

# Curious if Your School District Got Extra Funding?

July 2025

This week marks the final installment in a three-part series highlighting the Comptroller's November 2024 legislative brief on K-12 infrastructure and investment.

Today's installment focuses on extra funding available to school districts that meet certain enrollment growth criteria or that participate in the state's Energy Efficient Schools Initiative.

**Curious if your district received growth funding or an energy efficiency-related loan or grant? Click [here](#).**

For more information on what Tennessee and other states do to support K-12 infrastructure, see OREA's 2024 [brief](#).
