractual obligations of the Authority. You have received opinions of counsel to the Board of Regents and counsel to the Board of Trustees to the effect that the respective Financing Agreements have been duly executed and delivered by the respective Boards and constitute valid contractual obligations thereof, and we express no opinion herein with respect thereto. The State has not waived the immunity of the State (including, for this purpose, the Authority and the Boards) from suit or extended its consent to be sued with respect to the Financing Agreements. Accordingly, monetary actions against the State (including the Authority and the Boards) for breach of contractual obligations relating to the Financing Agreements may be heard and determined under current law exclusively in the Tennessee Claims Commission, an administrative tribunal, where liability may be limited to actual damages and certain costs.

4. Under the existing laws of the State, the 2010A Bonds and income therefrom are free from taxation by the State or any county, municipality or political subdivision of the State, except for estate and gift taxes and taxes on transfers, and except to the extent such interest may be included within the measure of privilege taxes imposed pursuant to the laws of the State.

5. Under existing statutes and court decisions, interest on the 2010A Bonds (i) is excluded from gross income for Federal income tax purposes pursuant to Section 103 of the Internal Revenue Code of 1986, as amended to the date hereof (the "Code"); (ii) is not treated as a preference item in calculating alternative minimum taxable income for purposes of the alternative minimum tax applicable to individuals and corporations; and (iii) is not included in the adjusted current earnings of corporations for purposes of calculating the alternative minimum tax. In rendering the opinions in this paragraph 5, we have relied upon and assumed (i) the material accuracy of the representations, statements of intention and reasonable expectations, and certification of fact, contained in certifications delivered on the date hereof by the Authority, the Boards and others with respect to the use of proceeds of the 2010A Bonds and the investment of certain funds, and other matters affecting the exclusion of interest on the 2010A Bonds from gross income for Federal income tax purposes under Section 103 of the Code, and (ii) compliance by the Authority and the Boards with certain ongoing covenants to comply with applicable requirements of the Code to assure the exclusion of the interest on the 2010A Bonds from gross income under Section 103 of the Code.

6. The original issue discount on the 2010A Bonds, if any, that has accrued and is properly allocable to any owner thereof is excluded from gross income for Federal income tax purposes to the same extent as interest on the 2010A Bonds.

The opinions expressed in paragraphs 1, 2 and 3 above are subject to applicable bankruptcy, insolvency, reorganization, moratorium and other laws heretofore or hereafter enacted affecting creditors' rights, and are subject to the application of principles of equity relating to or affecting the enforcement of contractual obligations, whether such enforceability is considered in a proceeding in equity or at law.

We express no opinion herein as to (i) Federal, state or local tax consequences arising with respect to the 2010A Bonds, or the ownership or disposition thereof, except as stated in paragraphs 4, 5 and 6 above, (ii) Federal, state, or local tax matters to the extent affected by any action hereafter taken or not taken in reliance upon an opinion of counsel other than ourselves, or (iii) the accuracy, adequacy, sufficiency or completeness of the Official Statement (or any update or amendment thereof or supplement thereto) of the Authority relating to the 2010A Bonds, or any other financial or other information which has been or may be supplied to purchasers or prospective purchasers of the 2010A Bonds.

This opinion is issued as of the date hereof, and we assume no obligation to update, revise or supplement this opinion to reflect any action hereafter taken or not taken, or any facts or circumstances, or changes in law or in interpretations thereof, that may hereafter occur, or for any other reason.

Very truly yours,

RELATING TO THE 2010B BONDS**

[Closing Date]

Tennessee State School Bond Authority
Nashville, Tennessee

Dear Sirs:

**TENNESSEE STATE SCHOOL BOND AUTHORITY
HIGHER EDUCATIONAL FACILITIES
SECOND PROGRAM BONDS
2010 SERIES B (FEDERALLY TAXABLE), \$18,015,000**

At your request, we have examined into the validity of \$18,015,000 principal amount of Higher Educational Facilities Second Program Bonds, 2010 Series B (Federally Taxable) (the "2010B Bonds"), of the Tennessee State School Bond Authority (the "Authority"), a corporate agency and instrumentality of the State of Tennessee (the "State").

The 2010B Bonds are issued under and pursuant to the Tennessee State School Bond Authority Act (Section 49-3-1201 et seq., Tennessee Code Annotated) as amended to date (the "Act"), the Higher Educational Facilities Second Program General Bond Resolution adopted by the Authority on April 27, 1998, as amended (the "General Resolution") and a Supplemental Resolution of the Authority adopted on July 8, 2010 (the "Supplemental Resolution" and, collectively with the General Resolution, the "Resolution").

We have examined the Constitution and laws of the State; certified copies of proceedings of the Authority authorizing the issuance of the 2010B Bonds, including the Resolution; a certified copy of a Second Program Financing Agreement by and between the Authority and the Board of Trustees of The University of Tennessee (the "Board of Trustees") dated as of November 1, 1997, as amended to date; a certified copy of a Second Program Financing Agreement by and between the Authority and the Board of Regents of the State University and Community College System of the State of Tennessee (the "Board of Regents" and, together with the Board of Trustees, the "Boards") dated as of November 1, 1997, as amended to date; certified copies of proceedings of the Authority authorizing the execution and delivery of said Second Program Financing Agreements (collectively, the "Second Program Financing Agreements"); such other instruments, documents, certificates and proceedings, and applicable law, as we have considered appropriate for purposes of this opinion; and a specimen 2010B Bond.

Based on the foregoing, we are of the opinion that:

1. The Authority has the right and power under the Act to adopt the Resolution and the Resolution has been duly and lawfully adopted by the Authority, is in full force and effect, is valid and binding upon the Authority and is enforceable against the Authority in accordance with its terms. The Resolution creates the valid pledge which it purports to create of the Annual Financing Charges and Legislative Appropriations (as each is defined in the Resolution), and all rights under the Second Program Financing Agreements or otherwise to receive the same, and moneys and securities held or set aside under the Resolution, subject to the application thereof to the purposes and on the conditions permitted by the Resolution.

2. The 2010B Bonds have been duly and validly authorized and issued in accordance with the laws of the State, including the Constitution of the State and the Act, and in accordance with the Resolution, and are entitled to the benefits of the Resolution and of the Act. The 2010B Bonds are valid and binding obligations of the Authority as provided in the Resolution, and are enforceable against the Authority in accordance with their terms and the terms of the Resolution, payable solely from the Annual Financing Charges, Legislative Appropriations and other moneys and securities held or set aside under the Resolution, subject to the application thereof to the purpose and on the conditions permitted by the Resolution. The Authority reserves the right to issue additional bonds on the terms and conditions, and for the purposes, provided in the Resolution, on a parity of payment and security with the

2010B Bonds. The Authority has no taxing power, the State is not liable on the 2010B Bonds and the 2010B Bonds are not a debt of the State.

3. The Financing Agreements have been duly authorized, executed and delivered by the Authority and, assuming due authorization, execution and delivery by the other parties thereto, constitute valid contractual obligations of the Authority. You have received opinions of counsel to the Board of Regents and counsel to the Board of Trustees to the effect that the respective Financing Agreements have been duly executed and delivered by the respective Boards and constitute valid contractual obligations thereof, and we express no opinion herein with respect thereto. The State has not waived the immunity of the State (including, for this purpose, the Authority and the Boards) from suit or extended its consent to be sued with respect to the Financing Agreements. Accordingly, monetary actions against the State (including the Authority and the Boards) for breach of contractual obligations relating to the Financing Agreements may be heard and determined under current law exclusively in the Tennessee Claims Commission, an administrative tribunal, where liability may be limited to actual damages and certain costs.

4. Under the existing laws of the State, the 2010B Bonds and income therefrom are free from taxation by the State or any county, municipality or political subdivision of the State, except for estate and gift taxes and taxes on transfers, and except to the extent such interest may be included within the measure of privilege taxes imposed pursuant to the laws of the State.

5. Interest on the 2010B Bonds is includable in gross income for Federal income tax purposes. This opinion is not intended or provided by Bond Counsel to be used and cannot be used by an owner of the 2010B Bonds for the purpose of avoiding Federal taxpayer penalties that may be imposed on such owner. The opinion set forth in this paragraph is provided to support the promotion or marketing of the 2010B Bonds. Each owner of 2010B Bonds should seek advice based on its particular circumstances from an independent tax advisor.

The opinions expressed in paragraphs 1, 2 and 3 above are subject to applicable bankruptcy, insolvency, reorganization, moratorium and other laws heretofore or hereafter enacted affecting creditors' rights, and are subject to the application of principles of equity relating to or affecting the enforcement of contractual obligations, whether such enforceability is considered in a proceeding in equity or at law.

We express no opinion herein as to (i) Federal, state or local tax consequences arising with respect to the 2010B Bonds, or the ownership or disposition thereof, except as stated in paragraphs 4 and 5 above, (ii) as to the effect of any action hereafter taken or not taken in reliance upon an opinion of counsel other than ourselves, or (iii) the accuracy, adequacy, sufficiency or completeness of the Official Statement (or any update or amendment thereof or supplement thereto) of the Authority relating to the 2010B Bonds, or any other financial or other information which has been or may be supplied to purchasers or prospective purchasers of the 2010B Bonds.

This opinion is issued as of the date hereof, and we assume no obligation to update, revise or supplement this opinion to reflect any action hereafter taken or not taken, or any facts or circumstances, or changes in law or in interpretations thereof, that may hereafter occur, or for any other reason.

Very truly yours,
